Note: Enrollment in community-based learning (CBL) is defined as census date enrollment in specifically designated sections of courses (sections are designated with a "Z" in the section number). These courses have a CBL approved curricular content, as determined by the CBL Program. It should be noted that the Z section desgination was initiated in Fall 2020, and that not all CBL approved courses have a section with a Z designation; as a result, this data represents enrollment in most but not all CBL courses.
