

Fleet Rates (Effective July 1, 2024)

Please note: Fleet rates will be reviewed no less than every 2 years and, with the approval of the Vice Chancellor Executive Tier, rates may be adjusted as determined necessary and appropriate.

Maintenance and insurance costs are included in our rates. Fuel, however, will be billed directly to the department.

Special: If a vehicle is acquired that does not match one of the categories indicated below, a new rate will be determined as needed. If you would like to learn more about rates for specific, specialized vehicles not published on this rate sheet you are encouraged to contact Donna Ingham, the Fleet Manager at inghamd@uww.edu.
