

# SAMPLE Four Year Plan | Bachelor of Science in Education - Spanish

## Fall 2019 Requirements

The curriculum in the College of Education and Professional Studies is structured so that students move through classes in a prescribed order. Prerequisites are important and are strongly enforced. The four year plan illustrates the type of curriculum a new freshman could take to complete a degree in four years; it is not an official document. Refer to Academic Advising Report for full requirements.

Sample Academic Advising Reports are available online at [www.uww.edu/registrar/sample-aars](http://www.uww.edu/registrar/sample-aars).

Courses denoted with a \* require Admission to Professional Studies. You will not be allowed to register for these courses without applying, and being admitted to the College of Education and Professional Studies.

Fourth Year Advising Notes: Apply for graduation online through the Registrar's Office one full semester before you anticipate graduating. Complete all required testing. Work with your program coordinator and the Office of Field Experiences in order to confirm your student teaching placement.

Goals: Work with the Career Service Office to perfect your resume and cover letter. Attend networking events, career fairs, and employer information meetings. Read professional journals and consider a student membership in a professional organization.

Students must begin their Math and English sequences with the appropriate course. The English course a student starts with will be determined by their ACT English or SAT Verbal score. The Math course a student starts with will be determined by their UW System math placement score.

Admission to Professional Studies is required for students to take upper division courses in their educator preparation program. Eligibility requirements can be found at: <http://www.uww.edu/coeps/advising-admissions/admission-to-professional-education>

Spanish BSE program completers will be endorsed for licensure to teach Spanish content courses at the Wisconsin Department of Public Instruction Early Childhood through Adolescence developmental level (all ages in a public school). If the student completes a licensable minor, they will be endorsed for licensure in their minor content area as well. Typically, a licensable minor will match the developmental level(s) of the major area.

All world language BSE programs require a residency abroad experience of no less than four consecutive weeks abroad in a country where the dominant language is the student's language of study. Many students complete this requirement in the summer between junior and senior year while others choose to study abroad for a semester or full year.

Students will be required to pass additional assessments prior to student teaching and licensure.
