Note: College affiliation is determined by major. Headcount is duplicated; students who have more than one major are counted in each major/college with which they are affiliated. It should be noted that while a student may declare a program (such as Pre-Professional and Undeclared Business) as a precursor to declaring a specific major associated with that program, a student cannot receive a degree in these academic programs of study. Enrollment excludes study away students. Data on UW-Rock County academic plan enrollment was first available for reporting in Fall 2019.
