

Pro-Staff Live-In Pet Policy Checklist

- Please read Pet Policy carefully to know specific limitations/guidelines of having a pet.
- Apartment Inventory checklist must be completed by your supervisor prior to the animal taking residence on campus.
- All pets must be neutered or spayed at the earliest possible date that is medically safe for the pet. Proof of the operation is required to be on file in Residence Life.
- The pet must have all required vaccinations, a current copy of the vaccination record must be on file with Residence Life prior to the animal taking residence on campus, and updated as required vaccinations are updated.
- Dogs must be licensed with the City of Whitewater and a copy of the license must be on file with Residence Life prior to the animal taking residence on campus.
- All cats must be litter box trained and be a house cat. All dogs must be house trained.
- Dogs will also be required to take a training/obedience course. Documentation of completion of the course must be provided.
- Pet must be approved by Associate Director of University Housing.

I have received a copy of and have read the pet policy and assume all responsibility for providing adequate care and supervision to the pet I have registered with Residence Life. Additionally I agree to the following:

- I will assume any and all liability and responsibility for any actions of, or related to, said pet.
- Neither the Department of Residence Life nor UW-Whitewater shall be financially responsible for any actions of, or related to any pet.
- I will be responsible for my pet at all times including vacation periods.
