

SAMPLE Four Year Plan | Bachelor of Science in Education- Economics

The curriculum in the College of Education and Professional Studies is structured so that students move through classes in a prescribed order. Prerequisites are important and are strongly enforced. The four year plan illustrates the type of curriculum a new freshman could take to complete a degree in four years; it is not an official document. Refer to Academic Advising Report for full requirements.

Sample Academic Advising Reports are available online at www.uww.edu/registrar/sample-aars.
