Disc Golf, singles (max of 1 shirt)	Racquetball, singles (max of 1 shirt)	Wheelchair Basketball (max of 10 shirts)

\* It is not a guarantee that all activities listed in this document will be available/offered during a given academic year.

Activities not listed on this form will have shirt limits established at the discretion of administrative staff. Shift limitations for events and tournament where Intramural Sports collaborates with campus partners will be determined via a joint effort between Intramural Sports personnel and each collaborating partner.

In order to be eligible to receive a championship shirt, a team member must be properly rostered AND must have played in at least two (2) team contests. Shirts may be distributed at the discretion of administrative staff and this portion of the T-Shirt policy may not apply to all circumstances. Administrative decisions related to awarding shirts are final and not subject to protest or appeal.

T-Shirts come in sizes ranging from S to 2XL. Shirts may be available for immediate pick up following the conclusion of a championship contest. In the event an individual wishes to exchange one size for another, they are permitted to do so as long as sizes remain in inventory. Sizes larger than 2XL may be made available upon request at the discretion of staff.

There is no cap on the number of shirts an individual may be awarded over the course of an academic year. In the event shirt supplies are running low, or if it is determined a shirt recipient has intentions to distribute shirts to other persons, priority will be given to an individual who has not yet received a shirt of their own. If an individual is repeatedly winning championships, administrative staff reserves the right to refrain from awarding shirts until it is assured all winners receive their prize.

In the event a team has more eligible members rostered compared to the shirt limit established by administrative staff, the team captain is responsible for selecting roster members, not to exceed the established number, who will receive shirts.

At the end of the current semester, team members who are eligible for, but did not receive a championship shirt, may inquire about shirt availability. Staff may not be able to confirm shirt availability until the end of an academic year.

In addition to receiving shirts, champions will have their pictures taken and posted to our "Wall of Champions" via social media outlets.
