

MASTER OF SCIENCE IN **BUSINESS EDUCATION**

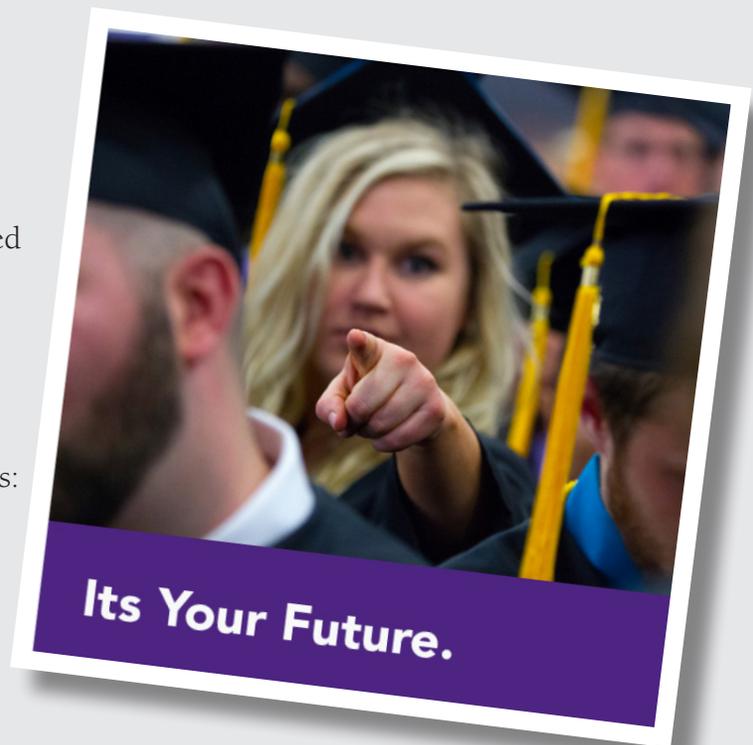

“Faculty of the program have been great professors and mentors. They guided me throughout the program. It is obvious that they both care deeply about their students’ success. It has been a source of comfort, knowing that I can always rely on them for help. And they have also kept me motivated. They are simply the best!” *Anonymous Program Graduate 2021*

The University of Wisconsin-Whitewater’s Master of Science in Business Education program prepares individuals seeking to advance their teaching or for career changers interested in teaching business education at the K-12 level.

MASTER OF SCIENCE IN BUSINESS EDUCATION

100% ONLINE

Take classes on your time, on your schedule, at your preferred location. All courses are available asynchronously to maximize flexibility, but are also scheduled live if you'd like to participate in class discussions. Customize your educational experience your way.

Earn your degree in 12 months

Interested in pursuing your degree full-time? The Master of Science in Business Education is designed to get you out into the field in as little time as possible.

Summer Start 12-month Cohort Model

The program begins in the summer term and follows a cohort model providing students more opportunities to engage with instructors and others in their learning community.

As a member of this learning community you will build relationships, develop work groups, and provide each other with motivation and encouragement. You will establish a network of high-quality business educators that will support one another throughout the journey to your degree and into the teaching profession.
