

SAMPLE Four-Year Plan
ART BA- Studio Art Emphasis
FALL 2020 Requirements

The curriculum in the BA-Art with a Studio Art emphasis degree is flexible in that there are some required sequences of courses, while also allowing students to move through other coursework in many ways. This four-year plan illustrates one possible pathway that an incoming freshman student could take to complete a degree in four years. This is not an official document and is not the only way that a BA-Art with a Studio Art emphasis degree can be completed in four years. Current students should refer to their individual Academic Advising Report for specific graduation requirements.
