

How to Access the Kurzweil Universal Library

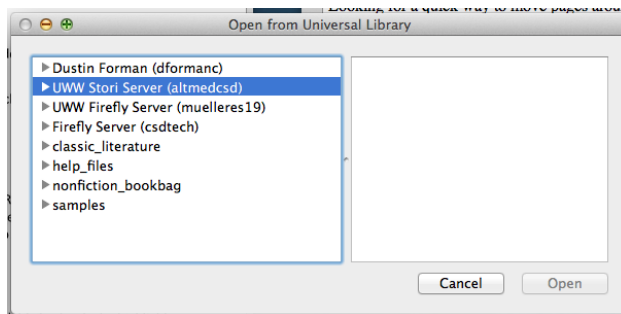

(MAC and PC)

1. Open the Kurzweil Program
2. Go to File and select Open From Library (PC) or Open from Universal Library (MAC)
3. Once here, you will see many folders, depicted below. Click UWW Stori Server (altmedcsd)

PC

MAC

4. All of your books will be under Public. You will need to navigate to the appropriate class and text. (Example Below)
 - a. Please note that you will have to click on the appropriate choice and then press the plus symbol next to it to expand the folder
