

Master's, Doctorate and Graduate Certificates

» uww.edu/cobe

**Wisconsin's
largest
business
school**

University of Wisconsin
Whitewater

An advanced degree can equip you with the knowledge and real-world skills needed to accelerate your current career or take on a new challenge.

A **Master of Science (MS)** degree provides focused concentration on one topic area--making you the subject-matter expert in the room.

Conversely, a **Master of Business Administration (MBA)** degree provides a broad lens across business disciplines. Adding an emphasis in one area of interest gives you the ability to lead a team of specialists fairly and effectively.

The **Doctorate of Business Administration (DBA)** takes this a step further with applied education on real-world business problems to prepare you for careers such as consulting or teaching.

Whatever your business education goals, you will find your solution at Wisconsin's largest business school. AACSB and AACSB Accounting accredited.

YOUR FUTURE IS OUR BUSINESS.
