MESSAGE FROM THE CHANCELLOR

Greetings!

Welcome to the University of Wisconsin-Whitewater. Since 1868, UW-Whitewater has provided an exceptional learning experience for its students. We're proud of our history and excited about our future.

There is much to celebrate on this campus. We are proud of our faculty and staff who helped name UW-Whitewater one of the Top 100 Workplaces in southeastern Wisconsin. Our students continue to contribute to area communities by providing thousands of hours of volunteer time to help improve the lives of others. We are proud of our award-winning programs, student organizations and our national championship football, men's wheelchair basketball and rugby teams. No matter what we do, we strive to be the best that we can be.

Our faculty and staff and students continue to excel in research and engagement with our region. Our faculty and staff from all our colleges – Arts and Communication, Letters and Sciences, Education and Professional Studies, and Business and Economics – continue to blend research and teaching. The joint project with the city of Whitewater known as Whitewater University Technology Park is just one of many examples of how we use our expertise on campus to help the region.

This catalog serves as a primary reference point for our students. It identifies specific curricular offerings, degree requirements and expectations for student success. Once you have joined the UW-Whitewater family, you will want to keep it and refer back to it. The campus website also has detailed information and can be found at www.uww.edu.

Sincerely,

Richard J. Telfer
Chancellor

MISSION STATEMENT

University of Wisconsin System

The mission of the system is to develop human resources, to discover and disseminate knowledge, to extend knowledge and its application beyond the boundaries of its campuses, and to serve and stimulate society by developing in students heightened intellectual, cultural, and humane sensitivities, scientific, professional, and technological expertise; and a sense of purpose. Inherent in this broad mission are methods of instruction, research, extended training, and public service designed to educate people and improve the human condition. Basic to every purpose of the system is the search for truth.

The Core Mission of the University Cluster Institutions

With the approved differentiation stated in their selected missions, each university in the Cluster shall:

- a) Offer associate and baccalaureate degree level and selected graduate programs within the context of its approved mission statement.
- b) Offer an environment that emphasizes teaching excellence and meets the educational and personal needs of students through effective teaching, academic advising, counseling and through university-sponsored cultural, recreational and extra-curricular programs.
- c) Offer a core of liberal studies that supports university degrees in the arts, letters, and sciences, as well as specialized professional/technical degrees at the associate and baccalaureate level.
- d) Offer a program of pre-professional curricular offerings consistent with the university's mission.
- e) Expect scholarly activity, including research, scholarship and creative endeavor, that supports its programs at the associate and baccalaureate degree level, its selected graduate programs, and its approved mission statement.
- f) Promote the integration of the extension function, assist the University of Wisconsin-Extension in meeting its responsibility for statewide coordination, and encourage faculty and staff participation in outreach activity.
- g) Participate in interinstitutional relationships in order to maximize educational opportunity for the people of the state effectively and efficiently through the sharing of resources.
- h) Serve the needs of women, minority, disadvantaged, disabled, and non-traditional students and seek racial and ethnic diversification of the student body and the professional faculty and staff.
- i) Support activities designed to promote the economic development of the state.

University of Wisconsin-Whitewater Values

The following values lie at the heart of UW-Whitewater:

- a) Commitment to the pursuit of knowledge and understanding
- b) Development of the individual
- c) Personal and professional integrity
- d) Commitment to serve
- e) Commitment to develop a sense of community, respect for diversity, and global perspectives

Select Mission of the University of Wisconsin-Whitewater

The University of Wisconsin-Whitewater is committed to the development of the individual, the growth of personal and professional integrity and respect for diversity and global perspectives. These are met by providing academic and co-curricular programs that emphasize the pursuit of knowledge and understanding and a commitment to service within a safe and secure environment.

The mission of the University of Wisconsin-Whitewater is:

1. To provide a range of undergraduate programs and degrees, including interdisciplinary programs, in letters, sciences, and the arts as well as programs and degrees leading to professional specialization.
2. To offer graduate education built clearly upon its undergraduate emphases and strengths with particular emphasis in the fields of business, education, communication, and human services.
3. To engage in scholarly activity, including research, scholarship and creative endeavor, that supports its programs at the associate and baccalaureate degree level, its graduate programs, and its select mission.
4. To create and maintain a positive and inviting environment for multicultural students, students with disabilities, and nontraditional students, and provide support services and programs for them.
5. To serve as a regional cultural and economic resource center through its service initiatives.
6. To provide continuing education and outreach programs as integrated institutional activities.
7. To provide a variety of co-curricular activities to enhance out-of-class learning opportunities.
8. To encourage and maintain a high level of personal and professional integrity in all University life and activities.

POLICIES & PROCEDURES

WELCOME TO UW-WHITewater

Founded in 1868, the University of Wisconsin-Whitewater is known for academic excellence in a setting of high-quality, career-oriented undergraduate and graduate programs. The campus enrolls more than 11,600 students in its 48 undergraduate, 11 master's degrees and one specialist degree program. As the fourth largest campus in the UW System, UW-Whitewater had an annual operating budget of more than \$191 million in 2010-11 and serves as a regional center for cultural and athletic activities.

The university has earned a national reputation for innovative programs and facilities, with a number of academic programs ranked among the best in the nation. The *Princeton Review* has named the College of Business and Economics one of the "Best Business Schools." The Online MBA program is the largest accredited program in Wisconsin and is considered one of the top-25 best buys for distance learning MBA degrees by GetEducated.com. Many of the College's 28 student professional organizations are ranked among the top in the nation, including the American Marketing Association and the Collegiate Entrepreneurs Organization. The College of Education and Professional Studies provides the most new teachers to the state of Wisconsin.

The 1,286 members of the faculty, staff and administration are committed to providing practical experiences that enhance learning. UW-Whitewater faculty and staff strive to extend personal attention to all students, providing a concerned academic environment that is responsive to individual needs.

UW-Whitewater students enjoy a wide range of opportunities. The university has an academically ambitious honors program and a wide array of undergraduate research programs. International study-abroad opportunities are available in more than a dozen countries, including Australia, England, France, Germany, Ireland, Japan, Mexico, and Sweden. There are more than 190 student organizations to get involved with on campus.

The university serves as a regional destination point for patrons of the arts, with venues such as the Young Auditorium, Light Recital Hall, Hicklin Studio Theatre and Crossman Gallery attracting a combined 100,000 visitors annually. The athletic department has 9 men's and 11 women's competitive sports that welcome involvement in Warhawk athletics year-round and some of the biggest and best facilities in the NCAA Division III.

The 400-acre campus includes 40 major buildings, a nature preserve and arboretum, and 87 acres set aside for baseball, football, soccer, softball, track, tennis, golf, intermural, and practice fields. Noteworthy buildings include the recently expanded and renovated James R. Connor University Center, the Williams Center recreation facility, the 12,500-seat Perkins Stadium, the David L. Kachel Fieldhouse, which provides 100,000 square feet of indoor athletics recreational space, the 180,000 square foot College of Business and Economics Timothy J. Hyland Hall, and Starin Hall, the new suite-style residence hall.

UW-Whitewater provides educational services for the entire region, through conferences on subjects as diverse as regional planning, international education, and the status of women. The university serves students of all ages, from grade school academic camps to special lecture programs for seniors. It is accessible, with new efforts such as the Degree Completion Program that allows students to complete a four-year degree in Janesville. An extensive program of evening and weekend on-campus and off-campus courses is offered for those who are employed during the day. Counseling for small businesses is provided free of charge by the Small Business Development Center.

Located in Whitewater, a friendly, picturesque city of 14,622 people, UW-Whitewater is near rural recreation areas, yet within convenient driving distance of the metropolitan centers of Milwaukee, Madison, and Chicago. The campus is only a short drive from the scenic Southern Kettle Moraine State Forest in southeastern Wisconsin.

TRADITION OF EXCELLENCE IN EDUCATION

Each spring, nearly 150 students share their projects during the annual Undergraduate Research Day. Projects showcased in 2011 ranged from analysis of the GI Bill to water quality in Bluff Creek to the saxophone in contemporary music.

A Warhawk paleontology student, Rhiannon LaVine, won a prestigious paid internship at the Smithsonian Institution's Natural History Museum in Washington, D.C. in 2011, where she analyzed evolutionary changes of a fossil snail among the nation's top scientists.

Three UW-Whitewater students who use wheelchairs embarked on a field study trip to Yellowstone National Park in July 2011, using global positioning systems and other survey equipment to learn about the ecology, geology, plants and animals in the area.

Professor Hephzibah Kumpaty won a \$146,302 National Science Foundation grant to bring students to the Indian Institute of Chemical Technology in Hyderabad for summer research experiences.

The Collegiate Entrepreneurs' Organization at UW-Whitewater swept the 2010 national competition by collecting five first-place awards at the national conference.

For the 14th time in 23 years, a UW-Whitewater student won the 2011 Richard G. Gaarder Award for the most promising state student in music education.

Marketing students who poured their hearts into long hours of hard work for the American Marketing Association were rewarded with first place in the national 2011 Nintendo Case Competition.

UW-Whitewater students immersed themselves in civil rights history over spring break by joining a bus trip to museums and landmarks of the national struggle that took place before they were born.

Student Web developers at UW-Whitewater showed they can compete with the best in the world with their GameZombie TV series, which was a top-five finalist for "Best Web Video" in the fourth annual Mashable Awards.

Violin professor Leanne League was named 2010 Outstanding Teacher of the Year by the Wisconsin chapter of the American String Teachers Association.

Education professor Guoli Liang, known for his talents in connecting people around the world, received a 2011 Teacher of Honor award from Kappa Delta Pi, the international honor society in education.

Physics professor Robert Benjamin received a three-year, \$325,580 grant from the National Aeronautics and Space Administration to study the bombardment of the Milky Way galaxy by intergalactic gas.

Dan McGuire, art professor, won two patents for a stucco formula used to dry ceramic shells for investment casting of high-tech metal parts.

Christopher Veldkamp, assistant professor of chemistry, received a three-year, \$334,633 research grant from the National Institutes of Health for cancer research.

UW-Whitewater was the only university and the only state agency honored as a Top 100 Workplace in rankings compiled by the Milwaukee Journal Sentinel.

UW-Whitewater is the only university in Wisconsin and one of only

seven nationwide to be recognized for its fully blended regular and special education curriculum.

The College of Education and Professional Studies recommends about 350 students each year for their first teaching license, the most of any Wisconsin university at the undergraduate level.

UW-Whitewater was named a military-friendly school by G.I. Jobs magazine. The university has flexible policies to help students called to active military duty or to obligations with the National Guard or Reserves.

The Summer Business Institute, which introduces freshmen interested in business majors to the College of Business and Economics and potential careers, won the Ann Lydecker Educational Diversity Award.

Nanoscience, the big science of small things, is booming at UW-Whitewater as an annual symposium shares advances with high school and college students and teachers from around the state.

The gleaming new Innovation Center in Whitewater University Technology Park celebrated its grand opening and welcomed tenants ranging from a financial business to UW-Whitewater students and researchers.

Solar panels atop Timothy J. Hyland Hall generate about 39,775 kilowatt hours of electricity each year - enough power to fuel the building's trading room, with its computers and electric tickers and lights, plus another computer lab in the building.

Starin Hall, the newest residence hall at UW-Whitewater, was awarded a gold rating in Leadership in Energy and Environmental Design (LEED) from the U.S. Green Building Council.

The UW-Whitewater football, rugby and men's wheelchair basketball teams all won national championships in 2010-2011.

UW-Whitewater jumped to sixth place for overall competitive athletic success in the national Directors' Cup ratings for Division III programs across the country.

Twenty-seven Warhawk seniors were honored by Chancellor Richard Telfer for keeping their grade point average at 3.25 or higher while participating in sports for at least three years.

ADMISSION INFORMATION

TYPICAL FRESHMAN ADMISSION

Students can apply for admission as new freshman applicants as early as September 15 of their senior year. Applicants should use the online application, available at <http://www.apply.wisconsin.edu>. Completed applications must include the application, the application fee, official copies of a high school transcript, and (preferably) an ACT or SAT I exam score to receive consideration.

HIGH SCHOOL REQUIREMENTS: UW-Whitewater enforces the following unit requirements for all new freshman applicants on behalf of the UW System Board of Regents:

| | | |
|-----------------|---------|--|
| English | 4 units | which may include one unit of speech |
| Mathematics | 3 units | including algebra, geometry, and advanced algebra, algebra II or their equivalents |
| Natural Science | 3 units | preferably biology, chemistry, and physics |
| Social Studies | 3 units | |
| Electives | 4 units | from any of the required areas or from the fine arts, computer science, foreign language, accounting or other academic areas approved by UW-Whitewater |

UW-Whitewater completes a comprehensive application review for all students. A student's prior academic preparation is the most important factor used in the decision, but a review of standardized exam scores, high school GPA, history of academic rigor, student activities and/or volunteerism, the personal statement on the application, letters of recommendation, and anything else a student provides as part of the application is seriously considered. It is our goal to discover whether we believe the student can be successful in the collegiate environment. Our process affords the admissions office the opportunity to learn as much as they can about a person before making a decision. We encourage students to tell us as much about themselves as possible.

ACT REQUIREMENT: The ACT is required for all incoming freshmen prior to enrollment at UW-Whitewater. The exam is administered at a number of different times and locations. It is recommended that students take the exam during their junior year or early in their senior year. Applicants must request ACT to forward scores to UW-Whitewater. If the ACT requirement is not satisfied by the time of enrollment, registration may be denied and/or classes may be cancelled for that or subsequent terms. Questions regarding the ACT may be directed to the Testing Office ((262) 472-5613). The SAT Test I is also acceptable.

FRESHMAN ORIENTATION, REGISTRATION, AND ACADEMIC ADVISING: Incoming freshmen attend one of several summer registration/orientation programs. At that time, students meet with an advisor (usually the department chair of their major) for assistance in selecting courses to be taken in their freshman year. Family members and guests are invited and encouraged to attend, as there will be a special program scheduled while students receive advising and register for classes.

Also, there will be additional orientation activities during the first few days of the Fall term. These programs are designed to make the transition to college life as smooth as possible.

TYPICAL TRANSFER STUDENT ADMISSION

Applicants should use the on-line application available at <http://www.apply.wisconsin.edu>. Instructions with the admissions application will explain the procedure to be followed. An application fee is required for all transfer students, except those who last attended a UW college (two-year campus). In addition to the admissions application and high school records, students must submit official transcripts from all post-secondary institutions attended. Applicants may be accepted on a tentative basis during the last term of enrollment at the sending institution, provided they meet the minimum academic requirements for University admission.

UW-Whitewater requires a minimum 2.0 cumulative grade point average (4.0 system) to transfer; however, admission requirements may be higher for students planning to enroll in particular academic programs and during periods of enrollment limitation. Students who are enrolled in their first term and who do not meet freshman admissions standards must complete 12 college transferable units to receive transfer admission consideration.

GUARANTEED TRANSFER PROGRAM: Students participating in the UW College/UW-W Guaranteed Transfer Program may begin their university education at a UW College and, upon completion of 60 units, be guaranteed the same opportunity to continue at UW-W as students who began at UW-W. Please note that, upon transferring to UW-W, it is necessary for students to submit another UW System admission application. Students reapplying under this program are not required to resubmit a second high school transcript. UW-College transcripts should be forwarded to the UW-W Office of Admissions at the time of application. A minimum cumulative grade point average of 2.0 (4.0 system) is required for transfer; however, grade point average requirements may be higher for students planning to enroll in particular programs, notably business, education, social work and communications.

COLLEGE OF EDUCATION & PROFESSIONAL STUDIES: In order to enroll in a program leading to teacher certification, a student must be admitted to Professional Education (normally after completion of 40 or more college units). Students who are pursuing teacher education programs will be admitted on a competitive basis of experience with children and diverse groups as well as their cumulative grade point average and Praxis I examination results. The application and information on criteria for admission may be obtained from the College of Education Information desk, Winther Hall 2033 ((262) 472-1184).

COLLEGE OF BUSINESS AND ECONOMICS: Business majors are eligible to enroll in lower division business courses after they have completed 24 units and possess at least a 2.50 combined grade point average. After a student completes 54 or more units and has satisfactorily completed or is enrolled in ENGLISH 101 and 102, COMM 110, ACCOUNT 244, 249 or ECON 201, 202, MATH 143, ECON 245, and ITBE 280 (COMPSCI 181 and MCS 214 for BBA MCS majors), that student may apply for admission to the upper division (300- and 400-level) business courses. All students with a 2.80 combined GPA or better and who meet the other requirements will be admitted to the upper division. A student whose combined GPA is less than 2.80 may be admitted based on an alternative formula. Application forms for admission to the upper division business courses are available at the Assistant Dean's Office and are completed during the required advising meetings. Students who have questions concerning admission should contact the assistant dean of the College of Business and Economics at (262) 472-4900.

Transfer credit is not granted for upper-division business courses at UW-W

12 ADMISSION

unless the equivalent courses were taken after completing 60 units and were junior or senior level at the previous institution. Before receiving a degree in business, students must earn at least 18 units in their major at UW-W (21 units if majoring in Management Computer Systems).

For transfer students enrolling in the College of Business and Economics or the College of Education, Social Work, or Communications, the grade point average compiled at previous post-secondary institutions is considered for purposes of determining eligibility.

ACADEMIC ADVISING AND COURSE SELECTION: Transfer students are required to attend an orientation session and receive academic advising for registration purposes. Advising is normally handled by personnel from the major department; however, students should consult with their minor department (if applicable) as well. Students admitted under the “special student” classification are not required to attend the orientation program or to seek advising assistance.

CREDIT IN TRANSFER

GENERAL TRANSFER: UW-Whitewater will accept credit only from regionally accredited colleges and universities. Wherever possible, transfer courses are converted to exact UW-Whitewater course equivalents. Students who receive credit for equivalent courses should be careful not to enroll in courses with the same course number since duplicate credit in courses cannot be awarded.

Although grades earned at other post-secondary institutions will be included on the evaluation of transfer credit and the AR, the UW-Whitewater grade point average is not affected by grades earned elsewhere. Grades earned at other institutions are considered only for purposes of determining eligibility for admission to the University and eligibility for registration in certain majors, such as those in Business, Education, Management Computer Systems, Social Work, and Communications.

For majors requiring higher grade point averages, the combined cumulative GPA of both the transfer college(s) and UW-Whitewater will be used to determine eligibility for course enrollment. Additionally, business students must complete course work in residence at UW-W in at least six courses (18 unit minimum) in their major field. A maximum of two transfer courses will be allowed to count in any major in the BBA curriculum. Regardless of major, a minimum of 25% of the major course units and 25% of the minor course units must be completed at UW-Whitewater.

In order to be equated to a UW-Whitewater course, a course taken at another post-secondary institution must be taken for at least 2/3 of the number of term units for which the course is offered at UW-Whitewater.

Credit may be transferred to UW-Whitewater if the grade earned in the course at the previous institution is recognized as a passing grade (D or better) and the course parallels work offered at UW-Whitewater. If a course is repeated, credit will only be granted for repeated courses in which grades of C-, D or F were received. Students may repeat courses transferred to UW-Whitewater from other post-secondary institutions subject to UW-Whitewater's repeat policy. Coursework completed at one transfer institution and repeated at a second transfer institution is recognized when calculating the transfer grade point average during the admission process. Please contact the Office of Admissions for further details or reference the Repeat Policy section of this Catalog.

Appropriate units may be transferred from one curriculum to another within the University. Waiver(s) granted by one of the four colleges may not be recognized if the student switches colleges.

Quarter Units: The number of units earned for a course taken on the quarter system must be multiplied by 2/3 in order to convert to the term (semester) system. Thus a course for 3 quarter units would be changed to 2 term units when transferred to UW-Whitewater.

It is possible that some credit in academic areas other than those offered at UW-Whitewater may be accepted upon written appeal to the office of the Associate Director of Admissions. In considering appeals, the Associate Director will consult with the appropriate department chairperson to determine whether the course content is related to the major or minor and whether granting the credit is of demonstrable educational value.

Students who feel that an adjustment in an evaluation is necessary should contact the Admissions Office before proceeding with academic advising and registration. Any adjustment in the unit evaluation must be requested within one year of the date of UW-W enrollment.

TWO-YEAR COLLEGE TRANSFERS: Courses taken at two-year campuses may be equated only to UW-Whitewater 100-level (freshman) or 200-level (sophomore) courses. When a course taken at a two-year college appears to parallel a 300-level (junior) or 400-level (senior) course at UW-Whitewater, the course may be accepted as a general elective.

After accumulating 72 units, students must earn a minimum of 48 additional units at UW-Whitewater and/or other accredited four-year colleges before a degree may be awarded. Upper-division UW-Whitewater students who decide to attend a two-year college after accumulating 72 units toward graduation must obtain prior permission from the dean of their college. After permission is granted from the dean, students must meet with the Associate Director of Admissions to complete a Transfer Credit Agreement (TCA).

Students enrolled in the Wisconsin Technical College System (WTCS) who wish to continue their education at UW-W may be eligible to transfer credits toward their bachelor's degree in the following ways:

1. Students enrolled in the college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, and Nicolet Area Technical College may be eligible to transfer up to 72 credits toward their baccalaureate degree.
2. Students who have successfully completed coursework in the Wisconsin Technical College System may be eligible to transfer up to 72 credits of general education course work in communications, social science, and science.
3. Students may be eligible for credit by earning appropriate scores on national standardized examinations (e.g., College Level Examination Program or Advance Placement Examinations) or examinations developed by UW-W. Contact the Testing Office for more information.
4. Students with a declared business major who attain an Associate of Applied Science degree from the Division of Business and Marketing may be eligible to transfer a maximum of 12 units in business-related coursework.
5. Other program-to-program articulation agreements have been developed. For a listing of these, visit the UW-Whitewater Transfer Admissions site at: <http://www.uww.edu/admissions/transfer/policies/articulation.html>.

For more information about these transfer opportunities, students should consult with their Wisconsin Technical College advisors or the UW-W Admissions Office.

TRANSFER INFORMATION SYSTEM (TIS): The Transfer Information System is a source of information for students and advisors with questions regarding transferability of units among UW System institutions and the Wisconsin Technical Colleges. This computer-based system provides information regarding transfer course equivalencies, academic program array, and student services departments. TIS can be accessed at <http://tis.uwusa.edu>. TIS is very user-friendly with easy to use commands and an extensive tutorial.

UNIVERSITY DEVELOPMENTAL, GENERAL EDUCATION, AND DIVERSITY FULFILLMENT: Transfer students with an Associate of Arts and Science degree from the UW Colleges, or an Associate of Arts/Associate of Science degree from Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or any accredited state community college, who transfer at least 40 acceptable units to UW-Whitewater may be considered to have fulfilled the General Education (Communication & Calculation Skills, Core and General Studies Electives) Requirements. Although the associate degree satisfies all General Education requirements, there may be additional courses still required to meet degree and/or major/minor requirements. In addition to satisfying General Education requirements, the UW-Colleges' Associate of Arts and Science Degree satisfies the Diversity requirement. Students should remind advisors that they have earned the associate degree to ensure they are not needlessly advised into General Education courses. The final official transcript from the sending institution must indicate that the degree specified has been awarded, or the student will be responsible for fulfilling the remaining General Education Requirements.

If a student transfers into a UW-W degree program which requires math, and the student has not completed the equivalent of UW-W MATH 141 (Intermediate Algebra) or higher, the student will be required to complete a math placement exam unless the ACT math subscore is available.

For applicants who have a bachelor's degree from an accredited post-secondary institution and are seeking a second bachelor's degree at the University of Wisconsin-Whitewater, the first degree satisfies the General Education and Diversity requirements.

All transfer students will be required to complete the following General Education Core Course requirements:

| <u># of Units Transferred</u> | <u>UW-W Core Course Requirements</u> |
|---|--|
| 0 - less than 21 | All General Education Core Courses |
| 21 - less than 40 | GENED 390 and an additional core course assigned by Gened Coordinator. Check AR for required course. |
| 40+ units (no AA/AS degree) | GENED 390 World of Ideas only |
| Conferred AA/AS degree from UW-Colleges, Madison/Milwaukee Area Technical Colleges, Nicolet Technical College, or other approved state community colleges | General Education and Core Course requirements satisfied |

Students transferring without the associate or bachelor's degrees described above are required to complete any remaining Communication & Calculation Skills requirements prior to completion of 60 units toward graduation. Transfer students with 60 or more units toward graduation must complete any remaining proficiency requirements within their first UW-W term.

Students who do not receive transfer credit for English 101 or Mathematics

141 will be placed according to ACT or SAT sub-scores or will be required to take the appropriate placement examination.

ONLINE PROGRAM ADMISSION

The application process for students planning to complete their degrees through only online courses differs from admission for traditional students. The following procedures are in place for students interested in online degree completion programs:

- Students who wish to apply to the online General Business program should contact the assistant dean of the College of Business and Economics at onlinebba@uww.edu prior to applying to UW-Whitewater. It is important to get more information before paying the application fee.
- The College of Letters and Sciences offers online degrees in Liberal Studies and Political Science. These degrees are intended to be degree completion programs, with the expectation that students will have earned an approved Associate Degree or will have completed the majority of the General Education program at a transfer institution. For more information, please visit <http://www.uww.edu/online/>
- The College of Education and Professional Studies offers an online degree completion program in Early Childhood Education (ECE4U). This is a dual licensure program and requires a student to have completed an Associate's of Applied Science Degree in Early Childhood from one of the Wisconsin Technical Colleges. It is important to contact the program coordinator prior to applying for this program. Contact information and program requirements can be found at: <http://www.uww.edu/coe/ece4u/>.

SPECIAL STUDENTS

SPECIAL STUDENTS WITHOUT CREDENTIALS: Students who wish to enroll for 6 units or less in any term may apply for admission as "special students without credentials." The application fee is not required, but some record of previous academic work may be required to establish academic eligibility. Prospective students who do not meet admission standards will not be granted admission as special students. Special students without credentials may attend summer school without establishing academic eligibility and may take as many units as are regularly allowed in the Summer term for all students.

Special students without credentials are not considered candidates for a degree and are not required to receive formal academic advising upon enrollment. Advising Reports (ARs) are not available for special students. Special students without credentials are not eligible for financial aid.

SPECIAL STUDENTS WITH FULL CREDENTIALS: Students who have a conferred bachelor's degree and wish to enroll only for undergraduate work may apply as "special students with full credentials." An admissions application and an official transcript indicating receipt of the degree must be submitted for review. An admissions application fee is required for students seeking teaching licensure or a second bachelor's degree and who have not previously attended a UW System campus as matriculated students. Students in this classification must meet the UW-W program grade point average requirement and are considered to have fulfilled Proficiency, General Education, Core, and Diversity requirements. Transfer unit evaluations and Advising Reports (ARs) are not available for these special students. Formal academic advising is not required.

READMITTED STUDENTS

Students returning to the University after an absence of one term or more must file an application for readmission. The application can be obtained on-line at <http://www.apply.wisconsin.edu>. It is also necessary to furnish

transcripts covering college-level work taken elsewhere during their absence from UW-Whitewater. Readmitted students must receive advising before registering and are encouraged to seek other assistance as needed for their unique situation.

ACADEMICALLY DISMISSED STUDENTS

Students dismissed for academic reasons at UW-Whitewater will be considered for readmission if their grade point average is improved by means of work taken through UW-Whitewater summer sessions. Students will also be eligible for readmission if they have remained out of college for the time specified under the probation and dismissal policies of the University. Please note that it is necessary to reapply for admission after an absence of one term or more. Students who have been academically dismissed and attend other post-secondary institutions during their absence from UW-W will be evaluated based upon their academic performance (final grades) at the sending institution; this may delay the readmission process to the University and could affect admission eligibility. Students who have been academically dismissed may be required to submit an appeal through academic standards. Instructions for admission after dismissal can be found at: <http://www.uww.edu/academicstandards/definitions/reinstate.html>.

ADULT / ONLINE / VETERAN / RETURNING STUDENTS

Adult and returning students follow the same basic admission process as other students. For admission details please contact the Assistant Director of Admissions for Adult, Online and Veteran Admission at 262-472-1440. Students may seek additional resources at: <http://www.uww.edu/aso/getstarted.html>

INTERNATIONAL STUDENTS

The University will consider applications from international students who demonstrate academic potential, are proficient in English, and have adequate financial resources to meet expenses while attending UW-Whitewater.

To assess academic potential, results of nationally administered examinations and the secondary school record will be considered. Please note that secondary education must consist of a college-preparatory program.

YOUTH OPTIONS STUDENTS

The Youth Options Program provides an opportunity for qualified juniors and seniors at Wisconsin public high schools to enroll in courses offered at UW-Whitewater on a space-available basis. To qualify, students must rank in the top 25% of their high school class OR rank in the top 40% and possess an ACT or SAT composite exam score ranking in the top 25% nationally.

To apply, new Youth Options students and those reapplying for the Fall semester should supply the following items:

- A completed UW System Special Student Online Application (complete as a 'Youth Options' student)
- A completed Youth Options Program Plan and Report Form (DPI form 8700) with authorization signatures selecting 3-5 courses that the student has permission to take at UW-Whitewater
- An official high school transcript which includes class rank (if applicable) and test scores

Students reapplying for Spring semester after completing a fall Youth Options program should supply the following:

- A completed Youth Options Program Plan and Report Form (DPI form 8700) with authorization signatures selecting 3-5 courses that the student has permission to take at UW-Whitewater

- An official high school transcript which includes class rank (if applicable) and test scores

PLACEMENT TESTING

Placement tests are given in English, Mathematics, Arithmetic Skills, and Foreign Languages (Spanish, French, and German). The purpose of these tests is to provide the University with information to place students at the correct level within their programs. Placement is compatible with students' expected level of achievement, based on their test scores, and allows them to be placed with others at the same level of preparation. This usually results in a successful learning experience and a satisfactory final grade. New Freshmen students' placement is determined by ACT or SAT sub-scores in English and Mathematics. The English and Mathematics placement tests are open to international students and transfer students who do not have ACT or SAT sub-scores. Group Mathematics placement tests are given at the beginning of each semester. Individual testing is available by appointment in the Testing Office.

For more information on group tests, see the UW Center for Placement Testing: <http://testing.wisc.edu/center.html>

For more information on individual tests, please contact the UW-Whitewater Testing Office.

CREDIT BY EXAMINATION AND ADVANCED STANDING

The University provides opportunities for students to receive advance academic credit and/or advanced standing on the basis of examination. Students who wish to obtain credit by examination should contact the Testing Office (Roseman 2003, (262) 472-5613) for information. Students may also visit http://www.uww.edu/testing/credit_exam/index.html, which lists the examinations approved by the University. A maximum of 60 units by examination is allowed; this includes departmental and nationally administered examinations as well as other credit by examination transferred to UW-W from another institution.

A student with a score of 3 or better on a College Entrance Examination Board (CEEB) Advanced Placement Examination will receive credit for a specific course offered at UW-W if the appropriate department has approved the examination. General elective credit will be granted for CEEB Advanced Placement courses even if they do not have direct relationship to specific courses offered at UW-W, provided a score of 3 or better is earned.

The University also recognizes certain tests offered by the College Level Examination Program (CLEP) and the International Baccalaureate Program (IB). For detailed information, visit http://www.uww.edu/testing/credit_exam/index.html.

If a student is enrolled in a course and desires to take a test for credit, the test must be taken no later than one month after the beginning of classes. Students who have completed credit by examination elsewhere should have official test scores sent to the Testing Office.

Each department at the University is authorized to devise its own test for purposes of granting advance credit for any course offered by the department.

Students may be placed in advanced courses, without receiving advanced units, on the basis of standardized tests, high school performance, or departmental interviews.

Qualified students may attempt to earn retroactive units in foreign language

(French, German and Spanish). The procedure in each case is outlined at http://www.uww.edu/testing/credit_exam/index.html.

ADVANCE CREDIT FOR VETERANS

The University is approved by the State Approval Agency. Veterans may receive a minimum of 4 elective units if they received an honorable discharge after six months or more of service or if they were discharged into the National Guard or Reserves. The discharge certificate (DD214) must be submitted to the Admissions Office to obtain these units.

Credit may be granted for military training and experience if the guide compiled by the American Council on Education so recommends. Students should consult the Admissions Office about this type of credit.

RESIDENCY REGULATIONS

Applicants who are adults and who have been bona fide residents of the State of Wisconsin for one full year prior to the beginning of the term of enrollment, or minor students whose parents have been bona fide residents of the state for 12 months prior to the beginning of the term of enrollment, are exempt from payment of non-resident tuition. Also, applicants who have been continuously employed full-time in this state and were relocated to Wisconsin by their current employer, or applicants who moved to Wisconsin for employment purposes and accepted current employment before applying for admission to UW-Whitewater, may, along with their spouse and dependents, be exempt from the payment of nonresident fees, provided the person making the application demonstrates an intent to establish and maintain a permanent home in Wisconsin.

In addition, persons may qualify as bona fide residents if they meet any of the following criteria:

- non-resident members of the armed forces (including spouse and dependents) stationed in the state or members of the armed forces who reside in Wisconsin and are stationed at a federal military installation located within 90 miles of the borders of Wisconsin
- graduates of a Wisconsin high school whose parents have been bona fide residents of the state 12 months prior to the beginning of the term of enrollment or whose last surviving parent was a bona fide resident of the state 12 months preceding his/her death
- minor students who are orphans and have resided substantially in the state during the years of minority and at least 12 months preceding the beginning of the term of enrollment
- minor students under guardianship in the state during the years of minority and at least 12 months preceding the beginning of the term of enrollment
- adult students who have been employed as migrant workers in the state for at least 2 months each year for 3 of the 5 years preceding the beginning of any term or session for which they register at a university or center or for at least 3 months each year for 2 of the 5 years preceding the beginning of the term of enrollment
- official refugees who moved to the state immediately upon arrival in the United States and who have resided in the state continuously
- minors or dependent adult students, provided one or both parents have been bona fide residents of the state for at least 12 months preceding the beginning of the term of enrollment.

Intent to become a bona fide resident may be demonstrated or disproved by factors including, but not limited to, filing of Wisconsin income tax returns, eligibility to vote in Wisconsin, motor vehicle registration in Wisconsin, possession of a Wisconsin operator's license, employment in the state, and self-support.

However, applicants who enter and remain in this state principally to obtain an education are presumed to continue to reside outside this state, and such presumption continues in effect until rebutted by clear and convincing evidence of bona fide residence.

MINNESOTA-WISCONSIN RECIPROCITY AGREEMENT

Subject to yearly approval by Minnesota and Wisconsin state governments, this agreement allows Minnesota residents to pay a reduced non-resident fee to attend a Wisconsin university. Arrangements to participate in this program may be made by filing an application with the Minnesota Higher Education Services Office, 1450 Energy Park Dr, Suite 350, St. Paul, Minnesota, 55108-5227 (telephone 651-642-0567 or 1-800-657-3866).

MULTICULTURAL RECRUITING

One of the primary functions in this area is to recruit ethnic minority students to the UW-Whitewater campus. As an extension of the overall commitment by the University System to increase the enrollment, retention, and graduation of minority students, recruiters contact high schools, community centers, churches, and individual minority community leaders to acquaint them with higher education opportunities for minorities at UW-Whitewater.

Cultural events and student activities for minorities are available on campus. Programs are geared to foster cross-cultural awareness among all students and faculty on campus. Special efforts are made throughout the academic year to encourage full cooperation between activity-oriented bodies to coordinate functions in such a way that the pluralistic society in which we live is reflected in planned campus activities.

For further information, contact the Multicultural Student Recruiter in the Admissions Office at (262) 472-5180.

EXPENSES

WHAT WILL IT COST TO ATTEND UW-WHITEWATER?

Begin your financial planning for college with an estimate of what the total cost will be for one academic year at UW-Whitewater. While fees (tuition) and room and board expenses will represent the majority of your expenses, expect to incur expenses for workbooks and supplies, personal items, laundry, entertainment, and travel. If you make realistic budgetary allowances for such items now, your final financial projections will be more accurate and useful.

These costs, projected for 2012-2013, are estimates based upon 2011-2012 actual charges plus inflation factors of 5 percent. Actual data may be obtained during the summer from Financial Services, pending the Board of Regents' approval.

Wisconsin Residents

| | UNDERGRADUATE | GRADUATE |
|------------------------|-----------------|-----------------|
| Tuition and Books* | \$ 6,838 | \$ 7,832 |
| Room and Board | 5,452 | 7,800 |
| Workbooks and Supplies | 640 | 1,240 |
| Transportation | 850 | 850 |
| Personal Expenses | 1,500 | 2,480 |
| TOTAL | \$15,280 | \$20,202 |

***Non-resident (except Minnesota & Midwest Exchange) undergraduates add \$7,600 and graduates add \$9,800 for non-resident tuition (estimate).**

Note: Self-supporting students have higher cost estimates. Contact the Financial Aid Office for additional details. These college costs may not be exactly the same as those listed in other UW-Whitewater publications, as they are used solely to establish eligibility for financial aid. These costs are subject to change without notice.

While most required undergraduate textbooks are available through the textbook rental system, some must be purchased. Graduate students must purchase their textbooks.

SAMPLE STUDENT BUDGET

The following is a sample budget and need analysis for a dependent freshman paying in-state tuition:

| | |
|---|-----------------|
| Total Estimated UW-W Budget | \$15,640 |
| Minus Expected Family Contribution (EFC) (as calculated through the application process) | -1,199 |
| TOTAL NEED | \$14,441 |

The following is a sample financial aid package for the same student enrolled full-time:

| | |
|--|-----------------|
| Federal Pell Grant | \$4,400 |
| Wisconsin Higher Education Grant | 1,952 |
| Federal Supplemental Education Opportunity Grant | 600 |
| Federal Perkins Loan | 1,000 |
| Federal Work-Study | 1,200 |
| Federal Direct Stafford Loan-Subsidized | 3,500 |
| Federal Direct Stafford Loan-Unsubsidized | 2,000 |
| Federal Direct PLUS Loan | 988 |
| TOTAL | \$15,640 |

Students have the option of accepting all or part of the assistance offered.

Financial aid is calculated according to the number of units the student intends to take. Financial aid packages must be adjusted for less than full-time enrollment.

ACADEMIC FEE SCHEDULE

All students who attend the University pay academic fees assessed by the Board of Regents of the University of Wisconsin System. Academic fees are subject to change by the Board without notice. The information, policies, and fees described below are those in effect at the time this Catalog was prepared.

Mandatory Segregated Fees are included in the resident and non-resident fee schedules above.

A non-resident fee is added to the academic fee for non-resident students. Students may be eligible for reduced non-resident fees. Programs that are available include the following:

- a. MINNESOTA RECIPROCITY - Minnesota residents can participate by filing an application with the Minnesota Higher Education Services Office.
- b. MIDWEST STUDENT EXCHANGE PROGRAM (MSEP) - Undergraduates from Kansas, Michigan, Missouri, Nebraska and North Dakota are eligible.
- c. RETURN TO WISCONSIN - Undergraduates who are sons or daughters (or grandchildren) of UW-Whitewater alumni are eligible.

The fee for a College of Business and Economics undergraduate online BBA web course is \$375 per credit. The fee for a College of Business and Economics graduate online MBA web course is \$600 per credit. This rate will change every year as tuition rates increase.

EXCESS CREDIT POLICY

The University of Wisconsin System Board of Regents Excess Credits Policy requires that resident undergraduate students who earn more than 165 credits toward their first undergraduate degree pay a surcharge for all credits beyond 165. This surcharge will approximately double the tuition that resident undergraduates pay and will be applied to students in the term following the one in which they reached the earned credit limit.

The Excess Credits Policy covers all earned credits from UW-Whitewater as well as earned credits from other UW System schools or Wisconsin Technical College System (WTCS) schools that are accepted toward the first baccalaureate degree. Credits transferred from other colleges outside the UW System or the WTCS do not count toward the 165-credit limit. In addition, advanced placement, retroactive credits, credits by examination, and remedial credits do not count toward this limit.

Students who have questions about the policy should contact their college advisor.

SPECIAL COURSE FEES

In addition to the regular instructional fee and mandatory fee, approved course fees are charged for extraordinary costs such as art materials, sports-related fees, technology fees, etc. Special course fees are listed in the Schedule of Classes. Supplemental course fees (e.g., on-line fees, equipment costs, field trip expenses) may be refunded in full if the course is dropped by the 100% deadline; after that no refund of such fees is available. Costs associated with travel study courses are non-refundable.

ENROLLMENT DEPOSIT

The University of Wisconsin-Whitewater will require all new undergraduate students to pay a one-time \$100 enrollment deposit for their first term of classes.

When students leave the University, they can request their enrollment deposit back by completing the request form and complying with the terms and conditions listed on the form.

TERMS AND CONDITIONS / PAYMENT PLAN

1. Eligible charges covered by the payment plan include tuition, meal plans, housing, and online class fees.
2. An Activation Fee of 1.25% per month on the amount owed for eligible charges will be assessed when the two-month Payment Plan is activated.

3. Half of the eligible charges for the payment plan will be allocated to the 1st installment and the remaining charges will be allocated to the second installment. Due dates are indicated below.
4. Charges not eligible for the Payment Plan, such as Course Fees, Health Center Charges, Purple Points, Weight Room Charges, Library Fines, Textbook Charges, etc. are due in full by the due date indicated on student's bill at the time of billing.

PAYMENT

STUDENT BILLS

The UW-Whitewater bills students for their tuition and fees via the campus email address system. Student Accounts emails e-Billing notifications, which allow a student to click on a link and view their bill.

FINANCIAL AID RECIPIENTS

Students receiving financial aid are subject to the same payment deadlines which apply to all other students. Students should not rely on financial aid to be available in time to pay their balances by the term due date.

PAYMENT, BILLING AND COLLECTION POLICIES

The University of Wisconsin-Whitewater requires all students to comply with the following billing policies:

1. Student Accounts will generate e-Bills on term accounts during the following time periods:
 - a. ADVANCE REGISTRATION BILLING - If students register during the advance registration process, they will be e-mailed an advance registration e-Bill, which will allow them to pay their fees in full or elect to go on the University Installment Plan.
 - b. FIRST INSTALLMENT BILLING - Students are required to pay at least 50% of their eligible expenses by the due date of this bill.
 - c. LAST INSTALLMENT BILLING - Students are required to pay the entire remaining balance by the due date of this bill.
2. Advance registrants must make payment to the UW-Whitewater Cashier's Office so that it is received by the due date. Checks should be made payable to UW-WHITEWATER. Include the name of the student, ID number, and term on the check. Mail payment to: UW-Whitewater Cashier's Office, P.O. Box 88, Whitewater, WI 53190-0088. The depository outside the Cashier's Office is available when Hyer Hall is open. Students who pay by check may consider the check their receipt; however if a register receipt is needed, students may include a self-addressed stamped envelope. Credit or debit card payments are NOT accepted over the phone or at the Cashier's window. Web payments can be made by going to <https://touchnet.uww.edu>. We accept electronic web checks or MasterCard, American Express, and Discover credit cards over the web. There is a convenience fee charge when making a credit card payment.
3. Failure to receive an e-Billing statement will NOT relieve the obligation to make timely payments.
4. Students receiving funding through financial aid or a third party agreement (outside agency – OSA) are subject to the same payment deadlines and should not depend on other financing sources to be available in time for billing deadlines.
5. Students whose account becomes past due, are at risk of having current or upcoming classes cancelled. In addition, students will not be able to register for current or future terms. Also, administrative fees will be charged and collection procedures will be initiated. The University participates in the Department of Revenue (DOR) debt collection programs.
6. Scholarships are treated like financial aid and require processing time. Please submit scholarship checks to the UW-Whitewater Cashier's Office at least 10 days before the due date to avoid additional finance charges.
7. NSF checks will be prosecuted to the fullest extent of the law. A \$20.00 service charge will be assessed. See also WI Stat. 943.24. A student's account

18 EXPENSES

will revert to the same status as before the payment was received.

8. The Federal Education Rights and Privacy Act (FERPA) of 1976, as amended, is a federal law that affords students certain rights and protects their privacy and confidentiality with respect to their educational records. Students may sign an Authorization to Release Information with regard to the payment of their financial obligation to the university. You may download this form from our website at <http://www.uww.edu/adminaffairs/sfs/forms/ferpa.pdf>.

REFUND OF FEES

Students who enroll for courses at UW-Whitewater and wish to drop one, some, or all of their courses must do so by published deadlines to avoid academic and financial penalties (nonattendance does not exempt the student from such penalties).

International students, student athletes, and students who are receiving financial aid, veterans' or other benefits, and who are considering dropping all classes or dropping below full-time status after classes have begun are strongly encouraged to meet with the appropriate official before dropping classes since there may be legal, certification, and/or repayment penalties associated with these actions.

To determine a student's withdrawal date, the University uses the date students notify the Registrar's Office of their official withdrawal. Any questions regarding the withdrawal process should be directed to the Registrar's Office.

REFUND SCHEDULE FOR WITHDRAWALS OR DROPS

| Session Length | Week of Session | | | | There- after |
|------------------------|-----------------|------|------|------|-----------------|
| | Wk.1 | Wk.2 | Wk.3 | Wk.4 | |
| 12 wks. & over | 100% | 100% | 50% | 50% | None |
| 8 wks. through 11 wks. | 100% | 50% | 25% | None | None |
| 5 wks. through 7 wks. | 100% | 50% | None | None | |
| 3 wks. through 4 wks. | 100% | 25% | None | None | |
| 2 weeks | 100% | None | | | |

Supplemental course fees (e.g., online fees, equipment costs, field trip expenses) may be refunded in full if the course is dropped by the 100% deadline; after that no refund is available. Costs associated with travel study courses are non-refundable. The refund schedule changes accordingly for sessions of shorter duration.

Financial aid will be disbursed on or prior to the first day of classes if it is available. Financial aid must be used to pay any remaining balance on students' accounts before refunds will be issued. Refunds will be delayed if a past due balance exists on the student account. Any overpayments (refunds) will be mailed after the term begins. Students may set up a direct deposit account for refunds through the eBill site. For additional information, see our website: <http://www.uww.edu/adminaffairs/sfs/eRefund.pdf>.

Specific information on the amount or type of financial aid refunds is privileged and will not be given over the telephone.

HOW TO APPLY

Complete a Free Application for Federal Student Aid (FAFSA) on the web at www.fafsa.ed.gov. The web page is designed to aid students and parents in completing this application process accurately and allows for faster processing. We encourage the use of this technology as it offers quicker results, easier access to current status, and an estimate for the family contribution.

Continuing students may also file a Renewal Application on the web at the site above. The renewal form allows students to update certain data elements instead of completing an entire application. When completing the renewal process on the web, students must have a PIN number. All students can get a PIN if they do not have one or have lost it at www.pin.ed.gov.

All students and parents have the option of requesting a PIN number, which will serve as an electronic signature. The PIN number will also give the student access to other valuable information at www.nsls.ed.gov. The FAFSA must be completed after January 1 of the new year once the federal income tax returns for the previous year are completed. The FAFSA requires accurate information. Inaccurate information can result in time-consuming corrections; therefore, students and/or parents should complete federal income tax returns as early as possible. Students and parents should always make an extra copy of their federal tax returns in case they are required for verification purposes by the Financial Aid Office.

Submit the FAFSA and all other required documents by the priority date of March 15. Applications submitted after March 15 may be too late for many aid programs. Financial aid is awarded on a first-come, first-served basis.

Students should provide an up-to-date e-mail address on the FAFSA. This allows the federal processor to communicate with the student when the Student Aid Report is available for viewing online. The SAR reports to the student the information as submitted on the FAFSA. If it contains incorrect information, the student should use his/her PIN number to make the necessary corrections on the web as this reduces processing time. The student may also make corrections on the paper form and mail it to the address indicated on the form. However, this process is lengthier than using the web.

Applications will not be reviewed until all required information/documents are received. The student must be accepted for admission to UW-Whitewater before the application will be considered. It is the applicant's responsibility to submit all data on a timely basis. The status of the student's application can be determined by calling the Financial Aid Office at (262) 472-1130 or e-mailing uwvfa@uwv.edu. Students can view their financial aid award on WINS.

WINTERIM

To apply for Winterim financial aid, students must make an appointment with a financial aid administrator beginning in November. The current academic year FAFSA process must be completed and on file.

SUMMER TERM

To apply for Summer term financial aid, students must complete a Summer Term Application, which is available on the web at <http://www.uww.edu/financialaid/>. Applications are also available at the Financial Aid Office during the Spring term. In addition, the current academic year FAFSA

must be received by the federal processor by June 30.

Undergraduates must enroll for a minimum of 6 credits, and graduates a minimum of 4.5 credits, to be eligible for financial aid. All forms for financial aid must be completed by July 15. Work programs and loans are usually the only aid available. Some students may be eligible for the Pell Grant.

THE AWARD PROCESS

- Financial aid is generally awarded for the academic year. Each applicant is considered for all types of aid available for which he/she is eligible according to state and federal regulations. The student must be enrolled at least half-time for most financial aid programs. Half-time is defined as 6 credits for undergraduates and 4.5 credits for graduates.
- Financial aid packages are generally based on full-time status. Students must inform the Financial Aid Office if they plan to carry less than a full-time credit load, as an adjustment may have to be made in their aid award. Unauthorized receipt of funds will require repayment. Grants and/or loans will be disbursed or directly credited to the student's account at the beginning of each term. All new students must pay a minimum payment as specified by the University to complete registration.
- The financial aid package may be a combination of grants, loans, and employment. The actual package depends upon factors such as state and federal regulations, availability of funds, and the number of students seeking aid. Grants are awarded first, then loans and/or work study, depending on the preference and eligibility of the student.
- An applicant is ineligible for aid if he/she owes a refund or repayment or is in default on any Title IV grant or loan at any institution.
- Continued eligibility for receiving financial aid is based upon financial need and meeting academic progress requirements.

POLICY ON AWARDING FINANCIAL AID

Financial aid is awarded based on tuition and other educational expenses. Enrollment is captured on the 10th class day of the term, and student financial aid will be revised accordingly. Students awarded financial aid after the 10th day of the term will be awarded based on actual enrollment for the current term and projected enrollment for the Spring term.

SATISFACTORY ACADEMIC PROGRESS

Students are required to comply with the Satisfactory Academic Progress policy in order to maintain their eligibility for financial aid. Academic Progress requirements are available at http://www.uww.edu/financialaid/process/progression_policy.html. Failure to meet the requirements will result in loss of eligibility for all major types of financial aid. Students who do not meet the requirements can appeal their Academic Progress status.

ADDITIONAL OUTSIDE RESOURCES

A student's financial aid package is subject to change based upon assistance received from other sources. This includes private scholarships, fee waivers, Division of Vocational Rehabilitation funds, resident/campus assistantships, etc.

CHANGES TO FINANCIAL SITUATION

Notify the Financial Aid Office directly of changes which may affect the family's ability to provide financial assistance to the student. These changes may include but are not limited to loss of employment or benefits, a significant decrease in income, separation or divorce, death or disability,

unusual medical expenses, and child care costs.

FINANCIAL AID COUNSELING

Financial aid counseling is available from Financial Aid Administrators on an appointment basis. In addition, there is an administrator-on-duty 12-15 hours a week for quick questions. Social Security numbers or ID numbers are needed to make appointments.

STUDENT RIGHTS & RESPONSIBILITIES

The Family Educational Rights and Privacy Act (FERPA) is a law designed to protect students' education records. Based on this law, all students have the right to access the information contained in their education records. In order to insure the confidentiality of these records, the Financial Aid Office must obtain written consent from students authorizing employees of the Financial Aid Office to discuss information with parents, legal guardians, and/or spouses. There is an Authorization for Release of Information form available at the Financial Aid Office. It is also included on the Award Letter.

Male students born in 1960 or later must register for the Selective Service prior to being able to receive federal Title IV financial aid. Forms are available from any U.S. Post Office or can be accessed online at www.sss.gov.

All local addresses must be changed on the WINS system or by the Registrar's Office. All home addresses must be updated by the Registrar's Office. Billing addresses must be updated by Student Accounts.

Financial aid of any type is required to be used to meet educational expenses of tuition, fees, books, room and board, transportation, and minimal personal expenses.

Students are responsible for repaying their educational loans and should not accept such loans without full realization of that responsibility. Students borrowing through the Federal Stafford Direct Loan program for the first time must complete Entrance Loan Counseling online prior to release of funds.

Students may be ineligible for Title IV aid if convicted of an offense involving possession or sale of illegal drugs. The period of ineligibility is contingent upon the offense committed and if the student is a first-time or repeat offender.

Work-study employment is a privilege, not a right. Any student can and will be terminated for justified reasons.

Students must reapply annually for all types of financial aid.

POTENTIAL TAX LIABILITY

Financial aid grants may be taxable income. Students receiving grants are advised to retain receipts for fee payments, books, supplies, and equipment that are course-related.

FORMS OF FINANCIAL AID

EMPLOYMENT OPPORTUNITIES

Students must be enrolled at least half-time or have been accepted for such enrollment for any on-campus employment. The most common types of positions available are Federal Work-Study positions and Regular Payroll positions. Students are limited to 30 hours per week during periods of

enrollment.

Students on foreign student visas (F-1's) are eligible for on-campus Regular Student Payroll positions only and are restricted to 20 hours per week during periods of enrollment.

During the summer or other vacation periods when the student does not have classes, he/she may work a maximum of 40 hours per week. In general, the basic pay is slightly above the prevailing minimum wage.

FEDERAL WORK-STUDY EMPLOYMENT

The Federal Work-Study program is a federally funded financial aid program available to citizens or permanent residents of the United States. To be eligible, the student must receive a Federal Work-Study allocation as a part of the financial aid package.

Federal Work-Study employment is on campus (except for America Reads), and work schedules are set around classes. Students are encouraged to participate in the many community-service-related activities available. Typical on-campus jobs include clerical work, assisting in the library, laboratories, or computer labs, tutoring, and child care assistance.

Proceeds from Federal Work-Study employment are paid with funds directly deposited to the student's savings or checking account and are not automatically subtracted from the student bill.

REGULAR STUDENT PAYROLL

Each year, hundreds of on-campus part-time jobs are made available by UW-Whitewater. Jobs (similar to Federal Work-Study positions) in university offices, laboratories, or other facilities can be applied for by any student enrolled on at least a half-time basis. These positions are listed on the Student Jobline, on the UW-Whitewater Financial Aid and Student Employment Office homepage.

All on-campus students are paid with funds directly deposited to their savings or checking accounts.

FOOD SERVICE

The private company with the contract to provide food services to UW-Whitewater hires approximately 225 students each year to work in the dining halls and for its catering service.

OFF-CAMPUS

Each year the Financial Aid Office lists many part-time jobs in private homes, businesses, and industries in the Whitewater area. These openings are also listed on the Student Jobline. Students on foreign student visas (F-1's) are not eligible for off-campus employment without special permission.

GRANTS

A grant is a form of aid which does not have to be repaid.

FEDERAL PELL GRANT

The Federal Pell Grant Program provides a "foundation" of financial aid to undergraduates to which aid from other federal, state, and private sources may be added. To determine a student's eligibility for a Federal Pell Grant, the Department of Education uses a standard formula to evaluate the information the student supplies on an aid application. The formula produces an Expected Family Contribution (EFC), which indicates whether or not

the student is eligible. This amount is on the Student Aid Report (SAR).

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

The Federal Supplemental Educational Opportunity Grant is another federally funded grant program. FSEOGs will be awarded first to those undergraduate students with exceptional need, those with the lowest expected family contributions, and Federal Pell Grant recipients.

ADVANCED OPPORTUNITY GRANT (AOP)

AOP grants are intended for African American, Latino, American Indian, designated Southeast Asian, and disadvantaged graduate students. Both Wisconsin residents and non-residents are eligible, although preference is given to Wisconsin residents. Full-time and part-time graduate students are eligible.

DIVISION OF VOCATIONAL REHABILITATION (DVR)

DVR assistance may be available to students with some type of disability. Vocational Rehabilitation is a division of the Department of Workforce Development. Students should contact their local DVR counselor in addition to filing the FAFSA.

INDIAN STUDENT ASSISTANCE PROGRAM

The Indian Student Assistance Program grants are available to Native Americans who demonstrate financial need and are of at least one-fourth Native American lineage. Contact the Financial Aid Office for more information.

INTERNATIONAL STUDENT GRANT

The Admissions Office has a limited amount of funds available to assist continuing students from foreign countries. Applicants must have earned a minimum of 24 undergraduate units or 9 graduate units at UW-Whitewater with a minimum G.P.A. of 2.50 or 3.0 respectively. These awards are made on the basis of need from extenuating circumstances. Recipients must be enrolled full time. Awards are made in the form of a partial waiver of non-resident tuition. Applications are available through the Center for Global Education in Hyland Hall.

INTERNATIONAL STUDENT SCHOLARSHIP

Each year the Admissions Office awards scholarships based on academic record and financial need to new freshmen from foreign countries. Not all students who apply for admission receive scholarships. The awards may be renewable for up to four years. Recipients must be enrolled full-time. Awards are made in the form of a partial waiver of non-resident tuition and can vary in dollar value. Contact the Admissions Office, 2060 Roseman Building, (262) 472-1440, or e-mail uwadmit@uww.edu for more information.

LAWTON UNDERGRADUATE MINORITY RETENTION GRANT

These grants provide funds to undergraduate minority students who are of at least sophomore status. Applicants must be African-American, Latino, Native American or Southeast Asian. Southeast Asian students must be of Vietnamese, Cambodian, Laotian or Hmong heritage. Students must file a FAFSA so financial need can be determined.

Qualifying minority students must be Wisconsin residents who are enrolled at least half-time and making satisfactory academic progress. Students who demonstrate financial need must have a grade point average of 2.0 or better; students not eligible for financial aid must have a grade point average of 2.4 or better to be considered. Contact the Assistant Vice Chancellor for Academic Support Services, 226 McCutchan Hall, (262) 472-4985, for

applications and information.

MINNESOTA RECIPROCITY

All undergraduate and graduate students who are bona fide residents of Minnesota may have their non-resident tuition waived upon application to their home state. Contact the Admissions Office for more information.

NON-RESIDENT GRANT

These grants are available to out-of-state (excluding Minnesota) students enrolled full-time who demonstrate need. Upperclassmen must have a cumulative grade point average of 2.00 or better. These awards cover part of non-resident tuition expenses.

TALENT INCENTIVE PROGRAM GRANT (TIP)

The Talent Incentive Program Grant is administered by the Department of Public Instruction's Wisconsin Educational Opportunity Program. The purpose of TIP is to provide supplemental grant awards to extremely needy students from disadvantaged backgrounds. TIP awards are designed to reduce the need for self-help aid during the period of greatest academic vulnerability. Contact your local WEOP office at (414) 227-4942.

U.S. ARMY RESERVE OFFICER TRAINING CORPS (ROTC) SCHOLARSHIP

There are four categories of annual scholarships awarded by the Department of the Army available to students participating in Army ROTC. High school seniors entering a university with Army ROTC may compete with students across the nation for four-year and three-year scholarships under the High School Scholarship Program. Interested students should contact the Department of Leadership, Military Science and Aerospace Studies (262) 472-1541, September 1 through December 15 during their senior year in high school. On-campus, two-year and three-year scholarships are also available to selected students participating in Army ROTC.

U.S. AIR FORCE ROTC SCHOLARSHIPS

Air Force ROTC has several types of scholarship opportunities available for students. High school seniors must apply for the Air Force ROTC College Scholarship Program no later than December 1. If selected, high school seniors are awarded three-year and four-year Air Force ROTC scholarships. For those students already in college, please contact the Department of Leadership, Military Science and Aerospace Studies to find out if you are eligible for a scholarship.

WISCONSIN GRANTS FOR STUDY ABROAD

There is a limited amount of funding for study abroad grants. Students must complete a FAFSA and demonstrate financial need. These grants are intended to increase the number of UW System students studying abroad. Grants will be provided for only those experiences that grant credit regardless of program length. A recipient must be an undergraduate Wisconsin resident enrolled in a program leading to a bachelor's degree with at least sophomore status. Contact the Center for Global Education, Hyland Hall, (262) 472-5759, for applications and information.

WISCONSIN HEARING/VISUALLY HANDICAPPED GRANT

These grants provide assistance to Wisconsin residents who are deaf, hard of hearing, or visually impaired. To qualify, such students need to demonstrate financial need. Awards are determined by the Higher Educational Aids Board. Contact the Financial Aid Office for more information.

WISCONSIN HIGHER EDUCATION GRANT (WHEG)

The Wisconsin Higher Education Grant is a state-funded grant available to eligible undergraduate Wisconsin residents who demonstrate financial need.

Awards are determined by the Higher Educational Aids Board.

LOANS

A loan is a form of financial assistance which must be repaid and should only be accepted with the full realization of that responsibility.

FEDERAL PERKINS LOAN PROGRAM

Federal Perkins Loans are available to undergraduate and graduate students. Awards are determined by the Financial Aid Office based upon financial need and availability of funds. The borrower must sign a master promissory note for the loan, which is interest-free as long as he/she is enrolled at least half-time at any eligible institution. Repayment of the principal plus 5% interest per year begins nine months after the student leaves school or graduates. Repayment is determined by federal regulations.

WILLIAM D. FORD FEDERAL DIRECT LOAN PROGRAM

Federal Direct Stafford Loan (Subsidized)

The Federal Direct Stafford Loan enables undergraduate and graduate students enrolled at least half-time to borrow directly from the federal government. To be eligible, students must demonstrate financial need. The school determines financial need based on the information provided on the FAFSA. The federal government pays the interest on these loans while students are in school and during the six-month grace period after the student graduates or leaves school. The federal government also pays the interest during periods of deferment (a postponement of repayment). Undergraduate freshmen are limited to loans of \$3,500; sophomores (24-59.5 credits) are limited to \$4,500; junior and senior undergraduates (students with 60 credits or more) are limited to \$5,500. Graduate students are eligible to receive up to \$8,500 per year. An origination fee is assessed at the time the loan is made. The borrower will receive a disclosure statement from the Direct Loan Servicing Center regarding the amount of his/her loan and the anticipated disbursement date.

Federal Direct Stafford Loan (Unsubsidized)

To be eligible, the student must complete the FAFSA process. If a small financial need is determined, the student may be offered the subsidized loan in combination with the unsubsidized loan. If no financial need is determined, the student will be offered the Federal Direct Unsubsidized Loan. The student, not the federal government, is obligated to pay all interest even while enrolled, which differs from the subsidized loan. New borrowing limits apply minus any amounts borrowed under the subsidized program. A freshman may borrow a maximum of \$5,500 per year in combination of both programs; a sophomore may borrow a maximum of \$6,500 per year; a junior/senior may borrow \$7,500 per year. Independent undergraduates may be eligible for higher limits. As with the subsidized loan, an origination fee is assessed at the time the loan is made. The borrower will also receive a disclosure statement for this loan.

Federal Direct PLUS Loan

The Federal Direct PLUS Loan enables credit-worthy parents of undergraduate dependent students to borrow. The PLUS Loan may not exceed the student's estimated cost of attendance minus any estimated financial assistance the student has been or will be awarded during the period of enrollment. This includes the no-need Federal Direct Unsubsidized Stafford Loan. Funds are borrowed directly from the federal government. An origination fee is assessed at the time the loan is made. Interest rates will be determined by the federal government. You may contact the Financial

Aid Office for the PLUS Loan Request Form or access the form online.

WITHDRAWAL

If a financial aid recipient withdraws during a term, the Financial Aid Office must calculate the amount of Title IV aid the student did not earn. Unearned funds must be returned to Title IV Programs.

The basic formula is as follows:

$$\begin{matrix} \text{Percent of enrollment} & & \text{Aid that disbursed} \\ \text{period completed based on} & \times & \text{or could have} = \text{Earned aid} \\ \text{withdrawal date} & & \text{disbursed} \end{matrix}$$

$$\begin{matrix} \text{Aid that disbursed or} & & & & \\ \text{could have disbursed} & - & \text{Earned aid} & = & \text{Unearned aid} \end{matrix}$$

The school must return:

$$\begin{matrix} \text{Amount of} & & \text{The percent of aid} \\ \text{institutional charges} & \times & \text{that was unearned} \end{matrix}$$

The student must repay:

$$\begin{matrix} \text{The amount of unearned Title IV} & - & \text{The amount of unearned} \\ \text{aid to be returned.} & & \text{Title IV aid due from the} \\ & & \text{school.} \end{matrix}$$

If the repayment of funds affects grant dollars received, the student's repayment of these funds will be reduced by 50 percent of the total grant aid.

Students will repay loan funds based on the repayment terms of the promissory note. Repayment of grant funds can be arranged with the school (if paying in full) or with the Department of Education (if a payment schedule needs to be arranged).

If a student withdraws from the first term, but plans to return in Spring term, he/she must submit WRITTEN notification to the Financial Aid Office so that aid may be reinstated and/or revised. If a student fails to notify the Financial Aid Office, the aid will remain cancelled.

FEDERAL POLICY FOR RETURN OF TITLE IV FUNDS

The Financial Aid Office must adhere to federal law when determining the return of financial aid to the financial aid programs.

ACADEMIC PROGRAMS

The complete array of all undergraduate programs available at this university is listed on these pages. Each degree is composed of a package of courses which include the General Education requirements, the specific College degree requirements, Writing Proficiency, Diversity, the major requirements, the minor requirements (when necessary), and any other unique requirements specific to each major. A minimum of 120 units is required, although some programs require more than the minimum, and each program has a designated minimum grade point average requirement. To graduate, a 2.0 ("C") UW-Whitewater cumulative grade point average is required, as well as a 2.0 combined GPA in the major and the minor. However, many programs require higher grade point averages for admission to and graduation from the program. Each of these is detailed in the college and department sections.

ACADEMIC ADVISING AND REGISTRATION

ACADEMIC ADVISING

For the most up-to-date advising information, students should refer to the Academic Advising website at <http://www.uww.edu/advising/>

ADVISING PHILOSOPHY

Advising is most effective when it is viewed as an ongoing process in which students and advisors work as partners. Students must conscientiously work with their advisors in order to develop comprehensive academic plans that lead to successful career planning. Ultimately, students have the responsibility for their own educational plans and for monitoring all requirements for graduation.

ADVISING RESPONSIBILITIES

STUDENTS are responsible for developing their educational plans by

- Taking initiative to seek advising.
- Monitoring their course of study.
- Understanding and fulfilling all degree requirements.
- Using appropriate student services.

ADVISORS are responsible for providing guidance to students by

- Providing accurate information on requirements and policies.
- Helping students evaluate their academic success and choice of major and minor.
- Supporting and encouraging students as they work to meet their goals.
- Making appropriate referrals to student services.

THE UNIVERSITY is responsible for guiding students to achieve their academic goals by

- Developing a structure within which effective advising can occur.
- Providing appropriate advising support for all students.
- Providing access to academic, personal and career advising.
- Communicating requirements and expectations for graduation.

ADVISING STRUCTURE

All students who are new to the campus (new freshmen and new transfers) must participate in an Orientation, Advising and Registration program. At this program, students will be advised for their first term at UW-Whitewater.

Students admitted under the “special student” classification and online-only students are not required to attend the orientation program or to seek advising assistance.

Readmitted students should contact their assigned academic advisor or the appropriate advising location.

For ongoing advising, freshmen students (students with less than 24 units) and students who have yet to declare a major will be assigned advisors at the Academic Advising and Exploration Center. (Freshmen, transfer, and continuing students in the College of Arts and Communication majoring in Art, Music, Theater/Dance, or Multimedia Digital Arts will be assigned a faculty advisor in their major department.)

After reaching sophomore status (24 units), students who have declared a major will be assisted by advisors within their college or by a faculty advisor within their major department.

Students should contact their advisors for help with course selections, managing academic concerns, and career planning. Students are encouraged to discuss program options such as study abroad, as well as internships or other related work experiences.

ADVISING INFORMATION

The Advisement Report (AR) is the official advising instrument. The AR includes an unofficial transcript followed by a match of a student's academic course history against a prescribed set of degree program requirements. These requirements are based upon the requirement term on a student's record, which is based on the date of declaration, and the requirement term of the requirements on the curriculum file. Students can access their AR on the UWW WINS Student Administration System.

Although the AR will match courses to requirements, it may not monitor all policies related to a student's academic program. Students are responsible for understanding the policies that affect their degree by consulting the University Catalog and by working with the academic advising services as listed above.

DECLARING OR CHANGING A MAJOR OR MINOR

Students with fewer than 24 units (except Art, Music, and Theatre majors), as well as all undeclared students, process major changes at the Academic Advising & Exploration Center in Roseman 2054.

Students with 24 units or more (declared majors) and all arts majors should begin the process at the department office of their major and then take the form and advising file (if available) to the department office of the new major. (The AAEC in Roseman 2054 is the department office for undeclared students.)

Business majors, except freshmen, start at the Assistant Dean's Office in the College of Business and Economics (Hyland 4300).

REGISTRATION

Official registration for any session is accomplished only after students have (1) been admitted and granted permission to register, (2) obtained advising as determined by the major department, and (3) completed the process via the WINS Registration system. Students may not attend a course/section without properly registering for it or adding it to their class schedules.

ACADEMIC LEVEL

A student's academic level is determined by the cumulative number of units satisfactorily completed, as follows:

| | |
|-----------|------------------|
| Freshman | 0 -23.9 units |
| Sophomore | 24-59.9 units |
| Junior | 60-89.9 units |
| Senior | 90 units or more |

SCHEDULE OF CLASSES

Published each term by the Registrar's Office, the Schedule of Classes includes all policies, procedures, courses offered with their requisites, and other information pertinent to registration.

ADD/DROP

Students who participate in priority registration may make schedule changes via the online WINS Registration System through the deadline dates. The last day to add a 17-week course is the sixth day of classes. The last day to add a short course (or 8-week course) is the second class period. Students must have written approval of the dean of the course to add a class after the deadline has passed. Additionally, the University reserves the right to close registration before the deadline if its enrollment capacity has been reached.

Students may drop courses through the sixth week of the Fall/Spring term. Short-term courses may be dropped through Friday of the week in which 33% of the course is completed. Drops must be done through the WINS Registration System. Note the fee reduction schedule for dropped courses in the Schedule of Classes, as there may be a charge for any course dropped after the first week of classes.

A "W" grade will appear on student academic records (transcripts) for all courses dropped after the tenth day of instruction. This "W" grade notation will also appear on the records of students who withdraw from the University after the tenth day. The fifth day of classes will be the deadline for short-term courses and for Summer term courses.

Students will be held responsible for the completion of all courses for which they are registered unless they officially withdraw from the University or officially drop the course(s) by the proper procedures. Students who never attend or stop attending a course are responsible for dropping that course.

COURSE REQUISITES

Prerequisite (prereq): Requirements that need to be met before taking a particular course. For example, ENGLISH 101 is a prereq of ENGLISH 102.

Corequisite (coreq): A course that must be completed prior to, or during the same term, as another course. For example, BIOLOGY 120 has a coreq of MATH 141.

Unrequisite (unreq): A course for which credit cannot be earned because the content overlaps with the specified course. For example, HISTORY 355 has an unreq of RELIGST 355.

ACADEMIC LOAD

The average minimum course load to graduate in eight Fall/Spring terms is 15 unit hours. A maximum of 18 units may be taken if students are in good standing. There is a 12-unit maximum for all students in Summer term and a 6-unit maximum for special students without credentials during the regular terms. Students will be limited to 15 units per Fall/Spring term if they have less than a 2.00 grade point average or are admitted on probation. Permission of the dean of the college in which students are enrolled must be received before they can carry more than the maximum units allowed according to their academic standing.

UW SYSTEM STANDARD FOR WORK PER UNIT

The UW System standard for work per unit (credit) is that students are expected to invest at least 3 hours of combined in-class and out-of-class work per week for each academic unit (credit) of coursework. Thus, a 3-credit course will typically require a minimum of 9 hours of work per week (144 hours per semester).

EXCESS CREDIT POLICY

The University of Wisconsin System Board of Regents Excess Credits Policy requires that resident undergraduate students who earn more than 165 credits toward their first undergraduate degree pay a surcharge for all credits beyond 165. The surcharge will approximately double the tuition that resident undergraduates pay and will be applied to students in the term following the one in which they reached the earned credit limit.

The Excess Credits Policy covers all earned credits from UW-Whitewater as well as earned credits from other UW System schools or Wisconsin Technical College System (WTCS) schools that are accepted toward the first baccalaureate degree. Credits transferred from other colleges outside the UW System or the WTCS do not count toward the 165-credit limit. In addition, advanced placement, retroactive credits, credits by examination, and remedial credits do not count toward this limit.

COURSE REPEAT POLICY

UNDERGRADUATE STUDENTS

The privilege of repeating coursework allows students to retake courses in which they initially encountered difficulties. A course can be repeated only once. Students may not take the same course for credit and grade replacement more than once unless the course is identified in the Undergraduate Catalog as "Repeatable." If a course is identified in the Catalog as repeatable, the limitations on the number of times or maximum number of credits may be applied to the major/minor, degree or graduation credits will be indicated.

UW-Whitewater does not guarantee the right to repeat any course. Courses may be deactivated, discontinued, or offered on a different schedule.

Repeating Courses for Grade and Credit Replacement

A course in which a grade of C- or below (C-, D+, D, D-, F or NC) was originally earned may be repeated once for grade and earned credit replacement. The grade and credits earned for the repeated course will replace those earned in the initial attempt when calculating grade point

average and credits toward degree. For example, if a student repeats a course in which a grade of D was earned and receives a B in the repeat, only the B and the credits earned in the repeat will be included in the GPA and credits toward the degree; if the student receives an F, only the F will be included in the GPA and the student loses the credits for the course. Students may not repeat for credit or grade replacement any course in which they earned a grade of C or higher, or S (see REPEAT FOR NO CREDIT explanation below).

The following conditions apply to repeats for grade and earned credit replacement:

1. Unless the repeat courses are offered S/NC only, all repeats must be taken on a conventional grade basis.
2. Courses taken initially at UW-Whitewater may be repeated only at UW-Whitewater. They may not be taken at another institution to replace the UW-Whitewater grade and credit.
3. Students may repeat a C- grade or below that was earned at a transfer institution if the course has a direct UW-Whitewater equivalent and the course was attempted only once prior to transfer to UW-Whitewater. Students who repeat a transfer course will receive UW-Whitewater course credits regardless of the number of credits the course carried at the transfer institution; for example, a student repeating a 4-credit transfer course with a 3-credit UW-Whitewater course will receive only the 3 UW-Whitewater credits. All other repeat regulations apply.
4. A student may not repeat a course if the student has received credit for a higher level course in the same department for which the course to be repeated is a prerequisite or corequisite. For example, a student who has received credit for English 102 may not repeat English 101.
5. In courses in which there has been a change in the number of credits awarded, a repeat for grade replacement will replace the credits and grade from the first attempt with the credits and grade for the repeat. For example, in a course that had changed from 5 credits to 4 credits, a 5-credit D would be replaced by a 4-credit B.
6. If a student officially drops or withdraws from a repeat course, the original enrollment attempt's grade and earned credits will be reinstated or remain in the student's term and cumulative calculations.

All attempts of repeated courses, including the grades, remain on academic records and transcripts even though they may not be included in the GPA calculation or earned credits. Students should be aware that graduate schools and other institutions to which they might wish to transfer may not accept repeats and may include all grades in calculating GPA for admission.

Student athletes, veterans and international students should check with the appropriate UW-W school officials before repeating courses as it may affect their eligibility or financial benefits.

Appeal for Third Attempt of a Course

Students who wish to enroll in a third attempt of a course must file an approved university appeal. Contact the Registrar's Office ((262)472-1570 or registrar@uww.edu) in Roseman 2032 for information about the appeal process.

Repeat for No Credit

Under certain circumstances, students may need to repeat courses in which a C grade or above was earned. For example, a student may need to repeat a course if a grade of B is required for the student to proceed to a higher level course or to remain in a major. In such cases, repeat grades will be considered only as qualifying students to continue, and the repeats will not be counted for grade replacement or earned credit. All enrollment attempts will be recorded on academic records and transcripts, with the non-credit attempts identified as No Credit.

GRADUATE STUDENTS

Graduate students are allowed to repeat at most two courses in their degree programs. Courses may be repeated only once. When a course is repeated, the original course and grade remain on the transcript; however, the last grade and units earned replace the original and are the only ones used in computing the overall grade point average and the grade point average in the major or emphasis. Students who have been dropped from a degree program may not use the course repeat process to gain readmission into that degree program.

A course taken for undergraduate credit may not later be changed to graduate credit. Courses taken for undergraduate credit may not be taken for graduate credit, although exceptions may be granted by the degree program coordinator when the field of knowledge has changed to the degree that the course content has changed substantially from the first time the student took the course to the present. Graduate courses may not be retaken unless indicated otherwise in the Graduate Catalog.

AUDITING COURSES

Students who wish to audit courses must obtain the audit registration form from the Registrar's Office, acquire the instructor's written approval (and, in some cases, the department's), and return the completed form to the Registrar's Office by the published deadline to add classes. Students registering for audit courses may do so on a space-available basis and cannot change the courses to graded basis during the term of enrollment. Off-campus courses, College of Business and Economics courses, and Distance Education courses cannot be audited. Auditing of Department of Art and Design courses may be limited.

For purposes of audit, there are two categories of students per UW-System policy: (1) students who are taking courses on an audit-only basis, with no courses for credit, and (2) students who are taking a combination of courses for credit and courses for audit.

Audit-Only Enrollees

Students who are auditing courses only may do so under the following stipulations:

1. Wisconsin residents (Wis Stats 36-27 (2)) will pay 30% of the normal per unit resident academic fee, and non-residents will pay 50% of the normal non-resident fee per the fee chart. No audit fees will be assessed disabled Wisconsin residents who are receiving federal old age survivors and disability insurance benefits (OASDI) under 42 USC 401 to 433, or Wisconsin residents age 60 or over.
2. Students will register on a space-available basis with departmental permission in the week immediately prior to the start of classes. Remedial English (ENGLISH 090) and mathematics (MATH 040 and MATH 041) may not be taken as audit-only. Note: Auditing of Department of Art and Design courses may be restricted. See department for restrictions.
3. Any special course fees other than the normal tuition charges will be assessed and paid by the student.
4. Students registering under this option cannot change their courses to a credit grade basis during the term of enrollment.
5. An audit (X) symbol will be recorded on the academic record provided the instructor reports satisfactory attendance.
6. A fee of approximately \$2.50 per unit will be assessed for required texts.
7. Access to University services will be limited to the library and to non-segregated fee funded activities of the University Center. A special identification card will be issued for auditors which will permit this limited access.

8. Regent, University, and Student Government regulations applying to other students will apply equally to audit-only enrollees.

Audit and Unit Combination Enrollees

Students who are taking a combination of courses for regular credit and for audit will pay the regular fees for all units based upon the fee chart. The following stipulations will also apply:

- The decision to audit must be finalized and recorded by the tenth day of classes for 16 or 17-week courses and by the end of the second class day for shorter courses.
- No units will be granted for the audit course, but an audit (X) symbol will appear on the academic record, provided the instructor reports satisfactory attendance.
- The audit course may be repeated for units in another term.
- Audits do not count as units for either veteran benefit certification or financial aid consideration.

SENIORS TAKING GRADUATE COURSES

UW-Whitewater undergraduate students with senior status may be allowed to complete up to 9 graduate units at UW-Whitewater, provided they have completed at least 90 units with at least a 2.75 overall grade point average (or 2.90 over the last half of their course work), have the written recommendation of the department chairperson of their undergraduate major, and have a graduate application on file in the Graduate Studies Office. Students may download this form at <http://www.uww.edu/gradstudies/application.php>.

Eligibility for this privilege must be established with the Graduate Studies Office and is not available to seniors at other institutions or to students who already possess a bachelor's degree. Seniors may not use graduate-level units to satisfy requirements for the bachelor's degree, and undergraduate fees will be charged for their graduate-level work.

LATE ADDS/DROPS

An undergraduate student with extenuating circumstances that merit an appeal for a late add or late drop may petition for such at the department of the course. The approval of the course instructor, the chair of the course, and the dean of the college of the course is required for a late add, and the approval of the course instructor, the chair of the course, and the dean of the college of the student's major is required for a late drop (*Important note: for a late drop, if the student is a veteran, international student, or a student athlete, related signatures as noted on the form are required*). The Late Add and Late Drop forms are available at the department offices.

WITHDRAWAL FROM THE UNIVERSITY

Students who find it necessary to withdraw from all courses and leave the University during a term or session should contact the Registrar's office to initiate a withdrawal. The contact can be done in one of the following three ways:

- Complete the online withdrawal form at <http://www.uww.edu/registrar/forms/index.html>, or
- Send an email to withdraw@uww.edu
- Send a letter by post to:
Registrar's Office, UW-Whitewater
800 W Main St
Whitewater, WI 53190
- Send a letter by fax to (262) 472-1370

The email, letter, or fax should contain the student's full name, 7-digit UW-W ID number, the term (e.g., Fall 2011), and a brief statement indicating the

student's intent to withdraw from the term indicated. The withdrawal will be processed as of the date the email was sent, the postmark date of the mailed letter, or the day the letter is faxed to the above number.

- If the withdrawal is initiated within the first ten class days of the Fall/Spring term, there will be no academic penalty, but the date of withdrawal will be noted on the student's academic transcript.
- If the withdrawal is after the tenth day of classes in a Fall/Spring term or fifth day in the full Summer session, "W" grades will be recorded for each of the courses in which the student is enrolled at the time of withdrawal and the date of withdrawal will be noted on a student's academic transcript.
- If withdrawal is after the tenth day of classes, but the student was enrolled for 6 or more units on the tenth day, a whole or a partial term of eligibility will have been lost for financial aid.
- The last day to withdraw from the University is 15 days prior to the end of the Fall/Spring term (exam days included; Saturdays, Sundays, and holidays excluded), as published in the Schedule of Classes.
- Withdrawals initiated after the published deadline of the last day to withdraw will result in the student receiving grades of "F" in those courses which are not being passed at the time of withdrawal, and the student may be suspended for not meeting the minimum grade point requirement.
- Withdrawal may affect financial aid eligibility.

Failure to officially withdraw when leaving the University may result in students receiving failing grades in those courses for which they were enrolled. This may cause a problem with an attempt to return to the University or to transfer to another institution. If students must withdraw for medical or family emergency reasons, they may appeal to the Office of Student Life. Information concerning the medical withdrawal process can be found at <http://www.uww.edu/dean-of-students/students/withdrawal.html>.

DEGREE REQUIREMENTS AND GRADUATION

UNDERGRADUATE DEGREE REQUIREMENTS

The University of Wisconsin-Whitewater offers the following undergraduate degrees: Associate of Arts, Bachelor of Arts, Bachelor of Arts-Letters & Sciences, Bachelor of Arts-Arts & Communication, Bachelor of Arts in Education, Bachelor of Business Administration, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Science, Bachelor of Science-Letters & Sciences, Bachelor of Science-Arts & Communication, and Bachelor of Science in Education. The University has the right to rescind a previously granted degree if the University becomes aware of information that the degree should not have been granted.

ACADEMIC PROGRAM DEGREE REQUIREMENTS TERM

Students are responsible for meeting all degree requirements in effect at the University of Wisconsin-Whitewater at the time that they declare their current major, unless they interrupt their attendance at Whitewater by an absence of four or more consecutive academic terms (including Summer), in which case upon re-entry they will be subject to the requirements in effect at that time.

As students enter the University, a requirement term is assigned to their record. They will be held to that set of degree requirements for graduation unless they change majors. Although the University Catalog is published every two years, requirements will be monitored on a term-by-term basis. New students registering for Fall term will be held to the curricular changes approved during the preceding term. If a department or college curricular change is made retroactive (due to unusual circumstances), the responsibility is then assumed by the unit making the change to notify all students affected by that change in a timely manner.

Students have the option of requesting a more current set of academic requirements at any time by reporting to their advising location, however, it is not possible to satisfy an earlier set of requirements without permission from the dean of the college of the major. The requirement term on students' records will be updated automatically as part of the change of major/minor process. All subsequent ARs will reflect the later set of requirements, if the requirements have changed since initial entry into the University.

MINIMUM ON-CAMPUS CREDITS

A minimum of 30 units of UW-Whitewater course work is required to qualify for an undergraduate degree. At least 15 of these 30 units must be taken at UW-Whitewater immediately prior to graduation. A minimum of 25% of the major course units and 25% of the minor course units must be completed at UW-Whitewater. Students pursuing any major in the BBA curriculum must complete course work in at least six courses (18 unit minimum) in their major field. A maximum of two transfer courses may count in the BBA major.

OTHER DEGREE-RELATED POLICIES

Students must take required courses in their major and their minor on a conventional grade basis. The same course units may not be counted in both the major(s) and the minor(s). In those cases in which the same courses are required in more than one major and/or minor, departments will determine appropriate additional courses to meet the minimum unit requirements for each. The minimum unit requirements must be met for

each major and each minor.

If students have not completed their degree requirements within eight years, they may be required by the dean of the college in which they are enrolled to satisfy newer requirements as deemed appropriate. Under special conditions, substitutions are allowed that are in their best interest and considered educationally sound by the dean.

SECOND DEGREE

Students who have received their first degree at UW-Whitewater may earn a second degree provided that it is not the same as the first degree (e.g., a student whose first degree is a Letters & Sciences BA could not receive a second Letters & Sciences BA degree but would be eligible for a Letters & Sciences BS or Arts & Communication BA). The first degree will be considered to have satisfied all Communication and Calculation Skills, University (General Education), Diversity, and minor (if any) requirements. Students must complete all other degree and major requirements; credits used to satisfy major requirements in the first degree may not be used to satisfy major requirements in the second degree (credits used in a minor or minors may be applied to the new major). Students must complete a minimum of 30 credits at UW-Whitewater after the date of conferral of the first degree, and a minimum of 25% of the major course credits must be completed at UW-Whitewater.

Students who have received their first degree at another institution may earn a second degree at UW-Whitewater following these same regulations, except that the second degree may be the same as their first degree (e.g., a student who has received a Letters & Sciences BS degree at another institution may earn a second Letters & Sciences BS degree at UW-Whitewater).

ADDING ADDITIONAL MAJOR/MINORS TO A DEGREE

Students may fulfill the requirements for an additional major or minor after receiving their degree from UW-Whitewater if the following conditions are satisfied:

1. The major/minor course and GPA requirements in effect at the time of declaration of intent must be completed.
2. Course credits used to satisfy the requirements of previous major(s) or minor(s) may not be used, with the exception that credits used in a minor may be used when expanding the minor into a major.
3. The major/minor transfer course limitation may not be exceeded.
4. The course selection must be approved by the department chairperson. A major or minor will not be awarded to a student who has not earned a degree at UW-Whitewater.

BACHELOR'S DEGREE REQUIREMENTS

To be a candidate for the Bachelor's Degree, students must satisfactorily complete the following:

1. A minimum of 120 undergraduate units in courses numbered 100 through 400.
2. University requirements, degree requirements, and departmental requirements.
3. A minimum GPA of 2.0 or better on a 4.0 system, both overall and in the major and minor fields. [Certain programs require grade point averages higher than 2.0 – see the college and major requirement sections.]
4. Completion of a minor if required in the major/degree program. The minor must be a valid combination with the major, and a second major may be used in place of a minor.

5. The major department's writing competency requirement. Students should refer to their AR and/or contact their departmental advisor to determine which course, course sequence, or equivalent will fulfill this requirement. Completion of the writing requirement for one major will satisfy this requirement in the other major.
6. A 3-unit diversity course, the primary focus of which is racial and ethnic minority issues. This course may also satisfy other university requirements.
7. A minimum of 48 units at an accredited 4-year institution after the last unit was earned at a 2-year institution.
8. Participation in a University institutional testing program examination, if requested.

BACHELOR'S DEGREE REQUIREMENTS AT A GLANCE

In short, to earn a baccalaureate degree from UW-Whitewater, students must successfully complete the following minimum requirements:

- General Education, including:
 - Communication & Calculation Skills
 - University Requirements
- Diversity
- College or degree or licensure (or a combination thereof):
 - Major with a 2.00 GPA
 - Writing Proficiency in the major
 - Minor with a 2.00 GPA (a minor is mandatory for some major/degree programs and optional for others)
 - One hundred twenty (120) units
 - A UW-W cumulative GPA of 2.00 on a 4.00 system

It should be noted that several degree/major/minor programs require a GPA higher than 2.00 for admission, retention, and graduation. A combined UW-W and transfer GPA may be used to determine the minimum standard for some programs.

Students may earn an Associate of Arts degree by successfully completing a minimum of 60 units, including General Education and diversity requirements, with a 2.00 UW-W cumulative GPA.

GENERAL EDUCATION REQUIREMENTS

PHILOSOPHY OF GENERAL EDUCATION

The General Education Program encompasses coursework in both Communication and Calculation Skills and the University Requirements in liberal arts and sciences. As the foundation for all university degrees, it gives breadth and balance to a university degree and defines an educated person. General Education (1) provides students with the skills and proficiencies needed to succeed academically; (2) exposes students to core knowledge and concepts of the Arts, Humanities, Mathematics, and Natural and Social Sciences; (3) provides a diversity of viewpoints, ensuring that students gain familiarity with the art, literature, philosophy, and institutions of our own and other cultures; (4) hones students' thinking and communication skills as they confront the complex issues of historical and contemporary times and attempt to understand trends and problems; and (5) encourages students to cultivate new interests so as to engage in lifelong learning.

Education for the professions needs to be built upon this base. University graduates need to see the social and historical context of their chosen profession, so they will understand the reciprocal interaction of profession, society, and daily lives. Career opportunities now and in the future will require individuals who can actively respond to changing work environments,

continue to learn and grow, and work cooperatively with people of diverse backgrounds. The broad exposure provided by the general education program facilitates informed career decisions in college and better equips individuals to respond to evolving personal aspirations and changing career opportunities.

GOALS OF GENERAL EDUCATION

The goals of general education are to enable students to:

1. Think critically and analytically, integrate and synthesize knowledge, and draw conclusions from complex information.
2. Make sound ethical and value judgments based on the development of a personal value system, an understanding of the cultural heritage students share, and a knowledge of past successes, failures, and consequences of individual roles and societal choices.
3. Understand and appreciate the cultures of the U.S. and other countries, both contemporary and historical, appreciate cultural diversity, and live responsibly in an interdependent world.
4. Acquire a base of knowledge common to educated persons, the capacity to expand that base over their lifetime by understanding the way that knowledge is generated, organized, tested, and modified, while recognizing the past and current limits to understanding.
5. Communicate effectively in written, oral, and symbolic form with an appreciation of aesthetic and logical considerations in conveying ideas.
6. Understand the natural and physical world, the process by which scientific concepts are developed, tested, and modified, and the reliability and limitations of scientific knowledge.
7. Appreciate the importance of the fine and performing arts.
8. Develop the mathematical and quantitative skills necessary for calculation, analysis, and problem solving, and the ability to use a computer when appropriate.
9. Understand the factors and habits that are essential for continual mental and physical health and well being, and evaluate the information and advice offered on these topics.

Students are required to complete the General Education Requirements as part of the requirements for graduation. In the Course Listings section later in this Catalog, the letter "G" appearing after a course title identifies the course as one that can be used in satisfying the University General Education requirement. The second letter following the "G" identifies the category within General Education in which the course applies (see Course Listings for details). General Education courses are also listed later in this section.

General Education courses used to satisfy major, minor, or curricular requirements are subject to any specific college restrictions on their use for these requirements as detailed in this Catalog.

Students with a strong high school preparation in a given subject area are urged to elect either an advanced course in that area (with departmental approval) or an introductory course in some other area when selecting General Education courses.

The General Education program that went into effect for the Fall 1994 term

32 DEGREE REQUIREMENTS AND GRADUATION

is required for all new freshmen entering UW-Whitewater for the first time in Fall 1994 or later. Transfer students for Fall 1996 or later will be held to these requirements if they are transferring fewer than 21 credits.

Students who transfer in 21 or more credits should consult Credit in Transfer, in the Admission Information section of this Catalog, to determine what General Education Requirements they must fulfill.

GENERAL EDUCATION REQUIREMENTS: 44-45 units (or appropriate waivers). If Developmental Studies courses English 90 and/or Math 40/41 are required, they must be completed before enrolling in the related General Education course.

1. Communication and Calculation Skills (12-13 units or waivers)*
 - a. ENGLISH 101 Freshmen English (or waiver)
 - b. ENGLISH 102 Freshmen English
OR
ENGLISH 105 Freshman English Honors (replaces both English 101 and 102)
 - c. COMM 110 Fundamentals of Speech (or waiver)
 - d. MATH 140 Mathematical Ideas or 141 Intermediate Algebra (or waiver)
2. University Requirements (32 units)
 - a. Quantitative and Technical Reasoning (7-11 units)
 1. A 4-5 unit laboratory science designated GL
 2. 3-6 units of science, math or computer science courses designated GL or GM from at least one subject area other than the laboratory science course used in Area 2.a.1 (Astronomy, Biology, Chemistry, Computer Science, Geology, GEOGRPY 120, GEOGRPY 210, Math, Physics)
 - b. Cultural Heritages (6 units)
 1. GENED 110 World of the Arts
 2. GENED 390 World of Ideas
 - c. Communities (6 units)
 1. GENED 130 Individual and Society
 2. GENED 120 Historical Perspectives OR GENED 140 Global Perspectives
 - d. Physical Health & Well-being (1-2 units)
 1. PEGNRL 192 Personal Health and Fitness for Life
 - e. Electives (8-12 units);
Additional electives designated GA, GE, GH, GI, GP or GS; no more than 1 course from any one subject area may be counted. Exception: two GP courses may be used for a maximum of 1 unit of GP electives.

COMPLETION OF COMMUNICATION AND CALCULATION SKILLS REQUIREMENTS: Students should complete these requirements prior to the completion of 60 units toward graduation. Students who transfer to UW-Whitewater with 60 or more units toward graduation should complete the course(s) within their first term here.

COMPLETION OF DEVELOPMENTAL REQUIREMENTS: Students who are required to take developmental English or Mathematics courses must complete them in their first 30 units.

DIVERSITY REQUIREMENTS

One 3-unit Diversity course dealing with the African-American, Native American, Asian-American or Hispanic experience is required for graduation. In the course listings section later in this Catalog, Diversity courses are identified with that term after the course title. Approved courses are also listed later in this section. These courses may also be used to satisfy requirements in other areas, including General Education. If approved for General Education, a Diversity course may be used for the general education

electives requirements.

COLLEGE, DEGREE, OR LICENSURE REQUIREMENTS

WRITING PROFICIENCY

Students must demonstrate writing proficiency in their major. The department of the major determines the requirement, which may be a course within the degree or major requirements, a specified course outside the major, or a writing sample evaluated by the faculty. Check with the chairperson of the major for details. Students pursuing a double major must complete the writing proficiency for only one of the two majors.

GPA REQUIREMENTS

Some majors require a certain GPA. Students should check with the department and/or college of their majors for these requirements.

WAIVING OR SUBSTITUTING A REQUIRED COURSE

The chairperson of the major or minor department may waive a required course within the major/minor if mastery of the course content can be demonstrated; however, other coursework must be completed to meet the minimum unit requirement for the major/minor.

A required course from a department other than the major or minor can be waived or substituted by (1) the dean of the college of the degree, if the course is in the college or degree requirements; (2) the Assistant Dean for Letters and Sciences, if the requirement is in General Education or Diversity; or (3) the department chair of the course, if the requirement is in the Communication and Calculation Skills area. In selected cases, departments may waive a course in their own department based upon high school background or departmental exam.

Students may not take for credit any course for which they have received a waiver, nor may they take for credit any course in the same department that is a prerequisite for a course that has been waived (e.g., if a student has been waived from Math 143, he may not take Math 141 for credit).

Waiver of any course does not reduce the total number of units required for graduation.

WAIVER OF COMM 110

COMM 110 is waived upon successfully fulfilling the following two requirements, which can be attempted only once by each student:

1. Written Examination

Contact the Office of Testing & Student Affairs Research (472-5613) and arrange to take the speech waiver exam during the first two weeks of classes. Results of said exam will be posted at Heide 465 during the following week. A score of 80% correct is required to pass the written examination.

2. Speaking Requirement

After selecting a topic supplied by the Communication Department, the student will have a minimum of three days to prepare a 5-7 minute persuasive speech. Three members of the Communication Department will evaluate this speech. If it is decided that the speech is 'B' or better, the student will be waived from COMM 110. Results will be posted the following day at Heide 465.

ENGLISH AND MATHEMATICS COURSE PLACEMENT

All students are required to take an ACT or SAT I test. At UW-Whitewater,

English and Math course placement is based on ACT/SAT I sub-scores as follows:

MATHEMATICS

| ACT/SAT I | COURSE |
|---------------|------------------------------|
| 24+/560+ | waived from math proficiency |
| 19-23/460-550 | Math 140 or 141 |
| 15-18/350-450 | Math 041 |
| 01-14/200-340 | Arithmetic Skills Test |

ENGLISH

| ACT/SAT I | COURSE |
|---------------|--|
| 30+/680+ | English 101 waived, placement in English 102 |
| 17-29/430-670 | English 101 |
| 01-16/200-420 | Placement in English 090 |

Students who are eligible to participate in the Honors Program and have at least a 24 English ACT subscore may enroll in English 105H, which replaces both English 101 and 102 and satisfies the Communication and Calculation Skills writing requirement.

Students who took ACT tests prior to September 1989 should contact the Testing Center for an interpretation of their scores.

Students who are waived from Mathematics 141, English 101, and/or Comm 110 have satisfied that General Education proficiency requirement.

ASSOCIATE OF ARTS DEGREE

Students may earn an Associate of Arts degree by successfully completing a minimum of 60 units, including the 45 units of the General Education requirements (Communication & Calculation Skills and University Requirements) and the Diversity requirement with a UW-W 2.00 cumulative GPA. The General Education requirements are the same as those for baccalaureate degrees. Students do not need to complete GENED 390 World of Ideas but must complete a GH (humanities) course to complete University Requirements.

15 of the 60 units must be taken in coursework at UW-Whitewater. Students must be enrolled at UW-Whitewater during the term in which the requirements are completed.

Application for an Associate of Arts degree must be made no later than two years after the last term of attendance. An Associate of Arts degree cannot be received at the same time as a baccalaureate degree or subsequent to the awarding of a baccalaureate degree. Associate of Arts degree candidates do not participate in the commencement ceremony. There is a graduation fee for the Associate of Arts degree. Students can apply for the Associate Degree in the Registrar's Office.

GENERAL EDUCATION COURSES

The following courses have been approved by the University Curriculum Committee for inclusion in General Education. Changes to this list can occur at any time. A course must be identified as General Education for the term in which it is successfully completed for it to satisfy the requirement. The numbers in parentheses indicate unit levels other than three units. Some of these courses also satisfy the Diversity requirement (reference the Diversity courses which follow).

GRADUATION

APPLICATION FOR GRADUATION

Students must complete the online application for graduation found at <http://www.uww.edu/registrar/graduation/> no later than the end of the second week of the term in which they expect to graduate. However, it is strongly recommended that they apply at least one semester before the intended graduation date, so changes can be made to their academic record if a problem is identified during the graduation clearance process. To avoid graduation problems, the AR should be thoroughly reviewed with an academic advisor each term.

If students wish to challenge a final term grade as a graduating student, they must make the challenge within 30 days of the end of the term in which the students are graduating. After the degree is posted, no changes will be made retroactively to the permanent academic record. Any questions should be directed to the Records department of the Registrar's Office at 472-1580.

Students have 30 days from the end of the semester in which they have applied to graduate to clear their records for graduation. A student's college will review and approve him or her for graduation. If the deficiencies are not cleared within the 30 days, the graduation date will be moved to the next term.

Students wishing to graduate in December may take a class during Winterim, and students wishing to graduate in May may take a class during the first three weeks of Summer session. This registration falls within the 30 days allowed for students to clear their records for graduation. There cannot be an extension beyond this 30-day limit from the previous term for Incomplete or Progress grades received in Winterim or the first three-week session of Summer session.

GRADUATION FEE

Graduating students will be charged a graduation fee which will appear on their billing statement. The fee is paid to the University Cashier's Office during the term in which the students intend to graduate. The fee is published in the current Schedule of Classes. The diploma cost is part of the graduation fee. A request for a duplicate copy of the diploma will be processed for a \$25.00 fee, if an exact replica can be obtained from the diploma vendor.

ATTENDANCE AT GRADUATION

A formal commencement ceremony is held at the end of the Fall and Spring terms. Students choosing to participate must attend the ceremony at the end of the term in which their degree is granted and must wear a cap and gown at the ceremony. Students completing their degree with an August graduation date participate in the following December commencement ceremony.

GRADUATION HONORS

Graduating seniors who have demonstrated scholastic achievement as defined below by the cumulative UW-W GPA only (excluding transfer grades) may receive one of the following three categories of graduation honors:

| | |
|-----------------|----------------|
| Summa Cum Laude | 3.85 and above |
| Magna Cum Laude | 3.60 to 3.84 |

For honors to be acknowledged in the commencement program, students must attain the minimum required UW-W cumulative grade point average before entering their final term and have earned 48 units (counting the final term of enrollment) at UW-Whitewater. Honors maintained and/or earned through the final grading period will be noted on the academic record and on the diploma. It is the student's responsibility to ensure that the 48-unit minimum and the GPA requirements are satisfied.

Students may earn graduation honors in a second degree if one of the following two requirements is satisfied:

Completing a minimum of 48 units at UW-W with a UW-W cumulative grade point average that meets the requirements as defined for graduation honors above; or

Earning a second degree by completing less than 48 units at UW-W, but having earned the first degree at UW-W. Students may qualify for graduation honors if both the grade point average of the second degree itself and the grade point average of the first and second UW-W degrees combined meet the graduation honors requirement.

ACADEMIC RECORDS AND GRADE POLICIES

GRADING SYSTEM

GRADE POINT AVERAGE (GPA): The grade point average is based on the computation of conventional letter grade units attempted and conventional letter grade honor points earned. It is computed by dividing the honor point total by the total number of units attempted. For example, if students attempted 16 units of work and received a B in each course, they would receive 48 honor points which would give them a grade point average of 3.00. Grade point averages are not rounded.

The undergraduate marking system and unit points for each term unit are as follows:

| CONVENTIONAL GRADES | | HONOR POINTS |
|---------------------|---------------|--------------|
| A | Superior | 4.00 |
| A- | Very Good | 3.67 |
| B+ | Very Good | 3.33 |
| B | Above Average | 3.00 |
| B- | Above Average | 2.67 |
| C+ | Above Average | 2.33 |
| C | Average | 2.00 |
| C- | Below Average | 1.67 |
| D+ | Below Average | 1.33 |
| D | Poor | 1.00 |
| D- | Poor | 0.67 |
| F | Failure | 0.00 |

OTHER GRADES

N - No Grade Reported: 0 honor points for each term unit. Computed in the grade point average.

NN - No Grade Reported: 0 honor points for each term unit. Not computed in the grade point average.

I - Incomplete: 0 honor points for each term unit but not computed in the grade point average.

NC - No Credit: Indicates an unsuccessful (D or F equivalent) attempt of a course on a satisfactory/no credit basis. This grade is not computed in the grade point average.

S - Satisfactory: 0 honor points for each term unit and not figured in computing grade point average. It represents a C grade or above in a satisfactory/no credit grading situation.

W - Drop/Withdrawal: 0 honor points and 0 units. It indicates enrollment in the course through the first ten days of the term, or the first five days in a short-term course or Summer session, with a subsequent course drop or withdrawal. Not computed in grade point average.

X - Audit: 0 honor points and 0 units. Not computed in grade point average.

GRADING BASIS

CONVENTIONAL LETTER GRADE: UW-Whitewater course enrollments for conventional letter grades are used in the calculation of

the student grade point averages.

SATISFACTORY/NO CREDIT (S/NC): Special permission is not needed to enroll in a course on a satisfactory/no credit basis. The S/NC option may be selected by using the WINS Registration system during the add/drop period, provided the limitations listed below are followed:

- The S/NC option will be limited to a maximum of 15 units in an undergraduate degree program. Developmental courses (040 or 090) that do not count toward the minimum units necessary for graduation, and unit courses offered only on an S/NC basis, are not included in the 15-unit limitation.
- Courses that fulfill a student's major/minor requirements, the lower/upper BBA degree requirements, any College of Business and Economics course attempted by a BBA student, and the General Education core courses may not be taken on an S/NC basis unless the course is offered only on an S/NC basis by the department. Proficiency, General Education option, unique major/minor, and elective courses may be taken on an S/NC basis.
- The S/NC option is available to any student without regard to grade point average or class standing. The decision to take a course for S/NC must be recorded by the tenth day of class for 17-week courses and by the end of the second day of class for short courses. The decision for S/NC basis for off-campus courses must be made prior to the third class period.
- Satisfactory (S) is the equivalent of a grade of C or better. The S will be recorded on the permanent record, but it will not be computed in the grade point average. Course work that does not merit a C or better will be graded NC. The NC grade will appear on the permanent record, but the course units will not be counted in units toward degree or in the grade point average. If a course in which an NC grade was earned is repeated, it must be attempted on a conventional grade basis.
- The S/NC option cannot be used to repeat a course taken for a conventional (ABCDF) grade under the Repeat Policy.
- Veterans should refer to the VA Educational Assistance section for information related to this grading option, as it may affect their benefits.

COURSE NON-CAREER (C/NC): Undergraduate students who receive permission to enroll in graduate level courses will automatically be assigned the C/NC grade basis. Upon completion of the courses, students will receive no earned units toward their undergraduate programs, and the grades will not factor into their undergraduate grade point averages. Graduate students taking undergraduate courses are automatically assigned the C/NC grade basis and receive undergraduate credit for the courses, but no units are awarded toward their graduate degrees.

INCOMPLETE (I): If students have been doing passing work until near the end of a term or summer school and then, because of illness or other unavoidable circumstances, are prevented from completing the work, their instructor may give them an "incomplete" and extend to them the privilege of completing the work at a later date. The instructor must give specific directions for the completion of the course on a Contract for Incomplete or Progress Grade and submit it to the Registrar with the final grades. An incomplete course must be completed within the agreed time but no

later than the beginning of the exam period for the next term (excluding Summer). Otherwise, the grade automatically becomes an F unless a default grade was submitted by the teacher with the incomplete grade, in which case the default grade will be assigned. If an incomplete is awarded in the term of graduation, the make-up period is 30 days maximum. In no case will students be given an incomplete when, through their own fault, they failed to complete the requirements of the course on time or failed to report for the final examination as scheduled. If the coursework is not completed in the allotted time and a grade change is not submitted by the instructor, the incomplete will automatically be changed to an F grade prior to the grading cycle following the deadline.

GRADE CHANGES

Grade Change Forms are used to change a grade or to place a grade for a late add course. They cannot be used to place a W for a course. Course faculty must initiate a grade change and cannot be handled by students.

TERM HONORS

Students who have earned a 3.40 or above term grade point average with no grade below C (D, F, I, NN, or NC) will be granted Academic Honors for that term. To be considered for Academic Honors, students must have successfully completed a minimum of 12 unit hours of work for the term, at least 9 of which must have been taken on a conventional grade basis.

GRADE APPEALS

At the University of Wisconsin-Whitewater it is expected that instructors will evaluate students regularly and consistently by criteria and guidelines presented to students at the beginning of each grading period. If a student has reason to believe a grade is incorrect, the student may act on that belief by taking the following steps in chronological order. A complaint which is timely and filed under any other student complaint procedure, and then referred for processing under these procedures, shall be considered to have met the deadline for filing as a grade appeal.

1. Informal Process

- (a) Consult the instructor whose grade is being appealed. This consultation must take place within 7 calendar days of the start of classes after the grading period in question.
- (b) If the student/instructor conference is unsatisfactory or if the instructor is unwilling or unable to participate, within 7 calendar days after the consultation the student may schedule a conference with the chair of the department in which the course was offered.
- (c) After hearing the student's appeal, the chairperson will attempt to resolve the problem within 7 calendar days after the student/chairperson consultation.
- (d) If this resolution is unsatisfactory, the student may then, within 7 calendar days after receiving the chairperson's response, submit a written appeal to the Department Grade Appeals Committee through the chairperson. This will initiate the Formal Appeal Process.

2. Formal Process

- (a) The appeal must be in writing and signed by the student.
- (b) The Department Grade Appeals Committee will

- (i) Convene to examine the appeal, the response and render its conclusion in writing to the chair, student and instructor, within 14 calendar days of receipt of the appeal.
- (ii) While the Grade Appeals Committee cannot require the instructor to change a student's grade, the Committee can recommend such a change to the instructor and to the Dean of the College in which the course is offered.

(c) Should the student wish to appeal beyond the department, the student may submit the Committee findings and the basis for the further appeal to the Dean of the College in which the course was offered, within 3 calendar days of presentation of Committee findings. The Dean will review the student's appeal and the findings of the Committee, and recommend appropriate action to the department and the instructor within 14 days of receipt of the appeal.

(d) If this action is unsatisfactory to the student, a final appeal may be made to the Provost, who will determine whether a change in grade is to be made within 14 days of receipt of the appeal. The Provost is the only individual authorized to change a student grade without the instructor's permission. However, the Provost may change a grade only when the faculty department committee and the Dean support such a change.

ACADEMIC STANDARDS

GOOD STANDING, PROBATION, DISMISSAL, REINSTATEMENT AND FORGIVENESS POLICIES

GOOD STANDING

In order to remain in good standing at UW-W, students must have a cumulative GPA of 2.00 or above. Some colleges and/or programs may require a combined UW-W GPA above 2.00 in order to remain in good academic standing in the programs.

ACADEMIC PROBATION

Any student who earns less than a 2.00 cumulative GPA will be placed on academic probation and will be limited to 15 units of enrollment in the following term (excluding Winterim and Summer terms).

NOTE: A student placed on probation must earn a term GPA of 2.00 or higher in the subsequent semester of enrollment. The student will have one additional term (excluding Winterim or Summer terms) to attain a cumulative GPA of 2.00 or higher, or the student will be academically dismissed.

ACADEMIC DISMISSAL

A student will be academically dismissed from the University (ineligible to continue attendance) in the following situations:

1. If a student's term grade point average falls below a 1.0.
2. If a student fails to earn a term GPA of at least 2.00 while on academic probation.
3. If after 2 consecutive terms (excluding Winterim and Summer terms) of academic probation the required 2.0 cumulative grade point average has not been met.

REINSTATEMENT FROM ACADEMIC DISMISSAL

A student who has been academically dismissed must be formally reinstated

to be eligible to attend classes in a Fall/Spring semester following the one in which he/she is dismissed. A student who is dismissed may enroll in Summer or Winterim classes in an effort to improve his/her cumulative grade point average and academic standing. A dismissed student is not eligible for financial aid for Summer or Winterim classes. Questions about the reinstatement process can be directed to the Academic Standards Office, Roseman 2054.

A student who has been dismissed at the end of a Fall/Spring semester and wishes to petition for reinstatement must follow the appropriate procedure below that describes his/her situation.

1. A student who has been dismissed for the first time and wishes to continue his/her enrollment in classes during the Fall/Spring semester following the one in which he/she was dismissed MUST...

Submit a complete appeal for reinstatement to the Academic Standards Committee by the proper deadline. If the appeal is approved by the Committee, the student will be reinstated and remain eligible to be enrolled in the next Fall/Spring semester's classes. If the appeal is denied, the student will be ineligible to continue enrollment in the next Fall/Spring semester and must follow the reinstatement procedure listed in #2 below.

2. A student who has been dismissed for the first time and will not be enrolled for classes during the Fall/Spring semester following the one in which he/she was dismissed MUST...

Apply for readmission with the Undergraduate Admissions Office. The Admissions Office must approve the application before the student will be eligible to continue.

3. A student who has been dismissed two or more times and wishes to attend the Fall/Spring semester following the one in which he/she was last dismissed MUST...

Submit a complete appeal for reinstatement to the Academic Standards Committee by the proper deadline. If the appeal is approved by the Committee, the student will be reinstated and remain eligible to be enrolled in the next Fall/Spring semester's classes. If the appeal is denied, the student will be ineligible to continue enrollment in the next Fall/Spring semester and must follow the reinstatement procedure listed in #4 below.

4. A student who has been dismissed two or more times and will not attend the Fall/Spring semester following the one in which he/she was last dismissed MUST...

Submit a complete appeal for reinstatement to the Academic Standards Committee by the proper deadline (the Committee must approve the appeal);

AND

Submit an application for readmission with the Undergraduate Admissions Office by appropriate deadlines (the Admissions Office must approve the application).

UNDERGRADUATE ACADEMIC FORGIVENESS POLICY

With an absence from formalized higher education for a minimum of five consecutive years prior to readmission to UW-Whitewater, students may make a written appeal to invoke the Academic Forgiveness Policy. The appeal, which is made to the Academic Standards Committee, must give

reasons for the student's previous poor UW-W performance, information about current educational plans, and justification for the appeal. The Committee will assess the student's record and appeal to determine the approach most educationally appropriate. The Committee will determine whether academic forgiveness is a better approach than use of the repeat policy. Factors such as time elapsed, changes in courses, course availability, course requirements, and educational objectives can be used to determine Committee action.

The Committee may require the student to complete certain specific conditions, such as completion of a specified number of units or terms of enrollment with work academically acceptable to the Committee, before authorizing the implementation of the policy.

When notified in writing by the Committee, the Registrar will mark the permanent academic record with an "Academic Forgiveness" notation and begin the computation of a new grade point average for all subsequent course work. None of the previous UW-W record will be used in the new calculation.

ACADEMIC RECORDS

All student records held by the University of Wisconsin-Whitewater, regardless of origin, are the property of the University and may be used by the University in any manner legally appropriate. Student records will be treated in a responsible manner and with due regard to the personal nature of the information they contain. However, the student should understand that student records may be disclosed to others who have a legal right to such access when, in the judgment of the University, such disclosure serves the best interests of the student, the University, and the community.

The University of Wisconsin-Whitewater reserves the right not to release a student's record, or any information based upon the record, when the student has failed to discharge any obligation, financial or otherwise, to the University.

STUDENT RESPONSIBILITY FOR RECORDS

Students are held responsible for monitoring an accurate record of their own progress toward graduation. No changes will be made to course entries on the academic record that are not appealed within two years of the posting date, and changes will not be made to a record after the degree is officially entered.

PERSONAL IDENTIFICATION CHANGES

To change or correct personal identification, such as name, birthdate, or social security number, the form "Request for Change of Birthdate, Name, or Social Security Number" must be completed and submitted to the Registrar's Office along with the specified items for documentation. The form is available in the Registrar's Office or online at <http://www.uww.edu/registrar/> in the forms section.

OFFICIAL TRANSCRIPT REQUESTS AND CHARGES

Students may request official transcripts of their academic record by either ordering them via our online order service, submitting a written request to the Registrar's Office address, or faxing a written request, along with a Visa or MasterCard number and expiration date, to (262) 472-1370. For more information regarding any of these options, please visit http://www.uww.edu/registrar/records_transcripts/official_transcript_request.html. Telephone requests are not accepted. Transcripts will not be issued if a student has a hold or outstanding obligation to the University.

Depending upon the method of request and shipping, transcript prices vary. A typical online order has a charge of \$7.00 for each official transcript. Same-day transcript processing is available with a fee of \$10.00, when done online, per official copy. (The fees are subject to change without notice.)

In addition to the regular and rush services mentioned above, students may request an optional service to have their transcript faxed to another location. There is an extra charge of \$5.00 for each faxed transcript. Please note that many institutions do NOT consider a fax copy an official transcript.

Payment must be received in full before the official transcripts will be released. The transcript is printed on security paper bearing the Registrar's signature and date.

In order to properly identify the student, written notification should include current name, name at the time of last attendance, any other names used, student ID number or social security number, date of birth, first and last dates of enrollment at UW-Whitewater, and any degrees received. The request must also include the complete address (with zip code) of the location where the transcript should be sent. The written request must be signed by the student. If any of the above information is incorrect or missing on either the written or online form, transcript processing will be delayed until we have received proper information and proof of identification. Address requests to: Transcripts, Registrar's Office, UW-Whitewater, 800 West Main St., Whitewater WI 53190.

UNOFFICIAL TRANSCRIPTS

Students may obtain their unofficial transcripts in two ways. If the students' last dates of attendance were during or after fall 2001, they can access their UW WINs accounts so long as the students still have their Net ID and password or ID Number. If the students no longer have an active Net ID and password but knows their ID Numbers, they should select Troubleshooting help on the WINS front page and refer to 'Former UW-W students' to gain access. From there, students can access their unofficial transcript from any computer with online access.

The other option is to mail in a written request. To access the unofficial request form, visit http://www.uww.edu/registrar/records_transcripts/unofficial_transcript_request.html. Students may complete this form, print it, sign it, and submit it to the Registrar's Office address on the form, along with a SELF ADDRESSED STAMPED ENVELOPE. Telephone requests are not accepted.

In order to properly identify the student, written notification should include current name, name at the time of last attendance, any other names used, student ID number or social security number, date of birth, first and last dates of enrollment at UW-Whitewater, and any degrees received. The written request must be signed by the student. Address requests to: Transcripts, Registrar's Office, UW-Whitewater, 800 West Main St., Whitewater WI 53190.

GRADE REPORTS

Students may request official grade reports by presenting proper identification and signing a request form, or by submitting a written request through the mail. A request form can be accessed at http://www.uww.edu/registrar/records_transcripts/grade_request.html. Students may complete this form, print it, sign it, and submit it to the Registrar's address on the form, along with a SELF ADDRESSED STAMPED ENVELOPE. Telephone requests are not accepted.

In order to properly identify the grade student, written notification should

include current name, name at the time of last attendance, any other names used, student ID number or social security number, date of birth, first and last dates of enrollment at UW-Whitewater, and the term they are requesting the grade report for. The written request must be signed by the student. Address requests to: Attn: Records, Registrar's Office, UW-Whitewater, 800 West Main St., Whitewater WI 53190.

ACADEMIC AND LEGAL POLICIES

FERPA – FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Interpretations of the Family Educational Rights and Privacy Act of 1974 (also known as FERPA or the Buckley Amendment) have important implications for the handling and releasing of student education record information by campus offices and school officials. FERPA applies to the “education records” (see next paragraph for definition) of “students.” “Students” are defined as those individuals who are or have been enrolled in classes (credit and/or non-credit) at the University. FERPA does not apply to records of applicants for formal admission to the University who are denied acceptance or, if accepted, do not enroll in classes for credit. In addition, rights are not given by FERPA to students enrolled in one component of UW-Whitewater who seek to be admitted in another component (e.g., a student enrolled in an undergraduate program, but is denied admission to a graduate program, does not have any FERPA rights in the graduate program which denied him/her admission).

“Education records” are those UW-W records that are directly related to a student and that are maintained by the University or by a school official who serves the University in an administrative, supervisory, academic, research, or support staff position (including student employees or agents of the University, persons/companies with whom the University has contracted, persons serving on official campus committees, or persons assisting other school officials in performing their tasks).

FERPA indicates that UWW “education records” do not include:

- Sole possession records. Records of instructional, supervisory, administrative, and certain educational personnel which are in the sole possession of the maker and are not accessible or revealed to any other individual except a substitute who performs on a temporary basis the duties of the individual who made the records.

Important exception: Notes taken in conjunction with any other person are not “sole possession records.” Sharing information with another person or placing information where it can be viewed by others makes it an “education record” and subject to FERPA.

- Law enforcement unit records. Records maintained by a UWW law enforcement unit that were created by that unit for the purpose of law enforcement.

Important exception: Placing law enforcement records where they can be viewed or accessed by others outside the law enforcement unit makes them “education records” and subject to FERPA.

- Employment records. Records relating to individuals who are employed by UW-W which are made and maintained in the normal course of business and relate exclusively to individuals in their capacity as employees, and are not available for any other purpose.

Important exception: Records of students who are employed as a result of their status as UW-W students are “education records” (e.g., work-study, graduate assistants) and subject to FERPA.

- Doctor-patient privilege (medical) records. Records relating to a

student which are (1) created or maintained by a physician, psychiatrist, psychologist, or other recognized professional acting in his/her professional capacity or assisting in a paraprofessional capacity, (2) used solely in connection with the provision of treatment to the student, and (3) not disclosed to anyone other than individuals providing such treatment, so long as the records can be personally reviewed by a physician or other appropriate professional of the student’s choice.

- Post-attendance records. Records that contain only information relating to a person after that person is no longer a student at UW-W (e.g., information gathered on the accomplishments of alumni).

UW-Whitewater, in accordance with FERPA, has designated categories of information about individual students as public “directory information.” The following “directory information” will be routinely released to any inquirer unless the student formally requests that it be restricted:

- Student name
- Address
- Email address
- Telephone number
- Dates of attendance (including term units carried and full-time/part-time status)
- Classification (e.g. sophomore, senior, graduate student)
- Major/minor/degree program
- Degrees and dates of graduation including anticipated graduation dates
- Previous institutions attended
- Awards and academic honors
- Participation in officially recognized sports and activities
- Physical factors (weight and height) of members of athletic teams

A student has the right to restrict the release of all of the above directory information. A student who wishes to do so must complete and file the “Request to Prevent Disclosure of directory information” form in the Registrar’s Office, Roseman Building room 2032. The restriction will remain in effect until the student files written notification with the Registrar’s Office to have it removed. A student who has ceased attending UW-W, and whose directory information was not restricted in his/her last term of attendance, does not have the right to restrict the release of directory information until such time as he/she re-enrolls at the University.

A student who is considering restricting the release of his/her “Directory Information” should weigh carefully the consequences of doing so. If a student decides to inform the University not to release his/her directory information, future requests for such information from non-University persons or organizations will be refused. For example, UW-W would not release enrollment verification information to the student’s health insurance provider or a prospective employer, and the student’s name would not appear in the commencement booklet.

In addition to the items listed above, UW-Whitewater has designated photographs and images that are taken of students at University-sponsored activities as information that may appear in University publications, brochures, etc., without the written consent of students.

CONFIDENTIALITY OF STUDENT EDUCATION RECORDS AND STUDENT ACCESS TO EDUCATION RECORDS

The essence of FERPA can be summarized by the following two points:

- CONFIDENTIALITY – School officials must protect the privacy of education records and shall not disclose personally identifiable information about a student or permit inspection of the student's records without his/her written consent unless such action is covered by certain exceptions permitted by FERPA. The student's written, signed consent must:
 - o Specify the records to be released
 - o Identify the party or class of parties to whom the records should be released
 - o Indicate the reason for the release

A consent form can be downloaded from the web at: <http://www.uw.edu/registrar/> (under the FERPA section, click on "Authorization to Release Records").

- ACCESS – A student must be permitted to inspect his/her own education records (see "Student Access to Education Records" section for information about the process for inspecting education records). FERPA provides the student the right to:
 - o Inspect and review his/her education records
 - o Request an amendment to the education records if he/she believes there is an inaccuracy
 - o Restrict the release of his/her "Directory Information" from public access
 - o File a complaint with the U.S. Department of Education if he/she feels the University has failed to follow FERPA guidelines. The name and address of the office that administers FERPA is: Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-4605

CONFIDENTIALITY OF STUDENT EDUCATION RECORDS

FERPA generally prohibits the release of confidential personally identifiable student data, with limited exceptions that include "directory information" (see below), without the student's written, signed consent.

Personally identifiable student data, other than "directory information" for students who have not restricted its release, are confidential. Examples of confidential information include, but are not limited to, ID number, social security number, date of birth, ethnicity, gender, country of citizenship, percentile ranks, class schedules (including meeting times and locations), grades, and grade point averages.

Parents have no inherent or legal rights to inspect or receive information about their children's education records, regardless of age, without the written consent of the student.

FERPA provides certain exceptions for the release of personally identifiable education record information without the student's written consent. These exceptions include:

- "Directory Information." (A list of student directory information items is cited in an earlier section of this document.)
- "Legitimate Educational Interest." Personally identifiable education record information may be disclosed without the student's written consent to UW-W school officials who are determined to have a "legitimate educational interest" – a right to know and a need to know (i.e., the information is necessary to fulfill the official's professional responsibility to UW-Whitewater). Legitimate educational interest means:

- o The official must seek the information within the context of his/her professionally assigned University responsibilities; and
- o The information sought must be used within the context of official University business.

Disclosure of education record information to a UW-W school official having a legitimate educational interest does not constitute institutional authorization for that school official to transmit, share, or disclose any or all of that information to a third party. A disclosure of personally identifiable information from the education record of a student, without the student's written consent, is prohibited unless the disclosure meets one of the specific exceptions cited in FERPA as outlined in the following section.

- Education record information may be disclosed without the student's written consent in the following instances:
 - a) To the student.
 - b) If it is "directory information" and the student has not restricted its release.
 - c) If properly subpoenaed pursuant to a judicial, legislative, or administrative proceeding, provided UW-Whitewater will make a reasonable attempt to notify the student of the subpoena, in cases where FERPA applies, prior to the release of the information.
 - d) In connection with the student's application or receipt of financial aid as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms or conditions of the aid.
 - e) In connection with audits or evaluation of federal or state supported educational programs requiring disclosure of information.
 - f) To effect collection of past due financial obligations to the University.
 - g) To attorneys representing the University when the data on the student is deemed necessary for the defense of the University in a suit filed by the student.
 - h) To schools in which the student seeks or intends to enroll.
 - i) To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the Department of Education, or state or local educational authorities.
 - j) To the Veterans Administration to determine compliance with educational assistance.
 - k) To organizations conducting studies for or on behalf of the University.
 - l) In connection with a health or safety emergency as determined by the University.
 - m) In connection with a crime of violence or a non-forcible sex offense. The University has the discretion to disclose the final results of any disciplinary proceeding against a student who is an alleged perpetrator of a crime of violence or a non-forcible sex offense if, as a result of that disciplinary proceeding, the University has determined that the student in fact committed the crime or offense. The definition of "final results" is limited solely to the name of the student, the violation committed, and any sanction imposed by the University on that student. Only where a victim or witness has provided written consent may the University disclose the name of that student.
 - n) The University may disclose to a student's parent or legal guardian information regarding any drug or alcohol violation (whether pursuant to federal, state, or local law or institutional policy) where the student is under 21 years of age and the University has determined the student has committed a disciplinary violation.

UW-W school officials conducting research using student education records may be required to explain the use of the records in writing. Student organizations that need confidential information about their members may be required to obtain the signatures of all members on a form explaining how the information is to be used (the signatures must be obtained before the information will be released).

School officials who have access to student education record information assume the legal responsibility for protecting the privacy and security of the information.

STUDENT ACCESS TO EDUCATION RECORDS

The student will have access to education records directly related to him/her that are maintained by the University, or any of its agents, and to which FERPA applies.

A student may request access to review and inspect his/her education records by writing to the University official (i.e., registrar, dean, department chair, or other appropriate UW-W person/office) responsible for the records. The written request must indicate the records the student wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the official to whom the request was submitted, that official shall advise the student of the correct person/office to whom the request should be addressed, and it becomes the student's responsibility to submit the request to that person/office. Upon receipt of the written request, the University has 45 days to comply. FERPA does not provide the student with the right to access certain records, including:

- i. Sole possession records
- ii. Parents' financial records used for financial aid purposes
- iii. Confidential letters and statements of recommendation placed in the student's record prior to January 1, 1975, or confidential recommendations to which the student has given prior written waiver of access and which are used for job placement, admission, or award purposes
- iv. Law enforcement unit records
- v. Certain employment records
- vi. Doctor-patient privilege (medical) records
- vii. Post-attendance records

A student has the right to request an amendment of his/her education record that is believed to be inaccurate. However, FERPA was not intended to provide a process to be used by the student to question substantive judgments that are correctly recorded. The FERPA rights of challenge are not intended to allow a student to contest, for example, a grade in a course because he/she felt a higher grade should have been assigned. FERPA is intended to ensure the factual and accurate nature of the information in the student's educational records and the student's right to verify that information.

In those cases where FERPA intended to provide a student the right to request an amendment to an education record, the student should write the University official responsible for the record, clearly identify the part of the record s/he wants changed, and specify why it is inaccurate. If the University decides not to amend the record as requested by the student, the University will notify the student in writing of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of this right.

In the process of challenging the education record information, the student may wish to have copies of appropriate documents in his/her education record file. The University may assess the student a reasonable per copy fee for such documents. This charge does not apply to copies of the student's official academic transcript (there is a minimum \$7.00 charge for each official transcript; the fee is subject to change at any time). A request for a copy of any document in an education record will be denied if the student has a hold/service indicator on his/her records that prevents the release of the official academic transcript, or if the document is a transcript of an original or source document which exists elsewhere.

If UW-Whitewater decides, as a result of a hearing, not to amend the education record in accordance with the student's request, the student may place a written statement in the record commenting upon the information therein, and/or setting forth any reason for disagreement with the institutional decision not to amend the record. Such a statement will become part of the student's education record and will be disclosed with it.

The student has a right to file a complaint with the U.S. Department of Education concerning alleged failures by UW-Whitewater to comply with the Family Educational Rights and Privacy Act.

DECEASED STUDENT EDUCATION RECORDS

FERPA rights cease upon a student's death. Accordingly, the disposition of UWW education records pertaining to a deceased student is not a FERPA issue but a matter of institutional policy. UW-W does not permit the release of education record information of a deceased student for 25 years after his/her death unless authorized by the executor/executrix of the deceased student's estate, or the student's parents, or the student's next of kin if the student's parents are also deceased and an executor/executrix has not been appointed. However, deceased student educational records may be shared with UW-W school officials who have a legitimate educational interest as defined in earlier sections of the FERPA policy. Records may also be made available for UW-W research purposes.

ACADEMIC MISCONDUCT

The University believes that academic honesty and integrity are fundamental to the mission of higher education and of the University of Wisconsin System. The University has a responsibility to promote academic honesty and integrity and to develop procedures to deal effectively with instances of academic dishonesty. Students are responsible for the honest completion and representation of their work, for the appropriate citation of sources, and for respect of others' academic endeavors. Students who violate these standards are subject to disciplinary action. UWS Chapter 14 identifies procedures to be followed when a student is accused of academic misconduct. For additional information, please refer to the section in the Student Handbook titled, Student Academic Disciplinary Procedures.

STUDENT DISCIPLINARY PROCEDURES

Complete copies of the University of Wisconsin-Whitewater Student Non-Academic Disciplinary Procedures (Administrative Code UWS Chapter 14 and UWS Chapter 17) are available on the UW-Whitewater Web page at <http://www.uww.edu/handbook/student/>.

For information, regarding these procedures, contact the Office of Student Life at (262) 472-1533.

GRIEVANCE PROCEDURE

I. DEFINITIONS AND BASIC PRINCIPLES:

- A. A grievance is a request for specific action to solve a problem or redress an injury done to the individual presenting it. When that individual is a student and is responding to treatment received as a student, it is a student grievance. However, if a student wishes to challenge an academic decision that impacts their grade, the Student Grade Appeal procedures should be used.
1. A grievance may concern the actions taken by any UW-Whitewater employee who is a member of any college, department, office, administrative unit, or committee of the University.
 2. A grievance may not necessarily be directed at a particular individual but rather at a policy or rule which the student believes to be unfair.
- B. The basis for a grievance is to raise a problem for the purpose of resolving it by the parties closest to it. This is true whether the issues involve an instructor, administrator, service personnel, or members of any University department, college, division, administrative unit, or committee.
- C. A cause of action would involve a specific injury to the student or a specific problem. A remedy should be available. If no remedy is available or if punishment of someone is sought, the procedures for complaints rather than grievances should be used (see University Handbook, Sections VI-F and VI-A).
- D. Process timelines are established to enable review and resolution within a reasonable time after the problem occurred. This assists problem solving when memories and facts are still fresh.
- E. Written appeals and responses need not be lengthy but rather describe events, relevant facts, and reasoning, so that parties are clear about what is at issue and why decisions are being made the way they are.

II. STEPS IN A GRIEVANCE:

- A. Informal Process:
1. Discuss the issue of concern with the individual(s) primarily involved. This should take place within 14 calendar days after the aggrieved action occurred.
 2. If this discussion brings no resolution, is unsatisfactory, or if the primary individual is unwilling or unable to participate, the student may then, within 7 calendar days of the discussion or the communication that there will be no discussion, schedule a conference with the chairperson of the department or the supervisor of the individual. The student should articulate the concerns and the result of, or lack of, discussion with the primary individual.
 3. After hearing the student's appeal, the chairperson or supervisor will attempt to mediate the problem to resolution

within 14 calendar days.

4. If this attempt at resolution is unsatisfactory, or if all are not willing or able to participate, the student should submit a formal grievance to the Dean or Director within 7 calendar days of the failure of informal resolution.

B. Formal Process:

1. The grievance should be in writing and signed by the student following the Basic Principles above, and should explain the problem, reasons for dissatisfaction with the recommended resolution, and an alternative resolution.
2. Within 14 calendar days, the Dean or Director can attempt further resolution or make the final decision. The student and employees should be notified of the final decision in writing.
3. The decision of the Dean or Director will be final unless discipline is requested, in which event appropriate disciplinary procedures would be followed.

SYNOPSIS OF THE STEP-BY-STEP PROCESS FOR STUDENT GRIEVANCES:

1. Problem occurs.
2. Within 14 calendar days, discuss it with the person whose actions are in question (informal).
3. If no satisfaction, within 7 calendar days, talk it over with the Chair or supervisor of the person (informal).
4. Chair/supervisor will attempt to resolve within 14 calendar days (informal).
5. If no satisfaction, student has 7 calendar days to write it up as a formal grievance, including why dissatisfied with recommended resolution and propose a remedy (formal).
6. Within 14 calendar days, the Dean or Director will attempt resolution or make the final decision (formal).

ABSENCES

The notifying of instructors and arranging of make-up work in cases involving absence of students from class are the responsibility of the student. A student who is absent should notify instructors by phone or in person of the absence as soon as possible. If contact with instructors cannot be made directly, the student should see that a note is placed in each instructor's mailbox, explaining the nature of the situation and inquiring about the effect of the absence on the student's course work. If that is impossible, the student should call the academic departments involved.

In serious situations where the student is incapacitated and temporarily unable to perform the aforementioned responsibilities, family members may contact the Office of New Student Programs & First Year Experience (phone (262) 472-3205) for assistance with these matters. The New Student Programs & First Year Experience office would then provide notification (not verification) of the absence to the instructors involved. However, arrangements for make-up work, make-up exams or possible assignment adjustments are entirely the responsibility of the student. The Student Health

Service and the New Student Programs & First Year Experience offices do not provide excuses for absences from class due to illness.

If students have questions or need consultation regarding specific situations, they are encouraged to contact their instructors or the academic department involved.

ABSENCE FOR UNIVERSITY-SPONSORED EVENTS

University policy adopted by Faculty Senate and the Whitewater Student Government states that students will not be academically penalized for missing class in order to participate in university-sanctioned events. They will be provided an opportunity to make up any work that is missed, and if class attendance is a requirement, missing a class in order to participate in a university-sanctioned event will not be counted as an absence. A university-sanctioned event is defined to be any intercollegiate athletic contest or other such event as determined by the Provost. Activity sponsors are responsible for obtaining the Provost's prior approval of an event as being university-sanctioned and for providing an official list of participants. Students are responsible for notifying their instructors in advance of their participation in such events.

ACCOMMODATION OF RELIGIOUS BELIEFS

It is the policy of the Board of Regents that students' sincerely held religious beliefs shall be reasonably accommodated with respect to scheduling all examinations and other academic requirements.

1. Students shall be permitted to make up an examination or other academic requirement at another time or by an alternative method, without any prejudicial effect, where:
 - a. There is a scheduling conflict between the students' sincerely held religious beliefs and taking the examination or meeting the academic requirements; and,
 - b. The students have notified the instructor, within the first three weeks of the beginning of classes (within the first week of Summer session and short courses), of the specific days or dates on which they will request relief from an examination or academic requirement.
2. Instructors may schedule a make-up examination or other academic requirement before or after the regularly scheduled examination or other academic requirement.
3. Instructors shall accept, at face value, the sincerity of students' religious beliefs.
4. Student notification of instructors and requests for relief shall be kept confidential.
5. Complaints of failure to provide reasonable accommodation of students' sincerely held religious beliefs as required by this rule may be filed under institutional complaint and grievance procedures adopted pursuant to Chapters UWS 6 and 13.

For additional information or to file a grievance regarding a failure to provide reasonable accommodation, please contact the Office of Diversity and Equal Opportunity Compliance (Hyer Hall, Room 330, Phone (262) 472-1072).

NON-DISCRIMINATION STATUTES RELATIVE TO UNIVERSITY OF WISCONSIN-WHITEWATER STUDENTS

The Civil Rights Act of 1964, Title IX of the Education Amendments of 1972 and Wisconsin Statute 36.12 provide collectively, and in part, that no student may be denied admission to participation in, or the benefits of, or be discriminated against in any service, program, course or facility of the (UW) system or its institutions or centers because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital or parental status.

The Title IX Coordinator for UW-Whitewater is the Assistant to the Chancellor for Affirmative Action and Equal Opportunity (phone (262) 472-1072). Title IX specifically prohibits sex discrimination in educational institutions.

I. CRITERIA FOR DETERMINING WHETHER THE PROHIBITION ON DISCRIMINATION HAS BEEN VIOLATED.

In determining whether discrimination in violation of Wisconsin Statutes 36.12 or Title IX has occurred, the University of Wisconsin-Whitewater, through its Office for Equal Opportunity (OEO), shall apply state and federal statutes, regulations, and case law relevant to the basis of discrimination being alleged, including but not limited to such legal materials and precedents as Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, American Disabilities Act, Wis. Stats. 101.223, Wis. Stats. 36.11(3)(a), the United States Constitution, the Wisconsin Constitution, and related regulations and case law. In any case where there is a question as to whether the action or conduct in question violates Wis. Stats. 36.12 or Title IX, the OEO shall consult with institutional legal counsel.

II. DEADLINE FOR FILING COMPLAINTS.

1. Complaints alleging a violation of Wis. Stats. 36.12 or Title IX must be brought forward to the Office for Equal Opportunity within 300 calendar days of the alleged violation.
2. If a complaint is made informally and orally only, the appropriate response would be oral by way of discussion, guidance, mediation or other informal action. If a formal investigation is warranted or desired, the complaint shall be in writing.

III. PROCEDURES AND REMEDIES FOR VIOLATIONS.

1. The Office for Equal Opportunity (OEO) will be responsible for:
 - a. Reviewing each complaint.
 - b. Providing procedural advice and counsel to the complainant, including referring the complainant to another process, if appropriate (as for example, if the issues in question are more properly handled as a grade appeal or a general grievance).
 - c. Conducting the initial investigation of complaints, including receiving written response(s) by the person(s) complained

against.

2. Where the Office for Equal Opportunity refers a complainant to another relevant complaint or grievance procedure, further action on the matter will be taken in accordance with that other procedure.
3. Where the Office for Equal Opportunity retains jurisdiction and determines after investigation that no discrimination in violation of Wis. Stats. 36.12 or Title IX has occurred, the complaint will be dismissed by the OEO, and the complainant and any other interested parties will be so advised.
4. Where the Office for Equal Opportunity determines after investigation that discrimination in violation of Wis. Stats. 36.12 or Title IX has occurred, the OEO may:
 - a. Attempt to resolve the matter through mediation among the involved parties; or
 - b. Recommend remedial action to eliminate the discrimination to the appropriate administrators; or
 - c. Refer the matter for appropriate review and consideration of possible action under established disciplinary procedures, where misconduct by faculty, staff, or students appears to be involved.
5. The Office for Equal Opportunity will complete its investigation and make written findings of facts and recommendations in a timely manner upon receipt of the written complaint.
6. If the matter is referred for consideration of possible disciplinary action under paragraph 4(c) above, the time limit and procedures for such disciplinary matters shall apply.
7. If the OEO recommendations are accepted by the parties, that will be considered dispositive of the issues.
8. If either party believes there is reason to appeal the findings or recommendations, it must be done within 10 working days of receipt. The appeal should be in writing, stating the basis and proposing alternatives to the recommendations and forwarded to the Assistant Chancellor for Student Affairs.
9. The Assistant Chancellor for Student Affairs will review the record and any other information deemed pertinent and may also recommend and/or attempt an alternative resolution. If no resolution is achieved, the Assistant Chancellor will forward a recommendation to the Chancellor within 20 working days of receipt of appeal.
10. The Chancellor will make the final decision within 20 working days. In all matters involving an alleged violation of Wis. Stat. 36.12 or Title IX, the Chancellor's decision shall be final, except that the Board of Regents may, consistent with the Bylaws of the Board of Regents of the University of Wisconsin System, conduct a review on the record.

NON-DISCRIMINATION ON THE BASIS OF DISABILITY

Section 504 of the Rehabilitation Act of 1973 provides that “no qualified individual with a disability shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives or benefits from Federal financial assistance.”

The Americans with Disabilities Act (ADA, 1990) states that “No qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any public entity.” This is reinforced by the Americans with Disabilities Amendments Act (2009).

Applicants or students who believe that they may have been subjected to discrimination on the basis of disability in any campus program, activity, or service should contact the ADA Compliance Coordinator (employment and non-employment), 330 Hyer Hall, (262) 472-1072.

SAFETY AND HEALTH POLICY

The University of Wisconsin System will provide and maintain adequate facilities for a safe and healthy learning environment. It is the University's responsibility to work with faculty and staff so that they are equipped to educate their students on practices and procedures that ensure safety for all members of the University. Employees with instructional responsibilities are expected to comply with state and federal safety laws and regulations in their institutional areas. Certain courses and research projects require that students work with hazardous materials while engaging in academic studies. Instructors of these courses and research projects shall inform and train students on procedures that will maintain the students' personal health and safety and provide them with information on the hazards of specific chemicals that will be used during their course of study. Furthermore, instructors will enforce and follow safety policies. Prior to use of hazardous materials and equipment, the student shall review the procedures and information, and discuss any associated concerns with the instructor.

USE OF HUMAN PARTICIPANTS IN RESEARCH

Federal law and University policy require that all research projects involving human participants be designed as much as possible to protect the rights of the participants. This pertains to projects for classes on research methodology, independent studies, and thesis research. Prior to initiation of the work, each proposal involving human participants and its provisions for their protection must be reviewed and approved by the Institutional Review Board for the Protection of Human Participants (IRB). This includes surveys. Research which has not been reviewed and approved by the IRB will not be covered by UW-Whitewater liability insurance.

It is the policy of UW-Whitewater that all research shall be conducted under the supervision of a qualified faculty or staff member. Therefore, all students must submit an IRB protocol review form signed by the faculty advisor.

All IRB forms and guidelines can be obtained from the Office of Research and Sponsored Programs, 2243 Andersen Library. Please contact this office at (262) 472-5212 with questions and document requests.

CARE AND USE OF LABORATORY ANIMALS

All students involved in the care or use of animals and all facilities used for such animals must operate within the guidelines of the Guide for the Care and Use of Laboratory Animals. Copies of the Guide and other pertinent materials may be obtained from the Office of Research and Sponsored Programs, 2243 Andersen Library, (262) 472-5212.

STUDENTS CALLED TO MILITARY SERVICE

Students called to active service during the course of a semester must choose one of the following options before departing for active service:

- Any student called to active service during the course of a semester may elect to withdraw from the University with a full refund of all academic tuition and segregated fees and the prorated refund of board and room fees. Under this circumstance, no course credit and no course grades will be awarded.
- Students called to active service on or prior to the last date to drop a full-term course (end of the sixth week) must withdraw with the full refund of academic tuitions and segregated fees and the prorated refund of board and room fees.
- Students called to active service after the last date to drop a full-term course (end of the sixth week) may elect to take the grade of "Incomplete" in all courses. The time period allowed to satisfy the Incomplete Contracts would not, under this circumstance, begin until the date of release from active service. At any time within six months of the date of release from active service, the student may elect to withdraw from the University for the term in which he/she was called to active service. Students who elect this alternative are not eligible for the refund of academic tuition and segregated fees, but are eligible for the prorated refund of board and room fees.
- Students called to active service after the last permissible day to withdraw from the University, as published in each semester's Schedule of Classes, may elect, with the permission of the course instructor, to accept the grades earned to that day in each of their courses. Under this circumstance, normal University policy for the award of "Incomplete" grades would apply. The time period allowed to satisfy Incomplete Contracts would begin at the date of release from active service. Students who elect this alternative are not eligible for the refund of fees.
- Students called to active service are guaranteed readmission upon the completion of active service. Any questions regarding the above process should be directed to the Registrar's Office: (262) 472-1580.

LEGAL SERVICES

The Legal Services Program of the Whitewater Student Government provides free legal advice to students one afternoon per week by appointment. Contact the WSG Office, University Center, (262) 472-1471, for more information.

CAMPUS EMERGENCY POLICIES AND PROCEDURES

This is a partial list of campus emergency procedures. See <http://emergency.uww.edu/Topics.aspx> for further information on these procedures and others.

FIRE

In case of fire, activate the nearest fire alarm. Take appropriate precautions to assure your personal safety, and evacuate the building by the nearest safe exit. Do not use elevators.

If persons with disabilities cannot safely evacuate, assist them to a safe location near a building exit and notify emergency personnel of their location. Refer also to Building Evacuation for Individuals with Disabilities, below.

Once outside, move to a clear area that is at least 500 feet away from the affected building. Keep streets and walkways clear for emergency vehicles and crews.

Call 911. Give your name and the exact location of the fire (building, floor, room, etc). Be sure to stay on the phone until released by the emergency operator.

Do not return to an evacuated building unless authorized by emergency personnel.

INCLEMENT WEATHER

In the event of severe weather conditions, all on-campus operations of UW-Whitewater will be carried on unless power outages or other critical circumstances preclude the use of University buildings. Therefore, it should be assumed that scheduled activities will continue unless instructions from the Chancellor's Office direct to the contrary.

Individuals who must travel to or from campus should use their judgment as to whether or not such travel is wise. Should it be necessary to cancel a class due to the absence of a faculty member, it is the responsibility of that faculty member to notify the department chairperson and to schedule an appropriate make-up session. Class cancellations should not be telephoned directly to the Campus Radio Station or Channel 6 TV but must be transmitted by the departmental or college office. Students should contact the department of the course for information about the status of individual classes.

The operation of off-campus classes in a weather emergency will be governed by whether the facility in which they are held is open. If the facility is closed, the class will be cancelled. The Office of Continuing Education will notify the instructor of such a cancellation. Each class will use its system of students notifying each other of such a cancellation to avoid persons expecting the class to be held when it is not.

TORNADO WARNING

A TORNADO WATCH/SEVERE WEATHER WATCH means a tornado is likely to develop. Be alert to changing weather situations and be prepared to take action if upgraded to a WARNING.

A TORNADO WARNING means a tornado has been spotted in your area. Immediate action may be the difference between life and death.

If you receive notification of a TORNADO WARNING or spot a tornado, move to a designated tornado shelter area (look for a tornado shelter sign)

or an interior hallway of the building, as quickly as possible. Stay away from windows and areas with large expanses of glass. Protect your head and face. If possible, get under a sturdy table or other structure.

Do not take shelter in auditoriums or gymnasiums, as the roof may collapse during a tornado. Do not use elevators.

Call 911 for emergency needs only during this time.

If persons with disabilities cannot safely move to shelter, assist them to an interior hallway away from windows and areas with large expanses of glass.

BUILDING EVACUATION FOR INDIVIDUALS WITH DISABILITIES

Persons with disabilities who are able to exit a building during a fire or emergency should do so. Those who cannot exit a building safely should go to the nearest exit or preferred area of rescue to await the arrival of emergency personnel, police, or fire department.

Individuals with mobility impairments who are on the ground floor may be able to exit unassisted. Needs and preferences of a person who is non-ambulatory may vary.

Individuals with visual impairments should follow regular evacuation procedures. Those who are not thoroughly familiar with the immediate surroundings should ask another person for guidance to the nearest emergency exit. The person providing assistance should guide the individual as they walk, describe the pathway and any obstacles, and orient them to the surroundings when they have reached a safe place.

Individuals with hearing impairments may not readily perceive auditory emergency alarms, however there should be visual strobe alarms. They could receive emergency communication through a written note stating the emergency and directions to the nearest emergency exit, or by another person flashing a light switch on/off to gain the individual's attention and indicating by gestures or in writing the nature of the emergency and how to proceed.

Service animals should remain with their owners at all times, including during any evacuation.

SPECIAL ACADEMIC OPPORTUNITIES

THE UNIVERSITY HONORS PROGRAM

The University Honors Program is based on the conviction that students should be given the opportunity to develop their intellectual abilities to the fullest extent possible. Those who come to the University with special academic talents and/or extensive backgrounds in specific disciplines are, through the University Honors Program, provided with instructional options designed to challenge their abilities and allow them to more fully realize their intellectual potential.

Through enrollment in honors courses and entry into individualized honors work, students are able to explore subject matter areas in greater depth than would otherwise be possible. For those who come to the University seeking the maximum return for their educational investment, the University Honors Program offers an excellent means of matching interests and skills with University expertise. The end results can be both personally and professionally rewarding.

Students active in the Honors Program are afforded opportunities to participate in study abroad programs, undergraduate research, and a variety of social and cultural activities which will augment their formal educational experience. Field trips, participation in undergraduate research, the Upper Midwest Honors Council and National Collegiate Honors Council, and social interaction with other talented and motivated students combine to provide the University Honors Program participant with opportunities for enriching experiences beyond the laboratory or classroom setting. Entering freshmen eligible for honors courses and continuing students in good standing in the program are extended registration preference in recognition of their exceptional academic achievement.

In addition to the enhanced educational opportunities presented by the University Honors Program, students who successfully meet all specified requirements are privileged to graduate with a University Honors designation. This achievement is both personally gratifying and of importance as students seek professional employment or admission to graduate schools.

University Honors Program students must maintain a cumulative grade point average of 3.40 or better and complete honors courses and/or honors option work.

Students will be recognized as University Honors Program Scholars upon the completion of either Honors in General Studies or Honors in the Major. Students may complete either or both tracks.

A. Honors in General Studies (21 Honors Credits)

Core Curriculum:

| | |
|-----------------|--|
| Fall | ENGLISH 105, GENED 140 or 120, GENED 110 |
| Spring | GENED 130, SPEECH 424 |
| Fall and Spring | COMM 110, GENED 390 |

Core substitution using Honors Option (up to 6 credit replacement limit and/or other listed below)

Other Credit: New student seminar, undergraduate research, travel study, service learning, independent study

B. College and Departmental Honors (department requirements will vary)

Core Curriculum:

- Course sequence of at least 9 credits
 - Specifically designed honors sequence or
 - Honors Option linked to courses
- Capstone experience
 - Senior Honors Day presentation capstone project

University Honors Program students should not go two consecutive terms without completing an honors course or an H-option contract. All University Honors Program requirements and regulations must be met and adhered to throughout the time of enrollment.

ELIGIBILITY REQUIREMENTS

Entering freshman students are eligible to become members of the University Honors Program if they meet these criteria:

1. Graduated in the top 10% of their high school class AND attained an ACT composite score of 24 or greater.
OR
2. Graduated in the top 25% of their high school class AND attained an ACT score of 28 or greater.
OR
3. Highly recommended with letters of nomination by high school counselor and at least one teacher.

Information and application forms may be obtained from the University Honors Program Center at Andersen Library or at uw.edu/honors/

UNIVERSITY LEARNING COMMUNITIES

Learning communities are groups of students that opt to learn together with peers around a common theme. This program provides students with the opportunity to explore an interest integrated across multiple courses usually from the core curriculum. Many learning communities center upon potential majors, allowing freshman students to explore their interest toward the program of study. In addition, many communities live together on a common floor in a residence hall. Students may also participate in interest groups that do not include a residential component or may participate as commuter students. Learning communities are led by faculty and staff coordinators. The list of opportunities change annually. Students may sign up at <http://www.uw.edu/learning-community/>.

UNDERGRADUATE RESEARCH

The Undergraduate Research Program offers students the chance to excel in scholarly and creative enterprises outside of the classroom. Student researchers have the opportunity to advance their research skills by working closely with professors in their research or designing their own research projects, becoming actively involved in creating new knowledge in their disciplines. Whether the research problem is artistic, social, political, scientific or applied, student researchers choose the tools, gather the data, and present their analysis. UW-Whitewater has a national reputation in undergraduate research, with terrific student researchers and a commitment to providing them with first-rate opportunities. In particular, the university provides grants for research projects and funding to attend conferences to present research.

INTERNATIONAL EDUCATION

The Center for Global Education provides advisement and assistance to students who are interested in pursuing an international education experience abroad (semester-long study abroad or exchange programs, short-term travel study programs and student teaching abroad).

UW-Whitewater provides many study abroad options that are designed to meet students' diverse academic and personal needs. Programs vary in location, length, level, academic focus, language requirements, and cost. Each program consists of academic study with an appropriate cross-cultural learning experience in a foreign country. Both financial aid (need-based) and scholarships (merit-based) are available for many programs.

UW-Whitewater has exchange program relationships with universities in the following countries: Australia, England, Finland, France, Germany, Ireland, Japan, Mexico, the Netherlands, Sweden, and Switzerland.

In addition to the above, a variety of short-term travel study course options are offered each year. Travel study courses involve combined academic study and travel in various countries. Students typically travel from ten to twenty-one days. Future teachers may also complete up to half of their student teaching experience abroad in Australia, Jamaica, Mexico, or Sweden.

Prior to participation in study abroad programs, it is important that students contact the Admissions Office Transfer Credit Advisor regarding the transferability and applicability of credit earned abroad. According to University of Wisconsin System policy, coursework from accredited international universities and study abroad programs offered at or via accredited United States post-secondary institutions may be accepted as transfer credit, provided that credit transfer determination is made prior to the study abroad experience. No transfer credit units will be granted on the basis of a transcript furnished by a commercial study tour. No transfer credit units will be granted to students who fail to study abroad via the established and approved UW-W Study Abroad guidelines. All study abroad participation plans must be approved in advance and prior to departure for the experience abroad. For more information about study abroad options and program requirements, please contact the Center for Global Education, Suite 1227, Hyland Hall, Tel. (262) 472-5759, or via the web at www.uww.edu/international.

YOUTH OPTIONS

The Youth Options Program allows public high school juniors and seniors who meet certain requirements to take postsecondary courses at UW-Whitewater on a space-available basis. Interested students must fill out a Program Plan and Report Form (PI-8700A) to notify the school board of the intent to participate in the program. Students must also complete a UW System On-line Application for admission and submit high school transcripts. After being accepted, students will be notified about course advising and registration. The Admissions Office must receive all application materials by July 1 for the Fall term and December 1 for the Spring term. For more detailed information concerning admission into the Youth Options Program, see the Admission Information section.

VETERANS ADMINISTRATION (VA) EDUCATIONAL ASSISTANCE

The Registrar's Office is the certifying office for Federal and State veterans' benefits at the University of Wisconsin-Whitewater (262-472-1580). The DVA has a toll free number (1-888-442-4551) and an e-mail address (stlrpo@vba.va.gov) available for individual inquiries. In addition, County Veterans Offices are available for assistance at each county seat.

Students should direct questions concerning Federal and State veterans' educational benefits to the Veterans' Office in the Registrar's Office or visit the office web page at www.uww.edu/registrar/vets/. Students must meet with the Veterans' Coordinator to set up their benefits program and should be sure to bring along their discharge certificate (DD214) and any other pertinent paperwork.

- 1/2 = One-half (50%) of full time benefits payable on a monthly basis; tuition and fees only for certain chapters.
- <1/2 = Less than one-half time; tuition & fees only

**8-week courses will affect the training times above.*

Students must be enrolled more than half-time and enrolled in at least one in-residence course in order to receive the Post-9/11 BAH.

Students receiving the State waiver of tuition and enrolled half-time or less may not receive their Federal GI Bill. Contact the Veterans' Office for further information. (262-472-1580, 2032 Roseman Building)

STATE BENEFITS

State benefits include the Wisconsin GI Bill, the Veterans Education (VetEd) Reimbursement Grant, and the National Guard Reimbursement Grant.

Effective with the 2009-2011 state budget, changes were made to the Wisconsin GI Bill. Refer to <http://gibill.wisconsin.edu> for the most up-to-date information on these changes and how they affect state benefits for veterans and their dependents.

Information, applications, and instructions for the Wisconsin GI Bill and VetEd Grant are available in the Registrar's Office or on the WDVA website (http://dva.state.wi.us/PA_brochures.asp).

Information on the National Guard Tuition Grant is available in the Registrar's Office.

FEDERAL BENEFITS

For detailed information concerning federal benefits, students should visit the VA web page at www.va.gov. In addition to the monthly GI Bill, benefits may also include tutorial assistance if there exists a documented deficiency in any subject required for completion of a degree program. Students should contact the Veterans' Office for an application.

Refer to the Undergraduate or Graduate Catalog for the academic performance criteria that are expected from all University of Wisconsin-Whitewater students, including those individuals receiving VA benefits. In addition to those rules and regulations, veterans who are receiving VA benefits should be aware of these stipulations:

- Short (8-wk) courses could affect your benefits.
- Taking a course on a satisfactory/no credit basis may result in an overpayment of benefits for that term if the veteran receives no credit for the course.
- Courses taken off campus or at another school may not count toward the enrollment certification. If taking courses at two schools concurrently, veterans must check with the Veteran's Coordinator if they wish to use benefits at both schools.
- Audit units do not count as units for benefit certification purposes.
- A repeat enrollment of a "D" grade may not count for benefit level determination, nor will repeats for no credit.
- The University is **required** to notify the VA of any change of enrollment and/or withdrawal in order to determine the effect on future and past benefit eligibility. Unless veterans claim "mitigating circumstances," they may be liable for repayment of the benefits. Veterans should contact the Veterans' Coordinator to determine the effects of a change before that action is taken, and if "mitigating circumstances" can be claimed, file a statement of those circumstances. Veterans may be required to return benefits paid for pursuit of the course or courses, from the start of the term, not from the date the course was dropped or the withdrawal was processed.
- If called to active duty, contact the Veterans' Office for the correct procedure and assistance.

Any questions concerning the above information should be directed to the Veterans' Office in the Registrar's Office. (262-472-1589, 2032 Roseman Building)

ACADEMIC SUPPORT

ANDERSEN LIBRARY

Andersen Library provides an innovative learning environment that takes full advantage of emerging information technologies while preserving traditional formats and services. The Library's homepage (<http://library.uww.edu>) is the gateway to all of its resources, both print and electronic. Its more than 2 million items include books, electronic books, print journals, electronic journals, databases, indexes, audio-visual items, camcorders, laptops, and electronic readers. Electronic resources such as databases (including reserve items) are accessible 24-7 by our registered students on and off campus. In addition, students can freely borrow from other University of Wisconsin libraries using the "Universal Borrowing" function in the common online catalog system. The physical facility is Wi-Fi enabled. Microsoft Office and other common applications are installed on most public workstations to accommodate the multitasking interests of students. Group study rooms, many equipped with audio-visual facilities, white board, and online capability, provide collaborative space for team work. Laptops, camcorders, computer gaming consoles, electronic readers, and portable projectors are available for presentation practices. Comfortable and varied seating abounds throughout the three floors. Floors one and three are reserved for quiet study, and the second floor is a talking floor for groups or casual conversation. A wide-screen TV adjoins the Food For Thought café, and displays on wide-ranging topics enhance the library experience. The children's area on the main floor has books, games, TV and CDs that are open to the public. Co-curricular interests are supported by extensive collections of DVDs, CDs, graphic novels, audio books, and computer games. A computer gaming room can be reserved by faculty and students. The friendly reference librarians are on hand most hours that the library is open to assist any students who need help in their research. More than 300 library instruction classes are offered each semester. Trained 'tech helpers' provide hardware and software assistance Sunday through Thursday evenings. Virtual reference assistance is available 24-7.

Library hours during the Fall and Spring semesters, when school is in session, are:

| | |
|---------------------|-----------------------|
| Mondays - Thursdays | 7:30 a.m. - 2:00 a.m. |
| Fridays | 7:30 a.m. - 6:00 p.m. |
| Saturdays | 9:00 a.m. - 5:00 p.m. |
| Sundays | 1:00 p.m. - 2:00 a.m. |

For other hours, as well as additional information about what the library can offer, please consult <http://library.uww.edu>.

TEXTBOOKS

The University provides basic textbooks for undergraduate students on a rental basis. The rental cost is included as a part of the fees students pay for registration each term. Textbooks may be picked up at designated times at the Textbook Rental, located in Moraine Hall. Graduate students are required to purchase their textbooks from the University Bookstore and are not assessed a rental fee. Students should expect to purchase some supplemental books and non-reusable materials such as workbooks and supplies.

OTHER LEARNING MATERIALS

In addition to the wide variety of information available in the library, several other collections of teaching and learning materials are available on campus. Many departments and academic programs have small libraries of periodicals or reference works for use by students, who may receive information at their major departments.

The College of Arts and Communication maintains an Arts Media Center. While the Arts Media Center collections (sound recordings on LP and compact disc, recorded opera on DVD and 35mm art slides) serve primarily to support teaching within the Departments of Music and Art and Design in the College of Arts and Communication, the sound recordings collections also serve as a campus music resource and are available for use in the Arts Media Center by all faculty/staff/students as well as members of the local community. The facility features a listening/viewing/study area with multiple dedicated listening stations for CDs, LPs, audiocassette tapes and online music databases, and one viewing station for playback of videocassette, and DVDs.

The Wisconsin Instructional Technology Resource Center (WITRC) is located in the College of Education on the first floor of Winther Hall. The Resource Center contains a state-of-the-art instructional technology software collection and the latest developments in multi-media technology.

Finally, various University offices, such as Career and Leadership Development and the University Health and Counseling Services, have collections of information dealing with their functions.

RONALD E. MCNAIR POST-BACCALAUREATE ACHIEVEMENT PROGRAM

The Ronald E. McNair Post-Baccalaureate Achievement Program at the University of Wisconsin-Whitewater is designed to achieve four goals: (1) to introduce undergraduate students from targeted groups to high quality research settings as well as educational and professional role models; (2) to create an environment where graduate study is an expectation; (3) to provide academic support and preparation; and (4) to provide financial support for pre-doctoral study.

The program enrolls twenty-eight students each year, one-half juniors and one-half seniors. Students are expected to participate in the program for up to two years.

Students participating in the McNair Program will work in a mentoring relationship with a faculty member; participate in seminars addressing graduate school preparation, expectations and opportunities; demonstrate their research ability in independent research projects; and present their research at regional and national conferences.

For further information, please contact the Director of the McNair Program, 219 McCutchan Hall (262) 472-2804, mcnairasst@uww.edu.

LATINO STUDENT PROGRAMS

The Office of Latino Student Programs promotes the recruitment, retention, and graduation of Latino students. The office strives to retain new and continuing Latino students by helping them develop their academic and critical thinking skills. The office is also engaged in developing and implementing both academic and cultural programs which contribute to students' personal and intellectual development, making the University more knowledgeable concerning Latino culture, and developing closer ties with the Latino community at a local and global level (including study abroad opportunities and International Student Exchanges).

Latino Student Programs collaborates closely with other units of Academic Support Services as well as Career Services, the Financial Aid Office, and the departments of Race and Ethnic Cultures and Languages and Literatures, among others, in order to successfully integrate Latino students

into university life so that greater numbers can gain access to meaningful information and services as well as prepare them for career opportunities or graduate school.

For further information, contact, the Interim Director of Latino Student Programs, 105 McCutchan Hall ((262) 472-1913) or email ortizr@uww.edu.

MINORITY BUSINESS PROGRAM

The Minority Business Program (MBP) is designed to support increased recruitment, retention, and graduation rate of ethnic minority students who pursue majors and careers in business. MBP provides an array of activities, the purpose of which is to:

- enhance multicultural students' awareness of career opportunities in business
- increase the undergraduate enrollment and graduation of multicultural students who have business majors
- provide opportunities for multicultural students to meet with business professionals in order to develop realistic perceptions of what it takes to be successful in the business arena
- provide academic support in the form of advising and counseling for students with such needs

MBP also identifies students with academic promise to involve them in summer internship experiences.

MINORITY TEACHER PREPARATION PROGRAM

The Minority Teach Preparation Program (MTP) is a specialized support program and is a cooperative effort with the College of Education. Its mission is to provide opportunities and educational experiences designed to increase the academic success of multicultural students interested in pursuing careers in teacher education.

MTP participants (1) have exchanges with successful multicultural educators, (2) interact and develop supportive relationships with other education majors, (3) discuss issues confronting professional educators, and (4) gain insight into the expectations of the education profession.

For more information, contact the Director of the Minority Business and Teacher Preparation Programs, 4302 Hyland Hall ((262) 472-3216).

TUTORIAL CENTER

Tutoring is a customized, student-centered, action-oriented process designed to help all students - full-time and part-time undergraduate and graduate students, and returning adults - who need both short and long-term academic assistance. In meeting these various student needs, the Tutorial Center (TC) has developed individual and group tutoring approaches which specifically focus on problem-solving techniques and intensive subject review sessions. Tutoring has often been thought of as short-term, immediate assistance to overcome one specific problem or trouble spot. Successful students, however, have typically viewed tutoring as a long-term strategy in resolving more complex learning problems, including difficult content as well as organizational techniques, pattern synthesis, and higher-level reasoning.

Student peer-tutors are hired for the program on the basis of departmental recommendations and personal interviews, and take part in an intensive training program. Tutors are expected not only to know their subject matter well, but also to be able to communicate effectively with students from a wide variety of backgrounds and with varying degrees of knowledge and skill.

Students requesting tutoring represent a cross-section of all students, from those doing very well in classes but who request additional practice and feedback as to their progress, to those individuals who are experiencing major difficulty with content and study procedures and techniques. The TC is equipped to handle all these students with appropriate strategies and confidentiality.

The TC is able to provide tutoring in most basic courses and provides tutoring in many advanced courses, depending upon requests.

For assistance in writing, students may schedule appointments in the Writing Center, where they work one-on-one with qualified tutors. Also, students may enroll for two units in English 091, an individualized writing workshop which meets in the Writing Center twice a week. Computers are available for word processing. For assistance in math, students may consult tutors in the Math Center on a walk-in basis. For study skills, students may consult with a staff specialist or enroll in "Study/Academic Survival Skills" for three units. For assistance in reading college-level texts, students may enroll for three units in "College Reading," or they may consult the staff reading specialist.

Although most students use services at the TC on a voluntary basis, some students may be referred directly by faculty. In this case, the students work on developing those skills and competencies which have been identified by the faculty members as necessary for success in their classes.

Students can make appointments either by calling (262) 472-1230 or by visiting the TC office in the lower level of McCutchan Hall, where additional information and brochures are available. Both voluntary visits and direct referrals are generally more successful if made before serious problems develop. Tutoring is available from 9:00 a.m. to 9:00 p.m. Monday-Thursday, 9:00 a.m. to 3:00 p.m. Friday and 5:00 p.m. to 9:00 p.m. Sunday in McCutchan Hall. Sessions are available at other times and places by arrangement. Up-to-date information on current programming and schedules may be viewed on the TC website: www.uww.edu/tutorial/

ACADEMIC STANDARDS OFFICE

The Academic Standards Office provides counseling and academic assistance to students, particularly those having difficulty meeting retention standards of the University. All student appeals for reinstatement are submitted to the Academic Standards Office. The Director is available to provide information on academic policies, and registration procedures, to assist students in selecting courses of study consistent with their personal and career ambitions, and to refer students to other campus offices for academic assistance.

CENTER FOR COMMUNICATIVE DISORDERS

The Center for Communicative Disorders, located in Roseman 1010, offers assessment, intervention, prevention, and consultation services for members of the campus community, their families, and members of the general public who have questions/concerns about their speech, language, hearing, voice, fluency, social skills, learning, reading, writing, and/or assistive communication devices. We also serve individuals who have communication challenges as the result of brain injury, stroke, autism spectrum disorders, hearing loss, and cognitive or learning disabilities. For further information, please contact the Department of Communication Sciences and Disorders at (262) 472-1301 or e-mail comdis@uww.edu.

UNIVERSITY MARKETING & MEDIA RELATIONS

University Marketing and Media Relations is responsible for enhancing the image and visibility of UW-Whitewater through a wide range of services,

including media relations, institutional marketing, publications, photography, publication design, Website management, off-campus printing and copy services.

University Marketing and Media Relations responsibilities include:

- Coordination and approval of all university marketing, advertising and external communication campaigns and communication
- Coordination and approval of all publications and video productions directed toward an external audience
- Final review of all press releases
- Coordination of all university press conferences
- Oversight of any other university public and/or media relation event as directed by the Chancellor.

Faculty, staff, and students may submit ideas for possible news stories to University Marketing and Media Relations at (262) 472-1195 or ummr@uww.edu.

ADULT RESOURCE CENTER

The Adult Resource Center (ARC) is located in the Warhawk Involvement Center and serves all University students. The Center is open weekdays and serves University students in a variety of ways. It provides a warm, caring environment staffed by students willing to answer questions or to get information about other services around campus and in the community. The ARC offers a number of programs throughout the year. Program themes range from stress management to career planning. Most of all, the Adult Resource Center is a place for students to drop their bags, put up their feet, take a break from their hectic day and get to know some fellow students. For further information, call (262) 472-5786.

CAMPUS TECHNOLOGY

Instructional, Communication and Information Technology (iCIT) is responsible for the technology infrastructure for the UW-Whitewater campus and provides access to online resources through the campus web site: <http://www.uww.edu>.

The UW-Whitewater Web site is the starting point for students to access many resources, including:

- Online registration, course catalogs, and class schedules
- “How To” training materials
- Online courses
- Syllabi and course materials
- Personal e-mail account and Web-based personal calendar
- Information about UW-Whitewater activities and operations
- Student billing and online payments

All UW-Whitewater students receive a University e-mail account. The University e-mail system is Web-based, accessible from on or off-campus via <http://post.uww.edu>. E-mails for academic coursework and official University business are sent via the campus system, so it is important that students use their University e-mail accounts.

iCIT manages campus general access (GA) computing labs, open to all students more than 90 hours per week. The GA lab facilities provide access to computers, office application software and discipline-specific software for use in academic coursework. Internet access and print services are available from all lab computers.

Several Collaboratories are available in the GA labs, which are designed to give students space and equipment to work together on group projects. In addition, the GA labs feature group workstations to accommodate team computing. The Media Lab includes specialized equipment for high quality color printing, video editing, and a sound booth for audio work. Finally, students may check out audio-visual equipment from the GA labs.

The UW-Whitewater Technology Support Center Helpdesk, located in Andersen Library 2000, will answer questions, troubleshoot problems, and provide solutions regarding the use of campus technology services. Assistance is provided in person, over the phone (call 262-472-HELP (4357)) via e-mail at helpdesk@uww.edu, and through the Web site: iconnect.uww.edu.

iCIT provides support for a campus-wide course management system called Desire2Learn (D2L). Currently over 85% of the course sections use D2L in some component of the course, either offering supplementary activities or conducting the course completely on-line.

UW-Whitewater also participates in iTunes U to deliver online podcasting for courses, technical training, and other learning resources.

UW-Whitewater's wireless network is available across campus, including all academic buildings, residence halls, and common gathering areas. iCIT also provides a program called 4U (<http://www.uww.edu/4u>) that makes laptop and desktop computers available to students for purchase at highly competitive prices.

For students of all majors, iCIT provides employment opportunities, which include real-world work experience and development of technology and customer service skills.

Learn more about these and other iCIT services online at <http://www.uww.edu/icit>.

The James R. Connor University Center (UC) is a gathering place for the campus community. It is a great place to attend various programs, work on group projects or study individually, shoot a game of pool, go bowling, grab a snack or enjoy a full meal, attend a movie, meet with a student organization, participate in an art activity, or just meet up with friends. Activity thrives in the UC!

Students find the UC's many offices and services carefully designed to meet their needs. They find study and social lounges, conference rooms, resource centers, dining areas and more.

The UC also provides a number of employment opportunities for students. Positions range from Information Attendants to Building Managers, from Set-Up Crew Managers to Graphic Artists. These positions give students professional experience in their areas of study. They also get to work with other students, faculty, and staff to gain many new insights into how campus departments work together. Some positions are also arranged for students to earn academic units.

Come to the University Center and join in what it has to offer. We hope to "See You At The UC!"

CAREER AND LEADERSHIP DEVELOPMENT (UC 146)

These offices, which include the Warhawk Involvement Center and Bailey Interview Center, work to help students and student organizations integrate and develop inside and outside the University community.

HAWKCARD/UC ADMINISTRATION OFFICE (UC 250)

The University provides all students with a HawkCard (University ID Card). A student's HawkCard is required for use of University food services, a Purple Point account, and much more. The HawkCard contains the

name of the University, the student's name and photo, and a bar code and electronic encoding of the student's ID number. It will be used during the entire time a student is enrolled at UW-Whitewater. It can be used for proof of enrollment, if required, which entitles a student to a number of special privileges and services.

Students should visit the HawkCard office to report lost or stolen cards or go to the HawkCard website (uc.uww.edu/hawkcard) for other HawkCard-related business. A fee is assessed for all replacement cards. This office also handles the primary business functions of the UC.

INFORMATION SERVICES (UC 159)

Provides campus information, sells tickets for various events, hosts the campus lost and found, and provides convenient services such as purchasing stamps or sending faxes and making copies.

FIRST YEAR EXPERIENCE (UC 245)

First Year Experience coordinates new student orientation programs (Plan It Purple), Peer Mentor programs, New Student Seminar sections, and programs to new students to help freshmen connect with peers, faculty, staff, and the community.

OLD MAIN BALLROOM (UC 275)

This large ballroom has dividable walls and a service elevator. It serves as a beautiful space for various campus and community events. The capacity is 400 or 150 seated with round tables.

WARHAWK ALLEY (UC 48)

Warhawk Alley is the campus location for bowling, billiards, darts, game consoles, and other fun social activities. Warhawk Alley offers many specials and free entertainment for students!

RESERVATIONS (UC 253)

Reservations serves as a place to reserve rooms in the UC and other campus locations. The UC has facilities for conferences, banquets, and special events for as few as four people and as many as 550.

ROBERTA AVONN FISKUM ART GALLERY (UC 158)

This gallery provides art exhibits and free workshops for students, faculty, staff, and the surrounding community to view. It features four to six shows each semester and offers experiential art programs and hands-on work experience for student gallery assistants. All exhibits and programs are free and open to everyone.

SUMMERS AUDITORIUM (UC 76)

The Summers Auditorium is a multi-function theater with acoustical panels, full surround sound, widescreen projector, and seating for 230. The Auditorium features movies for one dollar through SEAL, in addition to many other events.

UNIVERSITY DINING SERVICES

UW-W Dining Services offers a variety of convenient facilities to meet customers' dining needs. From made-to-order grilled items and gourmet sandwiches to salads and homemade bakery goods, Dining Services has the means to satisfy your appetite.

DINING AREAS

The UW Credit Union is a student-friendly, full-service financial institution. Services include free checking, ATM/VISA, Debit Cards with unlimited withdrawals, auto loans, student loans, low fixed-rate credit cards, home loans, and free online banking. As an added convenience to student and community groups, UW Credit Union employees are available to give on-site Financial Education Seminars on a variety of financial topics including budgeting, credit, financial aid, preventing fraud and ID theft, and more. All UW students, faculty, staff, community members who live or work in a five-mile radius and their immediate family/household members automatically qualify for membership.

RESIDENCE LIFE

OVERVIEW

The mission of the Office of Residence Life is to provide quality, accessible housing and to promote student learning and personal success in an inclusive, engaging community. Live! Learn! Engage!

The Office of Residence Life administers thirteen, smoke free residence halls that can accommodate approximately 3,800 students. Residence halls range in size from 200 to 600 residents and offer a range of living options such as coed halls, coed floors, coed wings, upper-class floors and halls, substance free floors, The Global Village, and Learning Communities. Many of the residence halls also sponsor tutoring in their buildings to support student learning. Residents traditionally will be assigned to standard double rooms. Single rooms are offered as space is available or to accommodate documented medical necessity.

All residence halls offer completely furnished rooms as well as kitchens, study lounges, laundry facilities, and TV lounges. Many halls offer other amenities such as rec rooms and meeting rooms. All residence hall students are invited to use the computer labs in the residence halls. All rooms have one data port per student for network access, and wireless network access.

Starin Hall, a suite style residence hall, opened in the Fall of 2010. The 4-person suites offer private bedrooms for each resident, a common space and a bathroom/shower within the suite. This building features many unique characteristics to support our campus accessibility initiatives as well as sustainability efforts.

STAFF

Each residence hall is administered by a Professional Masters-level Complex Director and a graduate student Assistant Complex Director. A Resident Assistant (RA) lives in each wing and assists students with the residential living, learning experience. Custodians work hard in each building to keep public area facilities clean and attractive. All of these staff members are eager to work with residents to meet their on-campus housing needs.

PROGRAMMING AND INVOLVEMENT

The UW-Whitewater residence halls are proud to offer a variety of programming and involvement opportunities to meet the needs of all students. Leadership Involvement Teams in each building work with the staff to plan many different activities such as dinners, diversity related programming, floor competitions, movie nights, intramural teams, study skill programs, and speakers to present a variety of topics.

The UWWTV station operates through the Office of Residence Life and offers opportunities for involvement.

The Office of Residence Life is the largest student employer on campus and is often recruiting for many positions such as RA, desk receptionist, student custodian, clerical assistant, graphic artist, grounds crew worker, and many others. Students seeking information about these positions, or any aspect of Residence Life, should feel free to call for more information or refer to the Residence Life web site at www.reslife.uww.edu.

RESIDENCY POLICIES

All freshman and sophomore students with fewer than 60 units are required to live in university-operated residence halls. Exceptions can be made for students who are veterans, are married, are two academic years or more beyond earning a high school diploma or equivalent, or who have university permission to live at home. A notarized request for commuter status must be filed with the Office of Residence Life. Students may also be exempted from this policy if they have resided in University-owned residence halls for at least four Fall/Spring terms.

APPLICATION PROCEDURE

Further information about housing, along with an application, is available to students upon their admission to the University. Students are required to submit a \$125 deposit with their contract acceptance form. This deposit is non-refundable after the May 1 contract cancellation deadline identified in the contract.

Additional information about University-owned residence halls is available by calling the Office of Residence Life at (262) 472-4255 or visiting the Residence Life web site located at www.reslife.uww.edu. Questions may also be emailed to reslife@uww.edu.

WHITewater STUDENT GOVERNMENT

The Whitewater Student Government is the official representative of the student body. It has the primary responsibility for University policy concerning student life, services, and interests, and also maintains several agencies which provide a variety of services to the University and community.

Structurally, the Whitewater Student Government consists of an executive branch and the Student Senate. The Senate meets every Monday at 7:00 pm in the University Center Room 259. Everyone is welcome.

By meeting the responsibilities given to it by state law 39.09(5), the Whitewater Student Government gives students an opportunity to become involved in University governance and to develop their initiative and leadership.

Any questions, comments, or suggestions are welcome and can be directed to the Whitewater Student Government Office in University Center 61. The telephone number is (262) 472-1166, and the FAX number is (262)

472-5097.

UNIVERSITY BOOKSTORE

The University Bookstore, located in Moraine Hall, provides personal and educational materials to students and faculty. In addition to course textbooks and manuals, dictionaries, magazines, CDs, bargain books, study aids, test preparation guides, and course-related titles are available in the book department. For the convenience of all, students may charge purchased textbooks to their student bill. The Bookstore conducts a Book Buyback (cash for books) during exam week each May and December. In the supply department, students can purchase binders, notebooks, paper, electronics, and general school supplies. In addition, video games, DVDs, cards, sundries, and stamps are available. Jackets, shorts, sweatshirts, backpacks, and T-shirts are also popular items. Class rings, caps and gowns, gift cards, and check cashing are services provided by Bookstore staff. You may also place orders on the website at uwwhitewaterbookstore.com and customize gifts and apparel on www.uwwhitewater.customfanshop.com/.

UNIVERSITY HEALTH AND COUNSELING SERVICES

| | |
|-----------------------|----------------|
| Ambrose Health Center | |
| Health Services | (262) 472-1300 |
| Counseling Services | (262) 472-1305 |

The University Health and Counseling Services (UHCS) provides comprehensive services and referrals for a variety of concerns related to students' physical and mental health. Services are available on campus to all currently registered UW-W students from 8:00 a.m. until 4:30 p.m., Monday through Friday, with some special outside hours to cover immunizations or campus emergencies. UHCS staff are committed to quality service and provide a wide array of health education programs and consultation to groups across campus.

Health Services, staffed by physicians and nurse practitioners offers consultation and treatment for minor injuries and illnesses, as well as

- Laboratory tests and medications
- Allergy shots and immunizations
- Contraceptive services
- Diagnosis and treatment of sexually transmitted diseases
- Assistance for students with chronic illnesses and/or physical disabilities, including PT
- Smoking cessation and nutrition counseling
- Phone consultation
- Referrals to specialists
- Massage therapy

UHCS does not provide vision correction exams or dental care. It refers students requiring specialty health care to specialists within the community. Professional services in health or counseling are free, but there is a charge for medications, medical supplies, procedures, physicals, immunizations, and lab tests. Payment for care outside UHCS is the financial responsibility of the student.

A Wellness Resource Center offering brochures, computer programs, DVDs, videos, CDs, and audiotapes is available in the lobby. Materials may be checked out at no charge. The UHCS web site is available to students 24 hours a day at www.uw.edu/uwcs. Numerous educational programs are provided for students throughout the year.

Health insurance is recommended. A policy has been endorsed by University of Wisconsin System. Information about the policy is available at UHCS or its web site. Hospital care is available in Fort Atkinson, Janesville, or Elkhorn when needed. Students experiencing life-threatening situations should contact the Whitewater Rescue Squad by dialing 911. UHCS is not an emergency facility, but can assist in securing transportation to a hospital for students requiring hospital care.

Counseling services include individual and group counseling (primarily short term) for UW-W students dealing with any number of personal issues. In addition, consultation is available to faculty, staff, and students.

Counseling services are provided at no cost by professional psychologists, social workers, and counselors, as well as supervised graduate-level counselors-in-training. If immediate or direct services are not available here, counselors can help the student find an appropriate community resource. Students with ANY personal concerns (adjustment to college, relationship issues, alcohol and drug issues, depression, stress management, self-esteem, roommate problems, eating disorders, sexuality issues, sexual abuse or assault, or just wanting to feel better about life) are encouraged to ask for help at UHCS. A 24-hour Crisis Line at (800) 368-1587 is available for all students through Walworth County Human Services. ALL SERVICES AT UHCS ARE CONFIDENTIAL.

CAREER AND LEADERSHIP DEVELOPMENT

Most students take advantage of the services of Career and Leadership Development as they develop their career plans, prepare their job search strategy, and seek intentional ways to get involved on campus. Staff assist students throughout their career development process, work with students seeking to develop their leadership skills, and help students develop the skills, behaviors and attitudes needed to succeed in the world of work. Career and Leadership Development offers numerous educational and social programs and events designed to connect students with each other and the campus at large. Students may meet individually with Career and Leadership Development staff to talk about various career and developmental issues.

WOMEN'S CENTER

The UW-Whitewater Women's Center is a supportive community dedicated to fostering women's individual empowerment through educational programs, resources, and referrals.

The Women's Center collaborates with UW-W students, faculty, staff, and the larger community on programs designed to increase awareness about issues affecting women.

The Center is a place where women and men can work to address diverse needs, interest, and concerns, including the promotion of equality by challenging imbalances of power based on sexism and other forms of oppression. Students on campus can also receive information and referrals in matters relating to a wide range of gender issues.

The Women's Center is located in the Warhawk Involvement Center, UC 127. It is open from 10:00 a.m. to 7:00 p.m. Monday through Thursday and 10:00 a.m. to 3:00 p.m. on Fridays. For more information, call the Women's

Resource Center at (262) 472-1471.

CHILDREN'S CENTER

The University offers a high-quality preschool program for two to eleven year old children of students, faculty/staff, and community families. Full-day and part-day schedules are available to suit parents' work and study times on and off campus for children ages twelve months up to six years old. The Children's Center also serves as a teacher-training site, is state-licensed, and is accredited by NAEYC. The Center is open daily from 7:30 a.m. to 5:30 p.m.. For information regarding curriculum, registration and fees visit our website, <http://www.uww.edu/childrenscenter/> or call:

THE CENTER FOR GLOBAL EDUCATION

The Center for Global Education is responsible for the management and administration of international student services, education abroad programs, and the Travel Study Program. The Center, in cooperation with Departments and Colleges, develops international academic exchange relationships and manages a variety of reciprocal student exchange programs around the world. The Center also provides orientation for new international students and assists these students with personal, academic, and immigration advisement, housing placement, and socio-cultural concerns after arriving at UW-Whitewater. The Center also serves as the official host for international visitors to UW-Whitewater and coordinates cultural and social programs that bring together global and domestic populations via events and programs like the International Dinner, the Host Family Program, and International Education Week. For more information, please contact the Center for Global Education, Suite 1227, Hyland Hall, Tel. (262) 472-5759, or via the web at www.uww.edu/international.

CENTER FOR STUDENTS WITH DISABILITIES

Andersen Library 2002
(262) 472-4711 (V/Relay/TTY)
<http://www.uww.edu/csd/>

The Board of Regents of the University of Wisconsin System has given the UW-Whitewater campus a unique, specific mission to provide services for students with disabilities. As a result, the UW-Whitewater campus is one of the most accessible campuses in the nation. Staff members in the Center for Students with Disabilities are available to provide a wide variety of services to meet both the ordinary and unique needs of students with disabilities.

Students must apply for services through CSD by completing an application and submitting appropriate documentation. Students are encouraged to apply for services at least 8 weeks prior to the start of the term of enrollment. Qualified students will develop an individualized academic accommodation plan with CSD. Services include, but are not limited to:

- Pre-enrollment interview, evaluation, and orientation
- Alternative testing, ALS interpreters, C-print, captioning, adaptive

technology, alternative media, note-taking assistance, etc.

- Transportation for academic and non-academic events (available for a fee)
- Assistive Technology Center
- Physical therapy offered through the University Health and Counseling Center
- Adapted recreation and athletics including wheelchair football, basketball, volley ball, soccer, and track and field offered through recreation sports

Project ASSIST is a fee-for-service program for students with disabilities and a component of the Center for Students with Disabilities. The program is designed to support students in their pursuit of a university degree without compromising academic standards. By teaching specific learning strategies and self-advocacy, Project ASSIST enables students become independent, successful learners. Services include:

- one-to-one tutoring and drop in tutoring
- study skills support
- small group work
- organizational and time management tutors
- consultation with faculty and staff
- referral to campus resources

A four-week Summer Transition Program is offered for incoming freshman with disabilities. Students are enrolled in 4 credits of university coursework and participate in a variety of programming to promote academic success at the university level. Students live and learn at the UW-W campus during the four weeks. This is a fee based program. Contact CSD at (262) 472-4711 for more information or visit the CSD website (<http://www.uww.edu/csd/>).

UNIVERSITY POLICE

The UW-Whitewater University Police Department is a full-service law enforcement agency providing 24-hour, year-round police protection and services to the campus community. Fourteen sworn police officers and one non-sworn employee staff the department.

The mission of the University Police Department is to provide proactive, professional, and personable services to all persons within the community through planning, education, and enforcement. The Department is committed to upholding the rights of all persons guaranteed under the United States Constitution, as well as state laws, codes, and UW System regulations. The Department pursues these goals through a community-oriented approach, providing programming, event planning, development of prevention and intervention programs, and the appropriate, fair, and non-discriminatory use of its legal authority.

Emergency services can be contacted via 911 while on campus. Anyone requiring non-emergency services of the University Police Department can contact them 24 hours a day, seven days a week by phoning (262) 472-4660. Business transactions can be conducted in person during office hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, in Goodhue Hall. The Department motto - Honor, Integrity, Service - describes what the Department strives to be, strives to do, and strives to uphold. It also describes the need to honor the responsibilities entrusted to officers, to be an unbiased observer of the truth and assist those in need however possible. By so doing, the Department works to establish a level of communication with our community which is based upon trust, understanding, and respect.

UNIVERSITY ADVANCEMENT

The Office of University Advancement includes the UW-Whitewater National Alumni Association, the UW-Whitewater Foundation, and the Office of Marketing and Media Relations. University Advancement provides a communication link between the university and the media, approximately 57,000 UW-Whitewater alumni, and the public at large.

The UW-Whitewater Foundation also creates and directs a variety of fund-raising efforts on behalf of UW-Whitewater, its faculty and staff, and its students.

ADVANCED OPPORTUNITY PROGRAM (AOP) AWARDS

The purpose of AOP is to expand the number of minority and disadvantaged students who receive graduate degrees from UW-Whitewater. To be eligible for an AOP award, individuals must be (1) U.S. citizens or permanent residents at the time of application and (2) members of traditionally under-represented minority groups (African-American, Hispanic, American Indian/Alaskan Native, or statutorily designated Southeast Asian) or non-minority disadvantaged students. Individuals who are residents of the State of Wisconsin and members of the aforementioned minority groups are given highest priority for receiving AOP awards.

The amount of a full AOP award for the 2012-2013 academic year is \$8,400. The award amount for subsequent years is contingent upon funding being appropriated from the Wisconsin State Legislature, and is subject to change. Out-of-state students who receive AOP awards are also eligible for a remission of the non-resident portion of tuition costs for the time period of the award.

Additional information and application forms are available by contacting the Office of the Assistant Vice Chancellor for Academic Support Services, 226 McCutchan Hall, UW-Whitewater, Whitewater, WI 53190-1790. Telephone (262) 472-4985.

LEADERSHIP AND MILITARY SCIENCE EDUCATION

Qualified graduate students who are interested in acquiring valuable credentials, financial assistance, and career choices should consider enrolling in the Reserve Officers' Training Corps (ROTC) program. The two-year program leads to a commission and possible service to the nation in the US Army, National Guard, or Army Reserves. The courses studied also provide students with the credentials and specialized leadership expertise to be successful supervisors, managers, or administrators and is universally applicable across a broad spectrum of professions. Applications are available from the Department of Leadership, Military Science, and Aerospace Studies, Room 317, Goodhue Hall.

CONTINUING EDUCATION

Approximately twenty percent of the students at UW-Whitewater are 25 years of age or older. This group of adults is served by the Office of Continuing

Education through the various programs and services described below.

CREDIT OUTREACH

Off-campus courses are offered in many communities in southeastern Wisconsin in response to requests received by the Credit Outreach Office and on the basis of survey results. Credit granted by UW-Whitewater for off-campus courses is fully accredited. Students enrolling in off-campus courses are responsible for making certain that such courses meet the requirements of the curriculum in which they are enrolled. If there is a question about a particular course, students should contact their academic advisor or the chairperson of their major department or emphasis area. For information about the Credit Outreach Program, see <http://www.uww.edu/conteduc/credit> or call (262) 472-1100.

CORRESPONDENCE COURSES

UW-Whitewater does not offer correspondence courses but accepts correspondence course units offered by the University of Wisconsin-Extension. Students should contact the Admissions Office at (262) 472-1440 to determine how correspondence courses will transfer into their programs. Correspondence Course/Independent Learning catalogs are available by calling the Credit Outreach Office at (262) 472-1100 or on-line at <https://il.wisconsin.edu/indes.aspx>

DISTANCE EDUCATION

As an alternative to face-to-face instruction in the traditional classroom, students may be able to participate in some UW-Whitewater courses at off-campus sites using one or more of the following technologies: (1) Compressed digital video, a UW System interactive video network, (2) WisLine Web, a service combining audio-conferencing (WisLine) with a browser-based Web/data conference application, and (3) WisLine, an audio conference calling service using standard phone lines linking sites anywhere in the state or the world.

UW-Whitewater offers a variety of online courses at the undergraduate and graduate level. Students need Internet access and a web browser to participate. Hardware and software requirements may vary.

UW-Whitewater distance education courses are listed in the online Schedule of Classes and on the <http://distancelearning.wisconsin.edu> website, an online UW-Extension resource which lists all of the distance education courses offered by UW System institutions.

TRAVEL STUDY PROGRAMS

These travel programs are usually short sessions (2-4 weeks in length) and are directed by members of the University faculty and staff. In most cases, credit may be earned. Academic requirements may include pre- and post seminars, preliminary study, class work during the tour, and/or subsequent assignments. For information on overseas programs designed for K-12 teachers or domestic programs designed for traditional students, call the Office of Continuing Education/Travel Study Programs at (262) 472-1003 (Roseman 2010). The Office of Continuing Education's Travel Study Programs website is located at <http://www.uww.edu/conteduc/travel>. For short term overseas programs designed primarily for currently enrolled students or study abroad opportunities, call the Center for Global Education at (262) 472-5759 (Hyland 1227).

SUMMER SESSION

A twelve-week Summer Session is offered each year with numerous courses and programs of shorter duration. Students may take up to 12 units during this twelve-week session. Coursework in excess of this maximum load must be approved by the dean of the college of the student's major. For a class schedule or information about Summer Session, see <http://www.uww.edu/conteduc/summer> or call (262) 472-1100.

WINTERIM SESSION

Winterim is a three-week session held between the Fall and Spring terms, designed to help students keep on track for graduation. It features sections of courses that tend to fill up quickly during the academic year. Students may take only one course during Winterim. Generally the Winterim session begins shortly after New Year's Day and concludes on the Friday before Martin Luther King, Jr. Day. Depending on the calendar, Winterim may begin in late December. For information on Winterim, see <http://www.uww.edu/conteduc/winterim> or call (262) 472-1100.

CONFERENCES, SUMMER CAMPS, WORKSHOPS, AND COMMUNITY OUTREACH

The University has an active non-credit program schedule. Campus facilities can house and feed up to 3,700 persons, depending upon the time of year. Part of the outreach mission deals with meeting the interests of students and residents of Whitewater and the surrounding communities in southeastern Wisconsin. For information on upcoming programs, call (262) 472-3165 or visit <http://uww.edu/conteduc/camps/>.

STUDENT INVOLVEMENT

CLUB SPORTS

For a more in-depth sports experience than the intramural and/or general recreation program, club sports blend together the learning of new skills, practicing with fellow students/participants, and the opportunity to compete at an intercollegiate level. Active clubs include aikido, baseball, basketball-women, bowling-men, cycling, disc golf, fishing, karate, lacrosse-men, paintball, racquetball, rock climbing, rugby-men, rugby-women, ski and snowboard, soccer-men, tennis, ultimate-men, ultimate-women, volleyball-men, volleyball-women, water polo, waterski and wakeboard, and the Spirit Program. Contact the Rec Sports Office, 100 Williams Center, (262) 472-1145 or visit the website at www.uww.edu/recsports/ for further information.

CROSSMAN GALLERY EXHIBITIONS

The University's art gallery, located in the Greenhill Center of the Arts, is a showcase for the campus, with exhibits that have both student and public appeal. While featuring exhibits of statewide, regional, and community artists, the Crossman Gallery also presents work with national and international significance. Experimental and pioneering work also comes from UW-W and UW System art majors and graduate students. Art faculty also present a biennial exhibit of their work. Visit the Crossman Gallery as part of an ongoing education.

CULTURAL AFFAIRS

Cultural Affairs brings to campus the best of the world's professional performers, from national tours of *Chicago* to Montana Repertory Theatre's *To Kill a Mockingbird*, from Virsky Ukrainian Dance to Parsons Dance Company. Events are programmed and presented by the Cultural Affairs Committee, a student-led and student-funded organization that is made up of students, faculty, and community members.

Tickets for Cultural Affairs events are offered to students at a special discounted rate and are available at the Greenhill Center of the Arts Box Office, at the University Center, and online at the Young Auditorium website www.uww.edu/youngauditorium/.

Students from all majors are invited to join the Cultural Affairs Committee to help plan performances, meet the artists, and gain experience in marketing and promotion. Contact the Cultural Affairs Committee at 262-472-1964 or culturalaff@uww.edu.

Cultural Affairs has presented internationally renowned artists such as Bob Newhart and Arlo Guthrie, and numerous touring Broadway musicals including *Hairspray* and *Blast*. The diverse array of world-class performances presented by Cultural Affairs includes Koresh Dance Company, Terrence Simien and the Zydeco Experience, Leahy, and Sones de Mexico.

Cultural Affairs invites students to join them and experience the exciting world of the performing arts!

DISABILITY ADVOCACY AND AWARENESS COALITION (DAAC)

Warhawk Involvement Center, Advisor, Andersen Library 2002

DAAC is an organization that provides university students and community members the opportunity to change their own lives and make a difference

in the lives of people who have disabilities. Through social activities, education, and political activity, DAAC strives to promote universal design and inclusion for people with disabilities. The organization aims to educate students about resources, to involve them in extra-curricular activities, and to help them attain skills that will be paramount in their personal and professional lives. DAAC offers members the opportunity to develop diverse friendships and to obtain knowledge about various disabilities through the sharing of experiences.

For further information on DAAC, or for information concerning disability services, students may contact CSD at 262-472-4711.

FAITH-BASED GROUPS

The following faith-based organizations are represented on campus: Jewish Student Organization, Inter-Varsity Christian Fellowship, Catholic Student Coalition (Roman Catholic), Diamond Way Buddhist Group, Navigators Pagan Spiritual Student Organization, and WELS Campus Ministry. In addition, the Campus Ministry Center is affiliated with the following Christian faiths: Catholic, Lutheran, Episcopal, and United Ministries in Higher Education (Presbyterian, Congregational United Church of Christ, United Methodist, and American Baptist). Local churches or off-campus houses maintained by religious organizations provide the facilities for religious and social programs. Some meetings are held in University facilities. For more information, contact Career and Leadership Development.

GENERAL GREEK ORGANIZATIONS

FRATERNITIES

Five general Greek fraternities maintain chapters on the UW-Whitewater campus. Four of these - Alpha Phi Alpha, Phi Mu Alpha Sinfonia, Tau Kappa Epsilon, and Pi Kappa Alpha - are nationally affiliated. Phi Chi Epsilon is a local fraternity. A male student may become acquainted with a fraternity through inquiry to the particular fraternity or by contacting Career and Leadership Development at 262-472-3191.

SORORITIES

Seven sororities maintain chapters on the UW-Whitewater campus. Six of these - Alpha Kappa Alpha, Delta Sigma Theta, Delta Zeta, Sigma Gamma Rho, Sigma Sigma Sigma, and Zeta Phi Beta - are nationally affiliated. Alpha Sigma is a local sorority. A female student may become acquainted with a sorority through inquiry to the particular sorority or by contacting Career and Leadership Development at 262-472-3191.

GENERAL RECREATION

Sports facilities are open throughout the day and weekends for recreational use. Indoor facilities are available for such activities as basketball, volleyball, track (walking and jogging), racquetball, indoor tennis, and swimming. Outdoor areas and facilities are also available for such activities as softball, football, tennis, sandpit volleyball, disc golf, and basketball. A walking/jogging trail is located near Perkins Stadium for recreational use. Equipment checkout is available for these activities with a valid University ID. Facility reservations are also available for any of the indoor or outdoor facilities, as well as the Lawcon Picnic Shelter and the Coulthart Family Pavilion. To use the Weight Room and Fitness Center, a membership fee is required and can be purchased through the Office of Recreation Sports and Facilities, 100 Williams Center. The Weight Room is located in the Williams Center/DLK/Kachel Fieldhouse and University Fitness is located in the basement

of Wells Hall. Call 262-472-1145 for further information.

HONORARY ORGANIZATIONS

The following Honorary Organizations are represented on campus: Beta Alpha Psi (business), Beta Beta Beta (biology), Chi Sigma Iota (counseling), Golden Key National Honor Society (Juniors/Seniors; service-oriented), the Honors Student Association, Kappa Delta Pi (education), Mu Kappa Tau (marketing), Phi Eta Sigma (first-semester sophomores), Pi Omega Pi (business education), Pi Sigma Alpha (political science), Sigma Delta Pi (Spanish), and Sigma Iota Epsilon (management). Many of these honorary organizations have a service component as well. For more information, contact Career and Leadership Development at 262-472-3191.

INTERCOLLEGIATE ATHLETICS

MEN: Member of Wisconsin Intercollegiate Athletic Conference and NCAA Division III, offering the following 9 varsity sports: Football, Cross Country, Basketball, Swimming/Diving, Wrestling, Indoor/Outdoor Track and Field, Tennis, Baseball, Soccer

WOMEN: Member of Wisconsin Intercollegiate Athletic Conference and NCAA Division III, offering the following 11 varsity sports: Volleyball, Swimming /Diving, Gymnastics, Basketball, Softball, Tennis, Indoor/Outdoor Track and Field, Golf, Cross Country, Soccer, Bowling

INTRAMURAL SPORTS

An extensive program of intramural sports is available for all students, faculty, and staff. Tournaments and leagues are conducted throughout the year in various activities such as 9-hole golf, basketball, badminton, disc golf, dodgeball, indoor and outdoor flag football, floor hockey, innertube water polo, sand volleyball, indoor and outdoor soccer, pickleball, softball, table tennis, tennis, volleyball, wheelchair basketball, racquetball, and indoor and outdoor ultimate frisbee. Entry forms for these activities are available in the Intramural Office, 100 Williams Center. Employment opportunities are also available as sports officials in flag football, floor hockey, basketball, soccer, softball, and volleyball. Call 262-472-1145 or visit the website at www.uww.edu/recsports/ for further information.

IRVIN L. YOUNG AUDITORIUM

Young Auditorium is the home for several performing artist series, including Cultural Affairs Presents, Young Auditorium Presents, Horizons Matinee, and Horizons Family Series. These auditorium-sponsored series account for twenty-five to forty professional performing arts events each year. The auditorium is also used for various Music Department, Student Organization, and Continuing Education-sponsored activities.

The unique design of the Young Auditorium features a graciously appointed auditorium chamber with approximately 1,300 seats, depending on the stage configuration. Through lighting effects and seating arrangements, the auditorium can achieve a feeling of warmth and intimacy found in a much smaller space. The clean lines and unobstructed views of the chamber create a welcoming performing environment in this well-appointed facility.

One of the many striking areas is the Fern Young Terrace, which offers unparalleled charm guaranteed to enhance any event. The facility's Kachel Center offers flexibility with its sprung hardwood floor. Conferences will find the room appealing for groups of up to 150 or as a space for small groups. Both the Fern Young Terrace and the Kachel Center can serve as support spaces to complement auditorium functions or as versatile stand-

alone meeting, rehearsal, or reception rooms.

Young Auditorium provides students and the surrounding communities an astounding opportunity to experience a variety of cultural events. The auditorium is also available to student and community groups that wish to present their own activities.

MUSIC ACTIVITIES

The Department of Music sponsors a wide variety of instrumental and vocal performing groups, including Bands (Warhawk Marching Band, Symphonic Wind Ensemble, and Concert Band), Orchestras (Whitewater Symphony Orchestra and Chamber Orchestra), Choirs (Chamber Singers, Concert Choir, Women's Chorale, Meistersingers Men's Chorus, Main Street Vocal Jazz, and Gospel Choir), Jazz (Jazz Ensembles I and II, and small group Jazz opportunities), and many small instrumental ensembles, as well as opportunities for musical theatre and opera performance. All ensembles sponsored by the department are open by audition to all University students. Playing or singing in an ensemble can be a rich and rewarding experience for any UWW student, both musically and socially. Contact the Music Department office or see the website for additional information.

The Department of Music annually sponsors over 100 concerts and recitals, including student groups and solo recitals, solo and chamber recitals by our faculty, and performances by a wide array of nationally and internationally known guest artists and chamber groups. Most programs are offered free of charge.

OFFICER EDUCATION

The completion of the Army ROTC Program - Leadership, Military Science and Aerospace Studies Department - and a baccalaureate degree lead to a Commission in the United States Army Reserve.

OPPORTUNITIES IN JOURNALISM AND COMMUNICATION

The campus television station, UWWTV, the radio station, WSUW, the print/on-line newspaper, the Royal Purple, the Advertising Club, the Zeta Phi Eta professional Communication fraternity, and a well-respected Forensics program all serve to provide both Communication majors and non-majors alike with opportunities to hone writing and speaking skills.

RADIO STATION

WSUW-FM (91.7 on the dial) is a 1300-watt student-run radio station operated by the University. The radio station provides a valuable on-site practicum for University instruction through practical experience to students and also acts in a service and outreach capacity for the University to the campus community and to the city of license.

SERVICE ORGANIZATIONS

A wide variety of service organizations exist, providing students with numerous ways to contribute to the campus and community. These organizations include, but are not limited to, Amnesty International, America Reads, Best Buddies, Big Brothers Big Sisters of Walworth County, Circle K, Habitat for Humanity, Helping Hands, Nursing Home Visitation Program, UW-W Student Foundation, Student Optimist Club, and numerous faith-based and Greek organizations which also offer service projects. For more information, contact Career and Leadership Development at

262-472-3191.

SPECIAL INTEREST GROUPS

The University recognizes a large number of special interest groups. A complete directory of all student organizations, their officers, and advisors is available at Career and Leadership Development.

STUDENT PUBLICATIONS

The Royal Purple is a weekly student-run newspaper of the University of Wisconsin-Whitewater. The print version of the paper is published once a week, and an online version is updated daily. By working on the Royal Purple, students can obtain hands-on writing, multimedia, or advertising experience while receiving course credit. The Royal Purple also offers students the opportunity for advancement to editorial and business management positions. www.royalpurplenews.com

UNIVERSITY SPIRIT PROGRAM

The Cheer and Stunt Team and Spirit Squad support the athletic teams and promote campus spirit. The teams/squad performs at all home games and accompanies the Warhawks to away games. Cheerleading tryouts are open to all interested men and women, held in the Fall for the Basketball Cheer & Stunt Team and Spirit Squad and in the Spring for the Football Cheer and Stunt Team. Interested students may contact the Office of Recreation Sports and Facilities, 100 Williams Center, 262-472-1145.

The Dance Team supports Warhawk athletic teams at all home football and basketball games. Tryouts take place each Spring for Football and each Fall for Basketball. Interested students may contact the Office of Recreation Sports and Facilities, 100 Williams Center, (262) 472-1145.

Willie Warhawk is also part of the Spirit Program. Contact the Office of Recreation Sports and Facilities, 100 Williams Center, (262) 472-1145, to set up an interview. www.uww.edu/recsports

UNIVERSITY THEATRE

Annually the Department of Theatre/Dance presents six major productions, including a touring children's play and a dance concert, as well as student-produced scenes and one-act plays. These activities provide rich opportunities for students to see a wide range of productions. Students may also participate in the technical aspects of productions and in theatre management, and may audition for roles in any of the productions. Camaraderie through theatre activities will enliven college life, and the arts and skills learned will forever enhance students' lives.

GLOSSARY OF TERMS

Academic Advisor A faculty or staff member appointed to assist a student in planning his or her academic career.

Advising Report (AR) A degree progress report that indicates requirements completed as well as those that need to be completed. This document matches a student's academic history against their declared academic program requirements.

Class Number A unique four-digit number assigned to each course/section listed in the schedule of classes. It is the number used in the registration system for the purpose of adding, dropping, or changing the grade basis.

Class Schedule A listing of the courses being taken by an individual student each term.

Corequisite (Coreq) A course that must be completed prior to, or during the same term as, another course. For example, Biology 120 has a coreq of Math 141.

Course A particular topic being studied. A course is comprised of a Subject and a Catalog number. For example, Biology 120 is a course.

Curriculum Those classes prescribed or outlined by an institution for completion of a program of study.

Developmental Studies Courses designed to help students improve basic skills in the areas of reading, writing, and study skills. Consult an advisor or the Developmental Studies office for further information.

Department An academic unit of the University which offers instruction in a particular branch of knowledge, such as the Department of Music.

Elective A course which students may select from a list within their academic program or from the course catalog as a whole (as opposed to a required course, which must be taken).

Emphasis An approved set of courses within a major that define a specialty area or specific field of study. For example, Advertising is an emphasis within the Journalism major.

Equivalent Courses Courses whose content overlaps with one another. For example, if a student takes Sociology 270, credit cannot also be earned for African American Studies 270 because the course material is similar.

Extracurricular Activities Activities which are part of student life but not part of a student's academic program are extracurricular activities. Participation in Athletics, Student Government, and other campus organizations are examples of this.

Fee A charge the University requires for certain services.

Good Academic Standing In order to remain in good academic standing at UW-Whitewater, a student must have a cumulative GPA of 2.00 or above. Some colleges and/or programs may require a GPA above 2.00 in order to remain in their programs.

Hold Holds can be placed on a student's account by various departments on campus. Holds may consist of academic advising restrictions, financial obligations, or other specified requirements. A registration hold is any

restriction that prevents registration. Many students will have an academic advising hold placed on their records; this hold is released only after completing an advising appointment. Failure to follow the advising process may result in the inability to register at the assigned enrollment start date and time. These holds can also prevent the release of official transcripts.

ID Card The University provides students with a HawkCard (University ID Card). The HawkCard contains the name of the University, the student's name and photo, and a bar code and electronic encoding of the student's ID number. The HawkCard will be used during the entire time students are enrolled at UW-Whitewater. It can be used for proof of enrollment, if required, which entitles a student to a number of special privileges and services. A fee is assessed for all replacement cards. For more information about the HawkCard policies and available services, visit the UW-Whitewater HawkCard web page.

Major The subject or field of study in which a student specializes. For example, students planning to specialize in mathematics will major in that field. Students choosing to specialize in two subjects will have a double major.

Minor A field of secondary emphasis. The total number of units required in the minor field is typically less than that required for the major.

Prerequisite (Prereq) A requirement or set of requirements that must be met before taking a particular course. For example, English 101 is a prereq of English 102. Not all prerequisites are courses; prerequisites can consist of other obligations and conditions.

Registration The act of enrolling in classes. Registration involves selecting classes with the help of an advisor and submitting the enrollment requests via the WINS system.

Required Courses Courses designated by the University as necessary for completion of a program.

Schedule of Classes A list of all the courses to be offered by the University during a specific term.

Section Number A number used to distinguish one class from another. A course may offer several classes or sections at various times throughout the day or week. Sections that include the letter 'X' or 'H' are reserved sections for select populations of students, such as those in Learning Communities or the Honors Program, and are not available to all students. (Example: English 101 section 6.)

Subject A subject is a particular area of study in which the University offers courses, such as English, French, Mathematics, or Geology.

Term Hour A term hour is generally a 50-minute period of instruction per week for a term. A three-term hour course would meet for three 50-minute periods each week for a term. Laboratory or activity periods are counted differently in the total hours for a course.

Undergraduate A student seeking a bachelor's degree or who has been admitted as an undergraduate for the purpose of taking classes for enrichment.

Unit Load The total number of units for which a student is registered in a term.

Units The terms 'units' and 'credits' can be used interchangeably to describe recognition by a college or university that a course of studies has been

successfully completed.

Unrequisite (unreq) A course for which credit cannot be earned because the content overlaps with the specified course. See Equivalent Courses. For example, HISTRY 355 has an unreq of RELIGST 355.

Waiver A waiver indicates that a student does not need to take a specified course. A waiver does not result in the awarding of credit.

WINS (Whitewater Information Network for Students) UW-Whitewater's student computer system that is available for students to register for classes, check financial records, view Advising Reports, and access the schedule of classes.

COURSE LISTINGS

units under the sponsorship and guidance of a faculty member.

Courses are listed by subject area.

The subject abbreviation designates the department/subject area and subdiscipline within that area. The set of three numbers refers to the specific course within the subject area. For example, MUSC refers to the subject area, Music, and 143 refers to the specific course, Survey of American Jazz.

In any reference to a specific course, the full set of subject area and course numbers should always be used.

Course numbers 000-099 are courses that carry no units toward degree requirements. Courses numbered 100-299 are lower-division courses. Courses numbered 300-499 are upper-division courses which may be dual-listed as 500-699 for graduate unit. Courses at the 700 level are open only to graduate students.

A course number may occasionally have a letter suffix to designate that it is open only to students with a specific educational background preparation.

The letter "G" appearing after the course title identifies the course as one that can be used in satisfying the University General Education requirements. The second letter following the "G" identifies the category within General Education to which the course applies. Proficiency and Diversity courses are identified with the appropriate designation after the course title.

SPECIAL COURSES

These courses are available on a selected basis through most of the academic departments. The course descriptions are common to all departments. However, the prerequisites and the number of units permitted in certain programs may differ. Note the limitation of units for degree programs identified in the Catalog.

490 WORKSHOP

Group activity oriented presentations emphasizing "hands on" and participatory instructional techniques. Workshops have as their primary goal the imparting of either a specialized knowledge base regarding an instructional strategy or method or a specific skill. Presentations which are more broadly based in content or which emphasize intensive study and/or research procedures are not to be offered under a workshop number or title.

491 TRAVEL STUDY

A planned and directed group excursion involving extensive academically focused travel, usually conducted in a foreign country.

494 SEMINAR

Group activity. An advanced course of study in a defined subject matter area emphasizing a small group in intense study with a faculty member.

496 SPECIAL STUDIES

Group activity. Not offered regularly in the curriculum but offered on topics selected on the basis of timeliness, need, and interest, and generally in the format of regularly scheduled Catalog offerings.

498 INDEPENDENT STUDY

Individual activity in an area of special interest for a variable number of

The College of Arts and Communication offers opportunities for expanding creative talents and aesthetic awareness, and for developing communication skills and understanding of the mass media in today's society. Students in the College acquire these skills and understandings through course work and participation in varied college activities.

Students are invited to attend plays, concerts, and exhibits, to audition for roles in theatre productions, to participate in musical ensembles and to gain first-hand experience in areas of radio, television, media arts and game development, and print media. Many opportunities are available to volunteer and gain valuable experience. Involvement in the arts and communication fields will enrich the total college life.

If students choose to take courses in the arts and communication, they will be encouraged to discover and develop their talents. Their work with faculty will enable them to reach creative and analytical goals and to develop the perceptions, production skills and reflective dispositions which characterize professionals in their chosen discipline. Students in the College find a wide range of possibilities for participation in addition to opportunities to specialize in areas of particular interest. The production studios, rehearsal rooms, stages and media labs are active and congenial places at all hours.

Students in Communication make use of a number of facilities and programs. UWWTV, the on-campus TV station, provides opportunities for experience in television production, direction and performance. Radio broadcasting facilities are available at WSUW, the campus radio station, WSUW-FM (91.7), "The Edge." The Journalism program offers opportunities to work on the Royal Purple, the student newspaper with facilities that support both the Royal Purple's print and web formats. Students in Art, Music, Theatre and Dance and Media Arts and Game Development take advantage of the facilities in the Greenhill Center of the Arts, including carefully designed and fully equipped studios, computer labs, shops and rehearsal rooms for artists, dancers, musicians, actors and theatre technicians. The Crossman Gallery, the Barnett and Hicklin Studio Theatres, and the Light Recital Hall provide beautiful settings for students' exhibitions, theatre performances, dances, or music concerts. A number of interdisciplinary programs allow students in the college to interact and collaborate on professional projects. The adjacent Young Auditorium is an acoustically excellent performance facility with 1300 seats.

PROGRAMS IN ARTS AND COMMUNICATION

Students may prepare for a variety of careers through majoring or minoring in arts and communication, either preparing to be a practicing artist or

communicator or in using those talents and skills in a variety of settings in business, education, non-profit organizations, the media, government, and other areas. Majors are available in: art (studio, graphics, art history), art education, journalism (print, broadcast and advertising), media arts and game development, music, music education, speech communication (public relations, electronic media, corporate and health communication), and theatre, and theatre education. For students whose career preparation cannot be met in a single department in the college, an individually designed major or minor is available. Other minors are: advertising, art, art history, art studio, arts management, dance, journalism, journalism education, media arts and game development, music, public relations, communication, communication elementary, communication secondary, and theatre.

Students are encouraged to work closely with their advisor to make the best choices for their personal and career goals from the wide array of course possibilities available. Graduates from the college have an excellent placement rate, moving into employment opportunities that use their well-developed talents and skills.

The Department of Art and Design is fully accredited by the National Association of Schools of Art and Design (NASAD), the Music Department is fully accredited by National Association of Schools of Music (NASM) and the Theatre/Dance Department is fully accredited by the National Association of Schools of Theatre (NAST).

DEPARTMENTAL ORGANIZATIONS AND ACTIVITIES

The departments of the College sponsor a wide variety of organizations and activities in which students participate.

DEPARTMENT OF ART AND DESIGN

The Student Art Association provides both professional and social activities for its members. Membership is open to all students enrolled in art or art education programs.

The AIGA/Student Design Association, organized in 1992, accommodates the professional interests of students in the graphic design field. The organization sponsors opportunities to interact with professionals in graphic design and provides a forum for students to discuss techniques and skills involved in the design process.

The Ceramics Club and Alloy (metals and jewelry), and the UWW Printmakers Association (Print Farm) address the professional interests of students active in ceramics and art metals and printmaking and sponsor visiting artists and workshops in each of the areas during the academic year. The groups also host the popular annual holiday ceramics and jewelry sale and the annual Print Farm print sale.

COMMUNICATION

The Public Relations Student Society of America (PRSSA) is the student organization specifically for public relations students. The organization provides students with opportunities to use their writing and speaking skills, to build their leadership skills, to network with professionals, to attend workshops and conferences, to compete in case studies, and to make new friends.

The Royal Purple, an independent student newspaper, offers student journalists opportunities in writing, editing, sales, photography, layout, and management.

The Advertising Society provides opportunities for advertising majors and minors to explore the advertising profession and interact with professionals in the field.

The Forensics team is open to all students and competes against other colleges and universities in regional and national contests.

UWWTV (Campus Cable Television Station) is open to all students, regardless of major, who are interested in television performance and/or production.

WSUW (Campus FM Radio Station) features student programming in a wide array of formats (music, news, sports and talk). The station welcomes all majors.

MUSIC

The UW-W chapter of ASTA, the American String Teachers Association, is open to musicians who are interested in promoting excellence in string and orchestra teaching and playing.

The student chapter of NATS, the National Association of Teachers of Singing, encourages the highest standards of singing through excellence in teaching and the promotion of vocal education and research. Members participate in state and regional competitions as well as professional development activities.

The campus chapter of the Collegiate Music Educators National Conference (CMENC) is composed of music majors and minors interested in music education.

The Wisconsin Association of Jazz Educators (WI-AJE) promotes the appreciation of jazz and its artistic performance, helps organize jazz curricula in schools, and fosters the application of Jazz principles at all levels of education. Membership is open to any student interested in Jazz.

The Symphonic Wind Ensemble plays challenging band literature and is open by audition to all qualified students. This group annually tours in the spring and makes several appearances on campus.

The Concert Band is another large ensemble within the department that plays a variety of band literature. Open to all students with previous band experience by audition.

The Whitewater Symphony Orchestra performs several concerts each year from the standard symphonic repertoire. The orchestra sponsors a Concerto competition and performs a major work with the Choir each year. The group is open to all students by audition.

The Chamber Orchestra is a smaller group comprised of strings only, playing repertoire from the string orchestra repertoire. The group is open to all students by audition.

The UW-W Jazz Bands are open by audition to all UW-Whitewater students. Jazz Ensembles I and II perform a wide array of standard and contemporary styles for big band. The Jazz Labs are small combos where students can focus on the development of improvisation skills. All groups are involved in many concerts and events throughout the year.

The Warhawk Marching Band is open to any student who plays an instrument and has had some marching experience. The band provides entertainment for all home football games and one away game each year.

There are numerous small ensembles, which perform in concerts and recitals throughout the year. In addition, several larger groups perform concerts during the Spring Term. These are all open by audition and include Brass Choir, Clarinet Choir, Early Music Ensemble, Flute Choir, Horn Choir, Pep Band, Percussion Ensemble (both Fall and Spring terms), Saxophone Quartet, String Ensemble, Trombone Choir and Trumpet Ensemble.

The Chamber Singers is a highly selective ensemble of 32 singers singing challenging choral literature of all periods. They perform on campus and on annual tours. Open to all university students by audition.

The Concert Choir is a large, mixed group of about 60-100 singers who perform music of all styles in campus concerts. Open to all university students by audition.

Main Street Vocal Jazz is a select group of 12-16 mixed voices with rhythm section that performs Jazz and a wide range of other styles in concerts on and off campus. Open to all university students by audition.

The Women's Chorale is a select ensemble of women's voices who perform a wide variety of works from the rich tradition of compositions for treble voices. Open to all university students by audition.

The Meistersingers is a select ensemble of men's voices who sing works from the Männerchor tradition and a wide range of works for male voices. Open to all university students by audition.

The Gospel Choir is a mixed chorus open to all UW-Whitewater students. Repertoire is selected from traditional spiritual to contemporary gospel, taught through the oral tradition "by ear."

Opera Workshop is comprised of singers selected by audition; the Opera Workshop performs a recital of opera scenes in a staged, costumed scene recital once annually (Fall Term). Intended for more advanced singers, but open to all university students by audition.

THEATRE AND DANCE

The Department of Theatre/Dance presents evenings of one-act and full-length plays directed by students in addition to the five mainstage productions directed by the faculty during the academic year. All University students are eligible for participation in acting, makeup, costuming, lighting, sound, stagecraft, and theatre management. Students are urged to note announcements for tryouts.

Summer Theatre: The Department of Theatre/Dance produces two plays in June and July in Hicklin Studio Theatre. All students and interested persons in the community are invited to try out for roles or to participate in other aspects of production. Participants may earn from 1 to 6 units by enrolling in the appropriate practicum course.

Children's Theatre/Touring Theatre: A play designed for children and family audiences is toured annually to elementary schools and public theatres in Wisconsin and northern Illinois.

Contemporary Dance: The annual dance concert is open to all students who demonstrate proficiency in dance. All are invited to audition. It is presented each spring, featuring student performers and choreography by faculty, students, and guest artists.

UWW Dance Company: This group helps promote all forms of dance on campus, sponsors workshops, and presents the annual Emerging Choreographers' Concert.

PROFESSIONAL AND HONORARY FRATERNITIES

Delta Omicron: A professional fraternity for and a charter member of the Professional Panhellenic Association, Delta Omicron's membership is made up of music majors interested in service to the musical community. Members usher for all activities sponsored by the Music Department and present at least one recital each year. Pledges are accepted in the spring and the fall, with scholarship and musicianship as the main requirements.

Phi Kappa Phi: A community of scholars and professionals creating a global network comprised of the best and brightest from all academic disciplines by recognizing and promoting academic excellence in all fields of higher education and engaging the community of scholars in service to others.

Phi Theta Psi: A professional fine arts society.

Pi Kappa Delta: A forensics honorary fraternity that recognizes qualified students who compete in inter-collegiate debate and forensics.

Theta Alpha Phi: Wisconsin Delta chapter of this national honorary dramatic fraternity was installed at Whitewater in May 1950. Membership is earned

72 INTERDEPARTMENTAL

through participation in all phases of theatrical production and evidence of a continuing interest in theatre and the fraternity works to promote the theatre arts in all of its forms.

Zeta Phi Eta: A national professional fraternity in Communication Arts and Sciences offering students opportunities to develop their skills in communication and leadership through educational and service activities both on the campus and within the community.

COLLEGE DEGREE REQUIREMENTS

BACHELOR OF ARTS (BA)
BACHELOR OF FINE ARTS (BFA)
BACHELOR OF MUSIC (BM)
BACHELOR OF SCIENCE (BS)

Students may earn a Bachelor of Arts, a Bachelor of Fine Arts, a Bachelor of Music or a Bachelor of Science from the College of Arts and Communication. Successful completion of a minimum of one hundred twenty (120) units in the following areas is required.

College Degree Requirements

All new freshmen entering the Summer of 1994 or later and all transfer students entering the Summer of 1996 forward must complete the following degree requirements in addition to Proficiency, General Education, Diversity, and Writing:

BA Degree

All students must complete at least 2 (GA)Arts units outside their major department in the college in addition to the 3-unit World of the Arts course (GENED 110). It is advisable to first take The World of the Arts course. They must also complete a minimum of 6 (GH)Humanities units (from 2 different subjectareas) in addition to General Education required core classes.

BFA and BM Degrees

All students must complete at least 2 Arts units outside their department in the college in addition to the 3-unit World of the Arts course (GENED 110). It is advisable to first take The World of the Arts core course.

BS Degree

Students must complete at least 6 (GL/GM) units in Natural Sciences/Mathematics (GL/GM) in addition to the Laboratory Science course and general education elective 3 unit science or math (GL/GM) for a total of 13-14 GL/GM units.

Major 34-81 units:

The number of units required for a major varies with the different departments and the particular major desired. Consult the following sections of this catalog devoted to departmental major offerings.

Minor 21-24 units:

Requirements for a minor vary with the different departments and with the minor desired. The College of Arts and Communication accepts most University minors including the Professional Minor in Business Studies. A minor is not required with a major of 54 or more units. Consult the following departmental sections for these offerings.

Writing Proficiency in Major: This requirement is determined by each department.

General Electives

For the remainder of the 120 units, students will be free to plan with their advisor a program best suited to their needs and interests. If they meet the prerequisites stated by the respective departments, they are free to choose elective courses from any college in the University.

To be eligible to graduate as an Art, Music, or Theatre major, students

must have a minimum grade point average of 2.5 in the upper level courses within their major.

To be eligible to graduate as a Theatre BFA major, students must have a minimum GPA of 2.75 in the major and a 2.50 overall GPA.

A 2.25 cumulative GPA is required to declare all emphases in the Communication major except for the Public Relations emphasis which requires a 2.5 GPA to declare. A 2.5 cumulative GPA is required to declare all emphases in the Journalism major except for the International Journalism emphasis which requires a 2.75 GPA to declare. A minimum 2.25 GPA is required in both the Communication and Journalism majors for graduation. The major GPA is based upon both the grades for courses completed at UW-W and those for courses accepted in transfer.

A 2.25 cumulative GPA is required to declare the Media Arts and Game Development major.

INTERDEPARTMENTAL

MEDIA ARTS AND GAME DEVELOPMENT - COMMUNICATION/GAMING EMPHASIS (BA/BS)

The Media Arts and Game Development (MAGD) program brings together talented faculty from the Departments of Art & Design, Communication, Computer Science, and Music. The curriculum includes a cohort of core classes for all students in the program, along with three separate tracks in Communication/Gaming, Visual Media Design, and Technology/Programming that allow students to focus their studies in an area of specialty. The program culminates in a year-long capstone experience that brings students from all three areas back together to create substantial interactive projects in teams.

Students pursue programs of study towards a wide range of careers in web development, motion graphics artist, graphic designer for interactive media, animators, game designers, usability engineers, casual and serious game developers, game producers, interface designers, game level designers, software developers, etc.

MEDIA ARTS AND GAME DEVELOPMENT STIPULATIONS

1. MAGD majors must choose an initial track (Visual Media Design, Communication/ Gaming, or Technology/Programming) upon entering the program, though these can be changed at any time
2. MAGD majors must meet all College of Arts of Communication requirements for graduation.
3. MAGD majors are responsible for consulting current advising sheets available in the Department Office of their track (Art & Design, Communication, or Math/Computer Science) and on the MAGD website for explanations and updates in Department and College regulations.
4. Students are limited to three Studio classes per term unless prior approval is given by the student's advisor, the Art & Design Department chair, the MAGD coordinator, and all faculty teaching those courses.
5. Students taking classes within Media Arts and Game Development may be required to purchase equipment or supplies that they retain to complete courses projects.

The Arts Management minor is not meant to be completely comprehensive, but rather a complement to other arts coursework that provides enough

exposure at an early stage to assist students in choosing a career in arts administration.

 - b. FOR PROFIT: MANGEMNT 386 AND 5 UNITS FROM ACINDP 200 AND ACINDP 493
4. SELECT 6 UNITS FROM COURSES
ACINDP 361, ARTSTDIO 180, JOURNLSM 220, JOURNLSM 320, COMM 202, COMM 203, COMM 204, COMM 242, ITBE 353, ECON 245, MANGEMNT 301, MANGEMNT 320, MANGEMNT 486, MARKETNG 321, MARKETNG 337, MARKETNG 350, MARKETNG 432 OR OTHER COURSES APPROVED BY THE MINOR ADVISOR ASSIGNED BY THE COLLEGE DEAN

INDIVIDUALLY DESIGNED MAJOR

This major is designed to permit students to focus their study on a topic or problem area which falls outside the limits of a conventional major. Since each major is individualized, what is deemed appropriate for one student may be deemed inappropriate for another. The purpose of the major is to accommodate an integration of the courses and programs not offered by the University; it is not a means of forming special majors or degrees which the University is not authorized to offer. The Individually Designed Major, leading to the Bachelor of Arts degree, must consist of a coherent pattern of approved courses taken in more than one department.

INDIVIDUALLY DESIGNED MAJOR WITH A MINOR (BA)

A grade point average of 2.5 is needed for admission to the program. A grade point average of 3.0 in the major is required for graduation.

OPTION I

MAJOR - 36 UNITS

1. SELECT 36 UNITS IN CONSULTATION WITH YOUR ADVISOR. INCLUDE NO MORE THAN 24 UNITS FROM ANY ONE DEPARTMENT.
- AN APPROVED MINOR IS REQUIRED FOR THIS MAJOR

OPTION II

MAJOR - 54 UNITS

1. SELECT 54 UNITS IN CONSULTATION WITH YOUR ADVISOR. INCLUDE NO MORE THAN 24 UNITS FROM ANY ONE DEPARTMENT.
- NO MINOR IS REQUIRED FOR THIS MAJOR

Writing Proficiency Requirement: Consult advisor (ENGLISH 370 recommended)

Electives bring the total to a minimum of 120 units. In either Option I or II of the Individually Designed Major students will choose as an advisor a faculty member whose competence is in the area of their interest. Together with the advisor they will plan the major and submit in writing to the College Individualized Major/Minor Committee for its approval a proposed list of courses, a schedule plan and a statement of the rationale and goals of the major program. The major should be approved, with the possibility of subsequent amendment, no later than the end of the sophomore year.

74 INTERDEPARTMENTAL

Any later approval may result in additional terms of study. The program must be planned and approved in advance of admission to the major. Any changes in the major at a later date will require written permission from the Individualized Major/Minor Committee.

Under either Option I or II students may count at most 24 units from any one department for fulfillment of total degree requirements. The Individualized Major/Minor Committee will carefully review student proposed courses to assure a reasonable depth of study beyond the general survey level. One-half of the units earned for the major must be taken within the College of Arts and Communication. A concentration of course work within the College of Arts and Communication will meet the needs of students interested in interdisciplinary fine arts studies and those wishing to combine fine arts courses with a combination of any other college's courses. Primary supervision of the major rests with the Individualized Major/Minor Committee.

INDIVIDUALIZED MINOR

If students have definite educational goals which cannot be met by any of the existing minors, they may design an individualized minor consisting of at least 24 units in areas related to their clearly stated goals, and the courses included in the minor should be related to those goals. However, these courses do not have to be in areas related to the major. Each minor is approached on an individual student basis. Students may complete at most one individualized minor.

MINOR - 24 UNITS

1. SELECT 24 UNITS IN CONSULTATION WITH YOUR ADVISOR. COURSES MUST BE OUTSIDE YOUR MAJOR AREA.

A statement of the content, nature and rationale of the proposed individualized minor must be approved by the major department. If fifteen or more units of the minor are to be taken in any one department of the College of Arts and Communication, the proposed minor shall be approved by that department as well as the major department. Further, the proposed minor shall be sent to the Office of the Associate Dean of the College of Arts and Communication for the Dean's referral to the College Individualized Major/Minor Committee for its approval.

The minor should be prepared early in the students' college career, preferably before the junior year. At least 12 units of the courses proposed for the minor must be earned after the plan is approved. Any subsequent changes in the minor must be approved by the Individualized Major/Minor Committee.

The responsibility for certifying that students have met the requirements of their minor rests with the Associate Dean of the College of Arts and Communication.

COURSE DESCRIPTIONS

MAGD 150 INTRODUCTION TO MEDIA ARTS AND GAME DEVELOPMENT 3 u

This interdisciplinary course provides an overview of the multimedia industry. Special attention is given to the study of multimedia applications, approaches, and related industry, policy, ethical and impact issues.

MAGD 210 VISUAL DESIGN FOR DIGITAL MEDIA 3 u

This course introduces students to 2 dimensional design vocabulary with practice through a raster based visual imaging application - Photoshop. This course provides technical proficiency in image making and introduces the relationship of raster design to other media such as Dreamweaver, Flash, InDesign, etc. Visual organization principles/strategies, color theory and management, pixel-based character development and animation concepts will also be addressed.

MAGD 220 DRAWING FOR DIGITAL MEDIA 3 u

This course is designed to help students develop drawing skills including technical drawing for 2D and 3D animation. The course content will include creation of cartoon drawings, study of realistic drawing, study of environmental drawing for cartoon stories. The major software covered in this class will be Adobe Illustrator.

MAGD 270 WEB DEVELOPMENT 3 u

This course provides a critical and practical overview of web development as a communication tool. Students will study the function of websites, critically evaluate websites, and create websites to serve as communication vehicles. The focus will be on creating interactive experiences that are both functional and engaging. The course addresses topics including storyboarding, XHTML, Cascading Style Sheets, and JavaScript. Assessment and usability testing of websites is also an important part of the course. This is a class for beginners and assumes no previous experience or expertise. Prereq: MAGD 150 and MAGD 210

MAGD 271 FLASH DEVELOPMENT 3 u

This course provides the opportunity for students to develop practical and critical skills in the production of multimedia in non-web or "local" environments to advance and enhance communication tasks within an organization. Special attention is paid to using digital images, motion graphics, digital video, and digital audio in the production of display media. Prereq: MAGD 150 and MAGD 210

MAGD 487 ADVANCED MEDIA ARTS TEAM PROJECTS I 3 u

As the culmination of the MAGD sequence, students will pitch, plan, design and build a large group media project as well as smaller projects. Students will implement the knowledge they have acquired individually in courses in the MAGD sequence and learn how to work in groups. Students will also begin to build a working portfolio that demonstrates their skills and showcases their understanding of the media arts and game development process. Prereq: MAGD 150 and MAGD 210 and MAGD 220 and MAGD 270 and MAGD 271 and 12 additional credits in the major and consent of instructor

MAGD 488 ADVANCED MEDIA ARTS TEAM PROJECTS II 3 u

Students will take projects developed to the Beta stage in MAGD 487 and complete them. Projects will undergo several rounds of usability testing and have been assessed by the clients for whom they were developed. Marketing and commercial development of projects will be discussed and students will be encouraged to move completed work out of the university setting and into the community.

Prereq: MAGD 487 and consent of instructor

DEPARTMENT OF ART AND DESIGN

Phone: 262-472-1324

E-Mail: art@uwm.edu

Faculty: Professors Denis Dale, Teresa Faris, Michael Flanagan (Gallery Director), Chris Henige, Daniel Kim, Dan McGuire, Renee Melton, Robert Mertens, Susan Messer (Department Chair), Charles Olson, Gregory Porcaro, Gautam Wadhwa, Jennifer Wehmeier, Max White, Deborah Wilk, Xiaohong Zhang.

Housed in one of the best facilities in the state, the Department of Art and Design offers a wide range of courses in four primary areas: Fine Arts, Graphic Design/Media Arts and Game Development, Art Education and Art History.

Emphasis is placed on developing students' individual skills and interests under the guidance of dedicated artist-teachers of regional, national and international reputation.

Careers in art are as diverse as the programs offered: in Graphic Design as illustrators, designers, and art directors working in both digital and tactile environments, in Multimedia Design related fields, in teaching art and art history at various levels, in museum and gallery work, and in studio production fine arts areas of drawing, painting, sculpture, ceramics, printmaking, metals and jewelry, and photography.

ART DEPARTMENT STIPULATIONS

1. Each graduating senior is required to make an application for a Senior Show during the term prior to the anticipated term of graduation. Works to be exhibited in the Senior Show must have faculty approval at the Faculty Adjudication by midterm of the term of graduation. Failure to meet these requirements may delay graduation.
2. BFA candidates will furnish the Art Department five high quality slides or digital files that are representative of their art production. These will be kept as a record in the College.
3. Art majors are advised to meet the General Education elective requirements by selecting a course in an area other than art. ARTSTDIO 121, 180, 222 and ARTHIST 111 cannot be used for any major program in Art. (See General Studies)
4. Art majors must meet all College of Arts and Communication requirements for graduation.
5. All studio art majors must participate in the Foundations Review. (see

76 ART AND DESIGN

Foundations Review Stipulations below)

- Art education programs lead to licensure for teaching grades K-12. For Bachelor of Science in Education program, see requirements for admission to College of Education. All Art students seeking licensure are advised to consult the Supervisor of Directed Teaching immediately for guidance in planning their program.
 - Art majors are responsible for consulting current advising sheets available in the Department Office and on the Department web site for explanations and updates in Department and College regulations.
 - Students are limited to three Studio classes per term unless prior approval is given by the student's advisor, the department chair, and all faculty teaching those courses.
 - Students may be required to purchase supplies for art works they create and retain in studio art courses.
- The Foundations Portfolio Review for BA, BSE, and BFA degree-seeking students will occur the semester following their completion of the studio-based core foundations courses: 2-D Design (ARTSTDIO 102), 3-D Design (ARTSTDIO 103), and Drawing I (ARTSTDIO 201).
 - The Foundations Portfolio Review must be passed before students will be admitted to 300-level or above studio art courses.
 - Students maintaining a 3.3 GPA in the core foundations courses will be waived from the Foundations Portfolio Review.
 - Students wishing to continue in the program as a major, but who have not met the 3.3 GPA in the core foundations courses, must apply for and pass the Foundations Portfolio Review portfolio examination.
 - The Foundations Portfolio Review may be taken only once. Students may not repeat the Foundations Portfolio Review.

2. SELECT 3 UNITS FROM COURSES DESIGNATED ANCIENT OR MEDIEVAL ARTHIST 311 OR ARTHIST 312
3. SELECT 3 UNITS FROM COURSES DESIGNATED EARLY MODERN ARTHIST 313, ARTHIST 314 OR ARTHIST 315
4. SELECT 6 UNITS FROM COURSES DESIGNATED MODERN ARTHIST 305, ARTHIST 316, ARTHIST 317 ARTHIST 318, ARTHIST 319, ARTHIST 320
5. ARTHIST 496 MAY BE USED ABOVE WITHIN THE DESIGNATED CATEGORY FOR THE COURSE

COURSE DESCRIPTIONS

ART STUDIO COURSES

ARTSTUDIO 102 2-DIMENSIONAL DESIGN GA 3 u
This course is dedicated to the study of design for the flat surface. A variety of techniques, tools and materials are used to examine the basic elements, principles and concepts of visual organization. Emphasis is placed on the development of problem solving skills and ideation.

ARTSTUDIO 103 3-DIMENSIONAL DESIGN GA 3 u
This course is dedicated to the study of design in the three dimensions of height, width, and depth. Working with a variety of media, students will learn how to manipulate the elements and organizational principles through the construction and analysis of three-dimensional projects.

ARTSTUDIO 121 BASIC ART GA 3 u
An introductory studio course for non-art majors and minors covering the basic concepts and materials of major visual arts.

ARTSTUDIO 180 INTRODUCTION TO ADVERTISING DESIGN 3 u
An introductory course for non-art majors covering the principles, materials, procedures and applications of advertising design.
Prereq: Students may not register for ARTSTUDIO 180 if previously or currently enrolled in any ARTSTUDIO 300 level course or above, unless departmental approval is obtained.

ARTSTUDIO 201 DRAWING I GA 3 u
An introduction to the basic concepts in drawing. This course provides a systematic exploration of the drawing methods with an emphasis on traditional approaches to line, form, composition, perspective and chiaroscuro.

ARTSTUDIO 202 DRAWING II 3 u
This course develops concepts and skills introduced in Drawing I. Color, alternative materials and variable formats will be explored in a problem-solving format. Emphasis is placed on strengthening content and design relationships. 2-D design experience recommended.
Prereq: ARTSTUDIO 201.

ARTSTUDIO 213 INTRODUCTION TO DIGITAL PHOTOGRAPHY GA 3 u
This course is intended to offer beginning photographers the basics of visual composition, digital camera operation, photo file post camera adjustments and management and image editing for the creation of digital photographs using compact digital cameras.

ARTSTUDIO 222 DESIGN FOUNDATIONS FOR THE WEB 3 u
This primarily classroom formatted course will introduce students to the elements and principles of media design and how they relate to web site and page content creation. The focus throughout is on visually and aesthetically effective site design. Topics include visual organizational principles, criteria for aesthetic development, critical visual awareness, graphics utilizing digital imaging and web page design software, time based media, animation, audio and video, and the role of designer and programmer on the aesthetics and function of web communication.
Prereq: Restricted to non-Art majors.

ARTSTUDIO 230 PRINTMAKING: INTRODUCTORY SURVEY 3 u
An introduction to a wide range of fine art printmaking techniques. Projects will focus on the relief, intaglio, monotype, and screenprint processes. The survey format will stress aesthetic development as it relates to the exploration of various print media. Students will be encouraged to create expressive and original imagery in projects which address technical design and conceptual objectives.

ARTSTUDIO 251 CERAMICS I GA 3 u
A course designed to give the student the opportunity to explore hand building in slab, coil and other techniques; wheel throwing will be introduced as a basic means of pottery development. Work with a variety of glazing techniques will be stressed.

ARTSTUDIO 271 METAL AND JEWELRY I GA 3 u
Exploration into creating jewelry and small sculpture from brass, copper, bronze, and silver. This course is designed for both art majors and non-art majors.

80 ART AND DESIGN

- ARTSTDIO 272 METAL AND JEWELRY II** 3 u
Continued exploration into the creation of jewelry and small sculpture from metal. Emphasis is on conceptual and technical achievement.
Prereq: ARTSTDIO 271.
- ARTSTDIO 287 COMPUTER GRAPHICS FOR THE ARTIST** 3 u
Creation of computer generated artwork with an emphasis on photo based digital imaging techniques. Lecture content includes discussions, readings and visual presentations on contemporary usage of electronically generated art and design.
Prereq: ARTSTDIO 102 and Sophmore standing.
- ARTSTDIO 303 DRAWING III: THE FIGURE** 3 u
This course provides an introduction to figure drawing. Studio sessions are dedicated to drawing from life models, study of structural and surface anatomy, and the development of sound technical skills and creative approaches to drawing the human figure.
Prereq: ARTSTDIO 202.
- ARTSTDIO 311 PHOTOGRAPHY: EXPRESSION AND EXPERIMENTATION** 3 u
Lectures, demonstrations, and darkroom work sessions constitute a basic introduction to photographic tools, techniques, and expression. Media: black and white prints.
- ARTSTDIO 313 INTERMEDIATE DIGITAL PHOTOGRAPHY** 3 u
An intermediate course in digital photography/digital imaging techniques for art and design. Using filmless digital cameras and multi picture imaging, students gain appreciation for creative art and industry potentials, and for realizing creativity through photography. Students develop experiences in experimental methods, panoramic photography and HDR imaging with introduction to studio lighting/tabletop photography.
Prereq: ARTSTDIO 213 AND MAGD 220 OR ARTSTDIO 287
- ARTSTDIO 321 PAINTING I** 3 u
An introduction to painting as an art form. This studio is grounded in the disciplines associated with the techniques and aesthetics of painting in water based and acrylic media.
Prereq: ARTSTDIO 102 and ARTSTDIO 201 or ARTSTDIO 202 or consent of instructor.
- ARTSTDIO 324/524 WATERCOLOR** 3 u
A studio course where exercises and experimentation with transparent watercolor pigments and techniques will be combined with art principles in the creation of watercolor paintings.
Prereq: 6 units from ARTSTDIO 102, ARTSTDIO 201, ARTSTDIO 202 or consent of instructor.
- ARTSTDIO 331 INTAGLIO PRINTMAKING** 3 u
An introduction to the techniques and aesthetics of printmaking. This study is grounded in the disciplines associated with the techniques of intaglio. Specifically, this includes drypoint, aquatint, and etching. In addition, alternative processes are demonstrated and applied in the study of monoprinting.
Prereq: 6 units from ARTSTDIO 102, ARTSTDIO 201, ARTSTDIO 202, or consent of instructor.
Fulfills printmaking requirement.
- ARTSTDIO 332 RELIEF PRINTMAKING** 3 u
Exploration of printmaking as an art form with emphasis on relief printing techniques, including single, multiple block and reduction wood-cuts and non-traditional blocks, color printing, image making and editioning.
Prereq: 6 units from ARTSTDIO 102, ARTSTDIO 201, ARTSTDIO 202 or consent of instructor.
Fulfills printmaking requirement.
- ARTSTDIO 333 SCREENPRINTING** 3 u
The course presents the basic materials and methods of screenprinting techniques, including ink mixing, stencil developing, image making, and editioning.
Prereq: 6 units from ARTSTDIO 102, ARTSTDIO 201, ARTSTDIO 202 or consent of instructor.
Fulfills printmaking requirement.
- ARTSTDIO 341 SCULPTURE I** 3 u
An introduction to the disciplines associated with the techniques, media and aesthetics of sculpture.
Prereq: ARTSTDIO 103.
- ARTSTDIO 342 SCULPTURE II** 3 u
A continuation of ARTSTDIO 341 with emphasis on individual direction. The intent is to develop a deeper understanding of art and art processes.
Prereq: ARTSTDIO 341.
- ARTSTDIO 343 SCULPTURE III** 3 u
Arranged for the student as indicated by the student's own interest and abilities. The student is encouraged to work toward a high degree of competency and continued growth in sculpture.
Prereq: ARTSTDIO 342.
- ARTSTDIO 352 CERAMICS II** 3 u
A continuation of ARTSTDIO 251 with emphasis on additional intermediate-level hand building and wheel throwing techniques, exploration into various glazing methods as well as an introduction to kiln loading.
Prereq: ARTSTDIO 251.
- ARTSTDIO 353 CERAMICS III** 3 u
Arranged for the student as indicated by the student's own interest and abilities.
Prereq: ARTSTDIO 352.
- ARTSTDIO 373 METAL AND JEWELRY III** 3 u
This course emphasizes more complex construction and statements in the creation of jewelry and small sculpture from metal.
Prereq: ARTSTDIO 272.
- ARTSTDIO 376 VISUAL DESIGN FOR THE WEB 3 u**
This course provides instruction in the development and creation of web sites from an art and design perspective, understanding its impact on communication. The importance of visual language will be stressed, and its integration with sound, movement, and interactive navigational devices. Instruction in the fundamental structural principles of web design will be an underpinning for all information. Software instruction may include Dreamweaver and Flash.
Prereq: MAGD 210 OR MAGD 220
- ARTSTDIO 377 HD/DV DESIGN FUNDAMENTALS** 3 u
This intermediate level media design studio course expands students' understanding and technical skills in art and design towards creating artistic time based, 4/D, HD original content using DV and sound effects strategies. Aesthetically important digital skills will be further developed and students will learn to design artistic solutions through practical and experimental 4/D multimedia creations techniques. Special attention is given to advancing personal expression, artistic exploration, original multimedia design and skill building. Practical 4/D application of original artwork, photo imaging, digital video compositing and sound effects in the field of art, graphic design, art performance and multimedia design in web and non-web delivery media will be addressed.
Prereq: ARTSTDIO 102 and ARTSTDIO 287 or MAGD 210 AND MAGD 220
- ARTSTDIO 379 INTERACTIVE MEDIA DESIGN** 3 u
Interactive Multimedia Design is an advanced studio based course and applies principles of visual communication and aesthetic theory to the design of interactive multimedia projects. Emphasis will be placed on original content creation, sequential page design theory and visual interface design with user centered needs and objectives as relevant guides for aesthetic approach and organizational solutions. Interactive products produced by students will be

artistic, informational, promotional and persuasive and will involve page interface design and planning, original content creation and integration of animated text and graphics, digital video and sound effects.

Prereq: ARTSTDIO 102 and ARTSTDIO 287 or MAGD 210 AND MAGD 220

ARTSTDIO 380 3D MODELING-IMAGING-ANIMATION I 3 u

This course introduces graphic design and multimedia digital arts students to basic 3D software usage, imaging and new animation strategies using Maya 3D software. The goal of this course is to develop students' understanding of 3D static imaging, 3D motion, and visual effects creation in 3D models, lighted scenes, 3D environments and industry standard practices.

Prereq: ARTSTDIO 102; ARTSTDIO 381 or ARTSTDIO 287; or consent of instructor

ARTSTDIO 381 GRAPHIC DESIGN I: TYPOGRAPHY 3 u

An introductory studio course familiarizing the student with graphic design basics: typography, the creative process, design terminology and theory, design principles, tools and materials, 2-D layout, and basic computer techniques.

Prereq: ARTSTDIO 102 and ARTSTDIO 201 and Coreq: ARTSTDIO 287.

ARTSTDIO 382 GRAPHIC DESIGN II: PRINT MEDIA 3 u

Emphasis is on conceptual and visual problems in graphic design. The student analyzes, defines objectives, develops and presents graphic solutions relating to communication in book design, magazine layout, and informational graphics.

Prereq: ARTSTDIO 381.

ARTSTDIO 383 GRAPHIC DESIGN III: WEB MEDIA 3 u

Emphasis is on concept generation through graphic design solutions to web based aural/visual communication problems. Interactive web media in advertising and information design will be emphasized. The student analyzes, defines objectives and presents in comprehensive format solutions produced through web page user interface and animation design software.

Prereq: ARTSTDIO 382.

ARTSTDIO 384 ILLUSTRATION 3 u

A studio course for the advanced art student in the various types and techniques of illustration, using traditional media.

Prereq: ARTSTDIO 202 and ARTSTDIO 321.

ARTSTDIO 385/585 ELECTRONIC ILLUSTRATION 3 u

Electronic Illustration will present techniques, concepts and practices that are part of the field of Illustration. The class will pay special attention to the development of these within the context of computer technology. A variety of imaging software will be used, including Adobe Illustrator, Photoshop, Painter.

Prereq: ARTSTDIO 287 and ARTSTDIO 202.

ARTSTDIO 388/588 MOTION GRAPHIC ANIMATION STUDIO I 3 u

This course is focused on the study of kinetic art and aesthetic interdisciplinary activities using graphics, typography, computer/video visual imaging and sound synthesis. Students will create time based digital multimedia presentations, using computer animation and design/illustration software applications, digital video effects, photo/video image processing, sound recording, interactive sequence scripting, sound synthesis and video production procedures.

Prereq: ARTSTDIO 102 and ARTSTDIO 287, or MAGD 210 and MAGD 220, or consent of instructor.

ARTSTDIO 389 TYPOGRAPHIC SOLUTIONS 3 u

This course is an advanced study of typography building upon the foundational skills gained in previous coursework. Typographic communication will be covered through explorations of the typographic grid, the creation of a hierarchy of information, and typographic principles for both print and web design.

Prereq: ARTSTDIO 381

ARTSTDIO 408/608 ADVANCED DRAWING 3 u

A studio course which provides the opportunity for students to pursue directed intermediate and advanced research in drawing. Emphasis placed on the development of personal direction in terms of content, choice and handling of media.

Repeatable in increments of 3 units per term for a maximum of 12 units. Prereq: ARTSTDIO 303.

ARTSTDIO 411 PROFESSIONAL STUDIO PRACTICES 3 u

This course will introduce students to professional skills and practices, in the visual arts in preparation for graduate school, professional advancement in the arts, and/or employment in art related fields. Instruction in the development of written/visual documentation for exhibition and grant proposals, along with oral presentation skills, will be covered.

Prereq: Junior standing in Art Program, Passed BFA Junior Review, ARTHIST 201, ARTHIST 202 and ARTHIST 203, and an upper division Art History course or consent of instructor.

ARTSTDIO 413/613 ADVANCED DIGITAL PHOTO STUDIO - ART, ADS, IMMERSIVE PHOTOGRAPHY 3 u

Students progress from hand held location based digital photographic techniques to advanced studio problems. Tabletop styling, lighting control, portraiture methods, experimental spherical VR, editorial illustration and fine art imaging are explored using medium and large format HD filmless cameras. Spherical immersive photo VR for games, industry, art and idevice applications may be explored.

Prereq: ARTSTDIO 313 or consent of instructor

ARTSTDIO 426 ADVANCED PAINTING 3 u

A studio course which provides the opportunity for students to pursue directed intermediate and advanced research in the techniques and aesthetics of painting. Traditional oil based media will be introduced. Advanced students repeating the course will be encouraged to explore a medium of choice (acrylic or oil).

Repeatable in increments of 3 units per term for a maximum of 12 units. Prereq: ARTSTDIO 321.

ARTSTDIO 434 THE ART OF THE BOOK 3 u

This course will focus on the creation of hand made fine art books through applied research in traditional and non-traditional printmaking techniques and historical and contemporary bookbinding methods. Students will be expected to research an historical binding and create models for presentation to the class.

Prereq: ARTSTDIO 201, ARTSTDIO 102, or consent of instructor.

Fulfills printmaking requirement.

ARTSTDIO 444 SCULPTURE IV 3 u

Advanced studio experience in sculpture.

Prereq: 9 units in sculpture.

ARTSTDIO 445 SCULPTURE V: RESEARCH 3 u

A highly specialized course offering directed studio research in a specific problem related to sculpture. Repeatable for a maximum of 9 units in major/degree.

Prereq: 9 units in sculpture.

ARTSTDIO 454 CERAMICS IV 3 u

This course provides the student the opportunity to pursue partially directed advanced research in the techniques and aesthetics of ceramics. Advanced glaze research methodology and kiln firing techniques are emphasized.

Prereq: ARTSTDIO 353

ARTSTDIO 455 CERAMICS V: RESEARCH 3 u

This course provides the student the opportunity to pursue self-proposed and self-directed research in advanced ceramics utilizing personal techniques and aesthetics. Repeatable for a maximum of 9 units in major/degree.

Prereq: ARTSTDIO 454

ARTSTDIO 456 TECHNICAL STUDY IN CERAMICS 3 u

82 ART AND DESIGN

Exploration of technical concerns within ceramics. Emphasis on clay composition and analysis, glaze calculation and formulation, study of ceramic minerals, kiln design, construction and operation.
Prereq: ARTSTDIO 352.

ARTSTDIO 474 METAL AND JEWELRY IV 3 u
An advanced course emphasizing design and creation of objects, both wearable and sculptural. Sophisticated technical skills will be explored with and emphasis on contemporary concepts.
Prereq: ARTSTDIO 373.

ARTSTDIO 475 METAL AND JEWELRY V: RESEARCH 3 u
A highly specialized course offering directed research in a specific creative problem related to metals and jewelry. Assignments will be made that further students conceptual direction. Repeatable for a maximum of 9 units in major/degree.
Prereq: ARTSTDIO 474.

ARTSTDIO 476 ADVANCED WEB DESIGN STUDIO 3 u
Visual Design for Web introduces the basic concepts of instruction to the development and creation of web sites from an art and design perspective, and describes its impact on communication. ARTSTDIO 476 will allow students to take the principles and skills taught in ActionScript 3.0 in Flash and explore ActionScript's most powerful features, including creating advanced navigational interfaces and special effects using XML data and adding accessibility to files via closed captioning.
Prereq: ARTSTDIO 376

ARTSTDIO 477 ADVANCED HD DV MOTION CAPTURE STUDIO 3 u
Introduces the basic concept of creating artistic time-based, 4/D, HD original content using DV and sound effects strategies. This advanced HD DV Motion Capture Studio will allow students to focus on the one of the specific fields of creating high quality of HD/DV which are required by the industry designs. An advanced class to take the basics of computer animation to an advanced level by including advanced knowledge of audio, motion effects, filter effects, color and using Color Keying features to remove backgrounds, editing multi-track audio and audio effects, color correction and troubleshooting problems are also covered.
Prereq: ARTSTDIO 377

ARTSTDIO 482 ILLUSTRATION II 3 u
An advanced course concentrating on the development of illustration skills and techniques. Emphasis placed on the development of a personal approach to conceptual and visual problem solving related to editorial, advertising and specialized fields of illustration.
Prereq: ARTSTDIO 384, ARTSTDIO 303.

ARTSTDIO 484 GRAPHIC DESIGN IV: ADVANCED CONCEPTS 3 u
Emphasis is on conceptual and visual graphic design problem solving. The student studies contemporary design issues and develops advanced strategies for design solutions. Areas of concentration include visual image development, information design and corporate identity program design, interactive media, publication planning and design development, packaging and pre-press applications of computer mediated design.
Prereq: ARTSTDIO 383

ARTSTDIO 485 GRAPHIC DESIGN V: PORTFOLIO SOLUTIONS 3 u
With guidance from the instructor, the student defines objectives, researches and realizes solutions for a series of designs in an area of special interest. A knowledge of advanced computing hardware and software processes is applied to realize final solutions designed for career portfolio presentations.
Prereq: ARTSTDIO 484/684.

ARTSTDIO 488 MOTION GRAPHIC ANIMATION 3 u

STUDIO II

Students expand conceptual/technical/artistic skill in motion animation with self directed project objectives challenging students to target concepts to specific artistic/industry responsive animation outcomes. Further exploration of blue screen compositing, sound and special effects, for performance, film/TV, game and idvice distribution including an introduction to motion capture is expected.
Prereq: ARTSTDIO 388

RTSTDIO 490/690 ART WORKSHOP *Repeatable* 1-3 u
Prereq: Permission of the Workshop Director.

ARTSTDIO 491 TRAVEL STUDY *Repeatable* 1-3 u

ARTSTDIO 492 FIELD INTERNSHIP IN ART 1-3 u
Internship involving professional experience under the supervision of selected business and/or institutional personnel within student's area of emphasis. Departmental approval required for application. May be retaken to maximum of 6 units in degree and major.
Prereq: 9 units and 3.00 GPA in area of emphasis and consent and placement by the Department and 2nd term Sophomore Standing.

ARTSTDIO 496/696 SPECIAL STUDIES *Repeatable* 3-4 u
Prereq: Consent of instructor.

ARTSTDIO 497 EXCHANGE STUDY *Repeatable* 1-12 u

ARTSTDIO 498 INDEPENDENT STUDIES 1-6 u
Repeatable for a maximum of six units in major/degree. Prereq: Consent of instructor

ART HISTORY COURSES

ARTHIST 111 ART APPRECIATION *GA* 2 u
This course is designed to relate art to the culture in which it was created, thereby giving the student the understanding necessary to see art as both a part of life and an expression of that life. Sections offering special emphasis will be identified in current timetables. For non-art majors only.

ARTHIST 201 SURVEY OF WESTERN ART - ANCIENT TO MEDIEVAL *GA* 3 u
An investigation of major works of art in painting, sculpture, architecture, and minor related arts from prehistoric times to the late middle ages. Emphasis on the relationship between art and culture. Students develop skills in artistic analysis. Slide illustrated.

ARTHIST 202 SURVEY OF WESTERN ART - RENAISSANCE TO 1900 *GA* 3 u
An investigation of major works in painting, sculpture, architecture, and related arts from the early Italian Renaissance to 1900. Students develop skills in artistic analysis and an understanding of the discipline of art history. Slide illustrated.

ARTHIST 203 INTRODUCTION TO MODERN AND CONTEMPORARY ART *GA* 3 u
This course is designed to allow for a thematic approach to the study of art in the twentieth and twenty-first centuries. Course material will explore the art, artists, and theory related to modern and contemporary art.
Prereq: Sophomore standing

ARTHIST 311 GREEK AND ROMAN ART *GA* 3 u
This course treats Greek and Roman art and architecture through the exploration of specific themes. The concepts of classical archaeology, technology, style, and iconography are addressed, and media such as vase painting, architecture, sculpture, mural painting and mosaics are considered in the context of these themes.
Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 312 MEDIEVAL ART *GA* 3 u
This course takes a thematic approach to the art and architecture of important institutions of the Middle Ages. Students are introduced to sculpture, painting, manuscript illumination, architecture, mosaics, and other decorative arts, as well as cultural issues and Christian symbolism.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 313 ITALIAN RENAISSANCE ART *GA* 3 u

This course is designed to allow for a thematic approach to the unique art and art historical circumstances which existed in Italy from ca. 1250 to 1550. Course material may focus on particular topics and issues specific to the study of Italian Renaissance art.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 314 NORTHERN RENAISSANCE ART *GA* 3 u

This course is designed to allow for a thematic approach to the unique art and art historical circumstances which existed in the Lowlands, France, and Germany during the fourteenth through sixteenth centuries. Course material may focus on particular topics and issues specific to the study of Northern Renaissance art.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 315 BAROQUE ART *GA* 3 u

This course is designed to allow for a thematic approach to the unique art and art historical circumstances which existed in Italy, France, Spain, Germany and the Netherlands from the late sixteenth century through the early eighteenth century. Course material may focus on particular topics and issues specific to the study of Baroque art.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 316 ART OF THE 19TH CENTURY *GA* 3 u

This course is designed to allow for a thematic approach to the unique art and art historical circumstances which existed in Europe and America from the mid-eighteenth century through the end of the nineteenth century. Course material may focus on particular topics and issues specific to the time period and various art historical movements, such as the rococo, the Enlightenment, Neoclassicism, Romanticism, Realism, Impressionism, and Post-Impressionism.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 317 MODERN ARCHITECTURE *GA* 3 u

This course explores the tensions between historicism and modernism in domestic, commercial and civic architectural solutions from the mid-19th century to 1960. Emphasis is placed on 'master architects' in Europe and the United States, urban planning and architectural utopias.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 318/518 MODERN ART *GA* 3 u

This course is designed to allow for a thematic approach to the study of art in the first half of the twentieth century. Course material will explore the art, artists, and theory related to modern art.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 319 CONTEMPORARY ART *GA* 3 u

This course is designed to allow for a thematic approach to the study of art in the second half of the twentieth century into the twenty-first century. Course material will explore the art, artists, and theory related to contemporary art.

Prereq: ARTHIST 201 or ARTHIST 202 or ARTHIST 203

ARTHIST 320 GRAPHIC DESIGN HISTORY 3 u

This is a lecture course that covers the History of Graphic Design from the invention of writing through the digital revolution. Topics include such areas as Postmodern Design, Multicultural Design, Corporate Design Systems.

Prereq: ARTHIST 203

ARTHIST 420 ART THEORY 3 u

An advanced course dealing with the theoretical concerns of the visual arts. The course treats art in its relation to current philosophical thought, and also discusses aesthetics and the nature of art. For Art Department majors and minors. Offered spring term only.

Prereq: ARTHIST 203 and senior standing

ARTHIST 491/691 TRAVEL STUDY *Repeatable* 1-3 u

ARTHIST 497 EXCHANGE STUDY *Repeatable* 1-12 u

ARTHIST 496/696 SPECIAL STUDIES *Repeatable* 1-3 u
IN ART HISTORY

. Prereq: To be announced at the time the course is offered.

ARTHIST 498 INDEPENDENT STUDY 1-6 u

Repeatable for a maximum of 6 units in major/degree. Prereq: Consent of instructor.

DEPARTMENT OF COMMUNICATION

The Department of Communication houses two majors, Journalism and Communication. From these majors students can select various emphases. The department also participates in the College of Arts and Communication Multimedia major. The department limits students who declare both the major and the minor in the department to those who have earned a 2.75 GPA or above in the first nine hours of department course work, excluding COMM 110 and COMM 131. A student will still be able to register as a minor only (not major and minor) if they meet the current 2.0 GPA requirement.

COMMUNICATION DEPARTMENT STIPULATION:

Students taking classes within the Communication Department may be required to purchase equipment or supplies that they retain to complete course projects.

Phone: 262-472-1034 E-Mail: unwcomm@unw.edu

Faculty: Kannan AMR, Raymond Baus, Elena Bertozzi, Kathy Brady (Director of Advertising), Mary K Casey, Corey Davis, Ed Frederick, Tammy French, Jeff Herriott, Kim Hixson, Jim Kates, Ann Knabe, Kris Kranenburg, William Lowell, Sam Martino, Jim Mead, Barb Penington (Chairperson), Linda Robinson, John Stone, Spencer Striker, James TerKeurst, Nam-Hyan Um., Sally Vogl-Bauer, David Wachanga, S. A. Welch, Susan Wildermuth.

JOURNALISM (BA/BS)

The journalism program is geared to today's journalism and advertising professions, preparing graduates to work in the many modern communication media. In broadcast, print and web journalism, graduates work as reporters, editors, news photographers, Web writers and media producers and radio and television news producers. In the advertising industries, positions include account executives, account planners, copywriters, creative directors, media planners and sales representatives.

A 2.50 cumulative GPA will be required to declare an emphasis of Advertising or Broadcast/Print/Web Journalism in the Journalism major. The major GPA is based upon both the grades for courses completed at UW-W and those courses accepted in transfer.

A 2.75 cumulative GPA will be required to declare an emphasis of International Journalism in the Journalism major. The major GPA is based upon both the grades for courses completed at UW-W and those courses accepted in transfer.

These requirements apply to admitted freshmen and transfer students.

A minimum 2.25 GPA is required in the major for graduation.

All students are required to fulfill a writing requirement prior to graduation. Each emphasis in the Department of Communication specifies how that requirement will be met. Details on fulfilling the writing requirement are available in the department office and on the department website.

COMMUNICATION

Speech communication focuses upon how, why, and with what effects people communicate through verbal and nonverbal messages. Students of speech communication develop understanding and skill in communication processes as they occur within and among individuals, groups, organizations, and cultures. Graduates are active in sales, public relations, advertising, customer relations, personnel, broadcasting, filmmaking, high school and college teaching, volunteer agencies and fund raising, law and communication and consultation in business, industry, and government. Speech communication

graduates can enter a variety of careers because the competencies they acquire have broad application.

MAJOR/EMPHASES

A 2.50 cumulative GPA will be required to declare an emphasis of Public Relations in the Speech major. The major GPA is based upon both the grades for courses completed at UW-W and those courses accepted in transfer.

A 2.25 cumulative GPA will be required to declare an emphasis in Electronic Media, Organizational Communication and Interpersonal Communication in the Communication major. The major GPA is based upon both the grades for courses completed at UW-W and those courses accepted in transfer. The Organizational Communication and Interpersonal Communication emphases will merge into the Corporate and Health Communication emphases, effective Fall 2012. See on-line catalog for requirements.

These requirements apply to admitted freshmen and transfer students.

A minimum 2.25 GPA is required in the major for graduation.

All students are required to fulfill a writing requirement prior to graduation. Each emphasis in the Department of Communication specifies how that requirement will be met. Details on fulfilling the writing requirement are available on the department website.

Applied credit activities in speech communication. Unit for activities may be earned in radio (COMM 230), Audio (COMM 293), Cable TV (COMM 231, COMM 331), or Forensics (COMM 263). DEPARTMENT OF MUSIC

Phone: 262-472-1310
800-621-8744

E-Mail: music@uwm.edu

Faculty: J. Michael Allsen (Chairperson), Karen Boe, MyungHee Chung, Julie Cross, Michael Dugan, Christian Ellenwood, Robin Fellows, George Ferencz, Jane Ferencz, Robert Gehrenbeck, Frank Hanson, Glenn Hayes, Alena Holmes, Jeff Herriott, Brian Leeper, Matthew Sintchak, John Tuinstra, Sharri Van Alstine, Benjamin Whitcomb, Tobie Wilkinson.

Through its Bachelor of Music and Bachelor of Arts degree programs, the Music Department offers its majors high-quality instruction and performance opportunities to prepare them for careers and/or advanced study in such areas as public school music teaching, performance, music theory or musicology, and studio teaching, as well as for the wide range of opportunities that exist in the music field. By completing a minor in Music, students can gain not only personal satisfaction but knowledge and experience that can be of value as they pursue a chosen career. The Music Department also offers elective certificates in Accompanying, Jazz, and Music Business.

The Department sponsors a variety of performing ensembles, which are open to all university students. Vocal groups include the Concert Choir, Chamber Singers, Women's Chorale, Meistersingers (Men's Chorus), Vocal Jazz, and Opera Workshop. The Department also collaborates with the Theatre/Dance Department in an annual musical theatre production of an opera, operetta, or Broadway musical. Instrumental groups include the Symphonic Wind Ensemble, Whitewater Symphony Orchestra, Chamber Orchestra, Concert Band, Marching Band, Jazz Bands, Brass Choir, Flute Choir, Clarinet Choir, Trombone Choir, Percussion Ensemble, SONICT

(new music ensemble), and chamber groups. All provide rich and varied musical experiences and the opportunity to meet and perform with many talented musicians.

The UW-Whitewater Music Department has been fully accredited member of the National Association of Schools of Music since 1977. Prospective music majors may find application materials, audition requirements, and a schedule of audition on the Music Department website, at <http://academics.uwm.edu/CAC/Music/>.

PROGRAM REQUIREMENTS AND DEPARTMENTAL POLICIES

Auditions

Students desiring to major or minor in music must pass an audition in their primary performing area. If this cannot be completed before initial registration, music major status will be conditional pending a successful entrance audition. Minors may enroll for applied music study (lessons) only with the permission of instructor and department, but applied study is not necessary to the completion of the minor.

Waivers

Entering majors or minors may, through the Advanced Placement Examination, be waived from Music Theory I (MUSC 151), Music Theory II (MUSC 152) and Aural Skills I (MUSC 153), depending on AP scores. Total units required for graduation, however, remain unchanged.

Note to non-music majors: The one-unit instrumental and vocal ensembles may be repeated. Though all such music ensemble units earned will appear on your transcript, no more than six will be applied toward graduation. All ensembles, except MUSC 169 Marching Band, carry General Education ARTS (GA) credit. MUSC 169 carries Physical Education (GP) credit.

Other Requirements - Music Department Handbook

The Music Department Handbook contains important information which, due to space limitations, is not printed in the Catalog. Students are responsible for familiarizing themselves with its contents. The Handbook is updated as policies change or are added. All enrolled majors and minors - regardless of admission date - are bound by policies outlined in the most recent revision of this Handbook. This handbook may be found at <http://academics.uwm.edu/CAC/Music/Handbook>.

Applied Music Study: Terminology and Policies

The term "Primary Performing Area" refers to the student's main performing medium - the one in which he/she must pass an entrance audition in order to be accepted as a music major, will receive instruction, and will be expected to maintain satisfactory progress over the course of study. For applied study in the Primary Performing Area, courses are arranged by level (for example, MUSC 160, MUSC 260, MUSC 360, and MUSC 460, in the case of instrumental instruction), which normally correspond to the freshman through senior years of enrollment.

Ordinarily a music major will have only one Primary Performing Area and will not change that area during the course of study. If a change is desired, the student must reaudition in the new performing area, and if successful, would be placed at the first term freshmen level for lessons in the new area. This change must have the consent of a) the department chairperson, b) the appropriate applied music area coordinator(s), and c) the two applied music instructors involved.

Applied music study (class or private, required or elective) required by a student's curriculum is termed "Secondary" or "Non-Primary" study. In the case of private instruction, the course numbers MUSC 126, MUSC 127, MUSC 128, MUSC 129, MUSC 326, MUSC 327, and MUSC 328 apply to such secondary study.

Elective applied study is available for music minors, majors choosing to study a second area, majors who want to study beyond the curricular requirements, or non-music students; however, "elective" lessons (MUSC 120, MUSC 121, or MUSC 122) are available only by consent of the department chair, and these lessons will cost the student an additional fee above tuition.

Units: For all private applied study, a half-hour of instruction per week will receive one unit, with a maximum of one hour of instruction for two or more units. A minimum of five hours of individual practice per week are required for each unit taken.

Writing Proficiency Requirement

In order to pass the writing requirement as a music major, students do one of the following: 1) achieve a grade of B or better in a required paper in one of the following courses: MUSC 438 (Medieval Music), MUSC 445 (Renaissance Music), MUSC 447 (Music of the Classical Period), MUSC 448 (Music of the Romantic Period), MUSC 450 (Survey of World Musics), MUSC 455 (Form and Analysis), or MUSC 463 (Music After 1900), 2) take and pass the writing portion of the PPST (required for all music majors with an emphasis in music education), or 3) pass ENGLISH 370 (Advanced Composition). Students may attempt to pass the writing requirement only once within a single course, but may attempt it again by taking other courses listed above. Students must notify the instructor of the course in writing that they will attempt to pass the writing proficiency.

MAJORS/EMPHASES

The Music Department offers two undergraduate major programs, the Bachelor of Arts (BA) and Bachelor of Music (BM). Five emphases are possible under the Bachelor of Music program: Music Performance, Music History-Theory, Choral Music Education, Instrumental Music Education, and General Music Education.

Major and related course requirements for the BA and each of the five emphases for the BM degree are listed below. Immediately following is a series of notes related to applied music study and other requirements for these programs.

NOTES

1. For BA (Music): Two terms each at the 100, 200, and 300 levels of primary applied instruction are required. Based on entrance audition, up to two terms of non-primary private applied instruction may be counted toward the six terms required. BA students must pass the upper division jury before graduation.
2. For BM (Music Education Choral, Instrumental, General and History-Theory): Seven terms of private study in the primary performing area required - two each at levels 100, 200, 300. One term at level 400 is required with concurrent registration in MUSC 488, Senior Recital. Additional policies regarding applied study and recital requirements are found in the Music Department Handbook.
3. For BM (Music Education Choral and General): Levels of Class Piano (MUSC 186, 187, and 188) may be used to satisfy this requirement. With permission from the keyboard faculty, students with prior background (or who make unusually rapid progress) may substitute MUSC 128, Private Piano Instruction (Non-Primary) for any or all of these courses.
4. For BM (Music Education Choral and General): Completion of MUSC 177, Class Voice, in addition to three terms of MUSC 127, Private Vocal Instruction Non-Primary Level 1, and three terms of MUSC 327, Non-Primary Level 2, satisfy this requirement. With permission of the voice faculty, MUSC 127, Private Vocal Instruction (Non-Primary) may be substituted for Class Voice.
5. For BM (Music Education Choral and General): The ensemble requirement may be fulfilled by participation in seven terms of large ensembles (MUSC 171 Concert Choir, Chamber Singers), or six terms of large ensembles and two terms of small ensembles. Small ensembles include MUSC 279 (Women's Chorale, Class Act) and MUSC 271, Opera Performance Techniques, and opera or musical theatre productions, MUSC 272, Practicum in Music Theatre.
6. For BM (Music Education Instrumental): Wind- or percussion-primary students enroll in four terms to be selected from MUSC 161 (Symphonic Wind Ensemble, Concert Band) and MUSC 162 (University Orchestra); two terms of MUSC 169 (Marching Band). String-primary students enroll in seven semesters of MUSC 162, University Orchestra. Guitar-primary students must have a seven term plan of study approved by the department chairperson and the instrumental faculty.
7. For BM (Music Performance): Additional policies regarding applied study and recital requirements are found in the Music Department Handbook.
8. For BM (Music Performance): Wind- or percussion-primary students enroll in eight terms of MUSC 162, University Orchestra, MUSC 161, Symphonic Wind Ensemble, or MUSC 164 (Jazz Lab, Jazz Ensemble, Jazz Seminar), with no fewer than 4 terms of Orchestra and/or Symphonic Wind Ensemble. String-primary students enroll in eight terms of MUSC 162, University Orchestra. Voice-primary students enroll in eight terms of MUSC 171 (Concert Choir, Chamber Singers). Keyboard-primary students enroll in 2 to 4 terms of MUSC 482, Accompanying or MUSC 383, Chamber Music, fulfilling the remainder of the requirement in large ensembles. Guitar-primary students must have an eight term ensemble plan of study approved by the department chairperson and instrumental faculty.
9. For BA (Music): Wind- or Percussion-primary students enroll in four terms of instrumental ensembles, with two terms selected from MUSC 162, University Orchestra, MUSC 161, (Symphonic Wind Ensemble, Concert Band), MUSC 164 (Jazz Lab, Jazz Ensemble, Jazz Seminar) or MUSC 169, Marching Band. String-primary students enroll in four terms of MUSC 162, University Orchestra. Voice-primary students enroll for four terms of MUSC 171, (Concert Choir, Chamber Singers). Keyboard- and guitar-primary students must have a four-term ensemble plan of study approved by the department chairperson and keyboard faculty (for piano/organ) or instrumental faculty (for guitar).
10. For BM (History-Theory): String-, wind-, percussion-primary students enroll in six terms of MUSC 161 (Wind Ensemble, Concert Band) or MUSC 162, University Orchestra. Voice-primary students enroll in six terms of MUSC 171 (Concert Choir, Chamber Singers). Keyboard- and guitar-primary students must have a six-term ensemble plan of study approved by the department chairperson and the keyboard faculty (for piano/organ) or instrumental faculty (for guitar).
11. For BM (Music Education Choral): Students seeking additional K-12 General Music licensure must also enroll in MUSC 166, Folk Guitar, CIGENRL 452, Pedagogy and Practice for Teaching General Music K-12, and its corequisite CIFLD 492, Field Study, totaling 6 additional units. Students who fail to earn a grade of B- or better in MUSC 177 must enroll for one semester of either MUSC 178 or MUSC 171. Directed teaching is divided into 6 elementary-level units (CIFLD 411) and 6 secondary level units (CIFLD 414). Note that, for students seeking only 6-12 Choral certification, Directed Teaching is divided into 6 middle school-level units (CIFLD 412) and 6 secondary level units (CIFLD 414).
12. For BM (Music Education Instrumental): Students seeking additional K-12 General Music licensure, must also enroll in MUSC 166, Folk Guitar and CIGENRL 452, Pedagogy and Practice for Teaching General Music K-12, and its corequisite CIFLD 492, Field Study, totaling 6 additional units.

DEPARTMENT OF THEATRE/DANCE

Phone: 262-472-1566

E-Mail: andersom@uwm.edu

Faculty: Sarah Altermatt, Marshall Anderson (Chairperson), Eric Appleton, James Butchart, Steven Chene, Charles Grover, Barbara Grubel, Angela Iannone, Tracey Lyons, Megan Matthews, Amy Slater.

The creation of successful theatrical productions requires the knowledge, skills and talents of a number of artists, technicians and management/promotion specialists. With its outstanding, well-equipped theatre facilities, its highly-skilled and enthusiastic faculty, its comprehensive curriculum and its emphasis on practical experience, the UW-Whitewater Theatre/Dance department provides students a number of opportunities to acquire the knowledge and experience necessary for a successful career in theatre/dance, or related areas of the arts, communications, education or business.

The department offers three degree programs: the Bachelor of Science in Theatre Education, the Bachelor of Arts in Theatre and the Bachelor of Fine Arts in Theatre.

The Bachelor of Science in Theatre Education program provides future teachers with a broad-based theatre education while providing additional

104 THEATRE/DANCE

training in the areas of theatre most critical to success in their future profession. In addition, Theatre Education majors follow the Education track which will fulfill teaching licensure requirements.

The Bachelor of Arts in Theatre is a liberal arts degree which offers the opportunity for broad-based exposure to all areas of theatre. The curriculum includes studies in acting, directing, technology, design, history/criticism, and management/promotion.

The Bachelor of Fine Arts in Theatre is a pre-professional degree program. It offers a broad-based core of theatre studies along with an individually designed course of study which focuses on a specific area of emphasis. Students in this program choose an emphasis course of study for intensive training in Performance, Design/Technology, Stage Management or Management/Promotion. The B.F.A. program does not require a minor, but admission and retention are based on acceptable auditions or portfolios and minimum GPA requirements.

Each program is geared toward your particular creative potentials and career aspirations.

Minor programs are also offered in theatre, dance, and arts management. The dance minor provides in-depth training in Contemporary and Ballet technique. The creative processes of improvisation and choreography are studied, and students have opportunities to perform for the public each term. This program is particularly appealing to students who are seeking an outlet for their creativity or who want to enhance their communication and practical problem-solving abilities. Theatre or dance minors can provide an effective complement for a number of different major programs in liberal arts, education or business.

All students of the University, regardless of their major or minor, are encouraged to participate in theatre and dance productions as performers or as members of the numerous technical crews or one of the management/promotion positions which are involved in the preparation of a theatre event for an audience. Anyone interested is encouraged to come to the Theatre/Dance office in 2076 Center of the Arts.

MISSION STATEMENT

Our mission as a College of Business and Economics is to provide quality undergraduate and graduate education to career-oriented students who will be competitive in a technologically evolving, global business environment. We are committed to:

- Development and support of faculty, significant student-teacher interaction, a varied and relevant curriculum, experiential learning, and high academic standards
- Development of mutually beneficial partnerships and lifelong learning opportunities with internal and external stakeholders through the sharing of expertise and service to others
- Accomplishment of our mission under the guidance of a faculty dedicated to excellence in teaching, sustained scholarship, and continuous improvement in curriculum and educational experiences
- Cultivation of high standards of ethical and professional conduct

THE PROGRAM

The College of Business and Economics provides students with the skills and knowledge which allow them to succeed in today's global business environment. We stress a close faculty-student relationship and encourage student activities which help students develop professional skills. Students have the opportunity to become involved in projects with business firms which aid in this skill development. The programs of the College are based on a broad general education which provides students with a fundamental understanding of the society in which they live and work. College requirements develop students' knowledge of the functional areas of business, behavioral sciences, management sciences and a systems approach to problem solving. Completion of the degree includes intensive study in a chosen major to prepare students for careers in the field of their choice.

ENROLLMENT LIMITATIONS

POLICY FOR ADMISSION TO COLLEGE OF BUSINESS AND ECONOMICS COURSES

Business majors are eligible to enroll in lower division business courses after they have completed twenty-four units and possess at least a 2.50

combined grade point average. After a student completes fifty-four or more units and has satisfactorily completed or is enrolled in ENGLISH 101 and ENGLISH 102, COMM 110, ACCOUNT 244 and 249 or 261, ECON 201 and 202, MATH 143, ECON 245, and ITBE 280 (COMPSCI 181 and MCS 214 for BBA MCS majors), that student may apply for admission to the College of Business and Economics upper division (300- and 400-level) courses. All students with a 2.80 combined GPA or better and who meet the course and gpa requirements will be admitted to the upper division courses. A student whose combined GPA is less than 2.80 may be admitted based on an alternative formula. All students must maintain a 2.50 combined GPA after admission to continue taking upper level courses. Application forms for admission to the upper division business courses are available at the Assistant Dean's Office and are completed during the required advising meetings. Students who have questions concerning admission should contact the assistant dean of the College of Business and Economics at (262) 472-4900. A student who completes any business course without having met the requirements for a business major cannot become a business major after completing the course.

In accordance with the admission policy on requirements for transfer students to declare a business major, the College of Business and Economics requires the following combined cumulative grade point averages in order to declare a business major. Students changing majors cannot be admitted directly to the upper division business courses without the approval of the assistant dean of the College.

- From 0 to 24 credits, a student must have at least a 2.00 combined cumulative grade point average to declare a business major.
- From 24 to 72 credits, a student must have at least a 2.50 combined cumulative grade point average to declare a business major.
- If a student has 72 or more credits, s/he must have at least a 2.80 combined cumulative grade point average to declare a business major.

Budget, enrollment, or other factors may cause these standards to be altered by the College. Students who have questions concerning admission should contact the Assistant Dean of the College of Business and Economics.

Students must complete course work in residence at UW-Whitewater in at least six courses (18 credit minimum) in their major field. A maximum of two transfer courses will be allowed in any major in the BBA curriculum.

BBA students may not take any courses offered by the College of Business and Economics or any BBA degree requirements (unique/lower/upper) on a satisfactory/no credit (S/NC) basis except those offered on an S/NC basis only by the department.

Business majors may not use more than 6 credits of independent study (498) credits toward the BBA degree nor toward the graduation all-business grade point average requirement.

The College is organized into the departments of Accounting, Economics, Finance and Business Law, Information Technology and Business Education, Management, and Marketing.

Majors are available in accounting, business education, economics, entrepreneurship, finance, general business, management, human resource management, management computer systems, marketing, information technology infrastructure, operations management and integrated science and business. The general business major is administered by the assistant dean. Students pursuing majors in accounting, finance, general business, information technology infrastructure, human resource management, management, marketing and operations management can obtain these majors only in the BBA degree program in the College of Business and Economics.

Honors sections prerequisite: Available to students in the University Honors program and business majors and minors with a 3.40 or higher grade point average. Other course prerequisites apply.

BUSINESS MINOR ENROLLMENT AND

GRADUATION REQUIREMENTS

The business minors are designed for students seeking a liberal arts education with preparation for a career in an area of business. This preparation in both liberal arts and business will also assist students planning to advance their career opportunities by seeking an M.B.A. (Master of Business Administration) degree.

Requirements for the nine approved minors are described within the departmental listings in this Catalog. Within these minors variations are possible to meet the programmatic needs of individual students. A minimum GPA of 2.25 in the minor is required for graduation. Grades received for transfer courses that are counted in the minor will be included in determining the GPA in the minor. Students majoring in business may not earn a business minor except for water business, international business, or information technology.

COLLEGE GRADE POINT AVERAGE REQUIREMENT FOR GRADUATION

Students in the College of Business and Economics are required to have:

1. a minimum combined transfer and UW-W GPA of 2.5
2. a minimum combined transfer and UW-W GPA of 2.5 in all subjects offered by departments in the College of Business and Economics and in Management Computer Systems
3. a minimum combined transfer and UW-W GPA of 2.5 in their major.
4. Business majors may not use more than 6 credits of independent study (498) credits toward the BBA degree nor toward the graduation all-business grade point average requirement.

ONLINE AND EVENING PROGRAMS FOR INDIVIDUALS IN THE FIELD OF BUSINESS AND MANAGEMENT

The University of Wisconsin-Whitewater presents unique programs designed for adults who desire to continue their education in the field of business and management. Outreach programs offer the services of the University of Wisconsin system to the people of the surrounding area who cannot take advantage of the regular college programs because of personal commitments.

1. Master's Degree Program in Business - University of Wisconsin-Whitewater MBA and MPA (Masters of Professional Accountancy) degrees can be earned through a program of graduate study on the Whitewater campus, at American Family Insurance headquarters in Madison, and via the internet using only MBA classes. The program is designed to accommodate adult part-time students through special advising and evening courses. Classes and evening programs are offered at the following locations:

UW-Whitewater:

- MBA Finance
- MBA Human Resource Management
- MBA International Business
- MBA IT Management
- MBA Management
- MBA Marketing
- MBA Operations & Supply Chain Management
- MPA Masters of Professional Accountancy

American Family:

- MBA Management

Online:

- MBA Finance
- MBA Human Resource Management
- MBA International Business
- MBA IT Management
- MBA Management

MBA Marketing
MBA Operations & Supply Chain Management

These programs are identical to those offered in the full-time college program at Whitewater. The same admission standards, faculty, and courses are applicable.

2. Bachelor's Degree Program in Business - A program tailored for the adult who desires to earn a business degree is offered through on-campus and internet courses. Courses are scheduled at night, during the summer, and online to meet student needs. Freshman-sophomore courses are available at the UW-Colleges. All four years of baccalaureate degree work are available at Whitewater. Special advising is provided.
3. Adult Special Education in Business - Some adults want to take only selected courses offered in the regular University curriculum to improve their business background. This program accommodates these people by scheduling many classes at night and online. Depending on the course, certain prerequisites may be required. Counseling and special enrollment procedures are provided. A student may earn a maximum of twelve units as a special student. If any of these units are earned in 300/400-level courses, these units may not count toward the BBA degree should that student decide to pursue a BBA in subsequent semesters.

SERVICES FOR REGIONAL BUSINESSES

The Kachel Center for Innovation and Business Development at the University of Wisconsin – Whitewater acts as a gateway to the resources of the university for the regional business and economic community. The Center includes the Small Business Development Center (SBDC), Wisconsin Innovation Service Center (WISC), Global Business Resource Center (GBRC), Fiscal and Economic Research Center (FERC), Wisconsin Center for Information Technology Services (Wi-CITS), Low Income Tax Clinic (LITC) and Volunteer Income Tax Assistance (VITA) office. The centers offer a wide array of business and economic development support services, utilizing college faculty and students, as well as professional staff. SBDC provides high-impact, results-based consulting and training services to business owners and entrepreneurs with up to 500 employees. WISC specializes in new product and invention assessments and market expansion opportunities for innovative manufacturers, technology businesses, and independent inventors. The GBRC provides international market entry strategies for businesses, including data gathering, business analysis, market identification, feasibility studies, and market intelligence. Wi-CITS makes available IT services for regional non-profits and small businesses, including website design and development, software design and development and IT consulting. FERC provides research services for area businesses, not-for-profit organizations, and government entities in areas such as economic analysis, land-use planning, statistical analysis, government and public policy analysis and economic forecasting.

STUDENT ORGANIZATIONS

HONORARY SOCIETIES

Pi Omega Pi, a national honorary scholastic society for business education students, extends membership to sophomores, juniors, seniors and graduate students having a grade point of 3.0 or higher and who place in the upper 35 percent of their college class. The organization presents an annual award to the outstanding member. The local PSI chapter, a member of the National Association of College Honor Societies, has received national recognition for its service, publications, research, and other activities. It was founded by Professor Paul A. Carlson in 1932.

Beta Gamma Sigma is a national scholastic honorary society for students of

business and management. Election to membership is the highest scholastic honor that a student of business can achieve. Membership is restricted to students of high scholarship and good moral character in institutions with programs accredited by the Association for the Advancement of Collegiate Schools of Business International.

Financial Management Association Honor Society is a local chapter of the national Financial Management Association. It is an honorary organization in that membership is limited to finance majors who have a 3.25 grade point average and who have completed six finance units and to graduate finance majors who have a 3.25 grade point average and who have completed at least 1/2 of their program unit requirements. The local chapter has received national recognition with the Bronze award twice in the last ten years.

The Wisconsin Iota Chapter of Omicron Delta Epsilon, is an International Economics Honorary Society. It is dedicated to the encouragement of excellence in economics. It recognizes first and foremost scholastic achievement in economics. Second, it is a vehicle towards a better perception of and familiarity with economics. Through the establishment of closer ties between students and faculty, it promotes an understanding of economics greater than most classroom situations. In short, it helps its members advance both their own comprehension and the art and science of economics. Membership in ODE is based on cumulative GPA and GPA in economics. Applicants must have earned at least 12 units in economics with the grade of C or better, and the GPA for all economics courses must be at least 3.0. Receiving lower than a C does not disqualify an applicant, but that course may not be counted in the 12 units. In addition, applicants must be of junior standing or higher and possess an overall GPA of at least 3.0

Sigma Iota Epsilon is an honorary professional fraternity in management. Undergraduate management, management computer systems, human resource management and production operations management majors are eligible to join. They must have a minimum 3.0 grade point average, at least 30 units of work or its equivalent at UW-Whitewater, and state their intention of continuing in the management curriculum. Graduate students must have a 3.25 grade point average and have completed nine units of graduate work, including at least three units of management at UW-Whitewater. The Sigma XI of Sigma Iota Epsilon was installed on the Whitewater campus in October, 1976 and its purposes are: to stimulate interest and achievement in the field of management, to stimulate scholarship and research through the development of the scientific approach of management problems, to facilitate contacts between students and business, and to recognize persons who have made contributions to the field of management.

Mu Kappa Tau is the national scholastic honor society in the field of marketing. To be eligible for membership, a student must rank in the top 10% of the junior class, the top 20% of his/her senior class, or rank in the top 20% of the students receiving graduate degrees.

PROFESSIONAL ORGANIZATIONS

American Marketing Association—Collegiate Chapter was formed by Whitewater marketing students to promote and develop interest and knowledge in the field of marketing. The Association's goals are to foster scientific work in marketing, to develop sound thinking in theory and practice, to improve methods and techniques of marketing and to develop public understanding of marketing. The collegiate chapter works toward the accomplishment of these goals by sponsoring marketing presentations of practicing businessmen, field trips, special events and by conducting projects for the business community. Membership is open to any student interested in marketing.

Creative Marketing Unlimited (CMU) operates as a student-run marketing firm in cooperation with the American Marketing Association (AMA) chapter at the University of Wisconsin-Whitewater. CMU is a student organization dedicated to furthering the educational experiences of its members and providing marketing services to businesses in need. Members obtain business experience while following the high standard of professionalism, ethics, and excellence that CMU has prided itself on for many years.

APICS - The Association for Operations Management is the campus student organization for anyone with interests in the field of supply chain management, production, inventory, TQM, service operations, purchasing, and material requirements planning. An insight into the real world of Operations Management is obtained through numerous contacts with management of nearby business organizations at on-campus, Milwaukee APICS, and Janesville APICS Chapter meetings. An excellent opportunity is afforded chapter members to prepare for and take the APICS certification examinations in the various Production Fields.

Society for Human Resource Management (SHRM) is a nationally affiliated professional organization for any student interested in pursuing a career in human resources/industrial relations. The Whitewater chapter offers its members the opportunity to meet with human resource executives from Southern Wisconsin, to gain practical experience doing human resource projects, to receive assistance preparing for SHRM "Human Resources Generalist" accreditation exams, and to receive periodicals/newsletters discussing current human resource issues.

Beta Alpha Psi is the national professional accounting fraternity with chapters on over 200 campuses. Epsilon Rho chapter allows students to meet professionals and fellow students through the various activities held during the year. This gives students the opportunity to round out their academic training and learn about the accounting profession from those in practice. To become a member it is necessary to have attained sophomore standing and have a grade point of 3.0, both overall and in accounting courses. The organization is open to accounting, finance and information technology majors.

The Association of Information Technology Professionals is an organization of students who have a strong interest in the field of computer information systems. This group fosters an interest in and an understanding of computer systems through professional presentations, seminars, senior and student level AITP conferences and field trips to regional computer installations. In addition, the chapter also sponsors a professional society banquet meeting with employers in the fall and a career day in the spring.

DECA is an international association of college students studying marketing, management, and entrepreneurship in business, finance, hospitality and marketing sales and service. Many members have participated in their local DECA chapters in high school, but membership is open to any student from any college. The purpose of UWW DECA is to provide similar experiences for students who wish to continue their association with DECA. With the four points of the DECA diamond as a guide (Civic Consciousness, Vocational Understanding, Social Intelligence, and Leadership) DECA's mission is to enhance the co-curricular education of students by developing skills and competence for marketing, management and entrepreneurship careers, building self-esteem, experiencing leadership, and practicing community service. Members may also get involved with competitions through our association with Delta Epsilon Chi and other college DECA chapters.

Delta Sigma Pi, an international business and professional fraternity, promotes the study of business, encourages the attainment of high scholarship, and provides opportunities for students to begin their professional development while in college. Membership is open to students majoring in various business areas.

The Institute of Management Accountants is a national professional society. UW-W is proud to have the first student chapter in Wisconsin and one of the first anywhere. This organization provides another opportunity to make contacts and learn from practicing professionals in accounting. IMA is open to all majors.

Marketing Education Association (formerly DECA) is the collegiate affiliate of the National and Wisconsin Marketing Education Associations. The purposes of MEA are to provide experiences for students who wish to continue their association with DECA, explore marketing education as a potential major, and participate with a small energetic group of students

interested in marketing. Through experiences provided by MEA, future marketing education teachers will be prepared to assume their role as a DECA advisor at the secondary and post-secondary levels. Non-marketing education majors will have opportunities to develop management and communications skills and to learn more about the discipline of marketing through speakers, field trips, and conferences. Membership is open to any student from any college.

Economics Society is an organization of economics majors and minors and others interested in the field. Its purposes are to promote interest in and an understanding of economics through sponsoring lectures, panels, field trips, and other events, to promote economics as a profession, to improve contacts among students of economics, and to enhance student-faculty interaction.

Finance Association (FA) is a student membership organization open to all majors. FA serves undergraduate and graduate students who are interested in corporation finance, banking, investments, real estate and/or insurance. The Finance Association conducts speaker meetings, field trips, career orientation programs and social activities. Opportunities available for members include meeting people, networking, volunteer service hours and providing an informal channel for communication between students and faculty.

Law Society is an organization open to all students with an interest in law. The purposes of the Society are to advance the student's knowledge and experience in the field of law and to provide opportunities for communication with representatives from law schools and members of the legal profession. Guest speakers, field trips and special projects are some of the activities conducted each term by members of the society.

Phi Beta Lambda is the college level of the Future Business Leaders of America and is open to all students. PBL's purpose is to familiarize students with the demands and opportunities in the professions commonly associated with business. Guest speakers, field trips, and conferences around the state and nation are some of the activities included each year for members of this organization.

Pi Sigma Epsilon is a national professional sales and marketing coed fraternity. Membership is open to any student of good standing and major who exhibits interest in sales and marketing. Business, University and community oriented projects are employed during the school year to afford practical experience to the members and to finance the operations of the organization. The Beta Gamma chapter at Whitewater was founded on March 14, 1969, as the 51st chapter of Pi Sigma Epsilon and is sponsored by the Sales and Marketing Executives of Madison and Milwaukee.

Portfolio Management Group is a student investment club. Its purpose is to help students learn about the process of investing in stocks, bonds, options, futures, and other types of securities. The group hosts speakers, sponsors field trips, conducts a simulated stock trading competition, and enjoys social activities.

The General Management Organization (GMO) is a campus organization for students either majoring in or interested in general management. This group provides academic and career support for student majors through speaker programs, student interaction and student-faculty interaction. It also fosters an interest in and understanding of general management subjects of interest. Relevant speakers, seminars and opportunities to interact with the General Management Advisory Board are special features of the GMO.

Society for the Advancement of Management (SAM) is a national professional organization of managers in industry, commerce, government and education. The student chapter at UW-W has as its main objective the bringing together of executives in business and students preparing to go into administrative positions. The club offers guest speakers, structured events, and management periodicals to all students who aspire to managerial occupations.

The UW-Whitewater Student National Association of Black Accountants (NABA) Chapter is affiliated with the Milwaukee Professional Chapter

and the National Association of Black Accountants, Inc. Through this affiliation, the UW-W Student NABA Chapter is designed to address the needs of students of color and other interested students majoring in the fields of accounting, finance, or business administration. NABA activities facilitate the grooming necessary to begin a successful career in business and obtaining skills that include networking and managing your finances. Programs and services that are available to NABA members include: The National Scholarship Program, administered at both the national and local level; and the Central Regional Student Conference. The focus during the conference is on career development and placement, as well as preparation for entry into the accounting/finance profession. At this conference, students have the opportunity to arrange for internship or permanent position interviews with corporate partners and/or exhibitors. NABA's membership is made-up of many different backgrounds and career interests.

The Business Ethics Student Association is a student organization open to all majors. It strives to promote good ethical practices, integrity, and professional development through networking, critical thinking, and exposure to a wide range of topics concerning societal ethics. Common activities for the association include hosting guest speakers, holding the Business Ethics Day, assisting the Wisconsin Better Business Bureau with Torch Award applications, and social activities.

Entrepreneurs are the lifeblood of the global economy. The Collegiate Entrepreneurs' Organization (CEO), which was formed in the Fall 2005 with the College of Business efforts to expand an entrepreneurship program, is a student organization designed to expose our members to the world of entrepreneurship. Through its programming, speaker series, and business plan competitions, CEO offers a combination of theory and practice, thought leadership and performance, planning and doing. CEO sponsors an Elevator Pitch Competition, a Business Plan Competition and helps students plan and launch new business ventures.

The accounting program at UW-Whitewater is designed to prepare accounting majors to begin their career as professional accountants in any area of their choice - public accounting, corporate accounting, or governmental accounting. All of the programs in the College of Business and Economics, at both the graduate and undergraduate levels, are accredited by the Association to Advance Collegiate Schools of Business (AACSB). Accounting graduates are qualified to sit for the Certified Public Accountant (CPA) examination and other professional accounting certification examinations. In the State of Wisconsin, all applicants for the CPA exam are required to have completed an accounting program with 150 units of selected coursework. At UWW the Master of Professional Accountancy (MPA) degree program can be completed after the BBA degree program to satisfy the 150-unit requirement.

MAJOR

ACCOUNTING (BBA)

A minimum combined transfer and UWW grade point average of 2.75 is required in ACCOUNT 249, ACCOUNT 261, and ACCOUNT 343 to continue as an accounting major. In addition, a 2.5 GPA is required in all accounting courses, and in all College of Business and Economics (including any MCS courses) to graduate as an accounting major.

NOTE 1: An accounting major may repeat no more than two accounting courses without special permission from the Accounting Department Exceptions Committee.

NOTE 2: The Accounting Department complies with UWW's repeat policies. Under these policies a student

- may repeat an accounting course in which they earned a C- grade or below
- may not repeat an accounting course if the student has received credit for a higher level accounting course for which the course to be repeated is a prerequisite or corequisite. For example, a student who has received credit for ACCOUNT 343 may not repeat ACCOUNT 244, ACCOUNT 249, or ACCOUNT 261.
- for departure from these policies a student may seek special permission from the Accounting Department Exceptions Committee.

NOTE 3: No accounting course may be repeated more than once without special permission from the Accounting Department Exceptions Committee.

DEPARTMENT OF ECONOMICS

Phone: 262-472-1361

E-Mail: economics@uwm.edu

Faculty: Yamin Ahmad, David Bashaw, Eylem Ersal, Stuart Glosser, Jeffery Heinrich (Chairperson), Russ Kashian, L. Denton Marks, Thomas Schweigert, Ran (Nancy) Tao, Daniel Teferra, David Welch.

Economics occupies a unique position in the academic curriculum. It is a social science concerned with choices made by individuals and society regarding resource allocation. At the same time, economics is essential to understanding the business world and provides the foundation for applications in accounting, finance, management and marketing.

There are a variety of ways to include economics in an undergraduate degree. Students can major in economics within the College of Letters and Sciences or within the College of Business and Economics. Students from the College of Letters and Sciences can combine a major in economics with a professional minor in business studies. Students from the College of Business and Economics or the College of Letters and Sciences who are not economics majors can obtain a minor in economics. Students in the College of Education can obtain a BSE with a major in economics.

Economics is divided into economic theory, quantitative methods and a variety of applied subfields. The department offers courses in Comparative Economics, Economic Development, Economics of Health Care, Industrial Organization, International Economics, Labor, Managerial Economics, Monetary Economics, Natural and Environmental Resource Economics, Public Economics, and Urban and Regional Economics. Economic theory and quantitative methods provide students with analytical skills and with the tools of empirical investigation.

An economics education opens up opportunities for career paths in business, government, non-governmental and non-profit organizations, journalism and education. Economics is valuable as a major or minor for those planning to pursue further professional or graduate training, including MBA, law, public policy and administration, industrial and labor relations, and international relations. Students who are considering graduate work in economics or related business disciplines should consider a minor in mathematics or a double major in economics and mathematics.

MAJORS/EMPHASES

The department offers the following three emphases. All students pursuing an emphasis must take Economics 201, 202, 301, 302 and 404 (for BA or BS) or 345 (for BBA).

These are particularly useful for those interested in policy-related careers. Economics provides intellectual tools fundamental to the origination, development, and critique of policy in the business, nonprofit, and public sectors.

International Emphasis: This emphasis is of value to students seeking a career in business, government or non-governmental organizations involved with the increasing globalization of the world economy. It provides students with a comprehensive background in international trade and trade policy, international finance and exchange rates, multinational enterprise and foreign investment, economic growth and development in developing and transition economies; comparative economic systems. Courses of particular interest include:

ECON 359 Comparative Economic Systems
ECON 360 Growth and Development in the World Economy
ECON 401 International Economics
ECON 406 International Finance and Banking

122 ECONOMICS

ECON 431 Economics of Globalization

Business Policy Emphasis: This emphasis is of value for careers involving strategic and tactical planning in the private sector. It develops skills in issue/problem identification and definition, formulation of hypotheses, model-building and model-testing. Business policy involves some or all of the core business areas such as marketing, finance, and accounting, but takes a broader view of the overall role of the firm and the industry in which it operates. Courses of particular interest include:

ECON 301 Intermediate Microeconomic Analysis
ECON 302 Intermediate Macroeconomic Analysis
ECON 341 Government and Business
ECON 345 Business Statistics II
ECON 353 Economics of Labor Markets and Labor Policies
ECON 354 Money and Banking
ECON 402 Business Cycles
ECON 437 Managerial Economics
ECON 441 Industrial Organization and Competitive Strategies
ECON 493 Internship in Economics

Students completing this emphasis will be well prepared for direct entry into a business career path or for further graduate or professional study (e.g., a general or specialized MBA).

Public Policy Emphasis: This emphasis is for those seeking a career in government in the civil service or as an elected official. Also careers involving formulation of public policy through organizations as diverse as trade associations and nonprofit organizations. Courses of particular interest include:

ECON 301 Intermediate Microeconomic Analysis
ECON 302 Intermediate Macroeconomic Analysis
ECON 341 Government and Business
ECON 353 Economics of Labor Markets and Labor Policies
ECON 356 Public Finance
ECON 438 Urban, Regional, and Transport Economics
ECON 445 Economics of Health Care
ECON 471 Natural Resource and Environmental Economics
ECON 493 Internship in Economics

Students completing this emphasis will be prepared either for direct entry into careers in public policy analysis in the public or private sector or for further graduate or professional study in areas such as Public Policy Analysis or Public Administration. The curriculum relevant to students particularly interested in public policy toward business (e.g., business regulation, trade policy) is the Business Policy Emphasis.

DEPARTMENT OF FINANCE AND BUSINESS LAW

Phone: 262-472-1316

E-Mail: financelaw@uwm.edu

Faculty: Steve Fan, John Howat, Rashiqa Kamal, Hamid Moini, James Molloy, Howard Olson, David Porter, Linda Reid, Linda Yu (Chairperson), Yuan Yuan, Jianzhou Zhu.

The Department of Finance and Business Law at UW-Whitewater provides students with a strong foundation in the primary financial areas of corporate finance, investments, money and capital markets. The program allows students flexibility to explore these areas in greater detail or to branch out in other financial areas such as financial planning, insurance, or real estate. The department offers finance major with three emphases. The Finance and Business Law Department is unique in our ability to offer each of these four options as an Honors degree. We also offer a Bloomberg Certification course, an Applied Investments course, the option to complete the MBA-Finance Emphasis online and the opportunity to take several undergraduate (BBA) courses online. One fourth of the CPA exam is prepped by students taking FNBSLW 342/542.

MAJOR/EMPHASES

The Information Technology (IT) major provides students with IT and business knowledge, skills and training to pursue careers as IT professionals. Students gain technical depth in areas of interest through a set of electives and optional emphases. Graduates of the program are employed as business analysts, web design and content managers, network/systems/database administrators, security specialist, IT project managers, and consultants.

The Information Technology minor allows individuals interested in improving their knowledge of information technology. Minors take a set of courses that provide an overview of the IT field and then choose from advanced IT courses to specialize in an area.

The Business Education program prepares Business and Marketing teachers in content and methodology, complemented by field experiences. Graduates are marketable in education and business settings. The Business Education program at UW-Whitewater is nationally known. The program won the National Programs of Excellence Award in 1994, 1997 and 2003.

BUSINESS AND MARKETING EDUCATION

MAJOR/EMPHASES

By completing the Business and/or Marketing Education program, students will be eligible for the Department of Public Instruction License 250 (Business Education), or License 285 (Marketing Education). These licenses enables graduates to teach business and marketing subjects at grades K-12; business and marketing teachers often serve as coordinators of cooperative career and technical education programs and advisors of student organizations (DECA and FBLA) affiliated with business and marketing education.

To obtain DPI License 285, 4,000 hours of marketing-related work experience must be documented. Some of the necessary hours for these licenses can be acquired through ITBE 470 Directed Occupational Practice.

There are three options for students seeking a business and/or marketing teaching degree. The options are listed below:

COURSE DESCRIPTIONS

Field trips may be required for any of the courses.

MANGEMNT 301 ORGANIZATIONAL BEHAVIOR 3 u

A study of the intraorganizational behavior and attitudes of people in an organizational setting, the organization's effect on perceptions, feelings, and actions; and the consequences of behavior on the organization, particularly how it affects the achievement of the organization's purposes.

MANGEMNT 306 OPERATIONS MANAGEMENT 3 u

The study of contemporary theory, methods and procedures used to manage the production/operations (P/OM) function in service and manufacturing organizations. Included is a thorough overview of the qualitative and quantitative methods used by managers in making the decisions needed to effectively and efficiently transform resource inputs into goods and services. Prereq: MATH 143 or MATH 243 or MATH 250 or MATH 253 and (MATH 231 or ECON 245).

MANGEMNT 310 ORGANIZATION AND MANAGEMENT 3 u

A study of the theory and art of management from a decision-making perspective within the context of formal organization. Traces the development of management thought and practice since the Industrial Revolution, including the managerial functions of planning, organizing and controlling. Includes a discussion of managerially relevant behavioral topics including motivation, group process, leadership and communication. Recommended for students who aspire to managerial careers, both majors and non-majors.

MANGEMNT 320 HUMAN RESOURCE MANAGEMENT 3 u

A study of employee relations from the standpoint of the business firm, including recruitment, selection, placement, training, promotion, discipline, compensation, records, and employee services. Unreq: POLISCI 421.

MANGEMNT 366 SOCIAL RESPONSIBILITY 3 u

This course will provide students with an understanding of the relationship of organizations with their stakeholders (e.g., customers, employees, society, etc.) and provide both an exposure to and an understanding of both ethical and unethical behavior. By investigating organizations and their linkages with various environmental entities, students will have a better appreciation of what produces socially responsible behavior so as to expedite socially responsible actions and prevent irresponsible ones. Prereq: Admission to the College of Business and Economics.

MANGEMNT 369 LEADERSHIP IN MANAGEMENT 3 u

A theoretical and experiential investigation of leadership theory and practice. Discussion includes relevant aspects of personality and motivation theory as they affect interpersonal processes of influence. Substantial time is devoted to self-assessment and development of personal leadership style and skills. Prereq: MANGEMNT 301 or consent of instructor.

MANGEMNT 386 ENTREPRENEURSHIP: BUSINESS 3

u

FEASIBILITY

This course concentrates on identifying and evaluating opportunities that may become the foundation for a new business or non-profit entity. Identification focuses on exploring demographic and societal trends, consumer and industrial needs, technological and knowledge changes. Evaluation involves customer and industry market assessments, potential for intellectual property protection and financial feasibility. Additional consideration will be given to development and resource options. Prereq: ACCOUNT 244, may not be taken for credit by Entrepreneurship majors.

MANGEMNT 410 INTERNATIONAL MANAGEMENT 3

u

A study of the concepts, problems, processes and practice of International Management, focused on the Multi-National Corporation (MNC). Management in multi-environments, MNC corporate plans, objectives, strategies, viable organizational structures, MNC social/cultural/ethical issues, and coordinating globally spread out MNC units are emphasized. Prereq: MANGEMNT 301 or equivalent.

MANGEMNT 419 ORGANIZATIONAL THEORY AND EFFECTIVENESS 3 u

An analysis of organization theory. A study of classical and modern organization theory. Relationships among theory, design and behavior variables and organizational effectiveness are examined. Prereq: MANGEMNT 301.

134 MANAGEMENT

MANGEMNT 425 COMPENSATION MANAGEMENT 3 u

A detailed study of job analysis, methods of job evaluation, performance appraisal, community wage survey, and basic systems and plans of compensating employees.

Prereq: MANGEMNT 320 or POLISCI 421 for PPA majors.

MANGEMNT 426 STAFFING 3 u

A study of the theory and application of methods used in recruiting and selecting employees. This course will include the legal issues in employment, research in the employment process, the development and use of selection devices, and recruiting applicants for job openings.

Prereq: MANGEMNT 320 or POLISCI 421 for PPA majors.

MANGEMNT 428 TRAINING AND DEVELOPMENT 3 u

The course will emphasize theory of training and development, research to determine needs, types of programs, practicum in conducting a training and development session, and evaluation of programs.

Prereq: MANGEMNT 320 or POLISCI 421 or senior standing

MANGEMNT 429 EMPLOYEE BENEFITS 3 u

Principles and techniques in the Administration of Employee Benefit Programs. The course will include planning, implementation, design and evaluation of major employee benefits, such as medical, disability, pension, profit-sharing, government mandated programs and quality of work life plans.

Prereq: MANGEMNT 320 or POLISCI 421.

MANGEMNT 430 LABOR-MANAGEMENT RELATIONS 3 u

Study of the relationships between management and organized groups of employees, including labor unions and professional associations. Analysis and evaluation of collective bargaining processes and strategies, current bargaining issues, legal regulations of bargaining, negotiations and administration of collective agreements, factors contributing to conflict and methods of settlement.

MANGEMNT 445 QUALITY MANAGEMENT 3 u

A comprehensive study of contemporary perspectives on Total Quality (TQ) theory and practice applied to operations systems. Includes a thorough discussion of statistical and quality methods including process control, acceptance sampling, and variance reduction. Explores Quality Function Deployment and the customer-focused implications of quality.

Prereq: MANGEMNT 306.

MANGEMNT 450 OPERATIONS PLANNING 3 u

Study in depth of the planning processes performed in the operations setting integrating the topics of systems modeling, forecasting, production planning, capacity planning, capacity requirements planning, master scheduling, and material requirements planning. Emphasis is on concepts and their application.

Prereq: MANGEMNT 306.

MANGEMNT 455 INTEGRATION OF OPERATIONS 3 u

Examination in-depth of daily operational decision-making pertaining to management of operational systems and inventory, inventory models and systems, inventory control, distribution planning and control, scheduling techniques, production authorization, lead time management, supplier interfaces, data requirements and measurement systems. Emphasis is on the interrelationships of these techniques and their applications.

Prereq: MANGEMNT 306.

MANGEMNT 456 SUPPLY CHAIN MANAGEMENT AND INTERNATIONAL SOURCING 3 u

The course uses a supply chain management framework to study flow of material through global enterprises. Topics include international facility location, global configuration, theory of constraints, international transportation networks, just-in-time systems, supplier management, negotiations for purchasing, sourcing decisions, supplier certification, and bullwhip effect.

Prereq: MANGEMNT 306.

MANGEMNT 460 PROJECT MANAGEMENT AND ENTERPRISE RESOURCE PLANNING 3 u

Examines the role of Computer Integration of Operations. Topics may include Enterprise Resource Planning (ERP), Computer Aided Design/Manufacturing (CAD/CAM) and project management methodology. Students will be exposed to operational decision support systems through the use of macros and visual basic. This course may require visiting/working with local firms in setting up such systems.

Prereq: MANGEMNT 306.

MANGEMNT 462 PURCHASING MANAGEMENT 3 u

This course provides an understanding of the business role of purchasing and procurement in relation to both operational and strategic organizational goals. Students will be able to identify alternative terms and conditions of sale, source suppliers, and build supplier relationships. In addition, exposure to the bidding and auction process, negotiating with suppliers and total cost of ownership will be provided.

Prereq: MANGEMNT 306.

MANGEMNT 465 GLOBAL OPERATIONS STRATEGY 3 u

A study of the integration of operations planning, management, and control to create effective operations strategy within a global perspective. Includes a thorough examination of capacity and supply chain management. Also examines the theory of constraints as used to develop strategic competitive advantage.

Coreq: MANGEMNT 450 or MANGEMNT 455 or MANGEMNT 456.

MANGEMNT 466 MANAGEMENT OF SERVICE OPERATIONS 3 u

An overview course which applies production techniques and concepts to service organizations through the case study method. Problems of producing services will be compared and contrasted to manufacturing. Special demands for organization and control will be reviewed, as well as the identification of elements of success.

Prereq: MANGEMNT 306.

MANGEMNT 471 MANAGEMENT DECISION ANALYSIS 3 u

Theory and application of quantitative analytic methods used in operations decision situations. Topics include model building, decision theory, deterministic and probabilistic problems, linear programming, PERT/CPM and simulation.

Prereq: ECON 245 or equivalent.

MANGEMNT 478 SEMINAR IN HUMAN RESOURCES 3 u

A capstone course for students in Human Resource Management. The course will integrate HR subject matter areas through empirical research. Students will utilize their academic preparation, analytical skills, and communication skills to develop a proposal and prepare a research report.

Prereq: MANGEMNT 320 (or POLISCI 421 for Public Policy majors), Human Resource major or minor, and at least 6 units from the following: MANGEMNT 425, MANGEMNT 426, MANGEMNT 428, MANGEMNT 429, MANGEMNT 430.

MANGEMNT 485 CONSULTING FOR ENTREPRENEURIAL COMPANIES 3 u

The consulting course exposes students to some of the opportunities and challenges inherent in a career in consulting with small, growth-oriented companies. Students also develop an appreciation of both problems and opportunities faced by entrepreneurs through participating in "hands-on" learning experiences by conducting field case studies and providing consulting services that may involve marketing, management, IT and/or finance.

Prereq: MARKETING 311 or FNBSLW 344 and consent of SBI Coordinator.

MANGEMNT 486 SUPERVISORY MANAGEMENT 3 u

A study of the theories and techniques of general management, organizational

behavior, and human relations involved in effective supervisory management. The supervisor's role and the supervisor-subordinate relationship will be analyzed. The skills required for successful supervision will be practiced through small group work, role play and other activities.
Prereq: MANGEMNT 301 and 85 units.

MANGEMNT 487 ENTREPRENEURSHIP: NEW VENTURES 3 u
This course concentrates on how new businesses are started and includes new business start-ups, buyouts and franchising. Objectives are understanding entrepreneurs, and seeking and evaluating opportunities for new ventures. This course assesses the development of ideas that might become business opportunities and examines the merit of those ideas in the marketplace. The writing of business plans and the acquisition of resources to turn opportunities into businesses are also examined.
Prereq: Senior standing.

MANGEMNT 489 ADMINISTRATIVE POLICY 3 u
This course emphasizes management issues and practices from a top management perspective. Students learn theories and skills relevant to the strategic management of organizations, including the ability to assess the external and internal environments of the organization, strategy formulation and implementation.
Prereq: Senior standing and completion of the other College of Business and Economics required core courses, (i.e. ITBE 353, FNBSLW 341, FNBSLW 344, MANGEMNT 301, MANGEMNT 306, MARKETNG 311) except Career Information.

MANGEMNT 490 WORKSHOP 1-3 u

MANGEMNT 491 TRAVEL STUDY 1-3 u
Repeatable for a maximum of 5 units in major/degree.

MANGEMNT 493 COOPERATIVE/INTERNSHIP IN MANAGEMENT 2-3 u

This course is a constructed supervised work experience within the major area of concentration of the student. The internship experience offers the student an opportunity to merge with actual day-to-day activity in business. No more than 5 units will apply toward graduation. Repeatable for a maximum of 5 units in major/degree.
Prereq: Junior standing and consent of department chairperson.

MANGEMNT 496/696 SPECIAL STUDIES 1-3 u
Repeatable for a maximum of 6 units in major/degree.
Prereq: Consent of instructor.

MANGEMNT 497 EXCHANGE STUDY Repeatable 1-12 u

MANGEMNT 498 INDEPENDENT STUDIES 1-3 u
Repeatable for a maximum of 3 units in major/degree.
Prereq: Junior or senior standing and consent of instructor and department chairperson.

PROGRAM OF MANAGEMENT COMPUTER SYSTEMS

Phone: 262-472-1467 E-Mail: mcs@uwm.edu

Faculty: Paul Ambrose, Choton Basu, Andrew Ciganek, Athula Gunawardena, Robert Horton, Robert Leitheiser, David Munro, Hien Nguyen, Robert Siemann.

The Management Computer Systems (MCS) major is an interdisciplinary program combining faculty from the Information Technology & Business Education Department in the College of Business and Economics with their colleagues from the Department of Mathematical and Computer Sciences in the College of Letters and Sciences. The major offers a unique blend of computing and management skills designed to harness computer

technology to the needs of a wide variety of business, industrial, financial, governmental and educational organizations. Graduates are trained in the areas of systems analysis, software design and software development with a strong background in business. Typical entry level positions include programmer analyst, systems analyst, software development and consultant. The MCS major can be taken in either the College of Business and Economics for a BBA degree or in the College of Letters and Sciences for a BS degree.

Transfer grades are included in determining eligibility for MCS courses. A minimum combined transfer and UW-Whitewater GPA of 2.5 overall and in the major is required for graduation.

COURSE DESCRIPTIONS

MCS 214 INFORMATION TECHNOLOGY CONCEPTS AND PRACTICE 3 u

A survey course that covers the use of information technology in organizations, the processes used to create and manage information technologies, and the impact of information technology on individuals, organizations, the economy and society. Students learn how to do systems analysis, data modeling, system and database design, database queries, and construction and testing of a database application as part of a systems development life cycle.

Prereq: COMPSCI 181 or ITBE 280 and a combined cumulative GPA of 2.50.

MCS 220 CONCEPTS OF PROGRAMMING 3 u

This course teaches students professional software development using object-oriented program design and the Java programming language. Coverage includes correct business programming style and documentation, program debugging and testing, database and file processing, event-handling, and graphical user interfaces.

Prereq: COMPSCI 172 or COMPSCI 174 and a combined cumulative GPA of 2.50. Unreq: COMPSCI 222.

MCS 231 CONCEPTS OF DATA STRUCTURES 3 u

This course is an introduction to data structures using the Java programming language. It covers static and dynamic implementations of data structures including lists, stacks, queues and trees. It emphasizes object-oriented design and programming methodology, including inheritance and polymorphism, and applies these in the development of large programming projects.

Prereq: MCS 220 or COMPSCI 222 and a combined cumulative GPA of 2.50. Unreq: COMPSCI 223.

MCS 232 COBOL AND COMPLEX SYSTEMS 3 u

The course emphasizes how a complex system can be designed and implemented in terms of multiple independent layers. Topics include the fundamentals of COBOL and its integration with client/server and Web systems.

Prereq: MCS 220 or COMPSCI 222 and a combined cumulative GPA of 2.50.

MCS 314 ADVANCED DATABASE DESIGN AND ADMINISTRATION 3 u

This course covers advanced topics in database analysis, design, access, integrity control, and implementation as well as a variety of emerging topics. The course is intended for students who already have a good understanding of database systems and relational database concepts. Students should have proficiency in using the SQL language.

Prereq: COMPSCI 181 or ITBE 280 and a combined cumulative GPA of 2.50.

MCS 325 WEB DEVELOPMENT I 3 u

This course will give students familiarity with client/server computing in a two/three-tiered Internet environment. This includes the development of dynamic web pages to exchange data with relational database management systems using scripting technologies. Students will use an event-driven, object-oriented programming language to construct ActiveX components that connect with database servers. The course will also explore basic networking concepts.

Prereq: COMPSCI 172 and either COMPSCI 181 or ITBE 285 and a combined cumulative GPA of 2.50.

MCS 331 SYSTEMS ANALYSIS AND DESIGN 1 3 u

In this course, the student learns to analyze the business organization as a system, to structure both the information and processes of a business or organization, and to complete the systems development process through the logical design phase. The course utilizes an object-oriented methodology for the systems development process. The student begins a team project that is completed in MCS 431.

Prereq: MCS 214 and a combined cumulative GPA of 2.50.

MCS 391 MCS COOPERATIVE PROGRAM 3 u

The student is to work as an information systems professional in a business or government organization and report on the experience to the MCS faculty and fellow students.

Prereq: Consent of MCS Cooperative Program Coordinator and a combined

cumulative GPA of 2.50.

MCS 425 WEB DEVELOPMENT 2 3 u

This course teaches students how to develop Web applications using Java technologies. The course focuses on design and implementation of distributed applications for the Internet and/or intranets. Topics include object-oriented distributed systems and technologies, database access, security, advanced Java programming, and technical design issues for e-Commerce systems.

Prereq: MCS 220 or COMPSCI 222, MCS 325, MCS 314 and a combined cumulative GPA of 2.50.

MCS 431 SYSTEMS ANALYSIS AND DESIGN 2 3 u

This course is a study of the principles and activities associated with the physical design and implementation of computer based information systems using object oriented methodologies. It includes object-oriented decomposition, system testing, documentation, system security, conversion and implementation. The student completes the team project started in MCS 331.

Coreq: MCS 425. Prereq: MCS 314, MCS 331, MCS 231 or COMPSCI 223 and a combined cumulative GPA of 2.50.

MCS 475 NETWORK ENGINEERING 3 u

This class will explore the OSI (Open Systems Interconnection) networking model, standard networking protocols, and network architecture including implementation, administration and maintenance. Students will also gain "hands-on" networking experience by installing and setting up a network operating system, building a small LAN, and managing network servers.

Prereq: MCS 325, MCS 231 or COMPSCI 223 and a combined cumulative GPA of 2.50. Unreq: COMPSCI 475.

MCS 485 PROJECT 1-3 u

This course provides students with the opportunity to participate on a student project team under the management of a faculty member and industry practitioners. The project will be sponsored by a partnering business firm and may involve a wide array of technologies, functional areas and geographically dispersed teammates. This course will only be offered when projects are available. Students will be carefully chosen through an interview process. The number of credits will be determined by the complexity of the project and the level of student involvement.

Prereq: Consent of department and a combined cumulative GPA of 2.50

MCS 496 SPECIAL STUDIES 3 u

Repeatable for a maximum of 9 units in major/degree.

Prereq: Consent of instructor and a combined cumulative GPA of 2.50.

MCS 497 EXCHANGE STUDY Repeatable 1-12 u**MCS 498 INDEPENDENT STUDIES Repeatable 1-3 u**

Prereq: Approval of the MCS Coordinator and the faculty member supervising the course. Completion of at least four MCS core courses and a combined cumulative GPA of 2.50.

DEPARTMENT OF MARKETING

Phone: 262-472-1333

E-Mail: marketing@uwm.edu

Faculty: Victor Barger, Robert Boostrom Jr., Pavan Chennamaneni, Andrew Dahl, Maxwell Hsu, Dennis Kopf, Marilyn Lavin, James Peltier, Sharon Roy, Carol Scovotti, Lois Smith, Yushan Zhao (Chairperson).

Marketing involves business activities so that production and the exchange of goods and services maximize consumer satisfactions and producer profits. Marketing studies the behavior of people in their search for products and services to satisfy their needs and then develops and provides the consumer with need-satisfying opportunities consistent with the goals of society. Marketing functions include choosing customer groups, developing products, creating advertising and promotions, determining the proper price, and distributing them. Marketing via the Internet and other interactive media includes all of these components.

HISTORY AND MISSION OF THE COLLEGE

The preparation of teachers has been a major part of the mission of this University since its inception on April 21, 1868, as a normal school, and through its subsequent evolution as a teachers college, a state college and a comprehensive state university. For more than a century UW-Whitewater has offered programs leading to the licensure of teachers. The College of Education and Professional Studies and Professional Studies is committed to the principles of excellence in teacher education and leadership in maintaining and extending an effective system of schools for a free society. This commitment motivates the faculty to develop programs of teacher education designed to meet the wide and varied educational needs of society. In fulfilling its mission, the College of Education and Professional Studies has emphasized quality and excellence and has dedicated itself to the study and analysis of educational trends, innovation, and leadership.

Students in the College of Education and Professional Studies prepare for professional careers in teaching, safety, communicative disorders, leadership, military science and aerospace studies, and health, physical education, recreation, and coaching.

The Elementary Education program includes dual early childhood education (EC): regular and special education (ages birth-8 years), elementary/middle education (MC-EA). The Middle/Secondary Education (EA-A or ages 12-21 years) program includes majors in art, biology, chemistry, economics, English, geography, history, journalism, mathematics, physics, political science, sociology, and in the broadfield area of social studies. The Early Childhood/Secondary (EC-A or ages birth-21 years) program includes art, business education, French, German, marketing education, music education,

physical education, science, Spanish and theatre.

Minors are offered in the areas of art, Bilingual/Bicultural, biology, chemistry, coaching, communicative disorders, computer science, economics, environmental management and occupational safety, ESL, English, French, geography, German, health education, history, journalism, library science, mathematics, leadership, music, physical education, philosophy, physics, political science, psychology, recreation, sociology, Spanish, speech and theatre. Not all of the above minors lead to licensure. Contact the department for specific information.

Communication Sciences and Disorders offer pre-graduate training for licensure in Speech-Language Pathology and Audiology.

Special Education programs for students interested in working with persons with special needs include cognitive disabilities, emotional/behavioral disorders, learning disabilities, and early childhood: exceptional educational needs.

Occupational & Environmental Safety and Health offer programs in occupational safety, and driver education licensure with emphases in construction safety, occupational ergonomics or environmental management.

The University of Wisconsin-Whitewater College of Education and Professional Studies Future Teacher Program (FTP), is a program to assist multicultural students and students interested in teaching in: the following high-need areas; Biology, Chemistry, Spanish, Math, Special Education, ESL/Bilingual/Bicultural, Library Media, and Early Childhood (males). Our goal is to increase the enrollment, retention and graduation rates of undergraduate students who major in education at UW-W. FTP provides a one-week summer program, allowing students the opportunity to engage in mentoring and involvement in important campus programs during the critical freshman and sophomore years. The long-term goal is to graduate more multicultural students and to assist students interested in teaching in high-need areas to become licensed teachers.

DEPARTMENTAL ORGANIZATIONS AND ACTIVITIES

HONORARY FRATERNITIES

Alpha Beta Alpha is a national fraternity for students in library science. Any student taking courses in library science who has earned an overall C average in classwork is eligible to become a member. Advisor: Anne Zarinnia.

Kappa Delta Pi is a national honorary education fraternity. It limits its membership to juniors and seniors in the College of Education and Professional Studies who have demonstrated unusual scholastic proficiency and professional promise. Advisor: Shannon Stuart.

Phi Kappa Phi is a national honor society for the recognition and encouragement of superior scholarship in all academic disciplines. Undergraduate students are eligible for consideration who have senior status and are scholastically in the upper 10% (or less, if the chapter's constitution so provides) of their class; or who have reached the final period of their junior year and are scholastically in the upper 5% (or, again, less if the chapter's constitution so stipulates) of their class. President: Charles Cottle, Secretary/Treasurer: Roxanne DePaul.

STUDENT ORGANIZATIONS

Best Buddies is a university-sponsored organization that organizes and creates one-to-one relationships with adults with intellectual disabilities in the community. Students participate in activities with their buddy once a month. Advisor:

The Caring and Resourceful Educators is the student branch of the Wisconsin Early Childhood Association and the National Association for

the Education of Young Children. Membership is open to any student interested in early childhood education. The group's primary concern is the welfare and education of children. Advisor: Robin Fox.

The Coaching, Health, Athletics, Recreation, and Physical Education (CHARPE) organization is open to all students enrolled in majors or minors in Health, Physical Education, Recreation or Coaching. This club works to promote understanding of career opportunities and responsibilities, professional development outside of the classroom, and networking with professionals and peers. Guest speakers, attendance at professional meetings, and banquets are some of the various activities of this organization. Advisor: Cristy Jefson.

The Student Council for Exceptional Children is a pre-professional organization for students interested in expanding their knowledge about and experiences with individuals with exceptionalities. Its primary purpose is to "present students with opportunities to improve educational professional standards and increase awareness of exceptional children and youth." Opportunities are available for volunteer experiences with various area service agencies/programs and residential facilities. Projects may include: visiting residential facilities, mentoring clients, planning seasonal parties for residents of community resident settings, provide respite care, and attending and participating in state and national professional organization conferences. Advisor: Katy Casey and Jessica Hasaman.

The National Student Speech Language Hearing Association (NSSLHA) is the national organization for Master's candidates and undergraduate students interested in the study of normal and disordered human communication behavior. NSSLHA is the only official national student association recognized by the American Speech-Language-Hearing Association. NSSLHA membership is presently about 13,000 students with chapters in more than 280 colleges and universities. Advisor: Roxanne DePaul.

The Student Wisconsin Education Association is a student organization for improving the quality of education. The purpose of the organization is to guide students who plan to teach and to provide supplemental education programs. This organization is a student chapter of NEA. Advisor: John Zbikowski.

ROTC Cadet Association is composed of students enrolled in the Army or Air Force ROTC program (Leadership, Military Science and Aerospace Studies) at Whitewater. The organization fosters military, social and other extracurricular activities within the ROTC student body. Advisor: Capt. Michael D. Nyenhuis.

The Student Safety Organization represents ASSE (American Society of Safety Engineers). The purpose of the Association is to promote interest in and understanding of the role of safety in industry, government, schools, and wherever loss prevention is a concern. Representatives participate in departmental activities and decision-making and the Organization conducts a variety of programs for professional growth and development. The Organization not only serves its present membership, but seeks to maintain contact with graduates by inviting them to speak at Association meetings. Students interested in the Student Safety Association should contact the Occupational & Environmental Safety & Health Office in Room 3305, Hyland Hall. Advisor: Sang Choi.

Students for an Accessible Society fosters an awareness of the needs of disabled students on campus, joins disabled and nondisabled people as an organization to meet these needs, and fosters an atmosphere of mutual understanding and cooperation between the two parties. Advisor: Pam Turner.

The University offers more than seventy different licensure programs including dual Early Childhood Education (EC), Elementary/Middle Education (MC-EA), Middle/Secondary Education (EA-A), Early Childhood/Secondary (EC-A) and Special Education (MC-EA and EA/A). See the index for majors in Secondary Education (including broadfield majors), programs in Elementary Education, and programs in Special Education. Satisfactory completion of these programs entitles the graduate to be licensed to teach in Wisconsin public schools as well as in schools in most other states. The Wisconsin teacher's license is issued by the Wisconsin Department of Public Instruction (DPI) only after receiving the endorsement of the Licensure Officer of the College of Education and Professional Studies. During the semester before graduation, students print off a Wisconsin teaching license application from the DPI website at <http://dpi.wi.gov/tepd/applications.html>. Those students desiring a license from other states can also obtain addresses and phone numbers from the College of Education and Professional Studies Licensure website.

OTHER PROFESSIONAL CAREER PROGRAMS

The College of Education and Professional Studies offers a program in Occupational Safety for students who intend to become industrial safety specialists (see Department of Occupational and Environmental Safety and Health), in Special Education for students who want to work with adults who are developmentally disabled (see Department of Special Education), in Health, Human Performance and Recreation for students who want to pursue careers in health promotion, human performance, exercise science, recreation and leisure services (see Department of Health, Physical Education, Recreation and Coaching), and in Communication Sciences and Disorders for students who plan to pursue a Masters degree in speech-language pathology and audiology and work in the public schools (see Department of Communicative Sciences and Disorders).

LEADERSHIP, MILITARY SCIENCE AND AEROSPACE STUDIES DEPARTMENT

The Department of Leadership, Military Science and Aerospace Studies offers three programs which may be pursued by any student desiring instruction, practical experience, and credentials in leadership.

1. Leadership Minor. Provides the specialized knowledge and training required to be a successful supervisor, manager, or administrator in the student's chosen profession.
2. U.S. Army Commission. Completion of the commission program and a baccalaureate degree provides the opportunity for service to the Nation as a Second Lieutenant in either the US Army, National Guard, or Army Reserve.
3. U.S. Air Force Commission. Completion of the commission program and a baccalaureate degree provides the opportunity for service to the Nation as a Second Lieutenant in either the U.S. Air Force or Air Force Reserve.

CRIMINAL BACKGROUND CHECKS

Organizations now require a criminal background check prior to allowing university students to volunteer or to complete experiences required in their programs (e.g., field work, student teaching, practicum, internship, or ROTC). A criminal background check is required to enter ROTC.

A record may preclude you from participating in our mandatory field experiences, disqualify you for a license, or service/employment in your chosen field.

If you have concerns about what might show up in your criminal background check, we suggest you seek legal counsel prior to declaring a major, or committing to a program of study within the College of Education and Professional Studies & Professional Studies.

ACADEMIC INFORMATION

PROFESSIONAL EDUCATION PROGRAMS LEADING TO TEACHER LICENSURE

ADMISSION TO PROFESSIONAL EDUCATION

Admission to Professional Education is based on 1) Completing all eligibility requirements and 2) Placement in a rank ordering of applicants according to the most recent combined (UW-W and transfer or UW-W and degree) cumulative GPA. There are several steps in the process of applying for admission to Professional Education. First, students must meet the Basic Eligibility Requirements. (See below) Also, they must complete an application form and attach letterhead stationary documenting 300 of the 350 hours of experiences with learners in an educational facility/facilities.

BASIC ELIGIBILITY REQUIREMENTS:

- View Phase 1 Meeting: College of Education and Professional Studies Program Requirements
 - Pass all three portions of the Pre-Professional Skills Test (PPST)
 - View Phase 2 Meeting: Professional Education Orientation
 - Pass each course of the Pre-Professional Foundations Courses
 - with C/S or better
 - Not required for admission eligibility for Dual Licensure in Early Childhood* majors.
 - Possible waivers or substitutions must be on official forms and signed by your advisor and department chairperson.
 - Complete the Phase 2 portfolio evaluation by taking
 - All three courses within the Pre-Professional Foundations Courses at UW-Whitewater OR
 - If the INTRODUCTION TO EDUCATION AND TEACHING course of the Pre-Professional Foundations block is transferred in from another institution, you MUST take the Portfolio Development I (EDFOUND 214 for 1 credit)
(Phase 2 portfolio not required for admission eligibility for Dual Licensure in Early Childhood* majors)
- Note: Passing the course Introduction to Education and Teaching does not mean you have passed the Portfolio requirement. Talk to your instructor to determine if you have passed the Portfolio requirement. The “non-academic milestones” on your AR must be updated to show if you passed the portfolio requirement.
- Pass COMM 110
 - with C/S or better
 - Not required for admission eligibility for Dual Licensure in Early Childhood* majors.
 - Possible waivers or substitutions must be on official forms and signed by the Communication Department for typical undergraduates and licensure advisor for those who hold a bachelor's degree.

Complete a minimum of 40 credits

- Early Childhood* majors must complete a minimum of 30 credits. Music 111 Fundamental of Music
- For Early Childhood* majors only.
- To be eligible for admission to Professional Education in early childhood, students must pass Music 111 (with C/S or better) or be concurrently enrolled. Waivers or substitutions for Music 111 must be on official forms and signed by the Music Department or Early Childhood Coordinator for typical undergraduates.
- Concurrent enrollment means that you are currently taking the course - not pre-registered! (NOTE: Students accepted into Professional Education while enrolled in Music 111 must successfully complete Music 111 with a “C”/”S” or better. Failure to do so will result in removal from Professional Education and pre-registered courses requiring Professional Education admission will be dropped.)
- Achieve a combined cumulative 2.75 GPA
- Verify Experiences with Learners
 - Minimum of 350 hours beginning with Freshman year in high school.
 - 300 hours of verified experiences
 - At least 300 hours of verified experiences from educational facility/facilities such as schools, agencies, institutions, centers, or organizations. Use letterhead stationery (sample option listed below) from the educational agency to provide verification. Verification statements should include experience descriptions, dates of involvement, total number of hours (for example, camp counselor is a maximum of 12 hours and full time work week is forty hours),

and be signed by the senior member of the agency.

- Some possible examples include instructional aide, substitute teaching, daycare teacher, classroom volunteer, coaching, camp counselor, after-school tutoring, Sunday School teacher, etc.
- 50 hours of unverified experiences
- Up to 50 hours of experiences that may be related to the role of teacher not associated or attached to an educational facility (description or verification should be provided)
- Some possible examples include: Childcare, job related training, parenting, tour group leader, etc.
- The goal of the experience requirement is to engage students in supervised, focused experiences that will provide a backdrop for future learning. Students are encouraged to seek out opportunities to work with diverse learners. Diverse populations are defined broadly to indicate differences from the group with which one identifies. These differences may be in terms of race, ethnicity, ability and socioeconomic status. For example, the applicant may have had experiences that involved exceptional educational needs, community services, etc. Experiences with individuals from different cultures provide the kind of background that will enhance students' knowledge, skills, and dispositions as they progress through their educational program.

* This is the dual licensure program that enables the accepted cohort group to obtain regular and special education licensure.

Admission Deadlines: There will be three admission cycle deadlines in Fall, Spring, and Summer for all students except those applying for Dual Licensure in Early Childhood. The Dual Licensure in Early Childhood program will accept applications only during the Fall admission cycle. Students who meet all eligibility requirements and who turn in application forms before the deadline to turn in applications will be part of the admissions pool.

Continuous Admission: Admissions outside the regular admission schedule (i.e., separate from the normal Fall, Spring, and Summer admission cycles) to students who have met all the basic eligibility requirements who are applying for programs with space available. Admission outside the regular schedule (continuous admission) may be granted to students who apply up to four days before the last day to register/add a term class. Continuous admission may not be granted if the applicant is seeking an exception to the GPA or PPST requirements.

TEACHER LICENSURE REQUIREMENTS

The College of Education and Professional Studies requires all students seeking endorsement by the Licensure Officer of the College of Education and Professional Studies for Wisconsin Department of Public Instruction licensure to complete the following licensure requirements:

Pre-Student Teaching Clinical Experiences

Each student, under the supervision of professional school personnel, shall complete a prestudent teaching clinical program consisting of a minimum of 100 clock hours of experience working directly with children and youth within a school or other instructional setting.

During the Pre-Professional (Foundations) Block, students are assigned for a minimum of 50 hours in a school setting that serves a diverse population. In some programs, the Office of Field Experiences provides transportation to the school sites and students are assessed a transportation fee.

During the Professional Block, students are assigned to one or more experiences completed in schools located within the service area of the College of Education and Professional Studies. See the Office of Field Experiences website for a list of these school districts. Students are responsible for their own transportation to the school sites.

- Educational Foundations: EDFOUND 243 Foundations of Teaching in a Pluralistic Society
- Reading and Language Arts: Course work appropriate to the licensure

program in the teaching of reading and language arts. This requirement has been integrated into the curricula of all licensure programs.

Measurement and Evaluation Course: Appropriate to the licensure program, EDFOUND 424 Measurement and Evaluation in Elementary Schools; EDFOUND 425 Measurement and Evaluation in the Secondary School; or EDFOUND 423 Measurement and Evaluation in Physical Education.

Directed Teaching (“Student Teaching”)

1. All students seeking initial endorsement for licensure by UW-Whitewater must earn units from UW-Whitewater in conjunction with experiences in schools. Additional information about these experiences is available from the Office of Field Experiences or the appropriate department in the College of Education and Professional Studies.
2. All students seeking initial endorsement for licensure must complete a full day, full term experience following the daily schedule and term of the cooperating school (not the university term). The procedures for determining if a student has met the requirements for Directed Teaching occur during the semester prior to the student’s assigned semester for Directed Teaching. Students who seek endorsement from UW-Whitewater must complete at least 14 units of academic work at UW-Whitewater prior to Directed Teaching. Students are placed in schools located within the service area of the College of Education and Professional Studies. See the Office of Field Experiences website for a list of these school districts. Placements are made by the university on the basis of quality and other programmatic considerations. Students are responsible for their own transportation and housing arrangements during Directed Teaching.

ADMISSION TO DIRECTED TEACHING

Admission to Directed Teaching occurs at Decision Point 4 in the College of Education and Professional Studies’s Unit Assessment System. Admission to Directed Teaching is restricted to students who have been admitted to Professional Education and who have met the ten criteria listed below. Passing the Phase 3 portfolio (#1) and conducting the record check (#7) could occur during the placement process prior to assuming duties at the placement site.

- 1.) passing score on Phase 3 portfolio (except for Early Childhood Directed Teaching A and B)
- 2.) passing score in the major(s) on Praxis II subject assessment test(s) by the announced deadline date * (except for Early Childhood Directed Teaching A and B)
- 3.) 2.75 combined cumulative grade point average
- 4.) submission of Personal Information Sheet to Office of Field Experience by the announced deadline date * (except for Early Childhood Directed Teaching A and B)
- 5.) attendance at required Phase 3 meeting (except for Early Childhood Directed Teaching A and B)
- 6.) submission of a negative Tuberculosis test result to Office of Field Experience (skin test or x-ray) by the announced deadline date *
- 7.) completion of a record check (if required by placement site)
- 8.) meeting minimum or better grades in courses as required by department of major (see individual catalog statements in each department.)
- 9.) meeting additional requirements as identified by the specific program
- 10.) transfer students must complete at least 14 undergraduate credits or 9 graduate credits of work at the University of Wisconsin-Whitewater before admittance to the student teaching semester.

* See Office of Field Experiences for deadline information

Environmental Education: Students whose programs lead to Wisconsin licensure in elementary education, science, or social studies must fulfill the statutory requirement in environmental education. In addition to appropriate work in their methods classes, students must elect one of the following courses: GEOGRPY 252 Human Environmental Problems; or

BIOLOGY 214 Ecology and Society. (BIOLOGY 214 will also meet the PI34 General Education for licensure Biological Science requirements.)

Cooperatives: Students whose programs lead to Wisconsin licensure in social studies must fulfill the statutory requirements in cooperatives by electing the following course: ECON 213 Economic Principles, Problems and Policies.

Exceptional Education: All persons who receive an initial Wisconsin license must complete an exceptional education requirement. This requirement has been integrated into the curricula of all licensure programs. Students who successfully complete an initial license program at UW-Whitewater will have fulfilled this state requirement.

Human Relations Requirements: All Professional Education programs leading to initial licensure require study and experiences in human relations. Specific information on the course and experience requirements is available in the Office of Field Experience, Winther 2038.

GENERAL EDUCATION FOR LICENSURE REQUIREMENTS:

The State of Wisconsin through the Wisconsin Department of Public Instruction has implemented a set of teacher education program rules that are referred to as PI34. The rules describe general education requirements that must be met by all teachers seeking their first teaching license, regardless of previous degrees.

To meet the general education requirements for teacher licensure, students at UW-Whitewater must complete one third of the units for a bachelor’s degree or a minimum of 40 units of course work in general education and the course requirements in each of the categories listed below. All courses taken to satisfy UW-Whitewater’s general education requirements may be used to meet the General Education requirements for licensure.

Students completing the 45 unit general education requirements will also have met the following PI34 General Education requirements: Composition and Literature, Oral Communication, Fine Arts, Western History or Contemporary Culture, and Non-Western History or Non-Contemporary Culture. The sections not covered by the core and proficiency requirements are Biological Science and Physical Science and must be met with additional course work.

All students including transfer students and those who hold a baccalaureate/master’s degree must meet the following areas:

1. Written and Oral Communication: ENGLISH 101 and COMM 110
2. The Humanities including literature: ENGLISH 102
3. Mathematics: select one course from Math (developmental courses excluded)
4. Fine Arts: GENED 110, GA.
5. Social Studies: GENED 130 or GS
6. Biological and Physical Sciences:
 - A. Biological Science: Select one course from Biology
 - B. Physical Science: Select one course from Astronomy, Chemistry, Geology, Physics, or Laboratory Physical Geography course (GEOGRPY 210).
7. Western and Non-Western History or Contemporary Culture: Select two courses from GENED 120, GENED 130 or GENED 390. (this requirement cannot double count with #5 Social Studies)
8. Any General Education courses to equal a total of 40 units; no course may be used to fulfill more than one PI-34 requirement.

Students who transfer to UW-Whitewater or hold a baccalaureate degree should contact their advisor for possible course equivalencies.

Specific information on the general education requirements and the approved list of courses are also available at the Winther Hall Information Desk.

Endorsement Requirements: Upon completion of an approved Professional Education program and a bachelor’s degree, students will be eligible for

endorsement for initial teacher licensure when they meet the following requirements:

1. Completion of an approved major (and minor if required).
2. Successful completion of a Directed Teaching experience at UW-Whitewater.
3. Prior to August 31, 2004, a licensure GPA of 2.75 (based on major, minor and Professional Education course work). After August 31, 2004 students must have a combined cumulative 2.75 GPA.
4. A passing score on a standardized examination in each licensure major and minor (if applicable) required by the Wisconsin Department of Public Instruction. The examination will be administered by the Wisconsin Department of Public Instruction (DPI) and the passing score will be determined by the State Superintendent. UW-W enters scores on the database, but will not archive the scores.

Exceptions to the GPA endorsement requirements for initial teacher licensure may be granted by the Licensure Officer in the College of Education and Professional Studies. No more than 10% of all students completing licensure programs in each graduation period may be granted an exception.

COLLEGE DEGREE REQUIREMENTS

BACHELOR OF SCIENCE IN EDUCATION (BSE)

Students may earn a Bachelor of Science in Education from the College of Education and Professional Studies. Successful completion of a minimum of one hundred twenty (120) units in the following areas is required:

University Proficiency
General Studies
Diversity and Writing Proficiency
College/Major (and minor if required)
Core

General College of Education and Professional Studies requirements:

1. Measurement and Evaluation (appropriate to major):
EDFOUND 422 Measurement and Evaluation in Occupational Safety, or EDFOUND 423 Measurement and Evaluation in Physical Education, or EDFOUND 424 Measurement and Evaluation in Elementary Education, or EDFOUND 425 Measurement and Evaluation in the Secondary School.
2. Introduction to Education and Teaching (EDFOUND 210).

Major Requirements: See the appropriate departmental pages for major, minor, and other departmental requirements.

Minor Requirements: Special Education majors are not required to complete a minor.

Elementary/Middle majors are required to complete all the courses in an approved minor plus any additional licensure requirements for that minor. A special methods course in the minor may be required. Praxis II test is required for ESL or Foreign Language minors.

Middle/Secondary Education majors are required to complete all the courses in an approved minor plus any additional licensure requirements for that minor. A special methods course in the minor may be required. Praxis II test is required for licensure in the minor.

Broadfield majors are not required to complete a minor. Students choosing to complete a minor should be aware that the minor will not be licensable unless all licensure requirements for that minor, including any additional student teaching experience, is completed.

Foreign Language majors and/or minors must complete a foreign language immersion for each licensable area. Contact the Department of Curriculum and Instruction for more information on the immersion requirement.

Special Minors (requirements not listed on Advising Report):

Bilingual Education: Complete the approved minor and an additional student teaching or field study.

Health Education: Complete the approved minor, health methods course, and additional student teaching (if required).

Library Media: Complete the approved minor and two additional practicums.

Foreign Language: Complete the approved minor, a methods course and a four-week immersion experience.

Writing Competency: Students should contact the department office of their major for information concerning their writing requirement.

Teacher Licensure Requirements: Required for students desiring to teach.

Students pursuing a BSE must have a combined cumulative 2.75 GPA. Students pursuing a Safety Studies major must achieve a minimum overall GPA of 2.5 and a minimum GPA of 2.5 in the major. Students pursuing Human, Health & Performance (non-licensure) major must achieve a minimum overall GPA of 2.25 and a minimum GPA of 2.25 in the major.

EDUCATION MAJOR CHANGES

The College of Education and Professional Studies, in collaboration with the Admission's Office, has restricted students from transferring to UW-W and declaring an education major UNLESS the appropriate GPA for their desired major has been met.

Students transferring with:

- 1 - 23 credits: may transfer with any grade point and be allowed to declare education as their major.
- 24 - 71 credits: must transfer with a minimum 2.50 GPA to be allowed to declare education as their major.
- 72 + credits: must transfer with a minimum 2.75 GPA to be allowed to declare education as their major.

To be eligible for a change of major, the following GPAs must be met before the change of major form will be approved:

For all undergraduate licensure programs:

- 1 - 23 credits: any grade point is acceptable to declare education as a major
- 24 - 71 credits: must have obtained a minimum 2.50 GPA to be allowed to declare education as a major
- 72 + credits: must have obtained a minimum 2.75 GPA to be allowed to declare education as a major

Health, Human Performance and Recreation

- 0 - 23 credits: No GPA limit to declare HHPR as a major.
- 24 + credits: Must have obtained 2.25 GPA to declare HHPR as a major.

Occupational & Environmental Safety & Health Dept. (non-licensure)

- 0 - 23 credits: no GPA limit to declare OESH as a major.
- 24 + credits: must have obtained a 2.25 GPA to declare OESH as a major.

Communication Sciences & Disorders (non-licensure at undergraduate level)

- 0 - 23 credits: no GPA limit to declare Comm Sci/Dis as a major
- 24 - 71 credits: must have obtained a 2.25 GPA to declare Comm Sci/Dis as a major.
- 72 + credits: must have obtained a 2.50 GPA to declare Comm Sci/Dis as a major.

Change of major forms are routed through the Winther Hall Information Desk. If the above requirements are met, the request will be approved and the major will be changed.

BACHELOR OF SCIENCE (BS)

The Early Childhood Education major is designed for students who wish to teach young children, with and without disabilities, from birth through age eight. This program leads to licensure in Early Childhood Special Education and Birth - Grade Three. There is no minor required for this major. Students enter the ECE program as a cohort group during the Spring term. Students interested in this program should apply for admission to Professional Education one term earlier than for other College of Education and Professional Studies programs, for the fall term. Students will be admitted to the ECE program once a year.

COURSE DESCRIPTIONS**EDUINDP 211 INTRODUCTION TO EARLY CHILDHOOD EDUCATION 2 u**

Designed as a foundations course for students in Early Childhood Education who are preparing to teach children from birth to age 8 in inclusive settings. Students will gain an overview of the field, have an opportunity to examine their commitment to the education and well-being of young children, and begin systematic planning for the development of their professional life. Prereq: Admission to Professional Education and the Early Childhood Program.

EDUINDP 212 WORKING WITH CHILDREN AND FAMILIES IN A DIVERSE SOCIETY 3 u

This course is designed to prepare students to work with families of both typically and atypically developing children, and with families whose children are at-risk for developmental and educational difficulties. The following concepts will be addressed: young children in an ecological context, risk and resiliency, the post-modern family, parenting styles, positive discipline in the home and classroom, cultural competence, prevention/intervention, and characteristics of healthy families. The content will focus on families in a diverse society and will specifically address the requirement for instruction in native American culture in Wisconsin. Skills will include: ability to access

a variety of resources to communicate and collaborate with families, to work with specific at-risk populations, and to determine family strengths and needs. Additionally, students will be exposed to the IEP and IFSP as they relate to family strengths and needs.

Prereq: Admission to Professional Education and Early Childhood cohort.

EDUINDP 213 DEVELOPMENT OF THE YOUNG CHILD 3 u

The focus of this course will be on the development of children from birth through age 8 within the context of the whole lifespan. It will include learning theory, theory and practice of play, developmental milestones, and discussions on current thinking and recent research in developmental psychology.

Prereq: Admission to Professional Education and Early Childhood cohort.

EDUINDP 214 FIELD WORK 1: OBSERVATION & REFLECTION IN HEAD START 3 u

This course requires students to spend 75 hours with a group whose background the student does not share, at least 25 hours of which will be with a DPI-designated ethnic minority group. Students will be involved in guided observation tasks in order to gain experience in observing and reflecting upon children's growth and development, family-centered interactions, and the functioning of an early childhood intervention model. Prereq: Admission to Professional Education and to the Early Childhood Program.

EDUINDP 215 ART IN THE EARLY YEARS 3 u

An introduction to the role and purpose of visual experience and art-making as it relates to the development of Early Childhood students. Through a variety of observation, hands-on, lecture and discussion experiences, students will have the opportunity to base and develop their understandings of child development in connection with age-appropriate curriculum development in art and art-making. Required of all ECE-Special Ed majors.

EDUINDP 216 REFLECTION SEMINAR: PHASE 2 PORTFOLIO 1 u

The course is intended to ensure that the well-prepared teacher is a reflective practitioner who continually evaluates the effects of his/her choices and actions on others (students, parents, and other professionals in the learning community) and who actively seeks out opportunities to grow professionally.

EDUINDP 320 INTEGRATED CURRICULUM FOR CHILDREN: AGES 3-5 3 u

This course will enable students to plan a curriculum for children ages 3 through 8 with an understanding of integrated curriculum, the project approach and emergent curriculum that are coupled with relevant constructivist theories. An investigation of various early childhood programs will also be an emphasis of this course.

Prereq: Restricted to students with Professional Education admission.

EDUINDP 321 GUIDING YOUNG CHILDREN 3 u

This course is designed to help students understand the behavior and feelings of young children, learn how to understand and build positive behaviors and feelings, develop positive classroom environments for young children, and deal with their common behavioral and emotional problems, particularly in classroom settings.

Prereq: Admission to Professional Education and to the Early Childhood Education Program.

EDUINDP 322 WORKING WITH INFANTS AND TODDLERS AND THEIR FAMILIES 3 u

This course examines theories and research pertaining to care of infants and toddlers within the family setting and in group care programs. Content includes an examination of legislative action that calls for intervention services for the birth to three population in natural settings, screening and assessment procedures, eligibility criteria for service delivery, working closely with and supporting parents, and team collaboration styles. The relationship between best practices for care of infants and toddlers in community care and policies which support them is considered as well. Students will design and evaluate curriculum activities appropriate for all children, from birth to three years of age.

Prereq: Successful completion of all prior Early Childhood Education classes.

EDUINDP 323 REFLECTIVE SEMINAR: ASSESSMENT 1 u

This course provides pre-service teachers with the opportunity to reflect upon their course work and classroom experiences, discuss and share educational ideas, monitor professional growth, formulate personal goals and objectives, collaborate with peers, share new ideas, design and evaluate strategies and methods for working with children, parents and other professionals. Written and oral reflection and other means of creative expression will be practiced with respect to both the content of the current courses and field work experiences.

Prereq: Admission to Professional Education and to the Early Childhood Program.

EDUINDP 331 DIRECTED TEACHING A: INFANTS AND TODDLERS 6 u

This course provides the student with the opportunity to fully develop, practice, and reflect upon skills acquired through coursework and previous field experience. Students are placed in both a county Birth-to-Three Program and a community infant/toddler childcare program. High quality inclusive programs are selected (when possible). Students are provided supervision by a Cooperating Teacher, and a University Supervisor. Students will plan and implement instruction for individuals and groups of children, adapt instruction for children with disabilities, conduct assessments, evaluate student performance, collaborate with parents and professionals.

Prereq: Successful completion of all prior Early Childhood Education classes.

EDUINDP 332 REFLECTION SEMINAR: LITERACY/ INFANT TODDLER 1 u

This course provides teachers-to-be with opportunities to reflect upon their course work and classroom experiences, discuss and share educational ideas, monitor professional growth, formulate personal goals and objectives, collaborate with peers, and design new strategies and methods for working with children, parents, and other professionals. Written and oral reflection and other means of creative expression will be practiced with respect to both the content of current courses and field work experiences.

Prereq: Successful completion of all prior Early Childhood Education classes.

EDUINDP 333 INFORMAL ASSESSMENT OF YOUNG CHILDREN 3 u

This class is designed to assist students in acquiring skills related to informal assessment. These skills include: the ability to use a variety of observation strategies, to apply functional assessment strategies, use play-based and other criterion-referenced instruments, develop and implement program evaluation strategies. Additionally the student will acquire the ability to link assessment results to IEP/IFSP formation, and the ability to use assessment results to develop differentiated instruction, the ability to write summary reports for school files, and to communicate in writing and verbally, assessment results to parents and to other professionals.

Prereq: Successful completion of all prior Early Childhood Education classes.

EDUINDP 334 CHILDREN'S LITERATURE AND LANGUAGE ARTS, AGES 3 THROUGH 8 3 u

A study of literature and media for young children, ages three through eight years, with a primary focus on student exposure to a wide variety of current, award-winning children's literature across all genres. An emphasis is placed on evaluating, selecting, and presenting materials related to the interests and needs of children and an integrated school curriculum. A second emphasis considers the use of language arts to elicit children's responses to literature.

Prereq: Successful completion of all prior Early Childhood Education classes.

EDUINDP 410/610 CREATING PROFESSIONAL DEVELOPMENT PLANS 3 u

This course is designed to be a campus-based course with a 25% on-line component. This course prepares the initial educator to use reflection tools to gauge their current level of performance based on the Wisconsin Educator Standards. From their reflections and documentations, each participant will write a compelling goal(s) that drives the writing of the professional development for the next 3-5 years. Professional Development

Plans (PDPs) will be completed and approved so that the initial educator will leave the institute ready to implement the first year of his/her PDP. Assessment strategies are part of the institute so that initial educators may begin to collect and analyze data that show professional growth and a positive impact on student learning. Participants will be part of a learning community which includes the University higher education representative and other members of their professional community.

Prereq: Employed in public/private educational setting, Professional Educator status.

EDUINDP 411/611 IMPLEMENTATION OF THE PROFESSIONAL DEVELOPMENT PLAN 3 u

This campus based and on-line (50%) institute builds on prior learning from the previous summer institute in that this stage of PDP development and implementation requires the learner and the community to reflect on progress, look at the annual review of the PDP and make necessary revisions. They will analyze current data sources based on their assessment plans that were collected throughout the process. This institute will deepen content knowledge related to participant goals by including content and pedagogical specialists to increase the learner's knowledge, skills, and dispositions related to the standards addressed in their PDPs.

Prereq: EDUINDP 410/610.

EDUINDP 412/612 VERIFICATION OF THE PROFESSIONAL DEVELOPMENT PLAN 1 u

This 1 credit campus-based and on-line (50%) institute builds on prior learning from the previous summer institutes by providing the final verification process with Initial Team Members of the Initial Educator's Professional Development Plan.

Prereq: EDUINDP 410/610 and EDUINDP 411/611.

EDUINDP 441 DIRECTED TEACHING B: PRESCHOOL 3 u (3-4)

This course provides the student with the opportunity to fully develop their practice and reflect upon skills acquired through coursework and previous field experience. Students are placed in high quality inclusive preschool programs (when possible) and provided supervision by a Cooperating Teacher and a University Supervisor. Students will plan and implement instruction for individuals and groups of children, adapt instruction for children with disabilities, conduct assessments, evaluate student performance and collaborate with parents and professionals.

Prereq: Successful completion of all prior Early Childhood Education classes.

EDUINDP 442/642 PLANNING FOR INDIVIDUAL NEEDS 3 u

This class provides students with the skills to develop and adapt curriculum and instructional strategies to meet the educational needs of young children who require specialized instruction. The emphasis is on the provision of that instruction in the natural environment of the children.

Prereq: Admission to Professional Education.

EDUINDP 443 FIELD STUDY: AGES 3 REPEATABLE THROUGH 8 1-3 u

Being involved in an early childhood classroom enables students to apply theoretical understandings regarding positive discipline approaches for young children and the adaptation of both curriculum and the environment to meet individual needs and abilities. Students will practice written and oral reflection. It is expected that reflective thinking will assist the student in accommodating their beliefs and knowledge of theory to classroom realities. A concurrent seminar will allow students to pose classroom practice problems, negotiate solutions, and share insights while being exposed to multiple viewpoints.

Prereq: Admission to Professional Education and enrollment in Early Childhood Education (Dual Licensure) major; or Admission to Professional Education and enrollment in Special Education minor.

EDUINDP 449 MATHEMATICAL CONCEPTS DEVELOPMENT IN EARLY CHILDHOOD EDUCATION 3 u

Students learn how to assess mathematics skills young children ages 0 through 8 years develop and identify instructional strategies that support

148 INTERDEPARTMENTAL

children's engagement in mathematical thinking. Students observe and reflect on individual children's approaches to mathematical thinking and prepare and implement integrated lessons for children in community and school settings.

Prereq: Admission into the Early Childhood Education major.

EDUINDP 451 REFLECTIVE SEMINAR: PHASE 3 PORTFOLIO 1 u

This course provides pre-service teachers with the opportunity to reflect upon their course work and classroom experiences, discuss and share educational ideas, monitor professional growth, formulate personal goals and objectives, collaborate with peers, share new ideas, design and evaluate strategies and methods for working with children, parents and other professionals. Written and oral reflection and other means of creative expression will be practiced with respect to both the content of the current courses and field work experiences.

Prereq: Admission to Professional Education and to the Early Childhood Education Program.

EDUINDP 452 INTEGRATED CURRICULUM FOR CHILDREN: AGES 6 THROUGH 8 3 u

This course is designed to increase students' understanding of how to combine different subject areas, such as literacy, math, art, music, science within one thematic unit based on an understanding of how children learn and develop. Initially, students will study related theory and explore a variety of instructional methods. A field component will allow students to apply their knowledge by planning and implementing a series of classroom experiences with children in primary classrooms. Subsequent reflection and class discussion will address implementation problems and seek solutions.

Prereq: Successful completion of all prior Early Childhood Education classes.

EDUINDP 453 LEADERSHIP IN EARLY CHILDHOOD EDUCATION 2 u

This two credit on-line workshop will examine leadership from three perspectives: the leader within me, leaders in the field and leadership as service. While exploring "the leader within me", participants will explore the characteristics of and types of leaders in an effort to define their personal leadership style. "Leaders in the field" will be dedicated to exploring the early childhood classroom and the field and finding ways to advocate for children through assuming leadership roles. Finally, participants will observe and consider the ways leaders serve the greater society through service.

Prereq: Admission to the Early Childhood Program.

EDUINDP 461 DIRECTED TEACHING C: CONSULTATION IN EARLY CHILDHOOD 6 u

This course provides students with the opportunity to fully develop their practice and reflect upon skills acquired through coursework and previous field experience. Students are placed in programs serving young children with disabilities. High quality inclusive programs are used (when possible). Supervision is provided by a Cooperating Teacher and a University Supervisor. Students plan and implement instruction for individuals and groups of children, adapt instruction for children with disabilities, conduct assessments, evaluate student performance, and collaborate with parents and professionals.

Prereq: Admission to Professional Education and Early Childhood Education Program.

EDUINDP 462 DIRECTED TEACHING D: CHILDREN FIVE THROUGH EIGHT YEARS 6 u

Students have the opportunity to fully develop, practice and reflect upon skills acquired through coursework and previous field experiences. Placed with an educator teaching at a kindergarten through third grade level, students plan and implement instruction for individuals and groups of children, adapt instruction for children with special needs, conduct assessments, evaluate student performance, and collaborate with parents and professionals.

Prereq: Admission to Professional Education and Early Childhood Education Program.

EDUINDP 463 DIRECTED TEACHING E: PRIMARY 5 u

This course provides the student with the opportunity to fully develop, practice and reflect upon skills acquired through coursework and previous field experience. Students are placed in public school kindergarten programs serving six, seven and/or eight year olds, with and without disabilities. A Cooperating Teacher and a University Supervisor will provide them supervision. Students will plan and implement instruction for individuals and groups of children, adapt instruction for children with disabilities, conduct assessments, evaluate student performance, and collaborate with parents and professionals.

Prereq: Admission to Professional Education and Early Childhood Education Program.

EDUINDP 465 REFLECTIVE SEMINAR: PHASE FOUR PORTFOLIO 1 u

Provides a forum for ECE students to develop the Phase Four Portfolio and to begin their Professional Development Plans. The course is intended to ensure that the well-prepared teacher is a reflective practitioner who continually evaluates the effects of his/her choices and actions on others (students, parents, and other professionals in the learning community) and who actively seeks out opportunities to grow professionally.

Prereq: Successful completion of five semesters ECE major courses.

EDUINDP 475/675 LICENSURE PORTFOLIO REVIEW .5 u

A course to assist students to remove deficiencies in their portfolio in order to make the portfolio acceptable for student continuation in teacher education programs. Repeatable for maximum of 1.5 units.

EDUINDP 490/690 WORKSHOP 1-3 u

EDUINDP 496/696 SPECIAL STUDIES Repeatable .5-3 u

EDUINDP 497 EXCHANGE STUDY Repeatable 1-12 u

DEPARTMENT OF COMMUNICATION SCIENCES AND DISORDERS

Phone: 262-472-1301

E-Mail: comdis@umw.edu

Faculty: Scott Bradley, Roxanne DePaul (Chair), Ruiying Ding, and Giuliana Miolo.

The undergraduate major of communication sciences and disorders prepares speech-language pathologists for graduate work in Speech-Language Pathology and/or audiology. Speech-language pathologists are specialists in normal and disordered human communication and swallowing. They provide service in educational, medical and related settings offering assistance to persons with speech, language and/or hearing disorders. For example, speech-language pathologists treat individuals who experience difficulty producing speech sounds (articulation), maintaining speech rhythm or fluency, or controlling voice production. They also treat language disorders also such as an inability to understand or use speech sounds, words and their meanings, and/or grammatical patterns. This also includes reading and writing and memory impairments. Speech-language pathologists are also trained to manage swallowing disorders across the lifespan.

COURSE DESCRIPTIONS

COMDIS 210 OBSERVATION & PARTICIPATION IN 3 u COMMUNICATIVE DISORDERS

Offered on a Satisfactory/No Credit basis only. This course offers supervised observation and participation with preschoolers and individuals with communicative disorders on-campus and/or off-campus. Site availability, student level of academic and clinical performance and supervisory expertise will determine student section assignment. Repeatable for a maximum of 12 units.

Coreq: EDFOUND 243 or COMDIS 380.

COMDIS 240 HEARING AND SPEECH SCIENCE 4 u

A study of the anatomy and physiology of the auditory system, physical acoustics, speech production, sound perception, and basic hearing and speech instrumentation.

150 COMMUNICATION SCIENCES AND

Prereq: COMDIS 270 and COMDIS 278 or consent of instructor.

COMDIS 270 INTRODUCTION TO HUMAN COMMUNICATION AND DISORDERS GI 3 u

The course provides an overview of communicative disorders across the lifespan. Topics include normal communication behavior, the causes and impact of speech, language and hearing disorders, legislation and regulations, resources, cultural and diversity issues, and the role of professionals in the identification and treatment of individuals with communicative disorders.

COMDIS 272 PHONETICS AND ITS RELATED PROCESSES 3 u

This course provides a basic understanding of phonology (the study of the structure and function of sounds in a language), articulatory, physiological and acoustic phonetics. Students are trained to use the International Phonetic Alphabet (IPA) and a variety of informal protocols to record American Standard English, as well as the speech of clinically diverse populations (e.g., non-native, non-standard, multicultural speakers).

COMDIS 278 ANATOMY AND PHYSIOLOGY OF HUMAN COMMUNICATION 3 u

This course provides a basic understanding of the structures and functions involved in normal speech and language communication in humans.

Prereq: COMDIS 270 or consent of instructor.

COMDIS 340/540 MANUAL COMMUNICATION 1 u

This course is designed to provide the student with basic knowledge of manual communication systems and techniques, including finger spelling and basic signs.

COMDIS 351 PHONETIC TRANSCRIPTION 1 u

The phonetic transcription course is an on-line course that provides students with multiple opportunities to practice transcription of single words, phrases, sentences and short conversation as well as disordered speech samples.

Prereq: COMDIS 272.

COMDIS 355/555 LANGUAGE DEVELOPMENT AND DISORDERS IN CHILDREN 3 u

This course provides an overview of oral language development and its relationship to the development of social skills, literacy and learning. Language characteristics of children with exceptional educational needs are described and strategies for improving their communication skills are discussed.

Prereq: Restricted to students with Professional Education admission. Coursework in child growth and development is highly recommended.

COMDIS 371 INTRODUCTION TO CLINICAL PRACTICUM IN COMMUNICATIVE DISORDERS 3 u

This course provides an introduction to the tasks and related competencies associated with clinical practice in speech-language pathology. Students will develop an understanding of treatment principles, procedures and programs used in clinical practice, and gain an understanding of the responsibilities and professional issues associated with the practice of speech-language pathology across work settings. By the end of the course the student will demonstrate knowledge of the scientific method, and treatment, management and communication skills used in the clinical and supervisory processes.

Prereq: Communicative Disorders major or consent of instructor.

COMDIS 380/580 SPEECH AND LANGUAGE DEVELOPMENT 3 u

This course provides an introduction to the process and sequence of normal speech and language development in children birth to school-age. Theories of language acquisition and the role of cognition, the environment, and caregivers are discussed. A language sample is analyzed and interpreted using knowledge gained in the class.

Prereq: Restricted to students with Communicative Disorders Major or consent of instructor.

COMDIS 385/585 FLUENCY DISORDERS 3 u

This course provides for the study of the theories of the cause and onset of fluency disorders such as stuttering and cluttering. It further introduces basic clinical and experimental approaches to these disorders.

Prereq: COMDIS 460/660 or departmental approval.

COMDIS 424/624 COMMUNICATION DISORDERS ACROSS THE LIFE SPAN 3 u

This course provides basic understanding of various communication disorders due to structural damage, including voice disorders, disfluency, cleft palate speech disorders and swallowing dysfunction. The primary focus will be symptom description, evaluation and treatment techniques of these disorders in both the pediatric and adult population.

Prereq: COMDIS 278 and COMDIS 240.

COMDIS 426/626 NEURAL BASES OF SPEECH AND LANGUAGE 3 u

This course provides a basic understanding of the neuroanatomic and neurophysiologic mechanisms underlying speech and language. The primary focus of study is on normal processes and neuropathologies and how they influence cognition, communication and swallowing.

Prereq: COMDIS 278 or consent of instructor.

COMDIS 450 METHODS: COMMUNICATIVE DISORDERS 3 u

A study of procedures and materials used in the public schools by speech language pathologists. The course aids the student in the development of a workable philosophical approach for dealing with children who have communicative disorders and are attending school.

Prereq: EDFOUND 212 or EDFOUND 222 or EDFOUND 478 or PSYCH 351 Restricted to students with Professional Education admission.

COMDIS 460/660 PRACTICUM IN COMMUNICATIVE DISORDERS 3 u

This course offers supervised practicum experiences: including observation of communicative disorders, clinical work on-campus and/or off-campus, and supervision of practitioners or students. Client availability, student level of academic and clinical training, and supervisory expertise will influence student enrollment and section assignment. This course is repeatable for as many times as needed.

Prereq: Undergraduate enrollment requires departmental approval and graduate students must enroll every semester.

COMDIS 472/672 ASSESSMENT IN COMMUNICATIVE DISORDERS 3 u

This course introduces the theoretical and practical aspects of the assessment process in communicative disorders. The development and selection of procedures for assessing communicative disorders are reviewed and issues and methods involved in clinical decision-making are discussed using case studies and applied activities.

Coreq: COMDIS 481/681 and COMDIS 460/660 or departmental approval.

COMDIS 477/677 DISORDERS OF SPEECH PRODUCTION 3 u

A study of the development of normal articulation and phonology and of the etiologies, diagnosis, and treatment of articulation and phonological disorder, phonological disorder and developmental apraxia of speech.

Prereq: COMDIS 270 and COMDIS 272 or consent of instructor.

COMDIS 481/681 LANGUAGE DISORDERS IN CHILDREN 3 u

The Curriculum and Instruction Department provides several undergraduate teacher licensure programs and a minor in ESL/Bilingual Education.

The Early Childhood Education major is a dual early childhood program that results in Wisconsin teaching licensure in regular and special education for birth through third grade. See the program description and list of classes on page 155.

Elementary/Middle leads to licensure in middle childhood - early adolescence (ages 6-13). The programs include an elementary education major, a minor, and a wide range of Professional Education courses. Special emphasis is placed on fieldwork in schools and developing the skills to work with children who may vary widely in background and educational need. A special methods course in the minor may be required.

Secondary Education prepares students to teach in middle or junior high schools and senior high schools. Academic major(s), minor(s), or broadfield areas are complemented by educational foundations coursework, methods courses, and field work that qualify students for middle/secondary teaching licensure. For Secondary Education majors to be certified in their minor as well as their major, they must have a methods course in the minor unless the major and minor are in a compatible area. A listing of compatible majors and minors is available in the Curriculum and Instruction Office.

The Bachelor of Science with an Elementary/Middle or Secondary Education major with a minor in bilingual-bicultural or ESL education is designed to provide instructional strategies and cultural understanding for undergraduate/graduate students who wish to work with children whose native language is not English.

In addition to the programs offered through the department, the department supports grades K-12 area majors in several fields. Broad area majors are as follows:

Driver Education: The program in driver education is outlined under Occupational & Environmental Safety & Health.

Art Education: The major in art education is outlined under Art.

Music Education: Majors in music education are outlined under Music.

Physical Education: The broadfield major in physical education is outlined under Health, Physical Education, Recreation and Coaching.

Business Education: Majors in business education are outlined under Information Technology & Business Education.

Marketing Education: Majors in marketing education are outlined under Information Technology & Business Education.

Foreign Language Majors: Majors in Foreign Language are outlined under Languages & Literatures.

Theatre: Majors in theater education are outlined under Theatre/Dance.

MAJOR/EMPHASES

Students must achieve a grade of "C" (2.0) or better in all required courses with the prefixes PEPROF, CIGENRL, READING, SECNDED, ELEMMD, and EARLYCHD before they can enroll in CIFLD 411/412/414: Directed Teaching

MUSED 111 RLS

AN APPROVED MINOR IS REQUIRED FOR THIS MAJOR

Middle-Level Licensure

To qualify for a license to teach at the middle school level, students in the Elementary/Middle Emphasis must complete all the courses in a minor plus any additional licensure requirements for that minor. Special licensure requirements for certain minors include the following (refer to descriptions of the minors for details):

- Bilingual/Bicultural Education minor: Complete bilingual student teaching or field study
- Foreign Language minor: Complete a methods course and a four-week immersion experience
- Health Education minor: Complete a health methods course
- Library Media K-12 minor: Complete practicum coursework.

SECONDARY EDUCATION (6-12)

Secondary Education programs prepare students to teach specific subjects in grades 6-12. Students in Secondary Education complete an Education major in one of the subjects from the list below, plus an approved minor is required:

Secondary and K-12 Education Majors

| | | |
|---------------|------------------|-------------------|
| Biology | Geography | Political Science |
| Business | German | Psychology |
| Chemistry | History | Sociology |
| Earth Science | Marketing | Spanish |
| Economics | Mathematics | Theatre |
| English | Physics | |
| French | Physical Science | |

For descriptions of courses required in each major, look under that subject in this catalog.

A set of courses consisting of at least 12 units from each of two closely related subjects from the list above may be substituted for the minor. Consult an advisor in the Department of Curriculum and Instruction to determine approved combinations.

Broadfield majors, which prepare students to teach a set of related subjects in grades 6-9, and selected subjects from the set in grades 10-12, are available in Science (choose from several emphasis areas - refer to specific sciences) and Social Studies (choose from several emphasis areas - refer to specific social sciences). Students who complete a secondary broadfield major select an emphasis subject within the broadfield, and they do not need to complete a minor.

Secondary Licensure Minors

Students who select a minor as well as a major from the list of Education majors may obtain a 6-12 teaching license in both the major and minor subjects. To do so may require taking an additional methods course, depending on how closely the two subjects are related. Consult an advisor in the Department of Curriculum and Instruction to determine whether a particular major-minor combination requires more than one methods course for licensure in both subjects.

Middle/Secondary level licensure may also be obtained in the following subjects by completing any of the following minors in conjunction with any education major from the list above:

ESL and Bilingual/Bicultural Education (Bilingual Education License)
Athletic Coaching Education (Coaching Athletics License)
Computer Science (Computer Science License)
Health Education (Health License)
Library Media K-12 (School Media Specialist Provisional License)
Dance Secondary Education (Dance License)

Some minors are licensable for grades 6-12 only in conjunction with specific majors. They are:

Journalism with an English Education major
Speech with an English Education major
Psychology only with another education major or with a broadfield social studies major

Note that middle-level (6-9) licensure may also be obtained in most of the subjects listed in this section by completing a minor in conjunction with an Elementary Education major.

Licensure courses in 6-12 programs

In addition to major and minor requirements, students in middle/secondary programs complete coursework and field experiences that provide opportunities to synthesize and apply knowledge of subject matter in middle schools and high schools. A typical sequence of courses is as follows:

1. Psychology of the Exceptional Child (3 units)
2. Pre-Professional Foundations Block (9 units):
(Prerequisites: G.P.A. of 2.75 or better and passing scores on at least two parts of the Pre-Professional Skills Test; and Phase I information refer to Educational Foundations for course descriptions)
Education in a Pluralistic Society
Educational Psychology
Introduction to Education and Teaching
3. Measurement and Evaluation in the Secondary School (3 units)
(Prerequisite: Admission to Professional Education)
(Refer to Educational Foundations for course description)
4. Methods Block (at least 11 units):
(Prerequisite: Admission to Professional Education)
Methods course(s) in the licensure subject(s)
Literacy Strategies in the Content Areas
Secondary Field Studies
Directed Teaching-Alternate Experience

5. Directed Teaching in the major subject

Note: Students who do Directed Teaching in a high school must do Directed Teaching-Alternate Experience in a middle school, and vice versa.

Subject-Specific Licensure Requirements

In addition to the above licensure sequence, which is common to all secondary programs, some subjects require additional coursework beyond the major in order to obtain licensure. Refer to the course descriptions in each department for details. Note that the Academic Advising Report (AR) lists the specific licensure requirements for only one subject. Students seeking licensure in more than one subject are responsible for all requirements listed under licensure in each of the subjects whether they appear on the AR or not. Refer to particular departments for details.

Important subject-specific licensure requirements include the following:

Social sciences majors (except Psychology) must complete coursework in economic cooperatives and environmental studies as specified for the major;

Science majors must complete coursework in environmental studies as specified;

English majors must complete coursework in literature for adolescents and literature by authors belonging to American minority groups as specified for the major;

Foreign language majors, within three years of taking the methods course, must complete a four-week residency requirement in a location where the foreign language is the predominant medium of communication.

Bilingual/Bicultural and ESL Education minors must complete bilingual student teaching or field study.

Health minors must complete a methods course in health.

Library media minors must complete practicum coursework.

ESL Additional Recommendations

It is beyond the scope of this 24-credit academic minor to make someone a balanced bilingual with native-like cultural competence; however, it is possible for candidates to improve cultural and linguistic knowledge and competence by pursuing advanced language and culture study at UW-Whitewater, *within general education course work*, and elsewhere beyond the unique requirements specified above. Indeed, this competence is essential in achieving the performance levels specified by DPI, necessary to secure the ESL/BE license. To this end, students will be advised to include the courses listed below in their general education program as well as coursework in foreign languages, travel study, and study abroad.

2. SECNDED 435, ESL 401 AND ESL 493
3. FRENCH 251, GERMAN 251 OR SPANISH 251

The certification program in Teaching English as a Second Language combines the study of theoretical and applied linguistics with instruction in theoretical and practical issues related to the study of English by non-native speakers throughout the lifespan. The minor is offered within the Department of Languages and Literatures, College of Letters and Sciences, in concert with the Department of Curriculum and Instruction, College of Education and Professional Studies. The licensure program has been designed to meet the standards recommended by TESOL, Inc, the premier international organization for ESL professionals. In its *Core Standards for Language and Professional Programs*, TESOL states that "teaching English to speakers of other languages is an academic field requiring...special Professional Education and preparation for its practitioners"; furthermore, "each program should have courses which present basic theory and practice covering the second language and teaching paradigm...". Basic entry requirements are: (1) the possession of a teaching license or concurrent enrollment in a program leading to a license, (2) competency in a language other than English as determined by examination or successful completion of the 251 level (may be worked on concurrently with the minor), (3) a GPA of 2.15 or higher.

154 CURRICULUM & INSTRUCTION

The TESL minor consists of a core of 24 term units.

HEALTH MINORS/CERTIFICATE

All three programs offered in health utilize holistic, integrated approaches for the development of effective teaching/facilitation skills, knowledge, and attitudes for disease prevention, health maintenance, and optimal mental/emotional, physical, and spiritual growth.

- **HEALTH PROMOTION MINOR:** Most often serves as a minor for Physical Education (Health, Human Performance and Recreation emphasis), Social Work, Psychology, and Business students who wish to work with lay and/or professional populations. The Health Promotion minor does not meet requirements for teaching licensure in Health Education.
- **HEALTH EDUCATION MINOR:** Serves Physical Education-Licensure and Elementary/Middle School licensure majors. Courses that are used to meet Health Education *minor* requirements may not be used to meet *major* course requirements.
- **HEALTH EDUCATION CERTIFICATE PROGRAM (ADD-ON LICENSURE PROGRAM):** Serves as the existing structure for students wishing to acquire the Health Education add-on licensure. A health minor is not declared for this program. This program does not show up on an Advising Report; however, a student who successfully completes the program will receive a Health Education Certificate from the Department of Health, Physical Education, Recreation and Coaching. This certificate program will be identified on a student's transcripts and will then qualify the student for recommendation to the Wisconsin Department of Public Instruction for licensure in Health Education.

The Leadership, Military Science and Aerospace Studies Department offers an interdisciplinary study of leadership which is available to any student on a non-discriminatory basis and may be taken without incurring a military service obligation. Students may pursue one or both of the departmental programs (I) LEADERSHIP MINOR, (II) COMMISSION in the US Army, Army Reserve or Army National Guard, or US Air Force.

I. LEADERSHIP AND MILITARY SCIENCE MINOR

This interdisciplinary minor is for students desiring instruction, practical experience and credentials in leadership. The courses studied provide students with the specialized leadership knowledge and training required to be a successful supervisor, manager or administrator and is universally applicable across a broad spectrum of professions. The two available options provide additional specialization for students with interests in either a civilian or military career. The completion of this program provides college students with a valuable minor and valuable credentials which are in high demand by future employers. Students enrolled in a business related major should definitely consider this complementary minor as a valuable credential for entry into their chosen career field.

Academic Eligibility

No specific academic eligibility requirements exist for students who pursue a leadership minor. Students seeking an Army commission must have a minimum of two years remaining in their academic program - undergraduate or graduate.

II. COMMISSION

Army

The academic pursuit of a commission as an officer in the United States Army is accomplished simultaneously as students meet the prerequisites for a degree in the discipline of their choice either undergraduate or graduate. The Army Reserve Officers' Training Corps (ROTC) offers a progressive leadership education program that combines challenging academic study and practical training experiences in the theories, concepts and principles of leadership. Additional emphasis is also placed on organizational dynamics, resource management and ethical decision making. The completion of this departmental program prepares the college student to receive a commission as a Second Lieutenant in the United States Army, Army Reserve or Army National Guard.

The commission program is generally divided into a two-year Basic Phase (freshman and sophomore) and a two-year Advanced Phase (junior and senior). Alternate means of completing the on-campus Basic Phase are available to students desiring to enter the program at the Advanced Phase level. Students seeking a commission will be provided administrative assistance and counseling guidance by a faculty advisor from the Department of Leadership, Military Science and Aerospace Studies.

Students must have a minimum of two years remaining in their academic program - undergraduate or graduate - to successfully complete the academic program for a commission. During this period of upper division courses the qualified students will have a contractual commitment between themselves and the United States Army. In exchange for participation in the program, a student will receive \$450-\$500 a month during the school year (up to \$5000 maximum) and approximately \$700 plus paid travel to attend the Leadership Development Assessment Course (LDRSHP 440) normally conducted near Seattle, Washington, at Fort Lewis. In all, the student receives about \$9,500 during the two-year Advanced Phase. Application for the Advance Phase should be initiated as early as possible by contacting the Department of Leadership, Military Science and Aerospace Studies, 3rd floor, Goodhue Hall.

The US Army ROTC scholarship student leads essentially the same life as other college students. They may pursue the academic degree of their choice and they carry a normal academic course load. However, unlike the normal college student, the Army ROTC scholarship student receives tuition, laboratory fees, on-campus educational fees, and a flat rate of \$900 a term from which they may purchase textbooks, classroom supplies and equipment. Army ROTC scholarship winners also receive a tax-free monthly subsistence allowance of \$300 for freshmen, \$350 for sophomores, \$450 for juniors, and \$500 for seniors for 10 months for each year that the scholarship is in effect. Scholarships at UW-Whitewater are worth approximately \$7,000 a year and they are available for 2, 3, 3 1/2 and 4-year periods to both men and women. Scholarship recipients are required to enroll in the ROTC Program in order to receive financial benefits. Scholarship applications are available at 3rd floor, Goodhue Hall.

NATIONAL GUARD/ARMY RESERVE PROGRAM

Qualified enlisted personnel currently serving in the US Army National Guard or US Army Reserve are permitted to simultaneously participate in the Advanced Course ROTC Officer Training program while enrolled as full-time students. Students participating in this program gain practical leadership experience while serving as a Cadet Officer Trainee with either

170 LEADERSHIP & MILITARY SCIENCE

the Army Reserve or National Guard. Both programs offer many financial benefits.

Though National Guard and Reserve members may participate in Air Force ROTC, prior to entry into their last two years of training they will be required to get a "Conditional Release" from them. For details on any ROTC program and eligibility requirements contact a representative in 3rd floor, Goodhue Hall.

Air Force

The Air Force ROTC (AFROTC) program is the primary path available to enter the U.S. Air Force as an officer. Students enroll in the AFROTC program while working toward the bachelor's degree in any major they choose. They attend aerospace studies class each semester corresponding with their class year, a hands-on leadership laboratory, and weekly physical fitness sessions, while learning about how the Air Force works and deciding which job fields match their interests. Upon graduating, they enter active duty service as commissioned second lieutenants. Officers in the Air Force serve in career fields such as pilot, maintenance, acquisitions, finance, personnel, aerospace physiology, engineering, nursing, intelligence, medical doctor, security forces, JAG (lawyer), communications, and much more.

Most career fields have an active-duty commitment of four years after college. If students choose to separate from the Air Force at that time, they can pursue other careers with experience and the distinction of "military officer" on their resumes.

AFROTC is designed for students with two or more years remaining until graduation. To receive an officer's commission, AFROTC cadets must complete all necessary requirements for a degree as well as courses specified by the Air Force. Courses are often taken for academic credit as part of a student's electives. The amount of credit given toward a degree for AFROTC academic work is determined by the student's school or college, and major department.

Scholarships are available to qualified applicants on a competitive basis. Scholarships may provide full tuition, laboratory and incidental fees, and reimbursement for textbooks. In addition, scholarship cadets receive a nontaxable allowance ranging from \$300 to \$500 per month, depending on

academic/AFROTC year. Juniors and seniors automatically receive \$450 and \$500, respectively, regardless of scholarship status.

All AFROTC introductory (100 and 200 level) courses are open to all students regardless of membership in the program. Students are invited to take one of the program's courses to determine if AFROTC is right for them—with no obligation to join. For more information, please contact the unit admissions officer at the host detachment in Madison: 608/262-3440 or 608/265-4812, or send an e-mail to afrotc@mailplus.wisc.edu.

The Department of Occupational & Environmental Safety & Health (OESH) prepares students for rewarding careers protecting America's work force, the public and the natural environment from harm in today's age of rapid technological and scientific development. The Occupational & Environmental Safety & Health professional is concerned with the interaction between people and the physical, chemical, biological, and psychological factors which affect their safety, health and productivity. Coursework covers a wide range of subjects including accident prevention, ergonomics, construction safety, environmental protection, and regulatory compliance. The students are provided with essential skills that enable them to evaluate, devise, and implement methods to control hazards. OESH majors are provided with a number of practical worksite activities, culminating in a full semester internship with a practicing OESH professional. In addition to a general track, majors can select from three different emphases: Construction Safety, Occupational Ergonomics, and Environmental Management. The Department also offers two minor programs which provide a basic foundation in Occupational Safety or in Environmental Management for students majoring in other fields.

The OESH Department offers a Driver Education Licensure, a program approved by the Wisconsin Department of Public Instruction, which provides current or potential licensed teachers an additional certification to teach driver education. This is not a stand-alone certification/licensure.

The OESH Department offers two General Education (GI) courses: SAFETY 201 Personal and Public Safety and SAFETY 255 Alcohol and Other Drugs. These are courses which support all degree programs and

are in strong demand from undergraduate students across all majors. Other courses such as SAFETY 380 Industrial Accident Prevention, SAFETY 450 Behavioral Aspects of Accident Prevention and SAFETY 383 Introduction to Security attract undergraduate students from several other programs.

MAJORS/EMPHASES

To obtain an internship and graduate the OESH student must have a minimum 2.5 GPA in the major and as an overall college average.

Construction Safety Emphasis:

The construction safety emphasis provides students with a comprehensive background in worksite hazard assessment, safety and health program development, and risk management as it applies to the construction industry.

Occupational Ergonomics Emphasis:

The occupational ergonomics emphasis prepares students to meet the growing demand for safety professionals capable of dealing with work-related musculoskeletal disorders (WMSDs). This emphasis provides students with a comprehensive background in ergonomic work analysis, hazard assessment, and program development in a variety of essential industries.

Environmental Management Emphasis:

OESH professionals are often expected to manage environmental hazards created by operational and procedural processes at industrial and manufacturing facilities. This emphasis introduces environmental management concepts to students and prepares them to address environmental concerns at their job sites.

DRIVER EDUCATION

LICENSURE - 18 units

Licensed elementary, junior high, or secondary school teachers in any subject area can become licensed to teach driver education if they complete these courses:

SAFETY 201, SAFETY 450/650, SAFETY 255, SAFETY 260, SAFETY 461/661, SAFETY 464.

COURSE DESCRIPTIONS

Field trips may be required for any of the courses.

SAFETY 201 PERSONAL AND PUBLIC SAFETY *GI 3 u*

Presents a systematic account of the foundations of safety to students with little previous knowledge of the subject. It presents the accident problem, philosophical implications, concepts of accident causation and countermeasures, and an overview of specific areas of safety concern including fire, water safety, traffic, disasters, etc.

SAFETY 255 ALCOHOL AND OTHER DRUGS *GI 3 u*

An investigation into the physiological, psychological and sociological problems presented by the use of alcohol and other drugs. Prevention and treatment programs will be examined. Other areas of study will include alcohol and traffic safety, alcohol and other drugs education and employee assistance programs.

SAFETY 260 BASIC TRAFFIC SAFETY *3 u*

Presents the traffic problem in today's society with an overview of the concepts used in traffic accident prevention. Human, vehicle, environmental and legal factors are studied in their relationship to the total problem.

174 OCCUPATIONAL & ENVIRONMENTAL SAFETY & HEALTH

SAFETY 380 INDUSTRIAL ACCIDENT PREVENTION 3 u

A combination of principles and practices designed to provide the student with a basis for understanding the nature of occupational accident prevention and loss reduction. The topics to be examined include legislative aspects, accident causation, strategies for minimizing injuries and losses, and sources of assistance in resolving safety and health problems.

SAFETY 381/581 MOTOR FLEET SAFETY 3 u

An analysis of fleet safety problems and programs. Detailed study of the truck transportation industry, motor carrier responsibilities, federal regulations and safety supervision programs.

Prereq: SAFETY 380 or consent of instructor.

SAFETY 382/582 SAFETY IN THE CONSTRUCTION INDUSTRY 3 u

This course examines the practices and safety-related problems found in the construction industry. Administrative and organizational issues that impact construction safety programs are examined. Students will be introduced to specific problems and countermeasures for correction through lectures and field experiences. The course provides an overview of applicable OSHA and MSHA standards.

Prereq: SAFETY 380 or consent of instructor.

SAFETY 383/583 INTRODUCTION TO SECURITY 3 u

A study of the physical, personnel, and informational aspects of the security field. Concepts of these areas will be integrated with safety management concepts and will be discussed in relationship to industrial and business environments.

SAFETY 384/584 CONSTRUCTION ACCIDENT PREVENTION 3 u

A combination of principles and practices designed to provide a basis for understanding the nature of accident prevention, health preservation and loss reduction in construction operations. The topics to be examined include federal safety and health regulations, techniques of hazard control, strategies for minimizing injuries and losses, and sources of assistance in resolving safety and health problems.

Prereq: SAFETY 382/582 or consent of instructor.

SAFETY 388 OCCUPATIONAL SAFETY & HEALTH STANDARDS AND APPLICATIONS 3 u

This course is designed to provide the student with a comprehensive understanding of occupational safety and health standards and their application for the management of workplace injury prevention and health promotion. Topics to be examined include federal regulations and their interpretations and accident investigation methodologies.

Prereq: SAFETY 380 and PHYSICS 130.

SAFETY 420/620 PRINCIPLES OF ENVIRONMENTAL MANAGEMENT 3 u

This course addresses the U.S. Environmental Protection Agency regulations and the related responsibilities of the safety professional to insure compliance. Areas to be covered are the Safe Drinking Water Act, storm water discharges, hazardous waste disposal, environmental audits, the Clean Air Act, etc.

Prereq: CHEM 102 and CHEM 104 or one year of general college chemistry and SAFETY 380.

SAFETY 450/650 BEHAVIORAL ASPECTS OF ACCIDENT PREVENTION 3 u

Selected theories of accident causation and countermeasures are studied. Examination of physiological, medical, psychological, and sociological factors which influence behavior, and methods for modifying unsafe behavior.

Prereq: Sophomore standing or consent of instructor.

SAFETY 453 FUNDAMENTALS OF ENVIRONMENTAL LAW 3 u

An examination of federal and state laws with judicial and regulatory interpretations having application to the management of the occupational and environmental safety & health responsibilities of private sector firms

in the United States.

Prereq: Junior standing or consent of instructor.

SAFETY 461/661 PROBLEMS AND MATERIALS OF DRIVER EDUCATION 3 u

Emphasis is placed on driver and traffic safety education professional issues and classroom curricular content, methods and resources. Organization and administration of the high school program will also be examined.

Prereq: SAFETY 260 or consent of instructor.

SAFETY 464 TECHNIQUES OF LABORATORY INSTRUCTION 1-5 u

A variable credit course designed to provide the student with the techniques of the in-car, simulation, and multiple car methods of laboratory instruction. Practical experience with beginning drivers will be arranged. Credit is determined by number of phases of laboratory instruction in which student participates.

Prereq: SAFETY 461 or consent of instructor.

SAFETY 470 SEMINAR — SAFETY 2 u

This seminar will provide emphasis on independent study research and inquiry and an opportunity for discussion and evaluation of professional internship experiences.

Prereq: Department approval required and 2.50 cumulative GPA.

Coreq: enrollment in SAFETY 492 .

SAFETY 471/671 APPLIED METHODS IN ERGONOMICS 3 u

Students will study methods and techniques for job and workstation evaluation to identify potential ergonomic hazards that contribute to work-related musculoskeletal disorders. At the conclusion of the course students will be able to select and apply appropriate ergonomic methods and techniques to industry-specific problems.

Prereq: SAFETY 488/688 or consent of instructor.

SAFETY 472/672 ADVANCED INDUSTRIAL ERGONOMICS 3 u

This course focuses on the specific needs of key industries that present a high incidence of work-related musculoskeletal disorders. These industries display specific working conditions with large and diverse workforces. In addition, ergonomic issues of work populations with special needs are also reviewed. The course will involve applied problem-solving projects in different work settings.

Prereq: SAFETY 471/671 or consent of instructor.

SAFETY 479/679 PRINCIPLES AND METHODS OF INDUSTRIAL HYGIENE 5 u

An introduction to the science and art of anticipating, recognizing, evaluating, and controlling the chemical, physical, and biological agents that affect the health and safety of workers. The laboratory provides working knowledge and hands-on experience with equipment for recognizing, analyzing, and evaluating occupational health hazards in industry. One 2.5 hour lecture and one 2.5 hour lab per week.

Prereq: CHEM 102, CHEM 104, PHYSICS 130 or consent of instructor.

SAFETY 481 ANALYSIS AND DESIGN FOR SAFETY IN INDUSTRIAL OPERATIONS 3 u

The course examines the need for an interpretation of occupational safety and health standards. Emphasis is placed on local, state, federal and association standards to numerous applications including materials handling and storage, powered industrial trucks, machine guarding, working with hot and cold metals, welding and cutting, electrical hazards and flammable and combustible liquids. Class visitations to selected industries will be scheduled to assist students in understanding industrial and plant processes and to recognize potential hazards.

Prereq: SAFETY 380 , SAFETY 479, and SAFETY 488.

SAFETY 482/682 CONSTRUCTION SAFETY MANAGEMENT 3 u

An examination of the practices of managing occupational safety and health programs in the construction field. The course is designed to provide the student with an understanding of how the regulatory and financial responsibilities of accident prevention, health preservation and loss reduction in construction operations are met.

Prereq: SAFETY 384/584.

SAFETY 483/683 OCCUPATIONAL SAFETY MANAGEMENT 3 u

Emphasis will be on the organizational and administrative problems that relate to risk assessments, occupational accidents, worker compensation management, safety committees and employee safety training programs. The course is designed for students majoring in the business-related areas and future safety professionals who desire to develop an understanding of these management problems as well as applicable solutions.

Prereq: SAFETY 380 or consent of instructor and 2.50 cumulative GPA.

SAFETY 485/685 FIRE PROTECTION/PREVENTION 3 u

Control of fire through study of building construction to prevent fire spread, occupancy-hazard relationships, exposure to and from adjacent occupancies, lifesaving aspects, and the development of professional knowledge of flammable gases, liquids, combustible solids, dusts, chemicals, and explosives. Interpretation of appropriate codes will be covered.

Prereq: CHEM 102 or one semester of general college chemistry or consent of instructor.

SAFETY 487/687 PRODUCT SAFETY 3 u

An analysis of the trends of the product liability problem and the agencies regulating products. Special emphasis will be given to legal theories related to product liability and landmark litigation providing the basis for case law. A substantial portion of the course will be devoted to examining the elements of product safety programming.

Prereq: SAFETY 380 or consent of instructor.

SAFETY 488/688 ERGONOMICS 3 u

This course is intended to provide the student with basic introductory information concerning human information processing capabilities and limitations. Ergonomic strategies for preventing manual material handling, repetitive motion injury, and ergonomic design and evaluation of man-machine systems will be included in the course.

Prereq: Consent of instructor.

SAFETY 489/689 HAZARDOUS MATERIALS MANAGEMENT 3 u

This course addresses OSHA, NFPA and ANSI standards as they relate to the use and storage of chemical, biological and radiological hazardous materials in the workplace. Standards to be covered include Process Safety Management of Highly Hazardous Chemicals, Hazardous Chemical Communication, Personal Protective Equipment Regulation, Laboratory Safety Standard, DOT Shipping regulations, Nuclear Regulatory Commission Standards, etc.

Prereq: CHEM 102 and CHEM 104 or one year of general college chemistry or consent of instructor.

SAFETY 490/690 WORKSHOPS IN SAFETY EDUCATION 1-6 u

Repeatable three times for a maximum of 9 units in major/degree.

Prereq: Consent of instructor.

SAFETY 491/691 TRAVEL STUDY Repeatable 1-3 u

SAFETY 492 FIELDWORK INTERNSHIP IN SAFETY 1-12 u

Offered on a Satisfactory/No Credit grade basis only. Internship students will be assigned to a company or governmental agency according to their interests to study in the field under the joint direction of the organization's Safety Manager and a University Supervisor. Students will be required to work with administrative and operational personnel at various levels. Written documentation of experiences will be required.

Repeatable two times for maximum of 12 units in major/degree.

Prereq: Consent of Coordinator of Field Experiences and concurrent enrollment in SAFETY 470 and a 2.50 cumulative GPA.

SAFETY 493 AIR POLLUTION EVALUATION & CONTROL 3 u

This entry-level course presents a broad overview of the major aspects of air pollution evaluation and control. The course includes information about pollutants, pollutant sources, and effects of pollution on human health and the environment, dispersion of pollutants, measurement and control of emissions, and laws and regulations pertaining to air pollution control.

Prereq: SAFETY 380.

SAFETY 496/696 SPECIAL STUDIES 1-3 u

A course which offers study in special topics in safety which are not regularly included in the curriculum.

Repeatable for a maximum of 6 units in degree.

SAFETY 498 INDEPENDENT STUDY 1-4 u

May be taken for a maximum of 3 units in major/degree.

Prereq: Consent of department. Restricted to students with junior or senior standing, majors and minors, and licensure/certification candidates.

Faculty: Kathryn Casey, Lana Collet-Klingenberg, Simone De Vore, Amy Griffith, Nomsa Gwalla-Ogisi, Jessica Hagaman, Sharon Kolb, Rowand Robinson, Diana Rogers-Adkinson (Chair), Shannon Stuart, Brooke Winchell.

Special Education prepares personnel to work with individuals who have a variety of disabilities. Program options include dual licensure early childhood, cross categorical special education with an emphasis in learning and behavior disorders or cognitive disabilities.

MAJOR/EMPHASES

- Early Childhood Education dual licensure
- Cross Categorical: Learning Disabilities/Behavior Disorders Emphasis
- Cross Categorical: Cognitive Disabilities Emphasis

Writing Proficiency Requirement: Requirement accomplished in several courses within the emphasis course sequence.

Grades of Incomplete, D or F in special education courses (prefix SPECED or SPECFLD) must be removed before the student can enroll in SPECFLD 411 (A-H) Directed Teaching.

Department Staffing Procedure: Students in the department of Special Education are expected to maintain professional dispositions as they matriculate. Students experiencing difficulty may be asked to participate in a department staffing to assist the student in the drafting of a plan to facilitate successful completion of their program.

COURSE DESCRIPTIONS

SPECED 201 DISABILITY IN SOCIETY

3 u

A study of the social construction of disability. This course focuses on the political and cultural context of disability. Particular attention is given to the issues of perception, mobility, accessibility, distribution of bio-resources, and the human condition as well as a process to help individuals achieve comfortable, authentic, and more equal relationships with persons with disabilities.

SPECED 205 PSYCHOLOGY OF THE EXCEPTIONAL CHILD 3 u

A survey course designed to familiarize students with the psychological, physiological and educational problems which confront persons who are cognitively disabled, gifted, emotionally disturbed, speech impaired, auditorily impaired, visually impaired, orthopedically and neurologically impaired.

SPECED 324/524 FOUNDATIONS OF SPECIAL EDUCATION 3 u

The purpose of this course is to help students explore issues and perspectives related to basic theories in special education. The course also examines the legal and ethical implications surrounding special education, and the historical developments within the field. This course will provide teacher education students with experiences that engage them in explicitly examining their conceptions, assumptions, and attitudes related to students with exceptional educational needs. Extensive consideration will be devoted to misconceptions about multicultural and bilingual aspects of special education as well as pedagogical approaches for including students with diverse learning styles and abilities in general education environments.

Prereq: SPECED 205.

SPECED 325 CHARACTERISTICS OF CD/EBD/LD 3 u

This course addresses the characteristics of cognitive disabilities, emotional/behavioral disabilities, and learning disabilities. The purpose of the course is to provide an overview of the theoretical and historical issues related to the three most common disabilities. Specific application of theory and history will be applied to all three areas looking at characteristics across the life span. Inter-relationships of the characteristics, needs and implication for practice will be covered.

Prereq: Special Education major and 2.75 GPA and passing two portions of PPST and SPECED 205 or Special Education minor and SPECED 205 and admission to Professional Education or Physical Education K-12 emphasis and SPECED 205 and admission to Professional Education.

SPECED 360/560 BEHAVIOR MANAGEMENT FOR THE INCLUSIVE CLASSROOM 3 u

The purpose of this course is to provide general strategies to promote effective behavior management in the inclusive educational environment. Focus will be on theories and practices for facilitating successful integration of children with disabilities in the regular education classroom or public school special education programs.

Prereq: SPECED 205, admission to Professional Education.

SPECED 361 INCLUSIVE METHODS OF INSTRUCTION 3 u

This course is designed to help prospective special education teachers in grades K-12 learn to work effectively with students with mild disabilities. Instructional principles and strategies to provide quality instruction to help students become successful learners will be emphasized. Content emphasis includes models of instruction and methods for delivering instruction, including lesson planning and unit planning.

Prereq: Special Education major and SPECED 205, 324, 325 and Admission to Professional Education.

Coreq: SPECFLD 385 or Special Education minor and SPECED 205, 325, Admission to Professional Education, and SPECFLD 385 or EDUINDP 443

SPECED 365/565 EVIDENCE BASED EARLY INTERVENTION FOR INFANTS AND TODDLERS 2 u

This course examines relevant theories and pertinent research pertaining to care of infants and toddlers with special needs within the family setting and in group care programs. Content includes an examination of legislative

action that calls for intervention services for the birth-to-three population in natural settings, screening and assessment procedures, eligibility criteria for service delivery, working closely with and supporting families, and team collaboration styles. Mental health issues related to infants and toddlers are examined in relation to those who provide care to this population.

Prereq: Admission to the College of Education and Professional Studies and the Early Childhood Program.

SPECED 376/576 MEDICAL ASPECTS OF DISABILITY 3 u

Study of the medical, physiological, neurological, physical, developmental, and sensory characteristics of persons with physical or medical conditions which impact educational programming. Emphasis on the etiology and implications of genetic, prenatal and acquired causes of disabilities including cerebral palsy, genetic syndromes, medical fragility, technology dependency, AIDS, and perinatal drug exposure. Interdisciplinary approaches to services provided for persons with complex attendance needs are addressed.

Prereq: Admission to Professional Education.

SPECED 380/580 PHASE 3 PORTFOLIO 2 u

This course assists teacher candidates to develop their phase 3 portfolio, which includes a philosophical statement addressing DPI's core values, three narratives in the areas of assessment, instruction, and communication and collaboration, and three to nine student-selected artifacts selected from course projects or related artifacts across the college and Department of Special Education, prior to their entrance into the Directed Teaching Block that provide evidence of the attainment of knowledge and skills related to WTS and CEC/NCATE standards.

Prereq: Admission to Professional Education, SPECED 205, 324, 325, 360, 361, 426 and SPECFLD 385.

SPECED 406/606 CAREER/VOCATIONAL PROGRAMMING FOR EXCEPTIONAL EDUCATIONAL NEEDS 3 u

Identification of specific strategies for overcoming attitudinal and technical barriers to vocational mainstreaming of special needs students. Content includes values clarification, vocational assessment, vocational IEP development, and elementary and secondary vocational models in delivering appropriate vocational services to EEN students. Content covers grades K-12.

Prereq: SPECED 325 and admission to Professional Education.

SPECED 409/609 NONVIOLENT CRISIS INTERVENTION 1 u

This course provides participants with certification or recertification in Nonviolent Crisis Intervention as recognized by the Crisis Prevention Institute (CPI). Techniques for de-escalating potentially harmful situations as well as strategies for responding to direct physical threats will be presented. The instructor is certified by CPI to provide training. Participants passing the exit exam will receive a one-year certificate in non-violent crisis intervention. Participants are asked to wear comfortable clothing suitable for physical activity and avoid wearing jewelry during the course. Students must purchase a workbook from the instructor the first day of class to participate.

SPECED 426/626 INTRODUCTION TO INDIVIDUAL DIAGNOSTIC ASSESSMENT OF EXCEPTIONAL EDUCATIONAL NEEDS 3 u

A core course providing an overview of educational assessment and diagnosis of those with disabilities. Emphasis is placed upon testing for IEP development and the teaching and implications of the educational evaluation for multidisciplinary team decision making.

Prereq: Special Education major and 2.75 GPA and passing two portions of PPST and SPECED 205 or Special Education minor and SPECED 205 and admission to Professional Education or Physical Education K-12 emphasis and SPECED 205 and admission to Professional Education.

SPECED 440/640 ADVANCED BEHAVIOR INTERVENTION STRATEGIES 3 u

The purpose of this course is to provide special educators with the knowledge and skills to intervene with children with intense patterns of

behavior that prevent the student from accessing the general education classroom. Techniques for conducting functional behavior assessments and designing behavior intervention plans will be provided. In addition, legal aspects regarding behavior intervention will be provided.

Prereq: SPECED 205, 360, 361, 426, SPECFLD 385 and Admission to Professional Education.

Coreq: SPECFLD 485A or 485B and 485C.

SPECED 450/650 INTERVENTION FOR CHILDREN WITH EBD 3 u

The purpose of this course is to provide intervention strategies for working with children with severe emotional/behavioral disorders. Strategies related to AODA, social skills curriculum, abuse/neglect, juvenile corrections, and medication management will be presented. In addition, methods for creating effective program models will be presented.

Prereq: SPECED 205, 361, 426, SPECFLD 385 and Admission to Professional Education.

SPECED 458/658 COLLABORATION FOR EFFECTIVE INSTRUCTION 3 u

This course develops students' skills and understanding of the laws pertaining to students with disabilities, writing individualized instructional plans, inclusion, collaboration and school-based team membership, and adaptation and modifications of instruction. Students also develop their personal philosophy of education including beliefs about teachers, students, diversity, community, inclusion, etc. and a profile of their role as a team member through the use of a variety of self-assessment tools and the use of a cooperative learning structure (base teams) for the course.

Prereq: Special Education major and SPECED 205, 361, 426, 466, SPECFLD 385 and Admission to Professional Education.

Coreq: SPECFLD 410; or Special Education minor and SPECED 205, 361, 426, 466, SPECFLD 385, Admission to Professional Education, and SPECFLD 410.

SPECED 461/661 FORMAL ASSESSMENT FOR YOUNG CHILDREN 3 u

This class provides the students with knowledge of the legal and ethical considerations related to the assessment of young children (birth through age eight). Students will acquire skills related to developmental screening, determination of eligibility for special education, conducting norm-referenced assessments, writing reports, and communication with parents and other professionals.

Prereq: Completion of all prior Early Childhood Education courses and restricted to students with Professional Education admission and ECE majors.

SPECED 462/662 EDUCATIONAL DIAGNOSIS AND ASSESSMENT IN LD, E/BD, CD 3 u

A course to develop advanced diagnostic skills for elementary through secondary mild/moderate disabled (LD, ED, MR) individuals. Particular emphasis is placed upon the assessment of cognitive, academic, developmental and behavioral skills that affect classroom performance. The application of advanced trend analysis and data synthesis techniques for special education placement and program planning is stressed and current issues and trends are discussed.

Prereq: SPECED 426/626. Restricted to students with Professional Education admission.

SPECED 465/665 CURRICULUM/METHODS COGNITIVE DISABILITIES-FUNCTIONAL 3 u

For persons who will be working with individuals who have moderate and/or severe disabilities. Provides methods, strategies and techniques in assessment, curriculum development, program design, instructional strategies, material development, and community transition for the population with moderate disabilities. A major focus will be on all aspects of functional programs across home, school, community and vocational environments.

Prereq: SPECED 205, SPECED 324, SPECED 325 and admission to Professional Education.

SPECED 466 WORKING WITH PARENTS OF 3 u

178 SPECIAL EDUCATION

EXCEPTIONAL CHILDREN AND COMMUNITY AGENCIES

Provides insight into the adjustment problems of individuals with disabilities in the home and school environments. Particular emphasis upon consultation and supportive skills to aid the person and their parents in dealing with school or agency personnel and programs.

Prereq: Special Education major and 2.75 GPA and passing two portions of PPST and SPECED 205 or Special Education minor and SPECED 205 and admission to Professional Education or Physical Education K-12 emphasis and SPECED 205 and admission to Professional Education or Communication Sciences & Disorders emphasis and SPECED 205 and admission to Professional Education.

SPECED 470 STUDENT TEACHING SEMINAR 2 u

The seminar provides a meaningful capstone experience for student teachers during their professional teaching semester. Current research, issues, and strategies specific to the field of special education and the teaching professional are presented.

Prereq: Pass Praxis II, have no incomplete grades or grades lower than C in SPECED or SPECFLD courses, 2.75 GPA and consent of department. Coreq: SPECFLD 489A, 489D and SPECED 480 or SPECFLD 489B, 489C, 489D and SPECED 480.

SPECED 476/676 CURRICULUM, METHODS AND MATERIALS FOR THOSE WITH MULTIPLE DISABILITIES 3 u

For persons interested in acquiring specialized techniques and strategies in the care, instruction, programming, and management of individuals with physical, motor, medical, cognitive, communicative and/or behavioral disabilities. Specific information on positioning, physical handling, feeding facilitation, augmentative communication, sensory integration, adaptive switches, medication therapy and life skills development for the person with severe and profound disabilities. Emphasis is on functional skills.

Prereq: SPECED 205, SPECED 324, SPECED 325 and admission to Professional Education or Early Childhood major and admission to Professional Education.

SPECED 480/680 PHASE 4 PORTFOLIO 1 u

This course assists teacher candidates to develop their phase 4 portfolio which includes a philosophical statement which addresses DPI's core values; three narratives in the areas of assessment, instruction, and communication and collaboration; and three to nine student-selected artifacts selected from field-based experiences with children (special education fieldwork, general education fieldwork, and student teaching) that provide evidence of the attainment of knowledge and skills related to WTS and CEC/NCATE standards. At the end of the seminar, teacher candidates will present the portfolio to an interdisciplinary group of UW-W faculty and staff.

Prereq: Pass Praxis II, have no incomplete grades or grades lower than C in SPECED or SPECFLD courses, 2.75 GPA and consent of department. Coreq: SPECFLD 489A, 489D or SPECFLD 489B, 489C, 489D and SPECED 470.

SPECED 486/686 ACADEMIC INTERVENTION I 3 u

The course is about reading for students with problems and disabilities through the use of theories, models, and specific research-based programs in phonemic awareness, decoding, reading and comprehension. We will examine the processes and skills children and adolescents engage in to read and understand literature and content within the curriculum. Specifically, the difficulties encountered by students with language and learning differences will be reviewed and research providing "best practices" in teaching phonemic awareness, reading, decoding, and comprehension as a tool for literacy development will be emphasized. Students will develop personal philosophies and review and implement instructional strategies for teaching the development and fluency aspects of phonemic awareness, reading, decoding, and comprehension within the special and regular curriculum. Prereq: SPECED 205, 324, 325, 361, 426 SPECFLD 385 and admission Professional Education.

SPECED 487/687 ACADEMIC INTERVENTION II 3 u

This course is about writers and writing. WE will examine the processes and skills children and adolescents engage in to compose a quality written product. Specifically the difficulties encountered by students with language and learning differences will be reviewed and research providing "best practices" in teaching writing as a tool for literacy development will be emphasized. Students will develop personal philosophies and instructional strategies for teaching the development and fluency aspects of composition. Prereq: SPECED 205, 324, 325, 361, 426 SPECFLD 385 and admission to Professional Education.

SPECED 490/690 WORKSHOP 1-10 u

Repeatable for a maximum of 12 units in major.

SPECED 491/691 TRAVEL STUDY Repeatable 1-3 u

SPECED 494/694 SEMINAR - SPECIAL EDUCATION 1-3 u Repeatable

Prereq: Consent of instructor.

Prereq: Consent of instructor.

SPECED 496/696 SPECIAL STUDIES 1-4 u

Repeatable for a maximum of 12 units in major.

Prereq: 480 205 or consent of instructor.

SPECED 498 INDEPENDENT STUDY 1-3 u

Repeatable for a maximum of 9 units in degree.

Prereq: Consent of instructor.

PRACTICUM

SPECFLD 385/585 CROSS CATEGORICAL FIELD WORK 2 u

This field experience provides all students with the opportunity to observe and participate with classrooms for children with cross-categorical educational needs with cognitive delays, emotional/behavioral disorders and learning disabilities.

Prereq: Special Education major and SPECED 205, 324, 325, Admission to Professional Education and Coreq: SPECED 361 or Prereq: Special Education minor and SPECED 205, 325, Admission to Professional Education and Coreq: SPECED 361 or EDUINDP 442

SPECFLD 410/610 GENERAL EDUCATION FIELD EXPERIENCES 3 u

Students seeking licensure in Special Education will complete a 150-hour assignment in a general education classroom where inclusionary practices for individuals with special needs are applied. The field experience provides opportunities to become familiar with the range of students' abilities, curricular focus, achievement expectations, enhancements, adaptations, and modifications of instruction; and collaborative practices of general and special educators.

The College of Letters and Sciences seeks to assist you in developing the knowledge, understanding, skills, and appreciation which will enable you to live a rich, full life as well as succeed in your chosen profession. A background of study in the liberal arts is the distinguishing characteristic of the university graduate. Whatever your vocational aspiration, your liberal arts study will heighten your potential for personal and professional development. The major and minor programs of study within the College of Letters and Sciences build upon this liberal arts background and assist you in developing in-depth understanding of your chosen field of study.

MAJORS AND MINORS

BACHELOR OF ARTS OR BACHELOR OF SCIENCE WITH TEACHING LICENSURE

If you are working toward the Bachelor of Arts or Bachelor of Science degree in the College of Letters and Sciences and also wish to be licensed to teach, you must fulfill all the requirements for the appropriate degree and complete all the requirements for licensure. Confer with the Director of Licensure in the College of Education during your freshman year if you are interested in this option.

PRE-PROFESSIONAL CURRICULA

| | |
|--|--------------------------------|
| Chiropractic | Steven Anderson, Chemistry |
| Dentistry | Michael Woller, Biology |
| Engineering (Emphasis available through Physics) | Robert Benjamin, Physics |
| Law | Jolly Emrey, Political Science |
| Medicine | Peter Mesner, Biology |
| Optometry | Steve Sahyun, Physics |
| Pharmacy | Hephzibah Kumpaty, Chemistry |
| Veterinary Medicine | Ellen Davis, Biology |

There are opportunities for you to obtain pre-professional work in a number of fields. In some areas, such as law and medicine, you will complete the Bachelor of Arts degree or Bachelor of Science degree before being admitted to a professional school. Other pre-professional programs at UW-W provide one, two or three years of study for students who will then transfer to a professional school. While at UW-W, you will obtain a well-rounded liberal education recommended by professional schools in addition to introductory courses in your professional area.

If you transfer to a professional school at the end of your junior year, you may have part of your work in the professional school applied toward completion of the bachelor's degree at UW-Whitewater. Details must be worked out with the Assistant Dean of the College of Letters and Sciences prior to your junior year.

As a student in a pre-professional curriculum you will be assigned a faculty advisor who is familiar with the requirements for admission to professional schools. If you have chosen a specific professional school, your advisor will help you to develop a program which meets the requirements of the institution to which you plan to apply. If you have not decided on a professional school, your advisor will help you develop a flexible program while aiding you in the search for a school to meet your needs. In Pre-Engineering, UW-W has transfer agreements with UW-Madison, UW-Milwaukee, and UW-Platteville (contact the Engineering Emphasis advisor or the chair of the Physics Department for details). For the Chiropractic program, transfer articulation programs to Chiropractic schools also exist.

(Contact the Chiropractic advisor for details).

Every effort is made to assist you in your admission to the professional school of your choice; however, you should be aware that admission to some programs is extremely competitive, and whether or not you are admitted will depend upon your academic record and your scores on admissions tests.

For further information on the pre-professional curriculums available at UW-W please contact one of the advisors listed above.

INDIVIDUALIZED OPPORTUNITIES WITHIN THE CURRICULUM

Individually Designed Major. If you wish to focus your study on a topic or problem area which falls outside the limits of the traditional major programs, you, together with your advisor, may design your own individually designed major. This individualized major permits an integration of the courses and programs offered by the University. For details and requirements of this major see Interdepartmental Majors and Minors (below).

Individually Designed Minor. The individualized minor can help you meet educational goals which cannot be met by the conventional minor programs. You can plan your own minor consisting of courses in areas related to your goals. For details and requirements see Interdepartmental Majors and Minors (below).

HONORARY SOCIETIES

Alpha Delta Mu is a national social work honor society. The Beta Zeta Chapter, established at the University of Wisconsin-Whitewater on April 2, 1980, advances excellence in social work practice and encourages, stimulates and maintains scholarship of the individual members in all fields, particularly in Social Work. Eligible individuals must have completed at least 6 units in social work, be at least junior standing and have earned a minimum overall GPA of 3.50.

Alpha Kappa Delta is a national sociology honor society. The ETA of Wisconsin chapter was established at UW-Whitewater in 1970. AKD is an organization dedicated to the scientific study of social phenomena for the promotion of human welfare. To be eligible for membership, individuals must have completed at least 10 units in sociology, be at least junior standing, and have earned a minimum grade point average of 3.000 in all sociology courses and have a minimum 3.000 GPA overall.

Beta Beta Beta, national honorary biological society, was established at Whitewater in 1960. Beta Beta Beta seeks to encourage scholarly attainment in this field of learning by reserving its membership for those who achieve superior academic accomplishments and who indicate special aptitude for the subject of biology.

Delta Phi Alpha is the National German Honor Society. The Sigma Delta chapter of the society was established at the UW-Whitewater in 2007. Initiates must be at least sophomore standing and have completed a minimum of two years of German at the university level with registration in an advanced course, earn a minimum grade average of 3.33 in all German courses taken as well as a minimum of 2.67 GPA in all courses of study at the university level, and also demonstrate continued interest in the study of German language and literature.

Gamma Theta Upsilon is an international geographical honor society. Gamma Upsilon chapter of the society was established at UW-Whitewater in 1965. The primary function of the society is to further professional interest in geography by affording a common organization for those interested in this field. Full regular membership is limited to persons possessing superior academic records and completion of at least three courses in geography.

Phi Alpha Theta is an international honorary society in history. Nu-Beta chapter was installed at Whitewater in the spring of 1967. Membership is open to students who have completed 12 or more units in history with at

least a 3.10 grade point average in all history courses. Initiates must also have a 3.00 grade point average in two-thirds of all remaining courses.

Pi Delta Phi is a national honor society which recognizes outstanding scholarship in French. To be eligible for membership, you must be a senior who has completed three advanced French courses and who has a 3.00 grade point average in French and a 3.00 cumulative grade point average.

Pi Sigma Alpha is the national honorary association for political science. The UW-Whitewater Chapter, Pi Mu, welcomes all students who fulfill the following requirements: 10 units in Political Science, 3.5 grade point average in Political Science courses, and 3.00 grade point average overall.

Psi Chi, the National Honor Society in Psychology, recognizes excellence in scholarship for graduate and undergraduate students who are making the study of psychology one of their major interests. Undergraduates who are elected to Psi Chi must rank not lower than the highest 35 percent of their class in general scholarship and must have demonstrated superior scholarship in psychology.

Sigma Delta Pi, national professional society in Spanish studies, was established at Whitewater in 1966. Eligible for membership are those students who have completed at least three upper-division Spanish courses (300 or 400-level) or have completed two with current enrollment in a third, have attained a 3.00 GPA in Spanish courses and 2.75 overall GPA, and have completed at least three university semesters.

Sigma Pi Sigma is the physics national honor society. Membership is open to all students with an overall G.P.A. of at least 3.00 and a G.P.A. of at least 3.00 in physics, based upon at least three physics classes applicable toward a physics major.

Sigma Tau Delta, the national English Honor Society, is open to English majors and minors who have had at least two courses past English 101 and 102, have at least a B average in English, and rank within the top 35% of their class overall. The society sponsors regional and national conventions, a literary magazine, and writing awards for creative and critical writing.

DEPARTMENTAL STUDENT ORGANIZATIONS

Association of Information Technology Professionals is an organization of students who have a strong interest in the field of data processing. Its purposes are to promote interest in and an understanding of business data processing through guest lectures, seminars and field trips to computer installations and AITP conferences.

English Club is an organization open to anyone interested in English language or literature.

French Club is an organization open to anyone interested in French language and culture.

German Club is an organization open to all students in German and to anyone interested in German culture.

The Law Society, co-sponsored by the Political Science Department and the Finance and Business Law Department, is open to pre-law students and anyone interested in the law. Students have the opportunity to attend speaker meetings and participate in field trips.

Social Work Student Organization seeks to unite the Social Work majors to promote the major, to provide a sounding board, and to act as a medium between faculty and students to facilitate major changes within the department.

Students in Physics Society is open to all students who are in physics or related fields. In 1965 the club became a student section of the American Institute of Physics, a national federation of leading societies in physics.

Spanish Club offers members cultural activities pertaining to the Spanish speaking countries to create an interest in the culture and ways of life of the Spanish-speaking world and to stimulate greater understanding and appreciation of Spanish-speaking friends the world over.

The Student Math Association (<http://math.uww.edu/sma>) is a student chapter of the Mathematics Association of America whose purposes are to provide students majoring, minoring or just interested in math with information pertaining to the math field, and to encourage and inform about the use of math in every aspect of life.

Student Psychology Association invites students to join psychology majors and faculty in challenging their concepts of the world and themselves through spirited interchange of ideas about psychology and its impact on the individual.

Student Sociology Association is a voluntary group whose purpose is to afford interested students the opportunity to initiate and participate in campus and professional activities.

UWW Geology Club is an organization open to any student interested in furthering the education and fellowship of students in the field of geology.

COLLEGE DEGREE REQUIREMENTS

BACHELOR OF ARTS (BA) BACHELOR OF SCIENCE (BS)

To graduate from the College of Letters and Sciences, students must complete a minimum of 120 units, including coursework to satisfy all of the General Education (Communication & Calculation Skills and University Requirements), Diversity, College Degree, and major and minor requirements. Students must have at least a 2.0 grade point average in the major and minor fields as well as a 2.0 UW-W overall grade point average. Certain majors and minors in the College require a grade point average above 2.0 in the major, minor and/or overall.

Students may earn either the Bachelor of Arts or the Bachelor of Science degree in the College of Letters and Sciences. The BA degree emphasizes preparation in the arts, foreign languages, humanities and social sciences, while the BS degree emphasizes preparation in mathematics and sciences.

Most students are required to complete both a major and a minor from the approved majors and minors listed in the Catalog. Consult the list on the L&S website or in the Degree Planning Guide at the College of L&S. The same course units may not be counted toward both a major and a minor.

BACHELOR OF ARTS

In addition to the University Requirements, students must complete the following BA degree requirements:

1. Upper Level Breadth Requirement
6 units at the 300-400 level in Arts, Humanities, Social Sciences or Race/Ethnic or Women's Studies, excluding courses in major and minor disciplines; not limited to Gen Ed courses or one course per discipline rule.
2. Foreign Language Requirement
Completion of 2nd semester foreign language (Chinese, French, German, Spanish 142 or above; Japanese 102 or above) or demonstration of equivalent proficiency by appropriate score on placement examination. Exception: students who graduated from high school before 2012 may satisfy this requirement with 2 years of the same foreign language in high school. One course taken to fulfill this requirement may count as an elective in the University Requirements.

184 INTERDEPARTMENTAL

BACHELOR OF SCIENCE

In addition to the University Requirements, students must complete the following BS degree requirements:

1. Two 4-5 unit laboratory science courses designated GL from 2 different disciplines (biology, chemistry, geology, geography, physics or astronomy), one of which may count in University Requirements.
2. 5 units in math beyond 141 or 3 units in math beyond 141 and 3 units in computer science courses (not limited to GM courses, but may count in University Requirements if they are GM).

INTERDEPARTMENTAL COURSES

PAX 200 INTRODUCTION TO PEACE AND SOCIAL JUSTICE 3 u

Introduction to Peace and Social Justice teaches an interdisciplinary approach to understanding peace - as more than the absence of war. It explores multiple ways to create the conditions where social justice can flourish from global to local levels. Themes: non-violence, conflict resolution, human rights, environmental sustainability, and social inequality
Prereq: GENED 120, 130 or 140.

PAX 488 SPECIAL TOPICS IN PEACE AND SOCIAL JUSTICE 3 u

The Capstone Special Topics teaches interdisciplinary analytical approaches to peace and social justice. Based on the sponsoring department, the topics under investigation will vary. Students will learn peace-building skills through theoretical and practical exercises and active participation in the face of fundamental environmental, economic and human crises.
Prereq: PAX 200.

SOCIAL STUDIES BROADFIELD MAJOR (BSE)

Open only to students pursuing teacher licensure. This major consists of at least 53 hours in a program approved by the College of Education. This program must follow either of two basic guidelines:

1. A 33-34 unit concentration in any approved area of social studies and 20-21 units in at least two other areas of social studies.
2. A 21-22 unit concentration in any approved area of social studies and 32-33 units in at least three other areas of social studies.

If courses in the major are used to satisfy General Education requirements, the program can be completed within 120 units. Transfer students must complete at least five courses at UW-W for this major.

Note: Only those courses in Geography which relate to the cultural environment will apply toward the major. Courses in other social science areas which are primarily techniques courses will not apply to the major.

Additional Licensure Requirement:

Wisconsin law requires that persons seeking licensure to teach history or other social studies have instruction in cooperatives and conservation. The requirement in respect to cooperatives may be met by completion of ECON 213, Economic Principles for Secondary Teachers. The requirement for instruction in conservation may be met by the completion of GEOGRPY 252 Human Environmental Problems, or BIOLOGY 214 Ecology and Society.

History certification for holders of Social Studies (701) license: 15 units of upper level (300 or 400) history courses distributed as follows: 6 units of U.S. History, 6 units of European History, and 3 units of African, Asian, Latin American or Middle-Eastern History. All 15 units must have been completed within 5 calendar years. Some of the courses listed above may have prerequisites which must be taken beyond the specified 15 units.

There are nine emphases within this major. Refer to the department of the emphasis for the major requirements.

ELEMENTARY EDUCATION MAJOR

Elementary Education majors who have a minor in English, Foreign Language, Mathematics or Social Studies (Economics, Geography, History, Political Science, Psychology or Sociology) may be certified to grade 9 with the addition of the appropriate Secondary Education methods course and Secondary Education Observation and Participation.

GENERAL SCIENCE ELEMENTARY MINOR

This is a broadfield, general science minor for students majoring in elementary education. It is intended to insure breadth of science preparation, with training from each of the four areas: biology, chemistry, physical geography/geology, and physics/astronomy. This general, introductory background from the specified courses would be appropriate for conducting science classes in the elementary schools.

MINOR - 24 UNITS

1. BIOLOGY 214 AND AT LEAST 3 ADDITIONAL UNITS FROM BIOLOGY COURSES. BIOLOGY 120 IS RECOMMENDED.
2. SELECT 4-5 UNITS FROM CHEMISTRY COURSES. CHEM 100 IS RECOMMENDED, CHEM 102 WOULD BE ACCEPTABLE.
3. SELECT 4-5 UNITS FROM PHYSICAL GEOGRAPHY OR GEOLOGY COURSES. EITHER GEOGRPY 210 OR GEOLGY 100 OR GEOLGY 101 IS RECOMMENDED.
4. PHYSCS 212 AND ASTRONOMY 114
5. ADDITIONAL UNITS TO TOTAL AT LEAST 24 UNITS MUST BE SELECTED FROM COURSES: GEOLGY 204, GEOLGY 205, GEOLGY 300, GEOLGY 307, PHYSCS 100, PHYSCS 120, OR PHYSCS 240.

PEACE AND JUSTICE STUDIES MINOR

The Peace and Justice minor offers an interdisciplinary approach to understanding peace as the cumulative goal of conflict resolution and transformation. Alternatives to war and dehumanization are taught and modeled for how individuals, organizations, and governments promote peace and justice from interpersonal to global contexts. Through coursework and experiential learning students are encouraged to become active participants and leaders in creating strategies for achieving and sustaining non-violence, human rights, environmental and social justice. The primary goal of this minor is to prepare students for careers in teaching, IGO's and NGO's, both in the private and public sectors.

MINOR - 24 UNITS

1. PAX 200
2. COMM 328
3. PAX 488
4. FIVE ELECTIVE COURSES MUST BE CHOSEN FROM AMONG THE THEMATIC GROUPS, WITH NOT MORE THAN 2 COURSES FROM THE SAME GROUP:
 GROUP I: PHILOSOPHY, RELIGION, AND IDENTITY:
 ENGLISH 363, PHILOSOPHY 245, PHILOSOPHY 248, RELIGST 330, POLISCI 414, RELIGST 135, WOMENST 392, COMM 228
 GROUP II: INTERNATIONAL CONFLICT, CONFLICT RESOLUTION, AND TRANSNATIONAL INSTITUTIONS:
 GEOGRPY 332, HISTRY 150, HISTRY 324, HISTRY 338, POLISCI 340, POLISCI 350, POLISCI 351, POLISCI 463, POLISCI 464, POLISCI 471
 GROUP III: ENVIRONMENTAL SUSTAINABILITY, GLOBALIZATION, AND ECONOMIC INTERDEPENDENCE:
 ECON 359, ECON 431, ECON 471, GEOGRPY 252, GEOGRPY 452, GEOGRPY 455, SOCIOLOGY 319, SOCIOLOGY 385

GROUP IV: SOCIAL AND RACIAL JUSTICE:
 ENGLISH 265, RACEETH 368, MANGEMNT 366, SOCIOLOGY 265, SOCIOLOGY 340, SOCIOLOGY 393, COMM 424, WOMENST 370, POLISCI 365

SOCIAL STUDIES ELEMENTARY EDUCATION MINOR

The Department of Public Instruction has created a license to permit holders of an elementary license who teach through grade 8 to be issued a regular license to teach Social Studies through grade 9 if they complete the Social Studies minor.

This is a broadfield, social studies minor for students majoring in elementary education. It is intended to insure breadth of social studies preparation, with training from each of several areas: history, psychology, sociology, political science, economics, geography, and anthropology. This general, introductory background from the specified courses would be appropriate for teaching social studies classes in the elementary schools.

MINOR - 24 UNITS

1. SELECT 3 UNITS FROM EACH OF THE 3 HISTORY GROUPS FOR A TOTAL OF 9 CREDITS: (A) HISTRY 124 OR HISTRY 125 OR HISTRY 311; (B) HISTRY 154 OR HISTRY 155; (C) HISTRY 130, HISTRY 131, HISTRY 135, HISTRY 336, HISTRY 337, HISTRY 340, HISTRY 342 OR HISTRY 343
2. SELECT 3 UNITS FROM BEHAVIORAL SCIENCE COURSES: SOCIOLOGY 240, PSYCH 211 OR ANTHROPL 218
3. GEOGRYP 230
4. ECON 213
5. POLISCI 141
6. SELECT 3 UNITS FROM ANY OF THE FOLLOWING COURSES: ECON 401, ECON 354, GEOGRPY 361, GEOGRPY 362, GEOGRPY 364, GEOGRPY 365, GEOGRPY 368, GEOGRPY 332, GEOGRPY 334, GEOGRPY 340, GEOGRPY 344, POLISCI 250, POLISCI 255, POLISCI 351, PSYCH 211, PSYCH 304, PSYCH 355, PSYCH 331, PSYCH 332, SOCIOLOGY 240, SOCIOLOGY 252, SOCIOLOGY 265, SOCIOLOGY 276 OR (ANY BEHAVIORAL SCIENCE COURSE LISTED ABOVE THAT HAS NOT BEEN TAKEN OR ANY HISTORY COURSE LISTED ABOVE THAT HAS NOT BEEN TAKEN).

Either PSYCH 355 or SOCIOLOGY 355 may be counted in fulfilling the requirements, not both.

INDIVIDUALLY DESIGNED MAJOR (BA/BS)

This major is designed to permit you to focus your study on a topic or problem area which falls outside the limits of a conventional major. Each major is individualized. What is deemed appropriate for you may be deemed inappropriate for another student. The purpose of the major is to accommodate an integration of the courses and programs now offered by the University; it is not a means of forming special majors or degrees which the University is not authorized to offer. The Individually Designed Major, leading to the Bachelor of Arts or Bachelor of Science degree, must consist of an approved and coherent pattern of courses taken in more than one department. Contact the Assistant Dean of the College of Letters & Science to set up an advising appointment.

OPTION I WITH A MINOR

MAJOR - 33 UNITS

1. SELECT 33 UNITS IN CONSULTATION WITH INDIVIDUALLY DESIGNED MAJOR COMMITTEE. THE MAJOR MAY INCLUDE NO MORE THAN 21 UNITS IN ANY ONE DEPARTMENT AND MUST INCLUDE AT LEAST

186 BIOLOGICAL SCIENCES

17 UNITS IN COURSES NUMBERED 300 OR ABOVE.
AN APPROVED MINOR IS REQUIRED FOR THIS MAJOR

OPTION II WITHOUT A MINOR

MAJOR - 54 UNITS

1. SELECT 54 UNITS IN CONSULTATION WITH INDIVIDUALIZED MAJOR COMMITTEE. THE MAJOR MAY INCLUDE NO MORE THAN 24 UNITS IN ANY ONE DEPARTMENT AND MUST INCLUDE AT LEAST 27 UNITS IN COURSES NUMBERED 300 OR ABOVE. NO MINOR IS REQUIRED.

Writing Proficiency Requirement: See the Assistant Dean of the College of Letters & Sciences for course(s) that satisfy this requirement.

In either Option I or II of the Individually Designed Major you will choose as an advisor a faculty member whose competence is in the area of your interest. Together with the advisor you will plan the major and submit a detailed outline of the major and a statement of its rationale and goals to the College Committee on Individually Designed Majors for its approval. The proposed major must be approved, with the possibility of subsequent amendment, no later than the beginning of your junior year. Your program of study must be planned and approved in advance of admission to the major. Any changes in your major at a later date will require written permission of the Committee.

Under either Option I or II, you may count at most 40 units from any one department for fulfillment of total degree requirements. It is a requirement that over half the units in either option must be in courses numbered 300 or above. At least 50 percent of the units counting toward your major requirements must be earned subsequent to your admission to the major. You may take work outside the College of Letters and Sciences but more than one-half the units in your major must be earned in the College. Primary supervision of the major rests with the Committee on Individually Designed Majors. Inquiries should be directed to: Assistant Dean, College of Letters and Sciences, who Chairs the Committee on Individually Designed Majors.

INDIVIDUALLY DESIGNED MINOR

MINOR - 24 UNITS

1. SELECT 24 UNITS IN CONSULTATION WITH ADVISOR AND ASSISTANT DEAN OF COLLEGE OF LETTERS AND SCIENCES
 2. IF MORE THAN 15 UNITS ARE TO BE TAKEN IN ANY ONE DEPARTMENT OF THE COLLEGE OF L&S THERE MUST BE PRIOR APPROVAL BY BOTH THAT DEPARTMENT AND THE DEPARTMENT OF YOUR MAJOR.
- AT LEAST 12 UNITS PROPOSED FOR THE MINOR MUST BE EARNED AFTER THE PLAN HAS BEEN APPROVED. IF MORE THAN 12 UNITS ARE FROM A SINGLE COLLEGE OUTSIDE OF LETTERS & SCIENCES, APPROVAL OF THE DEAN OF THAT COLLEGE IS REQUIRED. NO MORE THAN 9 UNITS FROM THE MAJOR DISCIPLINE(S) MAY BE INCLUDED.

A statement of the content, nature and rationale of your proposed individualized minor must be approved by your major department. The minor should consist primarily of courses above the general survey level. Further, the proposed minor shall be sent to the Office of the Assistant Dean of the College of Letters and Sciences for the Dean's approval.

The minor should be prepared early in your college career, preferably before the second term of your junior year. Any substantial subsequent changes in your minor should be approved by your major department and the Dean.

The responsibility for certifying that you have met the requirements of your

minor rests with the department of your major, if you are a Letters and Sciences major. For students who are not Letters and Sciences majors, the responsibility of certifying the completion of the minor on the application for diploma rests with the College of Letters and Sciences. Contact the Assistant Dean, College of Letters & Sciences for information and advising in the individualized minor.

DEPARTMENT OF BIOLOGICAL SCIENCES

Phone: 262-472-1092 E-Mail: biologsci@umn.edu

Faculty: Eric Brown, Catherine Chan, George Clokey, Kirsten Crossgrove, Kristen Curran, Ellen Davis, Bruce Eshelman, Elisabeth Harray, Joshua Kapfer, Kerry Katovich, Nadine Kriska, Robert Kuzoff, Anneke Lisberg, Peter Mesner, Heather Pelzel, Stephen Solheim, Nicholas Tippery, Daryle Waechter-Brulla (Chairperson), Michael Woller, Brett Woods.

Outstanding facilities, innovative faculty members and a nationally recognized undergraduate research program make the Department of Biological Sciences an excellent choice for students interested in a career in the life sciences. Students with training in the biological sciences will be among those who will contribute significantly toward solving critical problems facing the world today, such as environmental challenges and health improvements.

Hands-on learning is at the heart of the department. Most courses feature a laboratory or field work component. Students are able to collaborate with faculty members on research projects with the possibility of co-authoring articles in national scientific publications. A variety of internship opportunities are also available, ranging from biotechnology to veterinary sites, at local to national locations. The department offers an annual field trip to Yellowstone National Park in August, as well as other locales.

Students also have the opportunity to participate in on-campus organizations including Beta Beta Beta (national biological honor society), Pre-Health Associates of Tomorrow, and Helping Hands.

The University has agreements with Deakin University in Australia, the State Laboratory of Hygiene cytotechnology training program, and the Palmer College of Chiropractic.

PIGEON LAKE FIELD STATION. The University of Wisconsin System sponsors summer programs at the Pigeon Lake Field Station near Drummond in Bayfield county of northwestern Wisconsin. Station offerings include undergraduate and graduate courses in field biology and in mapping and outdoor education. Sessions may vary from two to six weeks in length with a variety of biology courses offered on a rotating basis. Credit earned at the Station is accepted as residence credit at this University. The Field Station is located in a natural outdoor laboratory among the lakes, streams and forests of relatively unspoiled portions of northern Wisconsin. Students are housed in rustic cabins and get their meals in the station dining hall. PLFS facilities also include three classroom buildings and a recreation hall on land including 1400 feet of shoreline on Pigeon Lake. With access to Lake Superior and the Apostle Islands, the national forest, and adjacent wildlife areas—the Station is ideally located for field studies as well as for recreation.

The several programs offered each summer are publicized by special announcements early in the year. For further details contact the Department of Biological Sciences.

MAJORS/EMPHASES

Students may elect one of eight emphases in the Biological Sciences major. The Cell/Physiology and Ecology Field emphases are appropriate for students planning to pursue a career or post-graduate training in those fields. Students planning to attend graduate school are also encouraged

to consider the Honors emphasis. The Marine Biology and Freshwater Ecology emphasis provides students with three years of training locally, followed by one year at Deakin University in Australia. The Early Entrance Pre-Professional emphasis is designed for students to complete 3 years locally and then transfer to a health professions program to complete their training; at this time, this emphasis serves students participating in the articulation agreement between UWW and Palmer College of Chiropractic. The Pre-Biomedical Professions emphasis was initially designed for students planning to attend medical, veterinary, or dental schools; it is also suitable for students interested in allied health professions (physician assistant, physical therapist, nurse practitioner, pharmacist, optometrist, podiatrist, chiropractor, athletic trainer, exercise physiologist, cytotechnologist, etc.). There are two emphases that offer training in biology and education (the BSE in Cell/Phys and Ecology/Field); students considering a career in teaching may also earn a degree in Biological Sciences and pursue licensure separately.

COURSE DESCRIPTIONS

Field trips may be required for any of the courses.

BIOLOGY 110 BOB: BIOLOGY OF THE BRAIN* GM 3 u

A freshman-level introductory course that will cover broad topics of scientific method, scientific thinking, and initiate critical thinking skills using the field of neuroscience as the backdrop for investigation. Basic understanding of nerve biology, nerve cell function and communication between nerve cells. The course will climax with a survey of the final product of nerve activity: behavior. Not applicable to Biology Emphases or Biology Minors. Three hours of lecture per week.

Coreq: MATH 140 or MATH 141 or waiver thereof.

BIOLOGY 120 BIOLOGICAL FOUNDATIONS* GL 4 u

A terminal course designed to introduce basic principles of life, such as structure and function, reproduction, evolution, diversity, and adaptation, leading to a broader understanding of man and his biological environment. Not applicable to Biology emphases or minors. Three lectures and two hours of laboratory per week.

Coreq: MATH 140 or MATH 141 or equivalent.

BIOLOGY 141 INTRODUCTORY BIOLOGY I GL 5 u

An introduction to biology emphasizing the chemistry of life, the cell, metabolism, genetics, bacteria and protists. Three hours of lecture and one hour of discussion and two hours of laboratory per week. This course is prerequisite to all advanced courses in biology for majors and minors. Offered every term.

Coreq: MATH 141.

BIOLOGY 142 INTRODUCTORY BIOLOGY II GL 5 u

An introduction to biology emphasizing evolution, animal physiology, ecology, fungal, plant and animal diversity. Dissections are required. Three hours of lecture, one hour of discussion and two hours of laboratory per week. This course is prerequisite to all advanced courses in biology for majors and minors. Offered every term.

Prereq: BIOLOGY 141 with a grade of C or better.

BIOLOGY 200 WRITING IN BIOLOGY 2 u

This course is designed to develop the written communication skills of Biology students. It satisfies the Writing Proficiency requirement for all Biology majors. The two units do not apply towards any Biology major or minor.

Prereq: ENGLISH 102, BIOLOGY 141 and BIOLOGY 142 all with a grade of C or better.

BIOLOGY 214 ECOLOGY AND SOCIETY* GM 3 u

A study of basic ecological concepts and their application to the identification, understanding, and abatement of contemporary environmental problems. Special emphasis is given to those problems resulting from man and his activities. This course is accepted as a course in conservation required for teacher licensure in the sciences. Offered every term.

BIOLOGY 225 SCIENCE OF FORENSIC ANALYSIS 4 u

This is an introduction to the "Science" of Forensic Sciences. Students will understand what forensic science is and more importantly what it is not. Students will develop an understanding of the forensic scientist's need for different lab skills from different fields of science and develop a "Forensic Mindset."

BIOLOGY 251 INTRODUCTION TO GENETICS 4 u

An introduction to the general principles of inheritance; subjects included are basic transmission genetics, molecular genetics, genetic engineering, mutations, and population genetics. Three hours of lecture and three hours of lab per week. Offered every term.

Prereq: BIOLOGY 141, BIOLOGY 142 and CHEM 102, all with a grade of C or better.

Unreq: BIOLOGY 413.

BIOLOGY 253 INTRODUCTION TO CELL BIOLOGY 3 u

Introduction to the chemical and physical bases of life, bacterial and eukaryotic cell structure and function; cellular respiration, photosynthesis, and molecular biology. Three hours of lecture per week. Offered every term.

Prereq: BIOLOGY 142 and CHEM 102, both with a grade of C or better. Coreq: CHEM 104.

BIOLOGY 254 BIOTECHNOLOGY LABORATORY METHODS I 2 u

Introduction to theory and practice in modern molecular biology labs, including principles of nucleic acid isolation/quantitation/manipulation, photometry, centrifugation, electrophoresis, and assay methods. Exercises include basic lab methods and techniques, DNA analysis including cloning, polymerase chain reaction (PCR), restriction digests, and RNA analysis. Three hours laboratory per week.

Prereq: BIOLOGY 251 and CHEM 104 both with a grade of C or better.

BIOLOGY 257 INTRODUCTION TO ECOLOGY 3 u

A survey of ecosystems and animal and plant populations and communities. Topics include review of the Earth's major biomes and the physical factors that influence them, the ecology and evolution of populations, the nature of biotic communities, the structure and function of ecosystems, and the status and protection of biodiversity. Three hours of lecture per week. Optional field trip. Offered every term.

Prereq: BIOLOGY 141 and BIOLOGY 142 with a grade of "C" or better.

Unreq: BIOLOGY 214.

BIOLOGY 258 FIELD EXPERIENCE 2 u

Introduction to regional terrestrial and aquatic biological communities and field techniques for studying these communities. Field work and lectures will emphasize recognition of biotic community types, interpretation of their dynamics, and methods for identifying and surveying organisms. Registration priority given to Ecology/Field majors.

Prereq: BIOLOGY 141 and 142 with a grade of "C" or better.

Coreq: BIOLOGY 257.

BIOLOGY 301 INTRODUCTION TO BEHAVIORAL NEUROSCIENCE 3 u

A survey of the biological and physiological bases of human and animal behavior, with particular attention to the following: basic principles of the anatomy, physiology, and biochemistry of the nervous system; sensory and motor systems; sleep; circadian rhythms; sexual behavior; emotion and stress; motivation; learning, memory, and language; neurological disorders; psychopathology.

Prereq: PSYCH 211 or 4 units of biology or BIOLOGY 110.

Unreq: PSYCH 301.

190 BIOLOGICAL SCIENCES

- BIOLOGY 303 PLANNING AND PRESENTING BIOLOGICAL RESEARCH** 4 u
 Students will learn fundamentals of hypothesis formation and testing, experimental design, and to evaluate research methodologies published in the biological literature. Students will write about their own research, and become familiar with the standards for publication of research results. Critical analysis of quantitative methods in biology. Recommended for the Ecology and Field Biology emphasis; strongly encouraged for Cell Biology and Physiology emphasis.
 Prereq: BIOLOGY 141 and BIOLOGY 142 with a grade of "C" or better and MATH 141 with a grade of "C" or better.
- BIOLOGY 311 MICROBIOLOGY** 4 u
 Examination of organisms too small to be seen by the unaided eye, ranging from their molecular organization to their role in global ecology. Primary emphasis will be the study of bacteria and viruses, their beneficial or detrimental impacts on humans, animals, and plants, and their current and potential exploitation. Three lectures and one lab per week.
 Prereq: BIOLOGY 141, BIOLOGY 142, BIOLOGY 251, BIOLOGY 253, CHEM 102 and CHEM 104 all with a grade of "C" or better. Recommended corequisite CHEM 251.
- BIOLOGY 315 BIRDING IN SOUTHERN WISCONSIN** 3 u
 An introduction to birding skills and the identification of the more than 200 bird species of southern Wisconsin. Early morning field trips are mandatory. Online lectures and learning activities alternate with outdoor field trips. Reliable computer and on-line access as well as a strong sense of self-discipline are required.
 Prereq: Sophomore standing, C or better in previous GL course and permission of the instructor all required.
- BIOLOGY 317 PLANT PHYSIOLOGY** 3 u
 Organized around the growth of plants stressing the living processes. The laboratory emphasizes nutrition, growth, hormones, water relations, photosynthesis, respiration and bioassay techniques.
 Prereq: BIOLOGY 141 and BIOLOGY 142 with a grade of "C" or better or equivalents.
- BIOLOGY 340 COMPARATIVE VERTEBRATE ANATOMY** 4 u
 Dissection and study of vertebrate types emphasizing characteristic structures, general relationships, comparative anatomy, and the significance of adaptation and evolution. Laboratory work, lectures and quizzes.
 Prereq: BIOLOGY 141 and BIOLOGY 142 with a grade of "C" or better.
- BIOLOGY 341 DEVELOPMENTAL BIOLOGY** 4 u
 Explores the processes of embryonic development in plants and animals, emphasizing the experimental basis of contemporary knowledge in embryogenesis, morphogenesis, and in cell and tissue differentiation. The laboratory illustrates principles and processes in early development and includes the use of basic microscopy and imaging techniques to study embryonic processes. Skills in observation, experimental design, and data presentation will be developed.
 Prereq: BIOLOGY 251 and BIOLOGY 253 with a grade of "C" or better or equivalents.
- BIOLOGY 345 ANIMAL PHYSIOLOGY** 4 u
 A study of the functional mechanisms that underlie the life processes in animals. Six hours of laboratory and lecture per week.
 Prereq: BIOLOGY 253 with a grade of "C" or better or equivalents.
- BIOLOGY 351 THE PLANT KINGDOM** 3 u
 A study of the major groups of plants with emphasis on structure, reproduction, classification and evolution.
 Prereq: BIOLOGY 141 and BIOLOGY 142 with a grade of "C" or better or equivalents.
- BIOLOGY 353 PLANT TAXONOMY** 3 u
 The principles of plant classification and identification, with emphasis on flowering plants of this region. Lectures, laboratories and field trips.
 Prereq: BIOLOGY 141 and BIOLOGY 142 with a grade of "C" or better or consent of instructor.
- BIOLOGY 354 FIELD BOTANY** 3 u
 A study of the identification and ecology of flowering plants, conifers and ferns. Emphasis will be given to the plants and plant communities in the vicinity of the course location. A collection of local plants is required of all students. Field trips required.
 Prereq: BIOLOGY 141 or an equivalent introductory botany course or consent of instructor.
- BIOLOGY 361 HUMAN ANATOMY AND PHYSIOLOGY I** 4 u
 A study of the structure and function of the human body at the level of organs and systems. This course covers the following topics: anatomical structure, basic histology, bones, muscles, and nervous system. Three hours of lecture and three hours of laboratory per week.
 Prereq: BIOLOGY 120 or BIOLOGY 141 and BIOLOGY 142 all with a grade of "C" or better, or consent of instructor.
- BIOLOGY 362 HUMAN ANATOMY AND PHYSIOLOGY II** 4 u
 A study of the structure and function of the human body at the level of organs and systems. This is the second term course of a two-term sequence. This course represents coverage of the following topics: endocrinology, circulatory system, cardiac system, lymphatic system, respiration, digestion and metabolism, renal system, and reproduction and development. Three hours of lecture and three hours of laboratory per week.
 Prereq: BIOLOGY 361 with a grade of "C" or better or consent of instructor.
- BIOLOGY 363 MOLECULAR BIOLOGY** 3 u
 The study of how nucleic acids and proteins interact to control the cell. Topics include DNA replication, chromosome structure, transcription, translation, control of gene expression, gene evolution and genomics. Experimental approaches to studying molecular biology are emphasized. Three hours of lecture per week.
 Prereq: BIOLOGY 251 AND BIOLOGY 253 with a grade of "C" or better.
 Coreq: CHEM 251.
- BIOLOGY 364 BIOTECHNOLOGY LABORATORY METHODS II** 2 u
 Advanced theory, techniques, and practices employed in modern molecular/cell biology labs. Concepts/techniques covered will include advanced lab and instrumentation skills, advanced microscopy, eukaryotic cell culture, protein analytical methods, and application of bioinformatics methodology. Three hours of laboratory per week.
 Prereq: BIOLOGY 251, 253 AND 254 all with a grade of "C" or better.
 Coreq: BIOLOGY 363 AND CHEM 251.
- BIOLOGY 370 AQUATIC BIOLOGY** 3 u
 The study of aquatic environment, its fauna, flora and general ecology. The laboratory will emphasize the taxonomic study of aquatic organisms.
 Prereq: BIOLOGY 141, BIOLOGY 142, BIOLOGY 257 and CHEM 102 all with a grade of "C" or better or equivalents.
- BIOLOGY 375 INVERTEBRATE ZOOLOGY** 3 u
 A comprehensive study of the structure, physiology, natural history and significance of the major groups of invertebrate animals. Five hours of laboratory and lecture per week.
 Prereq: BIOLOGY 141 and BIOLOGY 142 with a grade of "C" or better or equivalents.
- BIOLOGY 390 BIOLOGY COLLOQUIUM** .5 u
 Lectures on current research and career opportunities in biology through the colloquium format. Required of Biology majors. Offered on a Satisfactory/No Credit basis every term. May not be taken concurrently with Senior Biology Colloquium.

Prereq: Biology 141, Biology 142 and Sophomore standing or higher.

BIOLOGY 400 SENIOR BIOLOGY COLLOQUIUM .5 u
Continuation of Biological Sciences BIOLOGY 390. Lectures on current research and career opportunities in biology through the colloquium format. Required of Biology majors. Offered on a Satisfactory/No Credit basis only. Offered every term. May not be taken concurrently with BIOLOGY 390. Prereq: Biology 141, Biology 142 and Senior standing.

BIOLOGY 412 IMMUNOLOGY 3 u
Immunity to infectious diseases related to changes in the constituents of the blood is explored. Transplantation of tissues, allergies, and autoimmune diseases are discussed. Two hours of lecture and two hours of laboratory per week. Prereq: BIOLOGY 251 and BIOLOGY 253 with a grade of "C" or better or equivalents.

BIOLOGY 415 ENDOCRINOLOGY 3 u
A study of the hormonal regulation of metabolism, growth and reproduction. This course is a survey of endocrine and neuroendocrine mechanisms in humans and higher vertebrates. Two hours of lecture, two hours of laboratory per week. Prereq: BIOLOGY 253 with a grade of "C" or better.

BIOLOGY 430 ANIMAL BEHAVIOR 3 u
Behavior of animals as individuals and groups, including study of causation, development, integration, evolution and adaptive value of behavior patterns. Lecture and laboratory. Prereq: Junior standing and one of the following: BIOLOGY 142 with a grade of "C" or better or BIOLOGY 120 with a grade of "B" or better or PSYCH 211 with a grade of "C" or better.

BIOLOGY 442 ENVIRONMENTAL TOXICOLOGY 3 u
This course is an introduction to environmental toxicology that focuses on sources, transport, fate, accumulation, and toxicity of contaminants. Principles of toxicity testing and analysis of effects at different levels of biological organization (molecular to ecosystem) are covered. Information on select classes of contaminants, including emerging contaminants of concern are presented. Prereq: CHEM 102 and BIOLOGY 214 or BIOLOGY 257 with grade of "C" or better.

BIOLOGY 446 ORGANIC EVOLUTION 3 u
History of evolutionary thought, evidences of evolution and analysis of evolutionary mechanisms and processes. Prereq: BIOLOGY 251 with a grade of "C" or better.

BIOLOGY 448 BIOINFORMATICS 3 u
Bioinformatics is an introduction to computer applications and algorithms currently used in the analysis of biological data, especially genomic and sequence data. The course entails lectures, discussions, readings and hands-on experience with bioinformatic software. Through exercises and individual research projects students acquire a working knowledge of contemporary computational methods and software. Prereq: BIOLOGY 141, BIOLOGY 142 and BIOLOGY 251 with a grade of "C" or better or equivalents.

BIOLOGY 450 INTRODUCTORY ENTOMOLOGY 4 u
An introduction to the biology and classification of insects. The course surveys insect structure, function, development, and evolution. Relevant insect physiology, ecology, and behavior are introduced. The laboratory surveys insect orders and a select group of Wisconsin families. An insect collection is required. Prereq: Grade of "C" or better in both BIOLOGY 141 and 142.

BIOLOGY 451/651 NATURAL HISTORY OF YELLOWSTONE NP AND THE UPPER GREAT PLAINS 3 u
This is an introductory, multi-disciplinary, summer field course open to all. It is held at Yellowstone National Park and locations in route. Students

will learn field methods, geology, ecology and natural history. It is suitable for biology and geology majors and anyone interested in field science or natural history. Prereq: BIOLOGY 120 or BIOLOGY 141 and Consent of Instructor.

BIOLOGY 456 BIOCHEMISTRY OF METABOLISM AND SIGNALING 3 u
The chemistry of biological systems, focusing on metabolism and biochemical signaling. Three lectures/week. For Chemistry majors (Biochemistry emphasis), Biology majors (allied health focus) and students interested in Biochemistry postgraduate education. Prereq: "C" or better in BIOLOGY 120 or BIOLOGY 141 (or equivalent) or instructor consent, both BIOLOGY 251 and BIOLOGY 253 or CHEM 454 and CHEM 251. Unreq: CHEM 456.

BIOLOGY 457 GENERAL ECOLOGY 4 u
A study of biotic populations and communities and natural ecosystems. Contemporary ecological theory and techniques will be emphasized, as well as their applications to the preservation of natural communities. Laboratory exercises will include field studies, laboratory experiments, and computer simulations and analysis. Six hours of lecture or laboratory per week. Prereq: BIOLOGY 251 or equivalent with a grade of "C" or better; BIOLOGY 257 or equivalent with a grade of "C" or better; BIOLOGY 258 or equivalent with a grade of "C" or better, BIOLOGY 303 or MATH 231 or MATH 342 or PSYCH 215 or equivalent all with a grade of "C" or better.

BIOLOGY 458 RESEARCH IN BIOCHEMISTRY 2 u
A laboratory course that teaches biochemical research techniques through guided original research projects. Prereq: BIOLOGY 120 or BIOLOGY 141 (or equivalent) with a "C" or better and CHEM 251 or consent of instructor. Coreq: CHEM 454 or BIOLOGY/CHEM 456 Unreq: CHEM 458.

BIOLOGY 490/690 BIOLOGY WORKSHOP *Repeatable* 1-3 u
Prereq: Consent of instructor.

BIOLOGY 491/691 TRAVEL STUDY *Repeatable* 1-3 u

BIOLOGY 492/692 LABORATORY TEACHING EXPERIENCE 1 u
This course provides teaching experience at the college level for undergraduate students. Laboratory teaching experience students will assist faculty members in preparing, delivering, and tearing down laboratory or discussion section instructional units in biology courses, conducting review sessions, and tutoring students under the direct supervision of a faculty mentor. Satisfactory/No Credit grade basis only. Repeatable for a maximum of 2 credits in degree. Prereq: Grade of "B" or better in the assigned course and a GPA of 3.00 or better. Approval of a faculty mentor and the Biological Sciences Department.

BIOLOGY 493 INTERNSHIP IN BIOLOGY *Repeatable* 1-12 u
Satisfactory/No Credit grade basis only. Prereq: Department consent.

BIOLOGY 494/694 SEMINAR 1 u
Repeatable two times for a maximum of two units in degree. Prereq: 16 hours of biology including botany and zoology.

BIOLOGY 496/696 SPECIAL STUDIES 1-3 u
Repeatable for a maximum of 3 units in major.

BIOLOGY 497 EXCHANGE STUDY *Repeatable* 1-12 u

BIOLOGY 498 INDEPENDENT STUDY 1-3 u
Repeatable for a maximum of 6 units in major. One hour of discussion weekly plus laboratory hours by arrangement with instructor. Prereq: BIOLOGY 141, BIOLOGY 142, and a 2.75 grade point average

192 BIOLOGICAL SCIENCES

in biology.

BIOLOGY 498R INDEPENDENT STUDY UNDERGRADUATE RESEARCH 1-3 u

Study of a selected topic or topics under the direction of a faculty member. One hour of discussion plus laboratory hours by arrangement with instructor. Repeatable.

Prereq: BIOLOGY 141 and BIOLOGY 142 and 2.75 GPA in BIOLOGY and department consent.

BIOLOGY 499 BIOLOGY THESIS 2-3 u

A substantial research project written as a thesis. Two credits are taken in the first semester and three in the second semester. A proposal must be submitted at the midpoint of the first term and an oral defense takes place at the end of the second term. Thesis students must participate in BIOLOGY 498 discussions. Available only for senior students in Biology Honors Emphasis.

Prereq: Senior standing.

*Not applicable to any Biology major or minor in liberal arts or secondary education.

INTEGRATED SCIENCE-BUSINESS

The Integrated Science-Business Major (ISBM) combines the disciplines of science and business into an interdisciplinary program. The focus of the ISBM is to develop integrated thinking from the initial stages of education and to produce well trained graduates who are highly effective in entry-level positions requiring skills in both science and business. The ISBM provides a strong foundation in the sciences (15-20 credits) as well as a basic background in business (30 credits). With the help of advisors, students design a course of study to best match their career goals by taking upper level courses in one or two areas of science (12-17 credits) and one area of business (6 credits). At the end of the program, capstones courses, including an internship and senior project, directly link science and business and prepare students for subsequent employment. ISBM graduates will know more about business and management issues than a typical science or engineering graduate, and have a broader understanding of science and technology than most business majors. Graduates of the program will be highly competitive for employment in science and technology based companies in positions such as project managers, marketing managers, and technology analysts. This major may be completed for a B.S. or B.B.A. degree. See the College of Business and Economics for B.B.A. degree requirements.

MAJOR

INTEGRATED SCIENCE - BUSINESS (BS)

Note: To declare an Integrated Science-Business major, students must have an overall combined GPA of at least 2.50. Students must maintain an overall combined GPA of 2.50 to remain enrolled in the major.

BUSINESS REQUIREMENTS - 30 UNITS

1. ACCOUNT 244 AND ECON 245 AND ITBE 280
2. ACCOUNT 249 OR ACCOUNT 261
3. MANGEMNT 301 AND MANGEMNT 306
4. FNBSLW 341 AND FNBSLW 344 AND MARKETNG 311
5. ITBE 353

MAJOR - 47-52 UNITS

1. SELECT 6 UNITS OF UPPER DIVISION BUSINESS COURSES FROM ONE OF THE FOLLOWING AREAS:
ACCOUNTING, INFORMATION TECHNOLOGY AND BUSINESS EDUCATION, ECONOMICS, FINANCE AND BUSINESS LAW, MANAGEMENT, MANAGEMENT COMPUTER SYSTEMS OR MARKETING.
2. SELECT 15-20 UNITS FROM AT LEAST TWO OR MORE OF THE FOLLOWING AREAS:
 - a. BIOLOGY 141, BIOLOGY 142
 - b. CHEM 102, CHEM 104

- c. GEOLGY 100 OR GEOGRPY 210
- d. PHYSCS 140, PHYSCS 141 OR PHYSCS 180, PHYSCS 181
- e. ANY BIOLOGY, CHEMISTRY, GEOLOGY, OR PHYSICS COURSE WHICH HAS ONE OF THE ABOVE AS A PREREQUISITE OR IS AN ADVANCED MAJORS COURSE. (STUDENTS TAKING PHYSICS COURSES, AS PART OF THE SCIENCE CORE OR SCIENCE EMPHASIS, THAT REQUIRE MATH 254 AS A PREREQUISITE MAY USE MATH 254 AS PART OF THEIR SCIENCE CORE 20 UNIT REQUIREMENT.)

3. SELECT 12-17 UNITS, ALL FROM AT MOST TWO OF THE SCIENCE AREAS: BIOLOGY, CHEMISTRY, GEOLOGY, PHYSICS. EACH COURSE MUST HAVE ONE OF THE COURSES LISTED IN 2. a-d AS A PREREQUISITE OR MUST BE AN ADVANCED COURSE IN THE MAJOR (BIOLOGY 200-LEVEL AND ABOVE, EXCEPT BIOLOGY 200, 214, 230; CHEMISTRY: 200-LEVEL AND ABOVE; PHYSICS: 200-LEVEL AND ABOVE, EXCEPT PHYSCS 212, 240; GEOLOGY: 200-LEVEL AND ABOVE, GEOGRPY 252, 200, 320, 323)
4. A MINIMUM OF 32 SCIENCE UNITS MUST BE COMPLETED
5. SCIBUS 481 OR MANGEMNT 489
6. SCIBUS 485
7. SCIBUS 493

DEGREE - UNIQUE REQ

1. ECON 201, ECON 202
2. MATH 152
3. MATH 250 OR MATH 253

Overall combined GPA of 2.50 required to graduate. Major GPA of 2.50 required to graduate

INTEGRATED SCIENCE-BUSINESS WATER RESOURCES EMPHASIS (BS)

BUSINESS REQUIREMENTS - 30 UNITS

1. ACCOUNT 244 AND ECON 245 AND ITBE 280
2. ACCOUNT 249 OR ACCOUNT 261
3. MANGEMNT 301 AND MANGEMNT 306 AND ITBE 353
4. FNBSLW 341 AND FNBSLW 344 AND MARKETNG 311

MAJOR - 47-52 UNITS

1. SELECT 6 UNITS OF UPPER DIVISION BUSINESS COURSES FROM ONE OF THE FOLLOWING: ECON 471, FNBSLW 440, MANGEMNT 366
2. SELECT 20 UNITS FROM THE FOLLOWING:
 - a. BIOLOGY 141, BIOLOGY 142
 - b. CHEM 102
 - c. CHEM 104 OR GEOGRPY 210
3. BIOLOGY 257, BIOLOGY 370, GEOGRPY 323
4. SELECT 3 UNITS FROM THE FOLLOWING:
 - a. GEOGRPY 252
 - b. 491/496 COURSES AS APPROVED BY ISBM COORDINATOR
5. A MINIMUM OF 32 SCIENCE UNITS MUST BE COMPLETED
6. SCIBUS 481 OR MANGEMNT 489
7. SCIBUS 485
8. SCIBUS 493

DEGREE UNIQUE REQUIREMENT

1. ECON 201, ECON 202
2. MATH 152, MATH 253 OR MATH 250

Overall combined GPA of 2.50 required to graduate. Major GPA of 2.50 required to graduate

Note: to declare an Integrated Science-Business major, students must have an overall GPA of at least 2.50. Students must maintain an overall combined

GPA of 2.50 to remain enrolled in the major.

COURSE DESCRIPTIONS

SCIBUS 481 INTEGRATED SCIENCE MANAGEMENT 3 u
A study of how scientists and business managers work together during various stages in the design, manufacture and marketing of technologically related products and services. Case analysis of companies that have and have not successfully balanced the role of scientific principles in product design with cost efficient manufacturing and competitive marketing strategies.
Prereq: Senior status and completion of an ISBM internship and senior project or permission of instructor.

SCIBUS 485 INTEGRATED SCIENCE-BUSINESS SENIOR PROJECT 3 u
Students will design a senior project in consultation with a pair of faculty, one from science, the other from management, along with a Project Review Panel made-up of other faculty and representatives from the scientific/business community.
Prereq: Senior status and completion of an ISBM internship

SCIBUS 493 SCIENCE-BUSINESS INTERNSHIP 3 u
The internship is a required course for which students receive credit for work experience outside the university setting. With the assistance of an ISBM advisor, a student will establish an agreement with a laboratory, company, or other appropriate organization concerning the job description and hours.
Prereq: Junior or Senior standing with at least 30 units toward the major and GPA of at least 2.5.

DEPARTMENT OF CHEMISTRY

Phone: 262-472-1070

E-Mail: chemistry@uwm.edu

Faculty: Steven Anderson, Tulay Atesin, Catherine Chan, John Ejniak, Baocheng Han (Chairperson), Marsha Goodell (Lab Manager), Sarah Hosseini, Paul House, Hephzibah Kumpaty, Jessica Menke, Kimberly Naber, Hassimi Traore, Christopher Veldkamp .

Chemistry is the science concerned with the composition, properties, and changes of the substances of nature including the familiar solids, liquids and gases of the physical world as well as the less familiar components of all living systems. The primary objective of the courses in the Department of Chemistry is to provide a sound background in the basic fundamentals and techniques of chemistry in order to insure success in the professional career of the graduate whether it be as a chemist, a member of any of the health sciences, or a member of the other physical or natural sciences. A secondary objective is to provide both science and non-science students with an insight into the influence of chemistry on daily living. The taking of assessment tests and the Departmental Exit Interview are requirements for graduation.

MAJORS/EMPHASES

The Chemistry Department offers four options for chemistry majors.

1. The Liberal Arts Bachelor of Science regular option chemistry major is designed for students who desire a general education in chemistry as a background for careers in many fields such as polymer science, environmental analysis, industrial chemistry, materials science, various fields related to the medical sciences, etc. This consists of 36 units distributed among the major fields of chemistry and requires an approved minor.
2. The Professional - ACS-approved option is offered for those students who wish to pursue a more intensive program in chemistry approved by the American Chemical Society. This option is particularly recommended for students who intend to go to graduate school or work in the chemical industry. It consists of 50 units of chemistry in addition to coursework in physics, and mathematics. No minor is required.

3. Chemistry Honors Track. This emphasis is designed for two groups of students: 1) Those seeking the most thorough possible training to prepare themselves for graduate school and a career in research; 2) Those seeking entry to competitive professional programs (e.g., medicine, veterinary school) and wishing to obtain a degree that recognizes their exceptional dedication and ability. In this broadfield major, students have the same course requirement as an ACS Chemistry degree, plus the unique requirement to complete a substantial research project and write a thesis in their senior year. No minor is required but a minimum of 3.4 GPA is mandatory and this program also satisfies the requirements of the University Honors program. It consists of 56 units of chemistry.
4. The Chemistry (BSE) option is designed for prospective secondary school teachers. It consists of 34 units of chemistry and requires an approved minor.

CHEMISTRY - LIBERAL ARTS (BA/BS)

MAJOR - 36 UNITS

1. CHEM 102, CHEM 104
2. CHEM 251, CHEM 252, CHEM 261, CHEM 262, CHEM 352
3. CHEM 370, CHEM 371, CHEM 470, CHEM 471 and CHEM 484

UNIQUE REQUIREMENTS- 20 UNITS

1. MATH 253 AND MATH 254
2. SELECT 1 GROUP (PHYSICS 180, PHYSICS 181) or (PHYSICS 140, PHYSICS 141)

AN APPROVED MINOR IS REQUIRED FOR THIS MAJOR
MILESTONES: CHEMISTRY EXIT INTERVIEW

CHEMISTRY - PROFESSIONAL ACS APPROVED (BA/BS)

MAJOR - 60 UNITS

1. CHEM 102 AND CHEM 104,
2. CHEM 251, CHEM 252, CHEM 261, CHEM 262,
3. CHEM 352, CHEM 370, CHEM 371,
4. CHEM 454, CHEM 455, CHEM 460, CHEM 470, CHEM 471, CHEM 480, CHEM 484
5. MATH 254 AND PHYSICS 181 OR PHYSICS 141

UNIQUE REQUIREMENTS

1. MATH 253
 2. PHYSICS 180 OR PHYSICS 140
- Milestones: (Periodic Assessment Tests Required)
Exit Interview

NO MINOR IS REQUIRED FOR THIS MAJOR

CHEMISTRY - HONORS EMPHASIS (BA/BS)

MAJOR - 56 UNITS

1. CHEM 102, CHEM 104
2. CHEM 251, CHEM 252, CHEM 261, CHEM 262
3. CHEM 352, CHEM 370, CHEM 371
4. CHEM 454, CHEM 460, CHEM 470, CHEM 471, CHEM 480, CHEM 484
5. 4 UNITS OF CHEM 498
6. 2 UNITS OF CHEM 488
7. SELECT 3 UNITS FROM CHEMISTRY COURSES AT THE 400 LEVEL OR AN APPROVED MATHEMATICS OR PHYSICS COURSE.: MATH 280, MATH 342, MATH 355, MATH 359, MATH 361, MATH 463, PHYSICS 305, PHYSICS 330, PHYSICS 352, PHYSICS 364

UNIQUE REQUIREMENTS - 23 UNITS

194 CHEMISTRY

1. MATH 253, MATH 254, MATH 255
2. PHYSCS 180, PHYSCS 181

Milestones: (Periodic assessment tests required)
Chemistry exit interview
Written thesis and oral defense at the end of the Senior Honors Thesis

CHEMISTRY (BSE)

LICENSURE - 41 UNITS

1. SPECED 205
2. BIOLOGY 214 OR GEOGRPY 252 AND 3 UNITS OF BIOLOGY
3. FOUNDATONS BLOCK: EDFOUND 212, EDFOUND 243 AND EDFNDPRC 210
4. EDFOUND 425
5. SECNDED 466
6. SECNDED 429 AND 3 UNITS OF CIFLD 492
7. SELECT ONE OF THE TWO DIRECTED TEACHING GROUPS
 - A. CIFLD 402 AND 12 UNITS OF CIFLD 414
 - B. CIFLD 404 AND 12 UNITS OF CIFLD 412

MAJOR - 34 UNITS

1. CHEM 102, CHEM 104, CHEM 251, CHEM 252, CHEM 261, CHEM 262
2. CHEM 352, CHEM 370 AND CHEM 371
3. SELECT 3 UNITS FROM CHEMISTRY

UNIQUE REQUIREMENTS

1. MATH 253 AND MATH 254
2. SELECT 1 GROUP (PHYSCS 180, PHYSCS 181) or (PHYSCS 140, PHYSCS 141)

WRITING REQUIREMENT

1. ENGLISH 372

CHEMISTRY

MINOR - 25 UNITS

1. CHEM 102, CHEM 104, CHEM 251, CHEM 252, CHEM 261, CHEM 352
2. SELECT 1 COURSE FROM CHEMISTRY AT THE 200 LEVEL OR HIGHER (EXCLUDING CHEM 498/498R)

COURSE DESCRIPTIONS

(Each course will be offered every semester unless otherwise noted)

CHEM 100 CHEMISTRY FOR THE CONSUMER *GL* 4 u

A critical examination of those chemical products which have a significant impact upon the daily life of the consumer. Attention will be focused from the consumer viewpoint upon food additives, prescription and non-prescription drugs, fuels, pesticides, detergents, synthetic fibers and plastics. Meets General Education laboratory science requirements.
Coreq: MATH 140 or MATH 141 or consent of instructor.

CHEM 102 INTRODUCTORY CHEMISTRY *GL* 5 u

An introduction to the general concepts of chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, changes of state, thermochemistry, acid-base theory, solutions, colloids, kinetics, equilibria and electrochemistry.
Prereq: MATH 141 with a grade of C or better or waiver thereof.

CHEM 104 INTRODUCTORY CHEMISTRY *GL* 5 u

A continuation of CHEM 102.

Prereq: CHEM 102.

CHEM 150 SCIENCE AND TECHNOLOGY IN *GM* SOCIETY 3 u

This course examines basic scientific concepts, technological advances, and their impact upon society. Science processes will be examined to illustrate how knowledge is acquired. Advantages and limitations of the scientific method will be considered. The effect of science and technology on society will be a continuing theme.

Coreq: MATH 141 or MATH 140. Unreq: LSINDP 105.

CHEM 251 ORGANIC CHEMISTRY 3 u

Introductory chemistry of the compounds of carbon, their structures and reactions. Taken primarily by chemistry majors and pre-professional students. The foundation for understanding organic reactions is established with an emphasis on bonding, functional groups, three dimensional structure of organic molecules, relationship between structure and reactivity, kinetics, and reaction mechanisms. Three hours of lecture per week.

Prereq: CHEM 104.

CHEM 252 ORGANIC CHEMISTRY 3 u

A continuation of CHEM 251. The goal is to further examine the structure and reactivity relationship with emphasis on reactions and synthesis. It also illustrates how structural features considered in 251, combined with organic reactions learned in 252, can be sources of insight in the overall design of natural products and synthesized materials. Three hours of lecture per week.

Prereq: CHEM 251.

CHEM 261 ORGANIC CHEMISTRY LABORATORY 2 u

Basic organic manipulative techniques and simpler syntheses are considered. Spectroscopic topics are introduced. Generally taken concurrently with CHEM 251. Two three-hour laboratories per week.

Coreq: CHEM 251.

CHEM 262 ORGANIC CHEMISTRY LABORATORY 2 u

A continuation of CHEM 261. Includes more advanced synthetic work and kinetic and mechanistic investigations, and spectroscopic techniques. Generally taken concurrently with CHEM 252. Two three-hour laboratories per week. (Spring only)

Prereq: CHEM 261, CHEM 252 or con reg in CHEM 252.

CHEM 352 QUANTITATIVE ANALYSIS 5 u

An introduction to volumetric, gravimetric and photometric techniques and fundamental methods of instrumental analysis. Three one-hour lectures and two three-hour laboratory periods per week. (Fall only)

Prereq: CHEM 104.

CHEM 370 PHYSICAL CHEMISTRY 3 u

The general principles governing the behavior of matter are investigated. Topics include atomic structure and quantum mechanics, spectroscopy and topics in solid state chemistry. Three hours of lecture weekly. (Fall only)

Prereq: CHEM 352.

Coreq: MATH 254 and PHYSCS 181 or PHYSCS 141.

CHEM 371 PHYSICAL CHEMISTRY 3 u

The general principles governing the behavior of matter are investigated. Topics include the laws of thermodynamics, gases, phase diagrams, chemical equilibrium, electrochemistry, and kinetics. Three hours of lecture weekly. (Spring only)

Prereq: CHEM 352.

Coreq: MATH 254 and PHYSCS 181 or PHYSCS 141.

CHEM 454 BIOCHEMISTRY OF MACROMOLECULES 3 u

The chemistry of the major compounds of living organisms, e.g., proteins, carbohydrates, lipids and nucleic acids, are studied. Meets for 3 lectures/week, and is required for all Chemistry majors.

Prereq: BIOLOGY 120 or BIOLOGY 141 (or equivalent) with a "C" or better and CHEM 251 or consent of instructor.

CHEM 455 ADVANCED ORGANIC CHEMISTRY 3 u
Lectures on advanced topics in organic chemistry. (Fall only)
Prereq: CHEM 252 and consent of instructor.

CHEM 456 BIOCHEMISTRY OF METABOLISM AND SIGNALING 3 u

The chemistry of biological systems, focusing on metabolism and biochemical signaling. Three lectures/week. For Chemistry majors (Biochemistry emphasis), Biology majors (allied health focus) and students interested in Biochemistry postgraduate education. (Spring only)
Prereq: "C" or better in BIOLOGY 120 or BIOLOGY 141 (or equivalent) or instructor consent, both BIOLOGY 251 and BIOLOGY 253 or CHEM 454 and CHEM 251.
Unreq: BIOLOGY 456.

CHEM 458 RESEARCH IN BIOCHEMISTRY 2 u
A laboratory course that teaches biochemical research techniques through guided original research projects.
Prereq: BIOLOGY 120 or BIOLOGY 141 (or equivalent) with a C or better and CHEM 251 or consent of instructor. (Spring only)
Coreq: CHEM 454 or BIOLOGY/CHEM 456.
Unreq: BIOLOGY 458.

CHEM 460 ADVANCED INORGANIC CHEMISTRY 4 u
Atomic and molecular structures, chemical bonding and periodic properties of the elements. Synthesis, characterization and structures of the compounds involving both representative and transition elements, organometallic and bioinorganic compounds and their applications. Group theory and bonding theories. (Fall only)
Prereq: CHEM 252, CHEM 261 and CHEM 352.
Coreq: CHEM 371 or consent of instructor.

CHEM 470 EXPERIMENTAL PHYSICAL CHEMISTRY 2 u
A laboratory course in experimental physical chemistry. Experiments from various areas of physical chemistry will be performed. Four hours of laboratory per week. (Fall only)
Coreq: CHEM 370.

CHEM 471 EXPERIMENTAL PHYSICAL CHEMISTRY 2 u
Hands on experience with some experimental techniques of physical chemistry. Four hours of laboratory per week. (Spring only)
Coreq: CHEM 371.

CHEM 480 INSTRUMENTAL METHODS OF ANALYSIS 4 u
A survey of optical and electrometric determinations, separation methods and basic instrumentation as applied to chemical analysis. Two one-hour lectures and two three-hour laboratory periods per week. (Spring only)
Prereq: CHEM 252, CHEM 352.

CHEM 484 TOPICS IN CHEMISTRY .5-1 u
A course where students will use chemical and scientific literature, introduction to the seminar concept, participation in studies and discussion of current developments in chemistry. The student will review a topic and present that topic orally and in writing. This course may not be used as part of the Chemistry minor.
Prereq: Junior/Senior standing and consent of instructor.

CHEM 488 SENIOR HONORS THESIS 1 u
The senior honors thesis is a requirement of the honors program which is designed to recognize a student's exceptional dedication and ability. Students will complete a substantial research project in their senior year. Results must be written up as a thesis, presented in a seminar, and defended orally.
Prereq: Senior Standing and CHEM 498.

CHEM 490/690 WORKSHOP 1-4 u
Repeatable two times for a maximum of 8 units in degree.

CHEM 494 CHEMISTRY SEMINAR 0-1 u
Repeatable for a maximum of 2 units in major. Units in this course may not be used to fulfill minor requirements in Chemistry.
Prereq: Consent of instructor.

CHEM 496/696 SPECIAL STUDIES 1-3 u
Repeatable two times for a maximum 6 units in degree.

CHEM 497 EXCHANGE STUDY *Repeatable* 1-12 u

CHEM 498 INDEPENDENT STUDY IN CHEMISTRY 1-3 u
Repeatable for a maximum of 6 units in major/degree. Units in this course may not be used to fulfill minor requirements in Chemistry.
Prereq: Consent of instructor.

CHEM 498R RESEARCH IN CHEMISTRY 1-3 u
Repeatable for a maximum of 6 units in major/degree. Units in this course may not be used to fulfill minor requirements in Chemistry.
Prereq: Consent of instructor.

GEOGRAPHY

Geography is the discipline that studies where and why physical and human phenomena, such as cities, crime, poverty, pollution, landforms, climate, and various resources, are distributed as they are. Geographers also develop ideas and recommend how different policies and relocations of phenomena, such as health care facilities, political boundaries, waste disposal sites, public service agencies, and business firms might better serve humans and their environment.

The four traditions in geography suggest the broad range of interests addressed within the discipline and the discipline's bridging role between the natural and social sciences. These traditions are: 1) the earth science tradition or physical geography; 2) the human-land tradition devoted to investigating the interactions between human and physical phenomena; 3) the regional-international tradition which involves the study of world regions and international trends and relationships; and 4) the spatial analysis tradition which stresses systematic and technical training for analyzing topics, problems and plans at various geographic scales, ranging from global to regional to an individual city or neighborhood. Despite the wide-ranging subject matter in the discipline, students can pursue six different tracks in the major that more effectively address their intellectual interests and career plans. These tracks or emphases listed below are: 1) General, 2) Geology, 3) International/Regional, 4) Physical/Environmental, 5) Techniques and 6) Urban/Area Development.

Owing to the primary locational concern of the discipline, many geography graduates have found employment in public and private organizations engaged in location analysis, transportation planning, urban and regional planning, real estate development, resource management and local, state and federal government positions, in addition to positions in teaching. Geographic Information Systems (GIS) skills are of growing importance to the discipline and prepare students for various careers in business, the public sector and graduate school. Fischer Scholarships are available each term for students enrolled in a College of Education program and majoring or minoring in geography and selected geography majors are actively involved in teaching other students. Interested students should contact the Department of Geography.

UNIQUE REQUIREMENT - 3 UNITS

1. BIOLOGY 214 OR BIOLOGY 257

This interdisciplinary minor combines information from a wide range of courses, all of which focus on some aspect of environmental studies. Participating departments and programs include Biological Sciences, Chemistry, Economics, Geography and Geology, History, Languages and Literatures, Mathematics, Safety Studies and Sociology. Upon completion, the student will have gained knowledge about many aspects of present-day environmental issues including 1) the natural processes of environmental systems, 2) the social and economic influences on the environment and the regulatory controls enacted to protect both the environment and human health, and 3) the techniques currently being used to study environmental

problems. The minor, in combination with their selected major, is suitable to prepare students for possible careers related to the study of the environment or future graduate study.

Administered by the Department of Geography and Geology, the minor consists of 24 units drawn from several departments in the College of Letters and Sciences and College of Business and Economics. A core curriculum of 12 required units and 12 units of electives is required. Students interested in this minor should contact the Chair of the Geography Department or Coordinator of the Urban and Area Development Minor Program.

COURSE DESCRIPTIONS

Note: Field trips may be required for any of the following courses. Although few geography classes require prerequisites, a general studies geography course is recommended before attempting advanced courses. Students with little background in geography should consult the appropriate instructor before registering for upper division courses.

GEOGRPY 100 INTRODUCTION TO GEOGRAPHY 1 u
Introduction to Geography introduces students to the specialties within geography, outlines the academic tracks within the major and associated requirements, and explores public and private career opportunities in the field of geography. Required of all majors at earliest opportunity.
Prereq: Must be a declared Geography major.

GEOGRPY 120 INTRODUCTION TO WEATHER AND CLIMATE GL 4 u

This course introduces students to the processes controlling and distinguishing weather and climate. Particular emphasis is on data selection, interpretation, and analysis. The impacts of severe weather and climate change on humans is also emphasized. The labs expose students to the wide range of weather and climate information currently available on the Internet.
Coreq: MATH 141.

GEOGRPY 210 PHYSICAL GEOGRAPHY GL 5 u
A study of selected physical aspects of our geographic environment. Emphasis is given to the origin and characteristic features of topographic, climatic, vegetative and soil regions of the earth and to their interrelationships. The ultimate objective is to provide a foundation upon which to build a better understanding of human interrelationships with the physical environment. Field trips are normally taken.
Coreq: MATH 141.

GEOGRPY 230 HUMAN GEOGRAPHY GS 3 u
A systematic study of human land relationships highlighting the diversity of the elements that make up the cultural landscape in various regions.

GEOGRPY 245 GENDER AND GEOGRAPHY GS 3 u
Human geographies will be studied through the lens of gender along with gender relations at home and abroad. Content is organized according to a variety of spatial scales including the body, home, city, and world. Cases investigated at the global scale include gendered livelihoods and migration, nationalism and war, and environmental issues.

GEOGRPY 250 GEOGRAPHY OF WISCONSIN GS 3 u
A systematic treatment of physical and cultural geographic phenomena. Emphasis is placed on the interrelationships and interactions of these phenomena from place to place within the state.

GEOGRPY 252 HUMAN ENVIRONMENTAL PROBLEMS GS 3 u
An introduction to environmental problems and their complexities. Attention

is given to alternative solutions to such problems and the implications these alternatives have for the total environment. The course emphasizes the evaluation of the interrelationships between the environmental resource demands of people and the actual resource base of the earth.

GEOGRPY 261 GEOGRAPHY OF CANADA AND THE UNITED STATES OF AMERICA GS 3 u

A regional survey of the United States and Canada. Special attention is given to the physical, cultural and economic geography of the two countries.

GEOGRPY 270 INTRODUCTION TO MAPPING 3 u
An introduction to the quantitative and qualitative mapping techniques applicable to the physical and social sciences. Included are the skills required to create clear, concise and aesthetically pleasing maps, as well as how to derive information from them. Both graphic and cartographic software packages will be utilized to create and evaluate maps. Field trips are normally taken.

GEOGRPY 290 SPATIAL ANALYSIS 3 u
An introduction to the presentation and interpretation of data, use of descriptive statistics and measures of spatial patterns, introduction to statistical inference and measures of association, with particular reference to geographic examples. Students will become proficient in using computers to achieve these skills.
Prereq: MATH 143.

GEOGRPY 300 SOIL SCIENCE 3 u
Soil science deals with the systematic description, analysis, and understanding of soils and how they interact with and drive environmental processes and ecosystems. This course will examine the properties, formation, classification, and distribution of soil, stressing the connections between environmental controls on their formation and distribution. Field trips required.
Prereq: GEOGRPY 210 or GEOLGY 100.

GEOGRPY 310 GEOMORPHOLOGY (LANDFORMS) 3 u
A study of topographic landscapes and their evolution. Two hours per week of lecture and map study. Field trips are normally taken.
Prereq: GEOGRPY 210 or GEOLGY 100 or consent of instructor.

GEOGRPY 320/520 METEOROLOGY AND CLIMATE 3 u
Begins with fundamental relationships among earth, sun and air. Common myths concerning weather phenomena are dispelled through in-depth explanation in everyday language of the physical laws that govern atmospheric functioning. The course terminates with a survey of world climate regions.
Prereq: GEOGRPY 210 or consent of instructor.

GEOGRPY 323/523 WATER RESOURCES 3 u
Class will investigate the pathways and processes of water transfer and storage in the many reservoirs on earth, along with the impact of human activities on water quality and fluxes. Detail is given to shallow groundwater monitoring and soil indicators of saturation for wetland delineation, anthropogenic effects on streams, and land use issues related to water quality. Field trips normally taken.
Prereq: GEOGRPY 210 or GEOLGY 100 or GEOLGY 101 or BIOLOGY 142 or consent of instructor.

GEOGRPY 330 BIOGEOGRAPHY 3 u
This course provides an introduction to biogeography, the study of distributions of organisms. This course will combine both historical and ecological perspectives in analyzing plant and animal distributions. Human impacts on biotic distributions will also be discussed in some detail.
Prereq: GEOGRPY 210 or BIOLOGY 120.

GEOGRPY 332 POLITICAL GEOGRAPHY 3 u
A geographical study of international conflicts and relations, geopolitical strategies and processes, and the variation of political phenomena from place to place in relation to changing economic and cultural environments in the national as well as global contexts.
Prereq: GEOGRPY 230 or Junior standing or consent of instructor.

GEOGRPY 333 GEOGRAPHY OF RELIGION 3 u
This course examines the role of religion in contemporary American society

200 GEOGRAPHY & GEOLOGY

and in communities around the globe from a geographic perspective. Significant places and spatial patterns associated with religions will be investigated along with the relationship between religion and the political landscape. Students will be expected to identify, visit, and analyze two religious sites in their community.

GEOGRPY 334 HISTORICAL GEOGRAPHY 3 u
An analysis of the evolution of the historical-geographic patterns of population and human activities in major United States regions. Emphasis is placed upon the identification and preservation of historical landscapes. Prereq: GEOGRPY 230 or Junior standing or consent of instructor.

GEOGRPY 340 ECONOMIC GEOGRAPHY 3 u
The study of the spatial organization of economic activities, including patterns of production, exchange and consumption. A broad introduction to locational behavior is presented and applied examples are stressed. Prereq: GEOGRPY 230 or junior standing or consent of instructor.

GEOGRPY 344 URBAN GEOGRAPHY 3 u
The intraurban consideration of various land-use and population characteristics of cities, their patterns, interrelations and changes is followed by the interurban study of locations, size, spacing, types and functions of urban settlements. Field trips are normally taken. Prereq: GEOGRPY 230 or junior standing or consent of instructor.

GEOGRPY 346 GLOBALIZATION AND THE CITY 3 u
This course will focus on understanding the processes of globalization, urban and regional development theories, emergence of the global city, and influence of globalization on urban development. This course will examine the role of cities across the world and the relationship between urban change and economic, political, and cultural globalization. Prereq: GEOGRPY 230.

GEOGRPY 352 GEOHAZARDS 3 u
The course will focus on the physical processes that create environmental hazards (e.g. earthquakes, volcanoes, severe weather), the primary controls on their frequency and intensity, and how human decision-making can influence the magnitude of impact that they have when they inevitably occur. Comparisons are made between impacts of hazards on developing versus developed countries. Prereq: GEOGRPY 210 OR GEOLGY 100 OR GEOLGY 101 OR an approved equivalent lab course from another discipline.

GEOGRPY 361 GEOGRAPHY OF SOUTH AND SOUTHEAST ASIA 3 u
A study of contemporary and historical interrelationships between the natural environment and the economic, political and cultural activities in South and Southeast Asia. Countries studied include: Pakistan, Bangladesh, Sri Lanka, Burma, Thailand, Vietnam, Laos, Cambodia, Indonesia, and the Philippines. Prereq: GENED 140 or GEOGRPY 230 or consent of instructor. Unreq: ASIANSTD 361.

GEOGRPY 362 GEOGRAPHY OF EUROPE 3 u
A study of the nations, regions, cultures, and traditional and emerging spatial relationships in Europe. Physical and cultural patterns and processes are considered as they relate to the distribution of population and industrial and commercial activities. The European Community and Europe's international role and linkages are investigated. Prereq: GENED 140 or GEOGRPY 230 or Junior standing or consent of instructor.

GEOGRPY 363 GEOGRAPHY OF SOUTH AMERICA 3 u
A study of countries south of the Caribbean with emphasis on their natural resources and economic activities. Considerable attention will be given to problems of cooperation among the Americas. Prereq: GENED 140 or GEOGRPY 230 or Junior standing or consent of instructor.

GEOGRPY 364 GEOGRAPHY OF EAST ASIA 3 u
A study of contemporary and historical interrelationships between the

natural environment and economic, political and cultural activities in East Asia. Countries studied include: China, Taiwan, Mongolia, Japan, and North and South Korea.

Prereq: GENED 140 or GEOGRPY 230 or Junior standing or consent of instructor.
Unreq: ASIANSTD 364

GEOGRPY 365 GEOGRAPHY OF MIDDLE AMERICA 3 u
A study of the activities of the peoples of Mexico, Central America, and the West Indies, their problems in relation to their natural environment, and their problems as a transitional area between two large continents. Prereq: GENED 140 or GEOGRPY 230 or Junior standing or consent of instructor.

GEOGRPY 368 GEOGRAPHY OF RUSSIA AND THE NEWLY INDEPENDENT STATES 3 u
Spatial analyses of physical and cultural phenomena are dealt with topically as well as regionally. Current development projects are given special emphasis. Prereq: GENED 140 or GEOGRPY 230 or junior standing or consent of instructor.

GEOGRPY 370 GEOGRAPHIC INFORMATION SYSTEMS 3 u
The basic principles and operations of geographic information systems (GIS) are presented, including the capture, storage, management, analysis and display of geographic referenced data and their attributes. Laboratory exercises provide extensive hands-on experiences with a number of GIS software packages, including both raster and vector systems. Field trips are normally taken. Prereq: GEOGRPY 270 or consent of instructor.

GEOGRPY 377 REMOTE SENSING OF THE ENVIRONMENT 3 u
An introduction to the images, sensors and techniques used to gather and process data on Earth and other planets, including aerial photography, electro-optical scanners and radar systems. The course will focus on the fundamentals of utilizing remotely sensed data in studying both natural and human induced processes impacting the Earth's surface. Computer applications will be extensively utilized. Field trips are normally taken. Prereq: GEOGRPY 210 or consent of the instructor.

GEOGRPY 400 CAPSTONE IN GEOGRAPHY 1 u
Capstone in Geography prepares students for future options within the various fields of Geography/Geology. Portfolio preparation and presentation is emphasized as an essential element of making the transition to careers in both the public and private sector, as well as graduate studies. Prereq: GEOGRPY 100, GEOGRPY 210, GEOGRPY 230 OR GEOGRPY 252, GEOGRPY 270 and Senior status, or consent of instructor.

GEOGRPY 420/620 HUMAN AND CLIMATE INTERACTIONS 3 u
The course objective is to distinguish between natural climate change and change induced by human activities. Topics covered include human modifications to cloud cover, global warming, and ozone problems. Another emphasis is to better understand the impacts of severe weather on human activities and the potential threats of future climate change. At least one field trip is usually taken. Prereq: GEOGRPY 320 or consent of instructor.

GEOGRPY 423 RIVERS AND FLOODS 3 u
Streams and rivers are nested into a hierarchy that is organized by landscape characteristics. This course addresses how watersheds and stream processes influence channel form, the linkages among geomorphology and ecology, and flood magnitude and river management. Inferences are made using spatial and temporal scales. Prereq: GEOGRPY 210 or GEOGRPY 323 or GEOLGY 101 or GEOLGY 100.

GEOGRPY 430 GEOGRAPHY OF RACE & ETHNICITY IN THE UNITED STATES 3 u

The course will take a geographical approach to the study of ethnic groups in the United States. Native American, African American, Hispanic American, and Asian American groups will be studied systematically. Major topics will include mobility, culture regions, and the cultural landscape created by the various ethnic groups.

Prereq: GEOGRPY 230 or GEOGRPY 261 or GEOGRPY 344 or Junior standing.

GEOGRPY 440/640 APPLIED GIS: APPLICATIONS 3 u
FOR BUSINESS AND INDUSTRY

This course will provide the background necessary to apply Geographic Information Systems software to solve applied business problems. The specific educational objectives of this course are: 1) to provide the student with "hands on" problem solving skills emphasizing site location, target marketing, sales territory development and network routing; 2) to work with the most widely used Business GIS software package, ArcView GIS and its major extensions.

Prereq: GEOGRPY 270, GEOGRPY 370 and GEOGRPY 340 or consent of instructor.

GEOGRPY 444 URBAN LAND USE PLANNING 3 u

A study of the historical, social and political framework of the urban land planning process with primary emphasis on the United States. Exposure to professional planning approaches and techniques and a critical analysis of plans and planners are stressed. Field trips are normally taken.

Prereq: GEOGRPY 344 or SOCIOLOGY 352 or POLISCI 446 or ECON 438 or consent of instructor.

GEOGRPY 450 ADVANCED METHODS IN PHYSICAL 4 u
GEOGRAPHY

Advanced Methods in Physical Geography focuses on data collection and analysis techniques used by physical geographers. Students will conduct an integrated analysis of a local landscape, including site selection, sample collection, lab analysis, and data assimilation and interpretation for report writing. Roughly one-half of course is taught outdoors, regardless of weather. Four consecutive hours per week.

Prereq: GEOGRPY 300 or GEOGRPY 310 or GEOLGY 301/501.

GEOGRPY 452 CULTURAL ECOLOGY AND 3 u
SUSTAINABLE DEVELOPMENT

This course will discuss the history of the subdiscipline of cultural ecology within geography and teach about indigenous and traditional societies' knowledge systems from a variety of world cultures. It will use ancient and modern examples of indigenous methods of natural resource management and show how these are being applied internationally to present day environmental problems and to sustainable development approaches.

Prereq: GEOGRPY 230 or GEOGRPY 252 or consent of instructor.

GEOGRPY 455 ADVANCED TOPICS IN HUMAN 3 u
GEOGRAPHY

In-depth examination of a specific issue or theme in human geography. Topics covered will typically focus on emerging national and global issues with a particular emphasis on current research. May be repeated for a maximum of six credit hours (under different subtitles)

Prereq: GEOGRPY 230, GEOGRPY 252, or consent of instructor.

GEOGRPY 460/660 APPLIED GIS IN PHYSICAL 3 u
GEOGRAPHY

The course focuses on the use of GIS to better understand the physical processes shaping the earth's surface and characteristics of the atmosphere. Because physical geography covers such a broad range of topics, it will be necessary to review the physical processes associated with each (e.g., landform formation, biogeography, patterns of severe weather, etc.) before applying GIS. Thus, the course combines traditional lecture style format with weekly meetings in departmental computer labs equipped with the latest GIS software. Grading is heavily based on completion of labs on time and quality of GIS outputs.

Prereq: GEOGRPY 210 and GEOGRPY 370.

GEOGRPY 470/670 APPLIED ENVIRONMENTAL 3 u
AND NATURAL RESOURCE GIS

This course will provide the knowledge and skills necessary to utilize GIS for solving applied environmental analysis problems. Specifically, the course is designed to 1) identify and resolve environmental and natural resource problems in terms of spatial analysis, 2) explore a conceptual understanding of GIS, 3) provide students with technical instruction in current GIS software. Prereq: GEOGRPY 270 and GEOGRPY 370 or consent of instructor.

GEOGRPY 480 APPLIED RESEARCH METHODS 4 u

A survey of new and traditional methods used in geographic studies and the application of a variety of these methods in the collection, classification and analysis of data for assigned problems, culminating in individual research reports. Field trips are normally taken. This course fulfills the department's writing competency requirement.

Prereq: GEOGRPY 210 and GEOGRPY 230 and GEOGRPY 270, and ENGLISH 370 or ENGLISH 372.

GEOGRPY 485 INTERNSHIP IN GEOGRAPHY 3-12 u

Students will be placed in an outside private or governmental agency where they will utilize geographic techniques in approaching practical problems relevant to the agency's mission. An on-campus seminar with fellow interns and the supervisory instructor is required. Repeatable for a maximum of 6 units in major and 12 units in degree.

Prereq: Students with a major or minor program emphasis in geography must have completed a minimum of 14 units in geography and have the consent of the intern committee. Students of cognate majors must have a minimum of 9 selected units in geography and consent of the intern committee.

GEOGRPY 490/690 WORKSHOP *Repeatable* 1-8 u

. Prereq: Consent of instructor.

GEOGRPY 491 TRAVEL STUDY *Repeatable* 1-3 u

GEOGRPY 492 FIELD COURSE *Repeatable* 4-6 u

An introduction to field methods and techniques and their application in the study of a part of the United States or a foreign area. For information about a particular offering, write to the Department of Geography and Geology, University of Wisconsin-Whitewater. Repeatable.

Prereq: Consent of instructor.

GEOGRPY 494 SEMINAR 1-3 u

Repeatable one time for a maximum of 6 units in major/degree.

GEOGRPY 496/696 SPECIAL STUDIES 1-3 u

Repeatable one time for a maximum of 6 units in major/degree.

GEOGRPY 497 EXCHANGE STUDY *Repeatable* 1-12 u

GEOGRPY 498 INDEPENDENT STUDIES IN 1-3 u
GEOGRAPHY

Repeatable one time for a maximum of 6 units in major/degree.

Prereq: 12 units in geography, 2.75 grade point in geography and consent of department chairperson.

GEOLOGY

Geology is the study of the internal structure, materials, chemical and physical processes, and history of the earth. The geology program offers fundamental geology courses such that: (1) students may develop a thorough understanding of geology in support of their major, or interest or (2) students desiring employment in geology or related fields may (a) qualify directly for admission to a graduate program in geology upon completion of supporting science and mathematics courses available at UW-W or (b) complete a second baccalaureate degree at an institution which offers a geology major with one additional year of study.

202 GEOGRAPHY & GEOLOGY

GEOLGY 100 PRINCIPLES OF GEOLOGY *GL* 5 u
 An introduction to the concepts which describe the origin and evolution of the earth. Emphasis is on understanding (1) the material make-up of the earth, (2) the internal and external processes which affect the earth, (3) the scientific method as it applies to the study of the earth. Four hours of lectures and two hours of lab each week.
 Coreq: MATH 140 or MATH 141 or consent of instructor.
 Unreq: GEOLGY 101.

GEOLGY 101 ELEMENTS OF GEOLOGY *GL* 4 u
 An introduction to the study of the earth. Emphasis is placed on: (1) the materials which make up the earth, (2) the internal and external processes which affect the earth, (3) the length of geologic time, and (3) the methods of science, especially as they apply to the study of the Earth.
 Coreq: MATH 140 or MATH 141.
 Unreq: GEOLGY 100.

GEOLGY 203 VOLCANOES *GM* 3 u
 The course examines the processes that lead to different types of volcanic activities, role of volcanism on the development of continents, oceans, and atmosphere, and its various impacts on the biosphere on planet Earth. Volcanism on other planets and satellites within the solar system will also be explored. Special emphasis will be placed on volcanoes as major economic resources and potential alternate energy sources.
 Prereq: GEOLGY 100 OR GEOLGY 101.

GEOLGY 204 EARTH AND LIFE HISTORY *GM* 3 u
 A study of the changes in Earth's crust and life through geologic time and the methodology used in reconstructing Earth history, including plate tectonics, organic evolution and stratigraphy. A special fee will be assessed to cover transportation costs for those students selecting to participate on an optional field trip.
 Coreq: MATH 140 or MATH 141.

GEOLGY 300 PRINCIPLES OF OCEANOGRAPHY *GM* 3 u
 A study of the physical, chemical, geological and biological aspects of the major water masses of the world and human dependency on these water masses. One field trip to observe shoreline processes is required. A special fee will be assessed to students electing to participate in an optional field trip to cover the transportation costs.
 Coreq: MATH 140 or MATH 141.

GEOLGY 301 ENVIRONMENTAL GEOLOGY 3 u
 A study of geological phenomena such as earthquakes, volcanism, mass movements, river processes, coastal processes etc. and their impacts on society and environment. Special emphasis will be placed on examining remedial measures against geological hazards and how human actions influence natural geological processes. Three lecture hours per week.

GEOLGY 307 DINOSAURS *GM* 3 u
 The course will examine all aspects of dinosaurs from Earth System Science perspective. Who were the dinosaurs? When, how and where did they live on Earth? What is their relationship to birds? What were the circumstances of their extinction?
 Coreq: MATH 140 OR MATH 141.

GEOLGY 310 ROCKS AND MINERALS 4 u
 This course will study the formation processes of common rocks and minerals, their physical properties and their various uses will be covered in detail. Rock and mineral identification techniques will be especially emphasized during the laboratory sessions. Students will be expected to devote significant amounts of time towards the lab assignments.
 Prereq: GEOLGY 100 or GEOLGY 101.

GEOLGY 317 PALEONTOLOGY 3 u
 A detailed study of the history of life on Earth. Lectures focus on concepts in paleontology including paleoecology, evolution, paleobiogeography, and use of fossils in the solution of geologic problems. Characteristics of common fossils will be the focus of the exercises. One field trip is required;

up to two optional field trips possible (fee assessed to cover transportation costs of optional trips).
 Prereq: GEOLGY 100 or GEOLGY 101 and GEOLGY 204 or BIOLOGY 142 or consent of instructor.

GEOLGY 318 GEOLOGIC STRUCTURES AND FIELD METHODS 4 u
 A study of the causes behind the formation of the major structural features of earth as well as identification techniques and description of geologic structures in the field. Emphasis is placed on (1) understanding and quantifying geologic deformation, (2) material response to different conditions of deformation, (3) identification and description of geologic structures in microscopic, macroscopic and regional scale, (4) geologic field and data analyses techniques such as stereographic projections and preparation and interpretation of geologic maps. Offered in Spring semesters. A special fee will be assessed to those students electing to participate on an optional field trip to cover transportation costs.
 Prereq: GEOLGY 100 and MATH 152.

GEOLGY 319 STRATIGRAPHY AND SEDIMENTATION 3 u
 Classification and description of the various kinds of sediments and sedimentary rock units, with emphasis on carbonates, cyclic sedimentation and sequence stratigraphy. Techniques of correlating sedimentary rocks will be the focus of the exercises. One field trip is required. A special fee will be assessed to cover transportation costs to those students electing to participate on any optional field trips.
 Prereq: GEOLGY 100 or GEOLGY 101, GEOLGY 204.

GEOLGY 352 GEOHAZARDS 3 u
 The course will focus on the physical processes that create environmental hazards (e.g., earthquakes, volcanoes, severe weather), the primary controls on their frequency and intensity, and how human decision-making can influence the magnitude of impact that they have when they inevitably occur. Comparisons are made between impacts of hazards on developing versus developed countries.
 Prereq: GEOGRPY 210 or GEOLGY 100 or GEOLGY 101 or an approved equivalent lab course from another discipline.

GEOLGY 451/651 NATURAL HISTORY OF YELLOWSTONE NP AND THE UPPER GREAT PLAINS 3 u
 This is an introductory, multi-disciplinary, summer field course open to all. It is held at Yellowstone National Park and locations in route. Students will learn field methods, geology, ecology and natural history. It is suitable for biology and geology majors and anyone interested in field science or natural history.
 Prereq: BIOLOGY 120 or BIOLOGY 141 and consent of instructor.

GEOLGY 490/690 WORKSHOP *Repeatable* 1-3 u
 Prereq: Consent of instructor.

GEOLGY 491 TRAVEL STUDY *Repeatable* 1-3 u

GEOLGY 492 FIELD STUDIES IN GEOLOGY 1-3 u
 Field studies of classic geologic regions. Emphasis will be placed on training in the basic techniques and methods of field studies, recognition and interpretation of geologic structures, and the use of field observations to develop both geologic understanding of the region studied and geologic reasoning ability. Students will be responsible for the cost of the university van rental and other trip expenses. Repeatable three times in the major and degree, up to 9 credits total.
 Coreq: Enrollment in or completion of GEOLGY 100 or consent of instructor.

GEOLGY 494 SEMINAR *Repeatable* 1-3 u
 An intensive study of one or more philosophical issues that supplement the curriculum. Original research papers may be expected as partial fulfillment of the course requirements.
 Prereq: Consent of instructor.

GEOLGY 496/696 SPECIAL STUDIES *Repeatable* 1-3 u
 Prereq: Consent of instructor.

GEOLGY 498 INDEPENDENT STUDY *Repeatable* 1-3 u
IN GEOLOGY
Prereq: 8 units in geology or consent of instructor and program coordinator.

DEPARTMENT OF HISTORY

Phone: 262-472-1103

E-Mail: history@uwm.edu

Faculty: Lloyd Binagi, Mark Boulton, Anthony Gulig (Chairperson), Elizabeth Hachten, James Jaffe, Emma Kubly, James Levy, Nikki Mandell, Seth Meisel, Amber Moulton, Molly Patterson, Jennifer Thibodeaux, Roderick Wilson

History is studied for many reasons. It is our social memory, telling us who we are, where we belong, and where we seem to be going. History takes us out of the present, broadens the horizons of our minds, makes us aware of human possibilities, and confronts us with the awareness that our present culture is neither the only way, nor perhaps the best way, that human beings have lived.

A major in history provides broad preparation for careers in teaching and business, as well as for professional training in law, journalism, management, and university teaching. But most importantly, history helps to develop a breadth of vision, a capability for critical thinking, and a fundamental understanding of human society permitting a person to grow and adapt to the changing career opportunities in the modern world.

INTERNATIONAL STUDIES MINOR

Anne Hamilton (Coordinator)

The International Studies minor is designed to combine a foundation in key international studies courses with a concentration in one geographic area of the student's choice. There is no specific foreign language requirement, but students are encouraged to take foreign language courses. The minor complements many majors and is especially valuable for majors in economics, business, history, foreign language, geography, political science and sociology. Specific regional emphasis courses should be selected in consultation with the International Studies Program coordinator to provide both breadth and depth of study in a region.

MINOR - 21 UNITS

2. POLISCI 351
3. INTRNAR 488
4. SELECT 6 300 - 400 LEVEL UNITS FROM ONE OF THE REGIONAL LISTS UNDER THE LIST OF APPROVED COURSES FOR THE INTERNATIONAL STUDIES MAJOR (ASIA, EUROPE, LATIN AMERICA, MIDDLE EAST AND AFRICA)
5. SELECT 6 ADDITIONAL ELECTIVE UNITS FROM THE LIST OF APPROVED COURSES FOR THE INTERNATIONAL STUDIES MAJOR FROM THE SAME REGION SELECTED FOR 4.ABOVE.

LATIN AMERICAN STUDIES MINOR

James Winship (Coordinator)

The Latin American Studies minor is designed for those who seek to supplement their regular field of study with a multi-disciplinary specialization on Latin America. The program is organized to give students a broad introduction to Latin American history, society and culture drawing on selected courses from Spanish, history, anthropology, geography, economics, Chicano studies, and music. While competency in Spanish is highly recommended, it is not required of minors.

GLOBAL ENGAGEMENT CERTIFICATE

The Global Engagement Certificate provides students with recognition for their intercultural knowledge and international experiences. In completing the requirements for this certificate, students will demonstrate their knowledge of other world cultures, their ability to communicate effectively across cultural and linguistic boundaries, and to work effectively in, and adapt to, different cultural settings. This certificate will be formally noted on student's UW-Whitewater transcript.

To earn the Global Engagement Certificate, students must assemble a reflective portfolio as well as complete four globally focused courses, achieve foreign language proficiency equivalent to four semesters at the college level, study/live abroad for six or more weeks, and attend six extra-curricular internationally focused experiences on campus.

The Global Engagement Certificate may be combined with any major or minor program, and courses used to meet those requirements can also apply to the certificate portfolio.

For more information or to begin assembling your portfolio, please visit the Global Engagement Certificate website at <http://www.uww.edu/cls/globalengage>.

COURSE DESCRIPTIONS

ASIANSTD 210 INTRODUCTION TO ASIAN STUDIES *GI* 3 u

The course introduces students to the multi-disciplinary field of Asian Studies and provides a foundation for the further study of Asia. It surveys social, economic, and political issues and religious-philosophical influences and literary-artistic traditions of the world region. The issues discussed and range of countries examined may vary by semester.
Prereq: GENED 120 or GENED 130 or GENED 140.

ASIANSTD 333 JAPANESE LITERATURE 3 u

This course surveys Japanese literature, providing study of classical literature and how this past is reconsidered by modern writers. UNDERGRADUATE RESEARCH

Study of a selected topic or topics under the direction of a faculty member.

INTRNAR 101 ORIENTATION TO INTERNATIONAL STUDIES MAJOR 3 u

Orientation to the International Studies Major helps students make informed choices about their emphasis in the major and international travel opportunities. It introduces them to the career options available to majors upon graduation. Students will have the opportunity to hear about the experiences of graduating majors, program alumni, and faculty.

INTRNAR 260 INTRODUCTION TO LATIN AMERICAN STUDIES *GI* 3 u

This course offers a broad interdisciplinary tour of contemporary Latin America, drawing ideas from history, art, anthropology, political science and literature. The three main themes of the course are the historical roots of Latin America's cultural identities, the importance of modern social movements in confronting persistent inequalities, and the way immigration has shaped the region.

INTRNAR 348 INTERNATIONAL ORGANIZATIONS 3 u

The course will explore theoretical perspectives as well as the expanding roles of international organizations in the context of global politics. Since the end of the Cold War, the United Nations and other regional organizations have played an enhanced role in global governance. It will, therefore, provide an overview of the United Nations system, a number of regional organizations, and their contributions to the maintenance of international peace and security.

Prereq: 3 units in political science.

Unreq: POLISCI 348.

The term "English" encompasses several related areas including the study of the English language, the practical skills of using it, and the literature created from it. The department offers courses in basic and advanced language skills, including technical and creative writing; for students with special needs, reading and writing laboratories and developmental courses are available. Literature courses offer instruction in the understanding and analysis of "classic," popular, and contemporary works, including Continental and Asian, and their historical and cultural contexts. A student majoring or minoring in English may opt for the traditional liberal arts program, an education program, a writing emphasis or a professional writing and book publishing emphasis. By developing the practical ability to think clearly, to read intelligently, and to write effectively, a major in English provides excellent preparation for business, teaching, government and professions such as law and medicine. In addition, we offer minors in English as a Second Language for those who plan to work with non-native speakers.

In preparation for graduate study in English, students should consult the requirements of the graduate school which they plan to attend. Those anticipating graduate study should plan to study a foreign language at the undergraduate level since that is often a graduate requirement.

For information on English placement testing, see index.

MAJORS/EMPHASES

ENGLISH 101, 102, 105, 161, and 162 do not count toward an English major or minor; however, English 102 or 162, or 105 is a prerequisite for all upper division English courses.

A student majoring in English may select from areas: Literature, Writing, Professional Writing and Book Publishing, Education or Writing Education.

Liberal arts students majoring in English are urged to fulfill the upperclass writing requirements as early as possible and to complete at least one year's work in a modern foreign language. Valuable adjuncts to the English major are courses in library science, journalism, speech, theatre, public relations, or business.

ESL Additional Recommendations

It is beyond the scope of this 24-credit academic minor to make someone a balanced bilingual with native-like cultural competence. However, it is possible for candidates to improve cultural and linguistic knowledge and competence by pursuing advanced language and culture study at UW-Whitewater, *within general education course work*, and elsewhere beyond the unique requirements specified above. Indeed, this competence is essential in achieving the performance levels specified by DPI, necessary to secure the ESL/BE license. To this end, students will be advised to include the courses listed below in their general education program as well as coursework in foreign languages, travel study, and study abroad.

The certification program in Teaching English as a Second Language combines the study of theoretical and applied linguistics with instruction in theoretical and practical issues related to the study of English by non-native speakers throughout the lifespan. The minor is offered within the Department of Languages and Literatures, College of Letters and Sciences, in concert the Department of Curriculum and Instruction, College of Education. The licensure program has been designed to meet the standards recommended by TESOL, Inc, the premier international organization for ESL professionals. In its *Core Standards for Language and Professional Programs*, TESOL states that "teaching English to speakers of other languages is an academic field requiring...special professional education and preparation for its practitioners." Furthermore, "each program should have courses which present basic theory and practice covering the second language and teaching paradigm..." Basic entry requirements are: (1) Completion of English 101 and 102 or English 105 (2) competency in a language other than English as determined by examination or successful completion of the 251 level (may be worked on concurrently with the minor); (3) a GPA of 2.75 or higher. The TESL minor consists of a core of 24 units.

Courses in foreign languages provide the basic skills of listening, speaking, reading and writing as well as an introduction to the literature and the culture of the peoples that speak them. The study of a foreign language may lead to a career in teaching or it may provide the student with a valuable supporting skill in many fields, such as business, public service, librarianship, social work, law, journalism, or the health professions. Reading knowledge of a foreign language is a requirement for many graduate degrees

Placement Exam

Students with no previous university-level coursework in Spanish, French or German who wish to continue with the language(s) acquired previously must take the appropriate foreign language placement exam and will be placed accordingly. (Testing Office, Roseman 2003, 262-472-5613) The placement test is given to help the student select the proper course, but departmental advising is still recommended. Native speakers of these foreign languages should speak with the Foreign Language Coordinator regarding placement.

Students of other foreign languages should speak with the course instructor about placement.

Credit for Previous Language Study

The Department of Languages and Literatures grants up to 16 units in French, German, Japanese and Spanish (12 units in Chinese and Arabic) for previous language study or other language experience provided the student earns at least a "B" in a follow-up course at UW-W. Students may enroll in any course except phonetics and the 390 conversation course to receive units for previous language study. (See previous section: Placement Exam). The B grade must be earned in the first eligible course taken at the university level.

GENERAL FOREIGN LANGUAGE

ARABIC 141 BEGINNING ARABIC I *GH* 4 u

In this first semester Arabic course students will begin to learn how to speak, read, and write Arabic in its Modern Standard form (aka MSA). The class will also provide an introduction to the customs and culture of the Arab world.

ARABIC 142 BEGINNING ARABIC II *GH* 4 u

In this second semester Arabic course students will continue to learn how to speak, read, and write Arabic in its Modern Standard form (aka MSA).

224 LANGUAGES & LITERATURES - FOREIGN LANGUAGES

The class will also provide an introduction to the customs and culture of the Arab world.

Prereq: ARABIC 141.

ARABIC 251 INTERMEDIATE ARABIC I *GH* 4 u

This third semester Arabic course will enhance the Arabic linguistic skills and the knowledge of cultures of Arabic-speaking peoples that students acquired in Beginning Arabic.

Prereq: ARABIC 142.

ARABIC 252 INTERMEDIATE ARABIC II *GH* 4 u

This fourth semester Arabic course will continue to enhance the Arabic linguistic skills and the knowledge of cultures of Arabic-speaking peoples begun in Intermediate Arabic I.

Prereq: ARABIC 251.

CHINESE 141 BEGINNING CHINESE *GH* 4 u

This course introduces students to Mandarin Chinese, a common speech shared by all dialect speakers in China. It adopts pinyin (Chinese Phonetic Alphabet) as the standard phonetic system. It trains students in all aspects of the language - listening, speaking, reading and writing.

CHINESE 142 BEGINNING CHINESE *GH* 4 u

As the second semester of the first-year Chinese, this course continues comprehensive training in Mandarin Chinese at elementary level. While continuing to improve their listening, speaking, reading, and writing skills, students will have more exposure to Chinese customs and culture.

Prereq: CHINESE 141 or equivalent.

CHINESE 251 CHINESE III *GH* 4 u

As the first semester of the second-year Chinese, this course further enhances students' language skills in both spoken and written form and their understanding of the cultural and social context in which the language is shaped and formed.

Prereq: CHINESE 142.

CHINESE 252 CHINESE IV *GH* 4 u

As the second semester of second-year Chinese, this course continues to enhance students' language skills in both spoken and written form and their understanding of Chinese culture and Chinese society.

Prereq: CHINESE 251.

CHINESE 498 INDEPENDENT STUDY *Repeatable* 1-3 u

JAPANESE 101 BEGINNING JAPANESE I *GH* 4 u

Japanese 101 is the first term of a two-term, beginning Japanese language course which emphasizes oral skills but also introduces the written language (*hiragana* and *katakana* syllabaries). It also exposes students to the culture of Japan.

JAPANESE 102 BEGINNING JAPANESE II *GH* 4 u

Japanese 102 is the second term of a two-term, beginning Japanese language course which emphasizes oral skills but also introduces the written language (*hiragana* and *katakana* syllabaries). It also exposes students to the culture of Japan.

Prereq: JAPANESE 101 or its equivalent.

JAPANESE 103 BEGINNING JAPANESE III *GH* 4 u

This is the third term of UWW's Japanese language instruction sequence. Entering students are expected to have mastered the basics of the writing system (*hirigana* and *katakana* and approximately 300 *Kanji* characters), know elementary grammar and have a basic vocabulary with listening, reading, writing and speaking skills. This course develops the four skill areas (listening, speaking, reading and writing) in order to cultivate an overall Japanese language ability. Using the course materials, which include the most frequently used daily vocabulary, students will apply what they have to their daily activity. The course prepares students for Intermediate Japanese.

Prereq: JAPANESE 102 or equivalent.

JAPANESE 201 INTERMEDIATE JAPANESE GH 4 u

This is the fourth term of UWW's Japanese language sequence. Entering students are expected to have mastered the writing system (with approximately 600 *Kanji* characters of the 2000 needed to be able to read newspapers and be considered fully literate). This course develops the four skill areas (listening, speaking, reading and writing) to cultivate an overall Japanese language ability. Students will continue to build vocabulary, master more serious grammar, and work on writing/reading skills.

Prereq: JAPANESE 103 or equivalent.

JAPANESE 202 INTERMEDIATE JAPANESE II GH 3 u

Intermediate Japanese II is the second intermediate course in spoken and written Japanese. Students will continue to learn basic structural patterns of the Japanese language and be encouraged to further develop their proficiency in all four skill areas of the language. As an intermediate course, however, increased attention will be given to reading and writing in the Japanese writing system. Students will also learn aspects of Japanese culture that relate to the lesson topics.

Prereq: JAPANESE 201.

JAPANESE 203 INTERMEDIATE JAPANESE III GH 3 u

Intermediate Japanese III is the third intermediate course in spoken and written Japanese. Students will continue to learn basic structural patterns of the Japanese language and be encouraged to further develop their proficiency in all four skill areas of the language (reading, writing, listening, speaking). As an intermediate course, however, increased attention will be given to the reading and writing in the Japanese writing system. Students will also learn aspects of Japanese culture that related to the lesson topics.

Prereq: JAPANESE 202.

JAPANESE 301 JAPANESE CONTEMPORARY 3 u**ISSUES THROUGH THE LENS OF THE MEDIA**

The major offers a unique blend of computing and management skills designed to harness computer technology to the needs of

230 MANGEMENT COMPUTER SYSTEMS

a wide variety of business, industrial, financial, governmental and educational organizations. Graduates are trained in the areas of programming, systems analysis, and software design with a strong background in business. Typical entry level positions include programmer, programmer/analyst, systems analyst and consultant. The MCS major can be taken in either the College of Business and Economics for a BBA degree or in the College of Letters and Sciences for a BS degree.

Transfer grades are included in determining eligibility for MCS courses. A minimum combined transfer and UW-Whitewater GPA of 2.5 overall and in the major is required for graduation.

COURSE DESCRIPTIONS

MCS 214 INFORMATION TECHNOLOGY CONCEPTS AND PRACTICE 3 u

A survey course that covers the use of information technology in organizations, the processes used to create and manage information technologies, and the impact of information technology on individuals, organizations, the economy and society. Students learn how to do systems analysis, data modeling, system and database design, database queries, and construction and testing of a database application as part of a systems development life cycle.

Prereq: COMPSCI 181 or ITBE 280 and a combined cumulative GPA of 2.50.

MCS 220 CONCEPTS OF PROGRAMMING 3 u

This course teaches students professional software development using object-oriented program design and the Java programming language. Coverage includes correct business programming style and documentation, program debugging and testing, database and file processing, event-handling, and graphical user interfaces.

Prereq: COMPSCI 172 or COMPSCI 174 and a combined cumulative GPA of 2.50.

Unreq: COMPSCI 222.

MCS 231 CONCEPTS OF DATA STRUCTURES 3 u

This course is an introduction to data structures, using the Java programming language. It covers static and dynamic implementations of data structures including lists, stacks, queues and trees. It emphasizes object-oriented design and programming methodology, including inheritance and polymorphism, and applies these in the development of large programming projects.

Prereq: MCS 220 or COMPSCI 222 and a combined cumulative GPA of 2.50.

Unreq: COMPSCI 223.

MCS 232 CONCEPTS OF COBOL WITH FILE STRUCTURES 3 u

The COBOL language is taught and then used to study file organizations at both the logical and physical level in order to provide a firm foundation for future study of database and information systems. Sequential, indexed, and relative files are discussed. Hashing and the implementation of complex file structures is discussed. Students act as maintenance programmers updating and modifying existing programs.

Prereq: MCS 231 and a combined cumulative GPA of 2.50.

MCS 314 ADVANCED DATABASE DESIGN AND ADMINISTRATION 3 u

This course covers advanced topics in database analysis, design, access, integrity control, and implementation as well as a variety of emerging topics. The course is intended for students who already have a good understanding of database systems and relational database concepts.

Prereq: MCS 214 and a combined cumulative GPA of 2.50

MCS 325 WEB DEVELOPMENT I 3 u

This course will give students familiarity with client/server computing in a two/three-tiered Internet environment. This includes the development of dynamic web pages to exchange data with relational database management systems using scripting technologies. Students will use an event-driven, object-oriented programming language to construct ActiveX components that connect with database servers. The course will also explore basic networking concepts.

Prereq: MCS 214, MCS 231 and a combined cumulative GPA of 2.50.

MCS 331 SYSTEMS ANALYSIS AND DESIGN 1 3 u

In this course, the student learns to analyze the business organization as a system, to structure both the information and processes of a business or organization, and to complete the systems development process through the logical design phase. The course utilizes an object-oriented methodology for the systems development process. The student begins a team project that is completed in MCS 431.

Prereq: MCS 214 and a combined cumulative GPA of 2.50.

MCS 391 MCS COOPERATIVE PROGRAM 3 u

The student is to work as an information systems professional in a business

or government organization and report on the experience to the MCS faculty and fellow students.

Prereq: Consent of MCS Cooperative Program Coordinator and a combined cumulative GPA of 2.50.

MCS 425 WEB DEVELOPMENT 2 3 u

This course teaches students how to develop Web applications using Java technologies. The course focuses on design and implementation of distributed applications for the Internet and/or intranets. Topics include object-oriented distributed systems and technologies, database access, security, advanced Java programming, and technical design issues for e-Commerce systems.

Prereq: MCS 220 or COMPSCI 222, MCS 325, MCS 314 and a combined cumulative GPA of 2.50.

MCS 431 SYSTEMS ANALYSIS AND DESIGN 2 3 u

This course is a study of the principles and activities associated with the physical design and implementation of computer based information systems using object oriented methodologies. It includes object-oriented decomposition, system testing, documentation, system security, conversion and implementation. The student completes the team project started in MCS 331.

Coreq: MCS 425.

Prereq: MCS 314, MCS 331, MCS 231 or COMPSCI 223 and a combined cumulative GPA of 2.50.

MCS 475 NETWORK ENGINEERING 3 u

This class will explore the OSI (Open Systems Interconnection) networking model, standard networking protocols, and network architecture including implementation, administration and maintenance. Students will also gain "hands-on" networking experience by installing and setting up a network operating system, building a small LAN, and managing network servers.

Prereq: MCS 325, MCS 231 or COMPSCI 223 and a combined cumulative GPA of 2.50.

Unreq: COMPSCI 475.

MCS 485 PROJECT 1-3 u

This course provides students with the opportunity to participate on a student project team under the management of a faculty member and industry practitioners. The project will be sponsored by a partnering business firm and may involve a wide array of technologies, functional areas and geographically dispersed teammates. This course will only be offered when projects are available. Students will be carefully chosen through an interview process. The number of credits will be determined by the complexity of the project and the level of student involvement.

Prereq: Consent of department and a combined cumulative GPA of 2.50

MCS 496 SPECIAL STUDIES 3 u

Repeatable for a maximum of 9 units in degree.

Prereq: Consent of instructor and a combined cumulative GPA of 2.50.

MCS 497 EXCHANGE STUDY *Repeatable* 1-12 u

MCS 498 INDEPENDENT STUDIES *Repeatable* 1-3 u

Prereq: Approval of the MCS Coordinator and the faculty member supervising the course. Completion of at least four MCS core courses and a combined cumulative GPA of 2.50.

William Mickelson, Lopa Mukherjee, Ki-Bong Nam, Hien Nguyen, Gado Ongwela, Huckleberry Rahr, Chilukuri Rao, Geetha Samaranyake, Sobitha Samaranyake, Inessa Sedegho, Zhengnan Shi, Robert Siemann, Joan Stamm, Tamas Szabo, Ama Wanniarachchi.

MATHEMATICS

Mathematics has traditionally been the language of science and now plays a vital role in the social sciences and business as well. Every field in which quantitative activity is found requires that its workers have good backgrounds in mathematics. A student well-versed in mathematics will find their skills of use in almost any profession.

Although mathematics is studied for its applications, it also attracts many who are interested in its aesthetic and creative side. A study of mathematics improves one's ability to think about abstract concepts, to conceptualize about hypothetical structures, to reach logical conclusions, and to consider many solution techniques when problem solving.

MAJORS/EMPHASES

Students may elect one of five emphases in the mathematics major. Emphases consist of the CORE* courses and an additional 4 to 5 required courses in their emphasis. (*The one exception is the APPLIED MATHEMATICS EMPHASIS for which the CORE course MATH 452 is not required.) In addition, each major must complete a writing requirement (ENGLISH 370 or ENGLISH 372), a computer science requirement (courses are listed below for all emphases except the SECONDARY EDUCATION EMPHASIS which does not have a computer science requirement), and the milestones (Major Field Test and Math Exit Interview). An approved minor is also required with each emphasis.

For more information on the different emphases including 4-year plans and Math Major FAQ, please visit the department's website: <http://math.uwm.edu>.

RESTRICTION OF CREDIT: A partial list of restrictions is given below. Visit MATH FAQ on the departmental website for a complete list.

A student may not earn credit for any course which is a pre-requisite for another course in which credit has been earned unless prior departmental approval is obtained.

Students are allowed to earn credit for only one of the calculus courses MATH 243, MATH 250, or MATH 253. More information as to which calculus course is most appropriate for you is given in the MATH FAQ on the departmental website. Business majors with earned college credit in calculus can have the MATH 143 requirement waived. Contact the College of Business and Economics.

Students with earned credit in either MATH 243 or MATH 250 who are required or would like to enroll in MATH 253 must consult with the Chair of Mathematical & Computer Sciences.

COURSE DESCRIPTIONS

MATH 040 PRE-ALGEBRA *Developmental* 3 u
A course for students who need a review of basic mathematics or who lack the computational skills required for success in algebra and other University courses. Topics include fractions, decimals, percent, descriptive statistics, English and metric units of measure, and measures of geometric figures. Emphasis is on applications. A brief introduction to algebra is included at the end of the course. This course does count toward the semester credit load and will be computed into the grade point average. It will not be included in the 120 units required for graduation. It may be taken for a conventional grade or on a Satisfactory/No Credit basis. Students may not take this course for credit if they place into, are enrolled in or have already received credit for a higher-numbered math course.

MATH 041 BEGINNING ALGEBRA *Developmental* 4 u
A course for those who have a sound background in basic arithmetic, but who have not been exposed to algebra, or who need to strengthen their basic algebra skills. Topics include properties of the real numbers, linear

and quadratic equations, linear inequalities, exponents, polynomials, rational expressions, the straight line, and systems of linear equations. The course counts towards the semester credit load and will be computed into the grade point average. It will not, however, be included in the units necessary for graduation. It may be taken for a conventional grade or on a Satisfactory/No Credit basis.

Prereq: MATH 040 or equivalent demonstration of capability. Students may not take this course for credit if they place into, are enrolled in or have already received credit for a higher-numbered math course.

MATH 140 MATHEMATICAL IDEAS *Proficiency* 3 u

Designed to give students a broad understanding and appreciation of mathematics. Includes topics not usually covered in a traditional algebra course. Topics encompass some algebra, problem solving, counting principles, probability, statistics, and consumer mathematics. This course is designed to meet the University Proficiency Requirement in mathematics for those students who do not wish to take any course which has MATH 141 as a prerequisite.

Prereq: Satisfactory completion of MATH 041, with a grade of C or better, or demonstration of equivalent capability. Students may not take this course for credit if they place into, are enrolled in or have already received credit for a higher-numbered math course.

Unreq: MATH 141.

MATH 141 INTERMEDIATE ALGEBRA *Proficiency* 4 u

Introduction to college algebra. Topics and concepts extend beyond those taught in a beginning algebra course. A proficiency course for those who have not had sufficient preparation in high school to allow them to take MATH 143 or MATH 152. Students may not take this course for credit if they place into, are enrolled in or have already received credit for a higher-numbered math course.

Prereq: Satisfactory completion of MATH 041 with a grade of C or better, or demonstration of equivalent capability.

MATH 143 FINITE MATHEMATICS FOR BUSINESS AND SOCIAL SCIENCES *GM* 3 u

Mathematical preparation for the understanding of various quantitative methods in modern management and social sciences. Topics include sets, relations, linear functions, interest, annuities, matrix theory, the solution of linear systems by the graphical, algebraic, Gauss-Jordan, and inverse methods, linear programming by graphical and simplex methods, counting and probability, and decision theory. College of Business and Economics majors must take this course on a conventional grade basis.

Prereq: Waiver of or a grade of C or better in MATH 141.

MATH 148 MATHEMATICS FOR THE ELEMENTARY TEACHER I *GM* 3 u

A study of sets, whole numbers, fractions, integers, decimals and real numbers, basic arithmetic operations and their properties, standard and alternative algorithms and estimations strategies; problem-solving, proportional reasoning, and algebraic thinking. Manipulatives and cooperative learning activities are used throughout the course. For elementary education majors. Prereq: A grade of C or better in MATH 141 or a waiver from the University Mathematics Proficiency requirement.

MATH 149 MATHEMATICS FOR THE ELEMENTARY TEACHER II 3 u

Topics in probability and statistics, with emphasis on descriptive techniques. Investigations in geometric figures, measurement, construction, transformations, congruent and similar geometric figures. Problem solving strategies, manipulatives, and cooperative learning activities are emphasized throughout the course.

Prereq: Satisfactory completion of MATH 148 with a grade of C or better.

MATH 152 ELEMENTARY FUNCTIONS *GM* 5 u

Review of algebraic functions, inequalities, mathematical induction, theory of equations, exponential and logarithmic functions, circular functions, trigonometric identities and equations, inverse trigonometric functions, and solution of triangles.

Prereq: Waiver of or a grade of C or better in MATH 141.

MATH 177 THE LOGIC OF CHESS 1 u

A study of logic particularly as it is used in the game of chess and, most particularly, in chess strategy and the end game of chess. The rules are taught to those who are not already acquainted with the game.

Prereq: Fulfillment of University Proficiency requirement in mathematics.

MATH 230 INTRODUCTORY STATISTICS *GM* 3 u

A pre-calculus course in statistics. Descriptive statistics, probability distributions, prediction, hypothesis testing, correlation, and regression. This course does not count towards a mathematics major or minor in either liberal arts or secondary education or towards a mathematics minor in elementary education. This course may not be taken for credit if credit has been or is being earned in any other statistics course.

Prereq: Waiver or a grade of C or better in MATH 141.

Unreq: Any other statistics course.

MATH 231 UNDERSTANDING PROBABILITY AND STATISTICS *GM* 3 u

A pre-calculus course in probability and statistics. Descriptive statistics, classical probability, probability distributions, prediction, parametric and nonparametric hypothesis testing, correlation, regression, and use of some statistical software. This course does not count towards a mathematics major or minor in liberal arts or towards a mathematics major in secondary education. This course may not be taken for credit if credit has been or is being earned in any other statistics course.

Prereq: Completion, with a grade of C or better, of either MATH 143 or MATH 152.

Unreq: Any other statistics course.

MATH 243 SHORT CALCULUS FOR BUSINESS AND SOCIAL SCIENCES *GM* 3 u

A general survey of the calculus. Topics covered include limits, differentiation, max-min theory, exponential and logarithmic functions, and integration. Business and social science applications are stressed.

Prereq: Completion with a grade of C or better in either of the courses MATH 143 or MATH 152.

Unreq: MATH 250. Students should check with their major department for advice on whether to take MATH 243 or MATH 250.

MATH 250 APPLIED CALCULUS SURVEY FOR BUSINESS AND THE SOCIAL SCIENCES *GM* 5 u

An applied calculus course covering elementary analytic geometry, limits, differentiation, max-min theory, exponential and logarithmic functions, integration, functions of several variables, and elementary differential equations. Some computer topics may be included.

Prerequisite: MATH 143, with a grade of C or better, or equivalent preparation as determined by the Mathematics Department.

Unreq: MATH 243, MATH 253.

MATH 253 CALCULUS AND ANALYTIC GEOMETRY I *GM* 5 u

Review of algebraic and trigonometric functions, transcendental functions, limits, study of the derivative, techniques of differentiation, continuity, applications of the derivative, L'Hopital's Rule and indeterminate forms, the Riemann integral, Fundamental Theorem of Calculus, and substitution rule. Prereq: MATH 152 with a grade of C or better or equivalent high school preparation as determined by the Mathematics Department.

Unreq: MATH 243 and MATH 250.

MATH 254 CALCULUS AND ANALYTIC GEOMETRY II 5 u

Techniques of integration, applications of the integral, introduction to differential equations, polar coordinates and conic sections, and infinite sequences and series. This course includes a writing component.

Prereq: MATH 250 with a grade of B or better, or MATH 253 with a grade of C or better.

MATH 255 CALCULUS AND ANALYTIC 3 u

234 MATHEMATICAL & COMPUTER SCIENCES

GEOMETRY III

Solid analytic geometry, vectors and vector functions, functions of several variables, multiple integrals and their applications.

Prereq: MATH 254 with a grade of C or better.

MATH 280 DISCRETE MATHEMATICS 3 u

This course will supply a thorough grounding in the mathematical topics which are central to the study of computer science, and which form the basis for many modern applications of mathematics to the social sciences. Topics covered will include sets, logic, Boolean algebra and switching circuits, combinatorics, probability, graphs, trees, recursion, and algorithm analysis. Expressing mathematical ideas and writing proofs will be emphasized. This course contains a writing component.

Prereq: MATH 250 with a grade of B or better, or MATH 253 with a grade of C or better.

MATH 301 INTRODUCTION TO ANALYSIS 3 u

The main emphasis of this course is to introduce students to mathematical proofs. Students will learn to read and write proofs in mathematics by writing proofs of theorems about limits, sets of real numbers, and continuous functions. If time permits, other topics may include derivative and integration theorems, theory of open and closed sets, and cardinality of sets.

Prereq: MATH 255 and MATH 280.

MATH 342/542 APPLIED STATISTICS 3 u

This course will cover the basics of statistical testing, regression analysis, experimental design, analysis of variance, and the use of computers to analyze statistical problems. This course contains a writing component.

Prereq: MATH 253 or MATH 250 or consent of instructor.

Unreq: ECON 245.

MATH 352/552 INFINITE PROCESSES FOR THE ELEMENTARY TEACHER 3 u

This course is primarily for pre-service elementary and middle school teachers. Students will be introduced to the concepts of calculus, which include infinite processes, limits, and continuity. In addition, derivatives and integrals, and their relationship to area and change, will be covered.

Prereq: MATH 152.

MATH 353 COLLEGE GEOMETRY 5 u

The topics included in this course are foundations of Euclidean geometry, Euclidean transformational geometry, modern synthetic geometry that builds on Euclidean geometry, selected finite geometries, and an introduction to non-Euclidean and projective geometry, including their relationship to Euclidean geometry. Although the course is adapted to the prospective teacher of geometry, it will also meet the needs of those in other majors needing a background in geometry. Standards and guidelines of appropriate national and local bodies will be implemented.

Prereq: MATH 253 and MATH 280 or consent of instructor.

MATH 355/555 MATRICES AND LINEAR ALGEBRA 3 u

Systems of linear equations, matrices and determinants, finite dimensional vector spaces, linear dependence, bases, dimension, linear mappings, orthogonal bases, and eigenvector theory. Applications stressed throughout.

Prereq: MATH 250 or MATH 253.

MATH 359 MATHEMATICAL MODELING & STATISTICS 3 u

An introduction to mathematical modeling and descriptive statistics. Students will develop the basic skills of formulation, simplification, and analysis of mathematical models for describing and predicting physical phenomena. The basic tools of descriptive statistics will also be introduced; the use of descriptive statistics in formulating and interpreting mathematical models will be emphasized. This course contains a writing component.

Prereq: MATH 255 or consent of instructor.

MATH 361 DIFFERENTIAL EQUATIONS 3 u

Ordinary differential equations: general theory of linear equations, special methods for nonlinear equations including qualitative analysis and stability, power series and numerical methods, and systems of equations. Additional topics may include transformation methods and boundary value problems.

Applications stressed throughout.

Prereq: MATH 255.

MATH 370/570 PROBLEM SOLVING FOR THE ELEMENTARY TEACHER 3 u

This course is primarily for pre-service elementary and middle school teachers. Students will learn a variety of problem solving strategies applicable in elementary and middle school. The applications will cover many different areas of mathematics.

Prereq: MATH 149.

MATH 375/575 DEVELOPMENT OF MATHEMATICS 3 u

A study of the development of mathematical notation and ideas from prehistoric times to the present. Periods and topics will be chosen corresponding to the backgrounds and interests of the students.

Prereq: MATH 152 or consent of instructor.

MATH 415/615 MODERN ALGEBRA AND NUMBER THEORY FOR THE ELEMENTARY TEACHER 3 u

An introduction to modern algebra with special emphasis on the number systems and algorithms which underlie the mathematics curriculum of the elementary school. Topics from logic, sets, algebraic structures, and number theory.

Prereq: MATH 149 and MATH 152.

Unreq: MATH 452.

MATH 416/616 GEOMETRY FOR THE ELEMENTARY TEACHER 3 u

A study of the intuitive, informal geometry of sets of points in space. Topics include elementary constructions, coordinates and graphs, tessellations, transformations, problem solving, symmetries of polygons and polyhedra, and use of geometry computer software.

Prereq: MATH 149 and MATH 152.

MATH 417/617 THEORY OF NUMBERS 3 u

A study of the properties of integers, representation of integers in a given base, properties of primes, arithmetic functions, and module arithmetic. Diophantine equations and quadratic residues. Consideration is also given to some famous problems in number theory.

Prereq: MATH 280 or MATH 415 or consent of instructor.

MATH 431/631 TOPOLOGY 3 u

An introduction to point-set topology, including such topics as topological spaces, mappings, connectedness, compactness, separation axioms, metric spaces, complete spaces, product spaces and function spaces.

Prereq: MATH 255 and either MATH 280 or consent of instructor.

MATH 441/641 PROBABILITY THEORY 3 u

Probability spaces, discrete and continuous random variables, mathematical expectation, discrete and continuous distributions.

Prereq: MATH 255 and either MATH 280 or consent of instructor.

MATH 442/642 MATHEMATICAL STATISTICS 4 u

This course will cover moment generating functions, moments of linear combinations of random variables, conditional expectation, functions of random variables, sampling distributions, the theory of estimation, Bayesian estimation, hypothesis testing, nonparametric tests, and linear models.

Prereq: MATH 441 and either MATH 355 or consent of instructor.

MATH 446 ACTUARIAL MATHEMATICS 3 u

This course will discuss the actuarial profession and the insurance industry, provide direction to students wishing to take the first few actuarial examinations, thoroughly cover the theory of interest, and introduce the basic concepts of actuarial mathematics.

Prereq: MATH 441 or concurrent registration.

MATH 449 ACTUARIAL EXAMINATION PREPARATION 1 u

Designed for students preparing to take either the first (probability) or second (interest theory) actuarial examination, the course will review the mathematics required for the examination and bring the student through a series of exercises designed to give them the required training to pass

their examination.
Prereq: MATH 441.

MATH 452 INTRODUCTION TO ABSTRACT ALGEBRA 3 u

An introductory survey of abstract algebra and number theory with emphasis on the development and study of the number systems of integers, integers mod n , rationals, real, and complex numbers. These offer examples of and motivation for the study of the classical algebraic structures of groups, rings integral domains and fields. Applications to algebraic coding theory and crystallography will be developed if time allows.

Prereq: MATH 280.
Unreq: MATH 415.

MATH 453/653 ABSTRACT ALGEBRA 3 u

This course is a continuation of MATH 452/652 with emphasis on ring and field theory. Topics include a review of group theory, polynomial rings, divisibility in integral domains, vector spaces, extension fields, algebraic extension fields, finite fields, etc.

Prereq: MATH 355 and MATH 452.

MATH 458 APPLIED MATHEMATICAL ANALYSIS 3 u

Selected topics in ordinary differential equations: series solutions, stability, transform methods, special functions, numerical methods, vector differential calculus, line and surface integrals.

Prereq: MATH 361.

MATH 459/659 PARTIAL DIFFERENTIAL EQUATIONS 3 u

Fourier analysis, partial differential equations and boundary value problems, complex variables, and potential theory.

Prereq: MATH 361.

MATH 463 COMPLEX VARIABLES 3 u

This course is a study of the algebra and geometry of complex numbers, the properties of analytic functions, contour integration, the calculus of residues, and the properties of power series.

Prereq: MATH 255.

MATH 464/664 ADVANCED CALCULUS 3 u

This course presents a rigorous treatment of the differential and integral calculus of single variable functions, convergence theory of numerical sequences and series, uniform convergence theory of sequences and series of functions, metric spaces, functions of several real variables, and the inverse function theorem. This course contains a writing component.

Prereq: MATH 301.

MATH 471 NUMERICAL ANALYSIS 3 u

Emphasis on numerical algebra. The problems of linear systems, matrix inversion, the complete and special eigenvalue problems, solutions by exact and iterative methods, orthogonalization, gradient methods. Consideration of stability and elementary error analysis. Extensive use of microcomputers and programs using a high level language. This course contains a writing component.

Prereq: COMPSCI 171 and MATH 355.

MATH 490/690 WORKSHOP *Repeatable* 1-3 u

Prereq: Consent of instructor.

MATH 492 FIELD STUDY *Repeatable* 1-3 u

A study for which data is obtained or observations are made outside the regular classroom.

Prereq: Consent of instructor.

MATH 494/694 SEMINAR *Repeatable* 2 u

Prereq: Consent of instructor.

MATH 496/696 SPECIAL STUDIES 1-3 u

Repeatable three times maximum in 6 years.

Prereq: Consent of instructor.

MATH 497 EXCHANGE STUDY 1-12 u

MATH 498 INDEPENDENT STUDY *Repeatable* 1-3 u

Prereq: Consent of instructor and consent of department chairperson.

MATH 498R INDEPENDENT STUDY *Repeatable* 1-3 u

UNDERGRADUATE RESEARCH

Study of a selected topic or topics under the direction of a faculty member.

Prereq: Department consent required.

MATH 499 PROJECT FOR MAJORS 1 u

This course is designed to give students experience and to improve their skill in reading, writing, and understanding mathematics by requiring them to research one or more mathematical topics and then write a report about their activities and discoveries. The focus is on the learning and communication of mathematics: how to read with understanding, write with clarity and precision, and in the process discover how writing can aid in understanding.

Prereq: Junior standing or consent of department chairperson.

COMPUTER SCIENCE

Computer Science is the study of modern computers including their design, applications, programming and theoretical limitations. Since computers are now used in virtually every business, governmental agency, educational institution, and research enterprise, students who obtain a background in computer science position themselves well to be technology experts in almost any profession. For half a century computing machinery and software applications have gone through very rapid evolution which continues today. Computer science specialists are particularly well prepared to understand and adapt to the continuing changes in the field.

Minors in computer science can specialize in computer programming, web development, scientific applications, or the theoretical underpinnings of algorithms and computation.

The computer science minor builds a solid background in computing and related principles so that students emerge from the program equipped for both commercial employment and for advanced study. The web site development and administration minor provides training in the technical back-end of modern web sites, and equips students to form the technical core of web design team.

Employment opportunities are to be found in the data processing departments of commercial enterprises and of state and federal agencies, in research in all of the physical and social sciences, and in many industrial and engineering applications. Although the opportunities offered students are many and varied, it must be recognized that the rapid rate of change of our technology imposes the responsibility of continuing study in order to remain current in this field.

COURSE DESCRIPTIONS

COMPSCI 162 COMPUTER APPLICATIONS *GM* 3 u
A thorough introduction to using computers covering word processing, spreadsheets, data storage and retrieval, computer graphics and applications, uses of computers, e-mail and the Internet, hardware, history, and problems arising from the use of computers.
Prereq: MATH 140 or MATH 141 or concurrent registration or waiver from the University Mathematics Proficiency Requirement.

COMPSCI 171 INTRODUCTION TO PROGRAMMING *GM* 3 u
An introduction to computer programming and its applications to science, business and education. Opportunity for extensive experience in designing and writing structured programs in the Visual Basic language.
Prereq: MATH 141 or waiver of MATH 141.

COMPSCI 172 INTRODUCTION TO OBJECT-ORIENTED PROGRAMMING IN JAVA *GM* 3 u
This course will give students the essentials of object-oriented programming in Java. Students will learn to formulate algorithms, to solve problems and to implement those solutions with a Java program that employs objects and classes. The student will be introduced to object-oriented design, applications, and applets, class construction, methods and message passing, arrays, string-processing, file processing, and some event-handling and Graphical User Interface programming. This course is designed for students with some prior programming experience.
Prereq: COMPSCI 171 and either MATH 152 or MATH 143 or Calculus placement or consent of instructor.

COMPSCI 174 INTRODUCTION TO C++ *GM* 3 u
This course teaches basic programming skills using the structured high-level language C++. Topics include basic input and output, declaration and use of variables, use of control statements, implementation of functions using value and reference parameters, arrays, and structures. Students will write moderately complex applications using C++.
Prereq: COMPSCI 171 and either MATH 152 or MATH 143 or Calculus placement or consent of instructor.

COMPSCI 181 INTRODUCTION TO DATABASE AND THE WEB *GM* 3 u

This course provides the student with a comprehensive working knowledge of a modern database package including the creation of a database, construction of a wide range of queries, use of forms, and report writing features. The course also gives an introduction to the creation of World Wide Web pages using the Extended Hypertext Markup Language (XHTML).
Prereq: MATH 141 or waiver of MATH 141.

COMPSCI 222 INTERMEDIATE C++ 3 u
This course will cover more advanced issues of C++, including memory management, pointers and user-defined data types. Topics will include reading and writing files, dynamic arrays, implementation of the principles of object oriented design including encapsulation, and inheritance, planning and testing. Students will write complex applications using C++.
Prereq: COMPSCI 174.
Unreq: MCS 220.

COMPSCI 223 ADVANCED C++ 3 u
This course covers issues of data structures, professional software development methodologies including software patterns and advanced object oriented techniques. Topics include lists, queues, stacks and trees. Complex data structure and object-oriented design technique, including inheritance and polymorphism, are applied to develop large projects.
Prereq: COMPSCI 222.
Unreq: MCS 231.

COMPSCI 271 ASSEMBLY PROGRAMMING 3 u
A study of assembly language basic instructions, number systems, information move, integer arithmetic, subroutine linkage, memory allocation, bit manipulation, floating point arithmetic, macro definition and conditional assembly, the program status word, interrupt and I/O structure.
Prereq: COMPSCI 172.

COMPSCI 302 COMPUTER LOGIC AND MICROPROCESSORS 3 u
Structure of microprocessors and microprocessor systems, programming in machine language, computer logic and logic circuits, and interfacing.
Prereq: COMPSCI 172.

COMPSCI 322 COMPUTER LANGUAGES AND COMPILERS 3 u
This course is an introduction to the theory of computer languages and the construction of assemblers and compilers. Students will write a small assembler and a small compiler, and will compare features of many computer languages.
Prereq: COMPSCI 271 and either COMPSCI 372 or MCS 231.

COMPSCI 332 INTRODUCTION TO ARTIFICIAL INTELLIGENCE 3 u
This course introduces basic artificial intelligence principles including simple representation schemes, problem solving paradigms, constraint propagation, search strategies and learning approaches. Knowledge representation, natural language processing, gaming, machine learning and user modeling will be explored. Students should have written moderately complex computer programs in a high level language.
Prereq: MCS 220.

COMPSCI 381 JAVASCRIPT AND DHTML 3 u
JavaScript is a computer language for adding flexibility and functionality to web pages. A powerful language in its own right, it also has the capability to interact with HTML forms, browsers, Java applets, and other objects found on a web page. Students in this course will gain a thorough understanding of JavaScript, and learn to harness its abilities to manage windows, forms, events, cookies, etc.
Prereq: COMPSCI 172 and COMPSCI 181 or equivalent preparation and consent of instructor.

COMPSCI 382 PERL AND CGI SCRIPTING 3 u
Perl and CGI scripting are key to processing web forms, as well as for automating a wide range of server tasks. Perl is optimized for scanning text files, extracting information and generating reports/web pages based

on the results. This course will provide a thorough introduction to the Perl language, with an emphasis on its use in processing web forms. Students will learn to manipulate data, generate dynamic web pages, control email and much more.

Prereq: COMPSCI 172 and COMPSCI 181 or equivalent preparation and consent of instructor.

COMPSCI 412/612 COMPUTER ORGANIZATION AND SYSTEM PROGRAMMING 3 u

A study of general computer system organization and architecture. Comparison of CPU and memory structure, instruction formats, addressing, flow of control and operating systems on different types of computer. Assembly language is used extensively to write system programs.

Prereq: COMPSCI 271 or consent of instructor.

COMPSCI 424 OPERATING SYSTEMS 3 u

This course covers problems encountered by computer operating systems including resource management, memory management, virtual memory, concurrent programming, and distributed systems. Algorithms are presented for deadlock, memory paging, job scheduling, memory allocation, and performance measurement. Operating systems such as WINDOWS, DOS, UNIX, VMS, and MVS are discussed.

Prereq: COMPSCI 271 and either COMPSCI 372 or MCS 231, or consent of instructor.

COMPSCI 433 THEORY OF ALGORITHMS 3 u

This course is a survey of algorithms needed for searching, sorting, pattern matching, analyzing graphs, and a variety of other problems of discrete mathematics. Analysis of algorithm efficiency and space/time tradeoffs are discussed.

Prereq: MCS 231 or both MATH 280 and COMPSCI 172.

COMPSCI 434 THEORY OF COMPUTATION 3 u

This course is an introduction to the theory of computation. It discusses finite automata and Turing machines as models of computation. It includes discussions of regular sets, recursive and partially recursive functions, context free grammars, the halting problem, undecidable problems, complexity, and Np-completeness.

Prereq: MATH 280.

COMPSCI 443 COMPUTER SIMULATION 3 u

This course will teach students how to simulate natural phenomena both through the writing of computer programs and by using existing computer packages. The course will contain techniques of writing simulation programs in a high level object oriented computer language to simulate real world phenomena from Physics, Chemistry, and Biology. It will survey existing software packages that lend themselves to simulation.

Prereq: MATH 253 and either COMPSCI 372 or MCS 231.

COMPSCI 445 COMPUTER MODELING 3 u

This course will introduce students to analytical techniques used to develop models of systems, and to techniques and tools of applied mathematics and computing used to solve such models. Though the topics are introductory the student will see fundamental problems and appreciate the creative and innovative methods used to solve these problems. Models discussed will be chosen from Physics, Biology, Ecology, Economics, Cognitive Studies, Manufacturing and Engineering.

Prereq: MATH 355 and either COMPSCI 372 or MCS 231.

MATH 471 NUMERICAL ANALYSIS 3 u
(See Mathematics)

COMPSCI 481 WEB SERVER AND UNIX ADMINISTRATION 3 u

This course is intended to introduce students to Web Server software and UNIX and UNIX-like operating systems from the perspective of the System Administrator. Linux, the fastest growing operating system, will be studied in detail, together with the Apache web server. Web server configuration will be studied, including optimization, security issues and virtual server

administration. Additional topics will include shell programming, system monitoring, file systems and the X Windows GUI. This course will focus on common system administration duties on the Linux platform. Students will acquire competency in using shell programming skills to automate the maintenance of server activity. Emphasis will be placed on using Linux as an Internet server.

Prereq: COMPSCI 381 and COMPSCI 382 or equivalent preparation and consent of instructor.

COMPSCI 482 WEB DATABASE DEVELOPMENT 3 u

This course will introduce students to MySQL databases and PHP3 scripting on a UNIX platform. Students will create and interact with databases via the web. Topics will include SQL; creating, accessing and updating server-side databases; a variety of database-to-web interface tools; and the PHP embedded scripting language. Transactions with other database products via PHP will also be considered.

Prereq: COMPSCI 381 and COMPSCI 382 or equivalent preparation and consent of instructor.

COMPSCI 490/690 WORKSHOP *Repeatable* 1-3 u

Prereq: Consent of instructor.

COMPSCI 494 SEMINAR *Repeatable* 2 u

Prereq: Consent of instructor.

COMPSCI 496/696 SPECIAL STUDIES *Repeatable* 1-3 u

Prereq: Consent of instructor.

COMPSCI 497 EXCHANGE STUDY *Repeatable* 1-12 u

COMPSCI 498 INDEPENDENT STUDY *Repeatable* 1-3 u
IN COMPUTER SCIENCE

Prereq: Consent of instructor.

COMPSCI 498R INDEPENDENT STUDY *Repeatable* 1-3 u
UNDERGRADUATE RESEARCH

Study of a selected topic or topics under the direction of a faculty member.

Prereq: Department consent.

**DEPARTMENT OF PHILOSOPHY
AND RELIGIOUS STUDIES**

Phone: 262-472-4775

E-Mail: philrelgn@uwm.edu

Faculty: Richard Brooks, Christopher Calvert-Minor, David Cartwright (Chairperson), Wade Dazey, Crista Lebens, Ann Luther, David Reinhart, Howard Ross, David Simmons.

The Department of Philosophy and Religious Studies offers a major in Liberal Studies with/without a minor; and minors in Liberal Studies, Philosophy, Philosophy Education Emphasis, and World Religions. The program descriptions are listed below.

LIBERAL STUDIES MAJOR

The Liberal Studies major is designed for students who want a broad liberal arts background and the flexibility to tailor their studies to their own needs, interests and career goals. The major encompasses study of a wide range of disciplines, including the arts, humanities, sciences and social sciences, which enable students to develop breadth of vision, a capacity for critical thinking, and a fundamental understanding of human nature, society and values. The major also fosters development of skills and abilities employers consider most important, such as problem solving, analytical thinking, interpersonal relations and communications skills, among others. Applied minors such as those in business, Public Relations, and Legal Studies complement this major especially well.

238 PHILOSOPHY AND RELIGIOUS STUDIES

The Liberal Studies major is particularly appropriate for non-traditional, returning and transfer students who wish to complete a degree. Every effort is made to include applicable transfer courses within the major whether they have UW-W equivalents or not, and courses scheduled to accommodate working adults.

For more information on this major, contact the Philosophy and Religious Studies Department.

DISTRIBUTIONAL REQUIREMENTS

1. UPPER LEVEL (300-400s): SELECT AT LEAST 9 UNITS

NOTE: COURSES USED IN THE MINOR MAY NOT BE USED TO SATISFY MAJOR REQUIREMENTS OR UNIVERSITY REQUIREMENTS. NO MORE THAN FOUR COURSES FROM ANY ONE SUBJECT AREA MAY BE COUNTED IN THE MINOR. NO MORE THAN TWO COURSES FROM THE MAJOR SUBJECT AREA MAY BE COUNTED IN THE MINOR.

PHILOSOPHY

Philosophy is a basic field of inquiry that is neither part of nor reducible to any other discipline. Philosophers explore ideas, questions, issues, and problems that arise from the entire spectrum of human experiences.

242 PHILOSOPHY AND RELIGIOUS STUDIES

Philosophy courses deal with fundamental issues concerning the nature of morality and the good life, methods of correct reasoning, the nature of knowledge and reality, aesthetics, and the foundations needed for a good society. In addition to courses dealing explicitly with those issues, courses are also offered that survey the history of western philosophy in light of these issues.

As a discipline central to a liberal arts education, philosophy seeks to develop students' skills and knowledge, preparing them for life as a whole. Hence it fosters critical, analytical, and creative thinking skills that are relevant to any subject matter. The philosophy minor complements any major field of study that demands higher order thinking skills and the ability to understand and assess complex and competing points of view.

LIBST 499 SENIOR THESIS 3 u

A capstone course for Liberal Studies majors. Students will write a 5,000-10,000 word reflective statement, or equivalent project, in which they integrate key concepts and methodologies of the liberal arts and draw thematic connections between the courses constituting their Liberal Studies major. Prereq: LIBST 201 and Senior standing. Students in the 36-unit major must have completed 24 units in the major in addition to LIBST 201 and students in the 54 unit broad-field major must have completed 45 units in the major in addition to LIBST 201.

PHILOSOPHY COURSE DESCRIPTIONS

PHILSPHY 121 TRUTH AND THE MEDIA *GH* 3 u

There is a vast array of media outlets, political talking heads, and mass-marketed paraphernalia that claim to know what you should know, how you should feel about it, and what the best things are for you. We live thoroughly media-ated. This course critiques our current media culture on the veracity/rationality of their epistemic claims.

PHILSPHY 241 INTRODUCTION TO PHILOSOPHY *GH* 3 u

An introduction to philosophical thought. Representative philosophers and representative issues, such as the nature of ethical reasoning, rival theories of knowledge, and the individual's relation to society, are considered. The emphasis is on argument and analysis, and on issues which are relevant to philosophical problems.

PHILSPHY 245 CONTEMPORARY MORAL ISSUES *GH* 3 u

An analysis and critical examination of contemporary moral issues related to business, science, and social policy as developed by current participants in the debate and moral philosophers of various periods and philosophical perspectives.

PHILSPHY 247 BIOETHICS *GH* 3 u

This course introduces key ethical approaches such as Kantian ethics, utilitarianism, and feminist ethics and addresses their application to issues in health care practice. Ethical issues to be addressed may include: end-of-life decisions, family planning, genetic technology, access to health care, and the role of health care professionals.

PHILSPHY 248 ENVIRONMENTAL ETHICS *GH* 3 u

A critical examination of ethical issues and problems arising from human interaction with non-human animals and the natural environment. Topics, such as the moral status of non-human animals, the moral bases of an environmental ethics, biodiversity, and sustainable development, will be considered by examining the writings of philosophers representing various perspectives.

PHILSPHY 251 LOGIC *GH* 3 u

By examining basic concepts, methods, and techniques for evaluating argumentation, this course aims at developing students' abilities to recognize, criticize, and construct arguments. The relationship between language and good reasoning will also be considered.

PHILSPHY 261 INTRODUCTION TO ETHICS *GH* 3 u

A study of the main Western theories of moral value and obligation. These theories will be analyzed in terms of their adequacy for solving moral problems and their ability to articulate the morally good life. Consideration will also be given to challenges to normative ethics.

PHILSPHY 271 INTRODUCTION TO AESTHETICS *GH* 3 u

An analysis and discussion of problems as to the nature of art, artistic truth or insight, aesthetic appreciation, evaluation of works of art, creativity, and the role of the artist in society.

Prereq: GENED 110 or consent of the instructor.

PHILSPHY 281 SOCIAL PHILOSOPHY *GH* 3 u

A discussion of ideas which are basic to thinking about society, its purposes, and its structure. Such ideas as justice, equality, rights, obligations and freedom are examined.

Prereq: GENED 130 or consent of the instructor.

PHILSPHY 291 PHILOSOPHY OF THE NATURAL
AND SOCIAL SCIENCES *GH* 3 u

A critical examination of the methods, presuppositions, and concepts of the natural and social sciences. This course examines key concepts in the sciences such as time, space, explanation, verification, model construction, etc.

PHILSPHY 341 CLASSICAL PHILOSOPHY *GH* 3 u

An introduction to the major figures in Greek philosophy, including representative pre-Socratic philosophers, Plato, and Aristotle, focusing on Classical sources of philosophy of science, ethics, political philosophy, and theory of knowledge.

Prereq: Sophomore standing.

PHILSPHY 342 MODERN PHILOSOPHY *GH* 3 u

This course concentrates on the main movements in philosophy from Descartes through Kant. Principal works and selections from the major philosophers will be read.

Prereq: Sophomore standing.

PHILSPHY 346 19TH CENTURY PHILOSOPHY 3 u

This course concentrates on the main movements in 19th century philosophy. Selections from principal works of major philosophers of the period, such as Hegel, Schopenhauer, Kierkegaard, Nietzsche, Marx, Husserl, Peirce, and James, will be critically examined.

Prereq: Sophomore standing or 3 units of philosophy.

PHILSPHY 347 20TH CENTURY PHILOSOPHY 3 u

This course concentrates on the main movements in 20th century philosophy. Selections from principal works of major philosophers of the period, such as Ayer, Wittgenstein, Quine, Carnap, Heidegger, Sartre, Irigaray, Lyotard, and Derrida will be critically examined.

Prereq: Sophomore standing or 3 units of philosophy.

PHILSPHY 364 EXISTENTIALISM 3 u

Existentialism is the philosophy of the individual the existing, concrete

individual. As a reaction against totalizing systems that leave individuals as small cogs in the wheel of history. Existentialists tackle questions about what it means to be an individual and the struggle of living in freedom - and so shall we.

Prereq: Sophomore standing or 3 units of philosophy.

PHILSPHY 381 PHILOSOPHY OF GENDER AND RACE 3 u

This course examines the philosophical assumptions underlying concepts of gender and race. Topics include: historical and contemporary arguments about race and gender as biological categories; the relationship between the use of these categories and the persistence of sexism and racism; and race and gender in theories of subjectivity.

Prereq: Sophomore standing or consent of instructor.

PHILSPHY 390/590 FEMINIST PHILOSOPHY 3 u

An introduction to feminist philosophy including its relation to other philosophical traditions, its historical development, and its relevance to concerns in areas such as ethics, theory of knowledge, political philosophy, and philosophy of religion.

Prereq: Sophomore standing or consent of instructor.

RELIGIOUS STUDIES

Religious Studies provides information and discussion about religious issues and major religious traditions in an academic atmosphere of fairness and intellectual objectivity. The purpose of the discipline is to further the student's liberal education by promoting tolerance and an informed critical understanding about religious issues and ideas of various cultures. Its special concern is the intellectual examination of the religious content pervading influential ideals, values, and practices found in the dominant cultures of human society.

Individual Religious Studies courses may serve as complements to any program of university study and most fulfill General Education requirements in the Humanities. Several Religious Studies courses fulfill requirements in other programs such as in General Business-International Emphasis and in Asian Studies, and are approved to meet history and contemporary culture requirements for teacher licensure. In addition, selected Religious Studies courses are electives in International Studies, Asian Studies, Philosophy, and Women's Studies.

COURSE DESCRIPTIONS

RELIGST 135 INTRODUCTION TO ISLAMIC
CIVILIZATIONS *GH* 3 u

This course examines emergence and evolution of Islamic civilizations from the seventh century through the modern era. It covers the birth and spread of Islam, the rise and fall of Muslim Empires, religious and political institutions, scientific and cultural achievements, and the position of women and religious minorities.

RELIGST 211 INTRODUCTION TO EASTERN
RELIGIONS *GH* 3 u

An introduction to the major religious traditions in the cultural areas of

244 PHILOSOPHY AND RELIGIOUS STUDIES

South, Southeast, and East Asia: Hinduism, Buddhism, Jainism, Taoism, Confucianism, and Shinto.

RELIGST 212 INTRODUCTION TO WESTERN GH 3 u RELIGIONS

An introduction to the major religious traditions that have shaped Near Eastern and Western culture; especially Judaism, Christianity, and Islam.

RELIGST 252 THE BIBLE AS LITERATURE 3 u

This course will survey the Bible and some other related Near Eastern literature, focusing on the development of genres, motifs, and other literary forms that have influenced the form and content of Western literature, including the parable, the proverb, the loss of Eden, exile and return, origin stories, and hero stories. (Offered jointly with English)

Prereq: ENGLISH 101 and ENGLISH 102.

Unreq: ENGLISH 252.

RELIGST 301 CRITICAL ISSUES IN MODERN GH 3 u RELIGION

An introduction to selected critical issues relating to contemporary academic concerns and modern culture. A variety of intellectual and religious positions will be analyzed and discussed.

RELIGST 302 RELIGIOUS ETHICS GH 3 u

The comparative study of the ethical dilemmas and discourse within religious narratives and traditions. The course presents selected ethical dilemmas and raises questions requiring students to analyze the positions embedded within religious narratives, and develop their own informed ethical positions. Topics include war, human rights, ecology, economic justice, and sexuality. Prereq: Sophomore standing or consent of instructor.

RELIGST 303 EASTERN RELIGIOUS THOUGHT GH 3 u

A study of selected texts and religious thought from India, China, and Japan in relation to their impact on personal spiritual development and cultural integration.

Prereq: Sophomore standing or consent of instructor.

RELIGST 304 CONTEMPORARY ISLAMIC THOUGHT 3 u AND PRACTICE

This course will explore - thematically rather than chronologically - major trends in contemporary Islamic thought and practice through a study of key thinkers and a close reading of their works. Such trends include modernism, reformism, fundamentalism, nationalism, centrism, liberalism and feminism. Prereq: RELIGST 212 or RELIGST 135 or HISTRY 135 or ARABIC 141.

RELIGST 330 WOMEN AND RELIGION GH 3 u

This course will trace changing conceptions of gender roles and the functions of women in various religious traditions. Feminine and masculine images of divinity will be compared and recent scholarship in feminist theology on questions such as the nature of divinity, immortality, and religious devotion will be examined.

Prereq: Sophomore standing or consent of instructor.

RELIGST 333 GEOGRAPHY OF RELIGION 3 u

This course examines the role of religion in contemporary American society and in communities around the globe from a geographic perspective. Significant places and spatial patterns associated with religions will be investigated along with the relationship between religion and the political landscape. Students will be expected to identify, visit, and analyze two religious sites in their community.

RELIGST 351 RELIGION IN AMERICAN CULTURE GH 3 u

An examination of the significant role played by religious ideas and traditions in American society from colonial times to the present in historical and cultural perspectives.

Prereq: Sophomore standing or consent of instructor.

RELIGST 353 SOCIOLOGY OF RELIGION 3 u

A study of the function and forms of religious groups in primitive and contemporary societies; a theoretical examination of religion as a basic

social institution. (Offered jointly with Sociology)

Prereq: 3 units of sociology.

Unreq: SOCIOLOGY 353.

RELIGST 365 RELIGIOUS AND PHILOSOPHICAL GH 3 u PERSPECTIVES ON DEATH AND DYING

A critical examination of philosophical and religious materials dealing with death and dying. Issues such as the nature of death, the fear of death, the possibility of an afterlife, the concept of immortality, ethical and legal problems raised in the dying process, the ethics of hospice care, and the morality of euthanasia will be considered.

Prereq: Sophomore standing.

RELIGST 388/588 THE HOLOCAUST: NAZI GERMANY 3 u & THE GENOCIDE OF THE JEWS

This course will examine the origins, implementation, and legacies of the Nazi Holocaust against the Jews. It is intended to help students gain an appreciation of the importance of the Holocaust to the Jewish experience, while understanding that other groups also were victimized. (Offered jointly with Sociology)

Prereq: 3 units of sociology, history or religious studies.

Unreq: SOCIOLOGY 388/588.

COURSE DESCRIPTIONS

PHYSICS 100 ENERGY GM 3 u
An examination of energy: its nature, the forms in which it appears, its transformation, current and future sources, and energy issues faced by an informed electorate. Three one-hour lectures per week.
Coreq: MATH 140 or MATH 141.

246 PHYSICS

PHYSICS 120 LIGHT AND COLOR *GL* 4 u
An introduction to light science for students in the visual arts and for students with an interest in art. The course includes the properties of light and color, the interaction of light with matter, the formation of visual images, and color vision. Three one-hour lectures and one two-hour laboratory per week. Coreq: MATH 140 or MATH 141.

PHYSICS 130 PHYSICS FOUNDATIONS *GL* 5 u
This course will explore topics in classical physics (motion, heat, sound, electricity, magnetism, and light) and modern physics (atomic structure, quantum mechanics and relativity) with an emphasis on how the principles explain and predict phenomena we observe every day. Four one-hour lectures and one two-hour laboratory per week. Coreq: MATH 141 or consent of instructor. Unreq: PHYSICS 212.

PHYSICS 140 PRINCIPLES OF PHYSICS I *GL* 5 u
An algebra-based course in classical mechanics at the introductory level. The content covers kinematics, Newton's laws, conservation laws, oscillations and waves, applications to fluids and elasticity, and thermodynamics and kinetic theory. Applications to the life and health sciences are emphasized, and essential MCAT subject matter is included. Basic understanding of trigonometry and the manipulation of vectors is necessary. Students with adequate mathematical preparation may wish to consider taking the PHYSICS 180 series. Four one-hour lectures and one three-hour laboratory per week. Coreq: MATH 152.

PHYSICS 141 PRINCIPLES OF PHYSICS II *GL* 5 u
An algebra-based course in electricity and magnetism, circuits, electromagnetic waves, optics and an introduction to modern physics. Applications to the life and health sciences are emphasized, and essential MCAT subject matter is included. Basic understanding of trigonometry and the manipulation of vectors is necessary. Students with adequate mathematical preparation may wish to consider taking the PHYSICS 180 series. Four one-hour lectures and one three-hour laboratory per week. Prereq: PHYSICS 140.

PHYSICS 150 FROM EINSTEIN TO STAR TREK *GM* 3 u
This introductory survey course will focus on areas of modern physics that are frequently discussed but often misunderstood. The theories of Einstein and other physicists will be used to examine science fiction devices such as time machines, warp drives, and mass transporters. Integrated throughout will be a discussion of what are science, science fiction, and pseudo-science. Not applicable toward any physics major or minor. Three hours of lecture a week.

PHYSICS 180 PHYSICS FOR SCIENTISTS AND ENGINEERS I *GL* 5 u
A lecture course in introductory physics including a mathematically rigorous analysis of mechanics, vibrations, wave motion, and thermodynamics using calculus. For majors and minors in physics, engineering, chemistry, mathematics. Four one-hour lectures and one three-hour lab per week. High school calculus recommended. Coreq: MATH 253.

PHYSICS 181 PHYSICS FOR SCIENTISTS AND ENGINEERS II *GL* 5 u
A course in introductory physics including a mathematically rigorous analysis of electricity and magnetism, light and optics, and modern physics using calculus. For majors and minors in physics, engineering, chemistry, and mathematics. Four one-hour lectures and one three-hour lab per week. Prereq: PHYSICS 180 or consent of instructor. Coreq: MATH 254.

PHYSICS 190 FRONTIERS OF ENGINEERING AND PHYSICS 1 u
An introduction to career tracks and career opportunities in engineering and physics. This course will feature readings on different career possibilities in engineering and physics and visiting lectures by practicing physicists and engineers. Professional skills, identification of career tracks, and scientific and technical communication will be emphasized. One hour lecture per week.

PHYSICS 212 PHYSICS FOR ELEMENTARY TEACHERS *GL* 4 u

This course is a one-semester introduction to physics with curriculum and instruction designed as an activity-based hands-on course for K-8 elementary education students and open to all education majors. The course emphasizes a student-oriented pedagogy in order to develop various physics concepts and the nature of science. Topics covered include motion, forces, energy, light, heat, electricity, and magnetism. Prereq: MATH 141 and restricted to students with BSE program. Unreq: PHYSICS 130.

PHYSICS 221 INTERMEDIATE LABORATORY 2 u
A laboratory course concentrating on techniques of recording, interpretation of, and reporting experimental data. Extensive use will be made of computers in data processing. Topics covered include data acquisition and the recording of data, error analysis, numerical analysis, graphing techniques, computational tools and report writing. Two two-hour laboratories per week. Prereq: PHYSICS 181 or PHYSICS 141 and MATH 254.

PHYSICS 240 PHYSICS OF SOUND AND MUSIC *GM* 3 u
A descriptive course that deals with various properties of sound, the generation of sound by traditional musical instruments and the electronic production and reproduction of sound. The physical process of hearing and the acoustical properties of rooms are also included. Three one-hour lecture periods per week. Coreq: MATH 140 or MATH 141.

PHYSICS 290 PHYSICS RECITATIONS I 1 u
Topics include, limits, increments and infinitesimals and their applications to physical problems, differentiation and differentials in physics, integration as anti-differentiation and integration of higher derivatives (application to kinematics in one dimension), vector and coordinate frames: application to kinematics in two and three dimensions, definite integrals and the integral as an area: application to mechanical energy and work. One-hour lecture per week. Coreq: MATH 253 or consent of instructor.

PHYSICS 291 PHYSICS RECITATIONS II 1 u
Topics include partial derivatives, increments, and total derivatives: application to force and potential energy, linear momentum, angular momentum, and the dynamics of systems, integrals in two and three dimensions: application to the dynamics of rigid bodies including rotations and forces in equilibrium. One-hour lecture per week. Prereq: PHYSICS 290 or consent of instructor.

PHYSICS 303 MICROPROCESSOR LABORATORY 2 u
Laboratory experience in microprocessor addressing, digital logic circuits, microcomputer input and output techniques, digital to analog and analog to digital interfacing and device control by microcomputers. This course will not satisfy the laboratory work requirements for the physics major; the credit will count toward the major. Prereq: Either (a) PHYSICS 175 (or PHYSICS 163) and COMPSCI 171 or (b) concurrent registration in COMPSCI 302/502 or (c) graduate student with computer programming experience or (d) consent of instructor.

PHYSICS 305 MECHANICS - STATICS 3 u
A study of forces on rigid bodies in equilibrium. Topics include force systems, equilibrium, distributed forces, structures, friction, internal forces, centroids and moments of inertia. This course also introduces notations and operations associated with tensor calculus. Three one-hour lectures per week. Prereq: PHYSICS 181 or PHYSICS 141, MATH 254.

PHYSICS 310 MECHANICS - DYNAMICS 3 u
A study of classical mechanics. Topics to be covered will include vector calculus techniques, dynamics of particles and systems and central force systems. Required of all majors and minors in physics. Three one-hour lectures per week.

Prereq: PHYSCS 324.

PHYSCS 324 METHODS OF THEORETICAL PHYSICS 3 u
 Topics covered include methods of theoretical physics, vector analysis, differential equations of mathematical physics, analytic functions and integration in the complex plane, Laplace transforms, Fourier series, Fourier transforms, and their applications in physics. Three one hour lectures per week.

Prereq: PHYSCS 181 or (PHYSCS 141 and MATH 254).

PHYSCS 325 CLASSICAL ELECTROMAGNETISM 3 u
 A study of the electrostatic field, electric multipoles, dielectrics, special methods in electrostatics, the magnetic field, magnetic materials, time-varying fields, conservation laws, and electromagnetic waves. Three one-hour lectures per week.

Prereq: PHYSCS 324.

PHYSCS 330 ANALOG AND DIGITAL ELECTRONICS 3 u
 An introductory course in electronics with emphasis on solid state devices, diode and amplifier circuits, waveform generation, operational amplifiers, digital circuitry and microcomputer applications to physical measurement. Three one-hour lectures per week.

Prereq: PHYSCS 221.

PHYSCS 331 ANALOG AND DIGITAL ELECTRONICS LABORATORY 1 u

A laboratory course in electronics with emphasis on solid state devices, diode and amplifier circuits, waveform generation, analog computer circuitry, digital circuitry. One two-hour laboratory per week.

Prereq: PHYSCS 330 or coreq in PHYSCS 330.

PHYSCS 344 MODERN PHYSICS 4 u

Topics covered include relativity, elementary quantum physics, atomic and molecular structure, elementary nuclear physics and fundamental particles. Laboratory experiments complement material presented in lectures. Three one-hour lectures and one three-hour laboratory per week.

Prereq: PHYSCS 181 or PHYSCS 141 and MATH 254.

PHYSCS 360 OPTICS 4 u

This course provides an introductory study of optical phenomena. Geometrical and physical optics beginning with a mathematical treatment of light waves and their interaction with materials. Topics also include interference diffraction, spectroscopy and spectroscopic instruments, polarization, light sources and detectors, lasers, holography, and some topics in modern optics. Three one-hour lectures and one three-hour laboratory per week.

Prereq: PHYSCS 324 or consent of instructor.

PHYSCS 364 THERMAL PHYSICS 3 u

A study in thermodynamics and statistical mechanics including the laws of classical thermodynamics, equations of state, thermodynamical processes, and applications to classical and quantum mechanical systems. Three one-hour lectures per week.

Prereq: PHYSCS 324.

PHYSCS 424 VIBRATIONS AND WAVES 3 u

This course emphasizes the relationship between vibrations and waves. Topics include free and damped vibrations in linear and non-linear systems with one- and several-degrees of freedom, longitudinal and transverse waves, and the wave equation. Analytic treatment and applications to real phenomena are stressed throughout this course.

Prereq: PHYSCS 324.

PHYSCS 425 QUANTUM MECHANICS 3 u

This course will explore the tools and postulates of Quantum Mechanics. Topics will include one and three-dimensional problems, angular momentum, as well as approximation methods such as time independent perturbation theory, and Wentzel-Kramers-Brillouin (WKB) methods. Three one-hour lectures per week.

Prereq: PHYSCS 324.

PHYSCS 489 PHYSICS Senior SEMINAR 2 u

The course will train students in making scientific presentations, summarize the concepts and methods taught in the physics major curriculum, and prepare them for the Physics Major Field Test as the final exam in the course. Students will become familiar with physics literature and learn to write abstracts and project proposals. They will demonstrate proper methods of verbal and visual presentation by delivering a graded series of talks, concluding with a satisfactory colloquium on a physics topic. Two one-hour sessions a week.

Prereq: Students must possess Senior-level standing in the major to receive credit for participation. Students with less than Senior standing are encouraged to attend in preparation for full participation when they become Seniors.

PHYSICS 490/690 PHYSICS WORKSHOP 1-8 u
 Repeatable for a maximum of 3 units in major or minor in physics.

PHYSICS 491/691 TRAVEL STUDY *Repeatable* 1-3 u

PHYSICS 493 PHYSICS COOPERATIVE EDUCATION 1 u
 The course gives the student an opportunity to intersperse full time study with full time employment. The student will be interviewed by a potential employer identified by the Physics Department. If accepted as an employee, the student may work from one to four terms. A work term is defined as a semester or a summer of employment. No more than two units may be counted towards the Physics Major. A written report is required.

Prereq: PHYSCS 173 and LSINDP 099 and a declared Physics/Industry major.

PHYSICS 494 PHYSICS SEMINAR *Repeatable* 1 u
 Prereq: Senior standing and consent of instructor.

PHYSICS 496/696 SPECIAL STUDIES 1-10 u
 Repeatable for a maximum of 3 units in major or minor in physics. Prereq: Physics major or minor, Junior or Senior standing and consent of instructor.

PHYSICS 498 INDEPENDENT STUDY 1-3 u
 Repeatable for a maximum of 3 units in major or minor in physics. Prereq: Junior or Senior standing and consent of department chairperson.

ASTRONOMY

ASTRONMY 112 INTRODUCTION TO ASTRONOMY *GL* 5 u

An examination of concepts regarding the organization of the universe. The solar system, astronomical principles and instruments, stellar evolution and galaxies are among topics covered. Activities include field trips, observations of the night sky and of the sun with telescopes, and laboratory work. Four one-hour lectures and one two-hour laboratory/observation period per week. There are two required evening observation sessions during the semester. Coreq: MATH 141 or consent of instructor. Unreq: ASTRONOMY 114.

ASTRONMY 114 DESCRIPTIVE ASTRONOMY *GM* 3 u

A non-laboratory course that introduces the basic aspects of astronomy, including cultural and historical considerations. The study of galaxies, stars, as well as our solar system is included. Observational activities and field trips may be included as integral parts of the course. Three one-hour lectures per week. Coreq: MATH 141 or consent of instructor. Unreq: ASTRONOMY 112.

ASTRONMY 490/690 ASTRONOMY WORKSHOP *Repeatable* 1-5 u
 Prereq: Consent of instructor.

ASTRONMY 496/696 SPECIAL STUDIES *Repeatable* 1-3 u
 Prereq: Consent of department.

ASTRONMY 498 INDEPENDENT STUDY *Repeatable* 1-3 u
 Prereq: Consent of instructor.

Students who major or minor in political science and its related disciplines at UW-Whitewater are offered a comprehensive course of study, emerging from the awareness that governmental policy and policy-making are of paramount importance for the life we lead. The political science program at UW-W concentrates on providing students with a basic understanding of contemporary government, policy-making, and politics. An internship program which provides students a unique opportunity to blend this theory with practice is also available. Internship possibilities include work with a legislator, on the campaign staff of a candidate for public office, in a law office, or in a governmental agency. While most students intern in Wisconsin, there is also a program based in Washington, D.C. through the Washington Center to provide students with opportunities to view the national political process in action. Students should be aware of the intimate relationship between the political process and the world of business. For those interested, a liberal arts political science program combined with a professional minor might prove useful.

Also available is an interdisciplinary major in Public Policy and Administration which provides comprehensive preparation for careers in government and in government-related organizations in the private sector. This major is sponsored jointly with the Department of Management. The Political Science Department offers minors in Political Science, Public Administration, and Legal Studies, as well as Paralegal and Lobbying Certificates.

MAJORS/EMPHASES

Honors in Political Science: The Political Science Department offers an honors program within the major. Program and course requirements are provided below. In addition to completing the requirements of the Political Science major, those students earning the Honors designation are required to prepare a Senior honors thesis, submit an undergraduate research grant proposal and complete either an internship or travel study course.

Career Options: There are several potential options which a person interested in political science may follow. Students may wish to plan their programs with certain career objectives in mind. Among the options recommended are the following:

I. Public Employment Option—Plan A: Major in political science with a minor in public administration—Plan B: Double Major in Political Science & Public Policy & Administration

II. Law Option—Plan A: Major in political science with a minor in Legal Studies—Plan B: Major in political science with a minor in a related discipline.

III. International Employment Option—Plan A: Major in political science with an emphasis in comparative and international politics—Plan B: Major in Political Science & minor in International Studies

IV. Government and Business Option—Plan A: Major in political science and a minor in a related discipline—Plan B: Major in political science and select a business minor.

DEPARTMENT OF PSYCHOLOGY

Phone: 262-472-1026 E-Mail: psychology@uwm.edu

Faculty: Barbara Beaver, Gregory Cook, Joan Littlefield Cook (Chairperson), Kimberly Knesting-Lund, Carolyn Morgan, Christine Neddenriep, Heather Niemeier, Cliff O'Beirne, Elizabeth Olson, Tracey Scherr, Daniel Stalder, Meg Waraczynski, Shen Zhang.

Psychological science seeks answers to myriad questions about human thought, emotion and behavior. Psychology majors will receive fundamental training in psychological methodologies and will become acquainted with a wide variety of psychological topics, including the relationship between physiology and behavior, the processes through which people acquire and use information, and the factors that influence social, emotional, and cognitive development in both adaptive and maladaptive directions.

The Psychology Department offers students several options for planning their college career. The psychology major prepares students with a broad education, flexible outlook, and essential skills - including critical thinking, writing, data-driven decision making, and problem solving - for employment in various business and social services settings. The psychology major curriculum also allows students to consider graduate programs in psychology. In particular, the Scientist-Practitioner Graduate School Preparation Emphasis is especially designed for students anticipating graduate study in practice-related fields such as clinical psychology, counseling psychology, and school psychology. The Psychological Sciences Graduate School Preparation Emphasis is especially designed for students anticipating graduate study in fields such as social psychology, developmental psychology, and cognitive psychology.

PROGRAM OF RACE AND ETHNIC CULTURES

Phone: 262-472-1620

E-Mail: raceethnic@uwm.edu

Faculty: Paul Adogamhe, Lloyd Binagi, Elizabeth Hachten (Interim Coordinator).

The Race and Ethnic Cultures Program offers a 24-unit minor composed of 3 units of American Indian Studies, 9 units of African-American Studies, 9 units of Chicano Studies and 3 elective units chosen from a list of approved courses. In an ever-changing nation and international community of people, this minor will help broaden students' knowledge of the experiences and contributions racial/ethnic groups have made to this country's development and prosperity and also, to the world's. It complements several majors, preparing students for the future.

Gender Studies and Ethnic Studies are interdisciplinary areas that explore new knowledge about gender and ethnicity as social categories. The Gender and Ethnic Studies Minor allows students to explore the intersections of these two disciplines and to study the ways that gender and ethnicity shape each other and the world. This minor broadens students' knowledge of the experiences and contributions of women and ethnic minorities. It helps students understand complex social issues, such as poverty and inequality, and it complements a wide range of majors.

COURSE DESCRIPTIONS

RACE AND ETHNIC CULTURES - GENERAL

RACEETH 150 ATLANTIC HISTORY *GH/Diversity* 3 u
This course explores the Atlantic community created as a result of Christopher Columbus' voyage of 1492. It examines the process which drew together the history of four continents, Europe, Africa, North and South America, as a result of the commerce, migrations, and imperial rivalries initiated by the Columbian encounter. The course, thus, focuses not only on the Atlantic Ocean itself as a frontier and zone of interaction but on the destruction and reconfiguration of Indigenous societies, the patterns of labor developed as a result of African slavery, the creation of new world societies, independence movements and different strategies of accommodation, resistance and rebellion.
Unreq: HISTRY 150.

RACEETH 202 INTRODUCTION TO *GH/Diversity* 3 u
U.S. LATINO LITERATURE

The course will present students with the diverse U.S. Latino experiences, by introducing them to texts that examine literary works by authors of Latino/Latina backgrounds, in their historical context and cultural context.
Unreq: ENGLISH 202.

RACEETH 217 ETHNIC POLITICS *GE/Diversity* 3 u
The central concern of this course is to provide the student an awareness of the political development of racial and ethnic minorities in today's political

arena. It will compare and contrast the development of the white ethnic communities of the 19th and 20th centuries with our modern day racial and ethnic minorities. (Offered jointly with Political Science)
Unreq: POLISCI 217.

RACEETH 280 POLITICS OF URBAN INEQUALITY IN THE U.S. *GS/Diversity* 3 u

The course offers a sophisticated depiction of systemic urban inequality that constrains the lives of the urban poor. The readings will feature academic books and research articles that describe and analyze the politics and life experiences in inner-city neighborhoods.
Unreq: POLISCI 280.

RACEETH 285 ASIAN AMERICANS *Diversity* 3 u

The course examines the intersection of Asia and United States through peoples who migrated from Asia. It reviews issues of race and ethnicity and provides an overview to Asian cultures so that students can understand Asian American diversity and Asian cultures of origin. It examines the diverse experiences of the various Asian peoples who have migrated to the U.S., including inter-Asian American relations and intergroup relations between Asian Americans and others in the U.S. The course explores issues of Asian American discrimination, stereotypes, identity formation, collective action and pan Asian identities, and hybrid or transnational identities.
Prereq: GENED 130 and GENED 120 or GENED 140, or Sophomore standing.
Unreq: SOCIOLOGY 285.

RACEETH 368/568 AMERICAN MINORITY WOMEN WRITERS *Diversity* 3 u

A survey of poetry, fiction, drama, and essays written by African-American, Hispanic-American, Native American, and Asian-American women.
Prereq: ENGLISH 101 and ENGLISH 102 or ENGLISH 161 and ENGLISH 102 or consent of instructor.
Unreq: ENGLISH 368/568.

RACEETH 380/580 RACE, ETHNICITY, AND SOCIAL JUSTICE: ISSUES FOR HELPING PROFESSIONALS *Diversity* 3 u

The course is designed to help students develop a greater understanding of the influence of one's race and ethnicity on the ways individuals perceive the world and the ways they are treated by others and by society. Within the framework of the helping professions, students will have the opportunity to examine their attitudes toward members of racial and ethnic minorities, develop ways to learn about the participation in and treatment of racial and ethnic minority groups in work, education, and social services, and examine ways to affect one's own attitudes and society to achieve social justice.
Unreq: SOCWORK 380/580.

RACEETH 393 RACIAL & ETHNIC INEQUALITY: BEYOND THE CLASSROOM 3 u

Readings in theoretical, empirical, and policy literature will offer an in-depth study of racial and ethnic inequality in criminal justice, housing, poverty, health, education and immigration. The class features an experiential component through field trips across the region to thematically orientated site visits with experts in the field of inequality.
Prereq: 3 units of sociology or completion of University Diversity requirement; or consent of instructor.
Unreq: SOCIOLOGY 393.

AFRICAN-AMERICAN STUDIES

The objectives of African-American Studies are to provide a systematic study of the experiences, conditions, and origins of African-American people, their philosophical, religious, and social values, their various modes of artistic expression, and the way, in which each of these cultural aspects are interrelated. In this way, African-American Studies provides the student with an opportunity to gain knowledge and understanding of the history, social organization, current conditions, and problems that face African-Americans as a racial minority in the United States. Additionally, the study of the African-American experience will unfold and analyze the African-American contribution to the American heritage.

AFRIAMR 100 INTRODUCTION TO BLACK CULTURE *GE/Diversity* 3 u

This course is an introduction to the experiences, literature, art, and music of Black people. Emphasis will be placed on major Black contributions to American culture. Special attention will be paid to Black studies as a discipline.

AFRIAMR 141 MODERN BLACK AMERICAN HISTORY *GE/Diversity* 3 u

A critical examination and analysis of the status and role of Black Americans in the United States since 1865.
Unreq: HISTRY 141.

AFRIAMR 261 AFRICAN-AMERICAN POLITICS *GE/Diversity* 3 u

The course examines the African-American experience of race, ethnicity, class, and gender within the context of American political landscape. It will therefore explore the unique history, content and forms of African-American political participation as well as their struggle for freedom and equality as full citizens in the workings of various American political institutions.
Unreq: POLISCI 261.

AFRIAMR 270 THE AFRICAN AMERICAN COMMUNITY: A SOCIOLOGICAL PERSPECTIVE *GE/Diversity* 3 u

This course provides lower level undergraduate students with systematic sociological understanding of the historical and current experiences of African American people. (Cross-listed with Sociology)
Unreq: SOCIOLOGY 270.

CHICANOS IN THE U.S.: 19TH CENTURY ROOTS AND 20TH CENTURY DEVELOPMENT

Interprets historical events of the U.S. and their impact on the Chicano emphasizing 19th century roots and 20th century development. Takes an in-depth look at implications of the Treaty of Guadalupe Hidalgo and 20th century Mexican Immigration.

CHICANO 320/520 POLITICS OF THE *GE/Diversity* 3 u
CHICANO

A comprehensive analysis of Chicano life as it relates to U.S. governmental

institutions. Chicanos are presented in terms of their political, social, and religious affiliations; their economic and occupational status; and their family life and language relationships to the U.S. Federal System of Government. This study views Chicanos from two separate perspectives: as a self-contained ethnic minority and as a part of the broader U.S. population.

CHICANO 330 CHICANO AND LATINO *GE/Diversity* 3 u
 AMERICAN THOUGHT

A close analysis of the ideological perspectives of the Hispanic Movement will show that the issues inherent in this movement are not new ones. The Hispanic situation, that of a conquered people, traces its beginnings to the early XVI century with the conquest of Tenochtitlan by Hernan Cortes. Essays from both the conqueror and the conquered will be studied that show that ideologically Aztlan and Latino American countries have a similar point of reference.

DEPARTMENT OF SOCIAL WORK

Phone: 262-472-1137 E-Mail: socwork@unw.edu

Faculty: Sarah Hessenauer, Tim Reutebuch, Jeannine Rowe, Mike Wallace, James Winship (Chairperson).

The primary objective of the social work major is preparation of students for beginning level professional generalist social work practice. The major emphasizes development of students' practice skills by providing classroom and internship content in the wide variety of social and personal problems encountered by individuals, groups, families, organizations, and communities. Relationship and problem-solving techniques are stressed during the phases of studying, analyzing, testing, and evaluating social problems in both urban and rural areas. Many types of employment settings are available for professional social workers including counseling, foster care, adoption, child protective services, probation and parole, services to single parents, day care, public assistance, services to people of color and women, school social services, drug and alcohol counseling, services for the elderly, and positions in the areas of community organization, social planning and social action.

MAJOR

Requirements for admission into the Professional Segment (i.e., Social Work Practice and Practicum courses) of the Social Work major include: a 2.25 overall grade point minimum is needed to enroll in practice courses (SOCWORK 371, SOCWORK 372, and SOCWORK 473) and in Social Work Experience (SOCWORK 493). Exceptions will be made for students having a 2.50 GPA for the last two semesters having taken at least nine units during each semester; or a 2.75 GPA having taken at least nine units in the semester prior to applying. Students with a lower grade point average may enroll in other Social Work courses. Check with the Social Work Department office for specific information about admissions processes.

All required Social Work courses must be completed with a grade of C or better. Any required Social Work course in which a lower grade is received must be retaken by the student. Any student who receives a second grade

below C in the same required social work class will not be permitted to continue in the program.

Graduation requirements for a major in Social Work: a 2.25 grade point average in the Social Work major is needed.

the systematic study of human group behavior that seeks to understand the processes by which people build, maintain, and changes their institutional arrangements and relationships with one another in an increasingly complex and global world.

The Sociology-Criminal Justice Emphasis Major and Criminal Justice Minor focus on the nature and causes of criminal and delinquent behavior and the operation of the criminal justice system in the United States. The Sociology-Global Comparative Emphasis Major entails analysis and comparison of social institutions, processes, and relationships across social and cultural settings, both within and between national borders. The Family and Health Studies Minor focuses on the personal and social dimensions of family and health issues. The Forensics Minor involves practical applications of physical science to the fields of criminal justice and law. The Anthropology Minor involves the cross-cultural study of humankind, both past and present, including its origins and development and material and nonmaterial culture through archeological, biophysical, ethnographic, and linguistic perspectives.

COURSE DESCRIPTIONS

SOCIOLOGY 240 PRINCIPLES OF SOCIOLOGY GS 3 u
 This course introduces students to the ways in which sociologists use theory and research to study human group behavior and the processes by which people build, maintain, and change their institutional arrangements and relationships with one another. The course will focus on five areas of inquiry: social structure, interaction, and change; inequality and diversity; family and health; crime, criminal justice, and law; and global comparative.

SOCIOLOGY 250 SOCIAL PROBLEMS GS 3 u
 This course examines various theoretical explanations of contemporary social problems such as crime, drug use, poverty, discrimination and environmental pollution. The impact of social problems on different groups in society and the role of social movements, government, and social policy are considered.

SOCIOLOGY 252 INTRODUCTION TO FAMILY STUDIES GS 3 u

270 SOCIOLOGY, ANTHROPOLOGY & CRIMINAL JUSTICE

ANTHROPOLOGY

COURSE DESCRIPTIONS

ANTHROPL 218 CULTURAL ANTHROPOLOGY GS 3 u
Varieties of human cultures past and present throughout the world, emphasizing the comparative study of social systems.

ANTHROPL 220 TOMBS, TEMPLES & BURIED TREASURE: INTRODUCTION TO ARCHAEOLOGY GS 3 u
This course introduces students to the basic work of archaeology. It aims to dispel popular myths about the field perpetuated by the popular media. In place of those myths it presents methods of archaeological research and the discoveries such research has produced. These discoveries reveal the 4 million year history of humans and their ancestors before the invention of written records.
Prereq: GENED 130.

ANTHROPL 225 HUMAN EVOLUTION: INTRODUCTION TO BIOLOGICAL ANTHROPOLOGY GS 3 u
Biological anthropology studies human biological evolution and variation. Topics will be: Genetics and Human Evolution, Misconceptions about human evolution and adaptation, the biology and behavior of primates, the fossil record and the origin of bipedalism and evolution of larger brains and lastly the challenges of the future as a result of our recent evolution history.

ANTHROPL 302 CULTURE, MEDICINE AND HEALTH 3 u
Medical anthropologists apply critical concepts and ethnographic methods to understand the lived experience of illness and suffering; differing medical practices; and the various ways modern healthcare impacts societies. This course is an introduction to the field and designed for students in the social sciences, humanities, and biological/health sciences.
Prereq: GENED 130 and 3 units of sociology or anthropology.
Unreq: SOCIOLOGY 302.

ANTHROPL 305 NATIVE NORTH AMERICA TODAY: PEOPLE, CULTURE AND SURVIVAL Diversity 3 u
This course, while assessing anthropology's long-term relationship with Native North America, primarily presents an opportunity for students to engage with the representation of contemporary Native cultures (and identity) through ethnographic reading and study. This will be accomplished through autobiographic, ethnographic, and medical anthropological literatures (and other media forms). Students will be asked to react through discussion, writing, and examination.
Prereq: 3 units in anthropology, or sociology or permission of instructor.
Unreq: AMERIND 305.

ANTHROPL 310 WOMEN AND THE SHAPING OF LATIN AMERICAN CULTURE 3 u
This course critically examines roles of women in shaping Latin American culture and society through exploration of individual and collective action. Through the lenses of film, essay, and objective studies students encounter ways in which women create, maintain and restore cultures often viewed by the outside as strongly male-dominated.
Prereq: 3 units of anthropology or permission of the instructor.

ANTHROPL 316 PHARMACEUTICALS, CULTURE AND SOCIETY 3 u
This course will study stages of the pharmaceutical life-cycle: research and development, clinical testing, marketing, consumer advertising, and the impact of prescription drugs on patient's lives. Readings will help to critically assess the biopolitics of drugs (globally and locally) and how prescriptions have both medical uses and human enhancement potential.
Prereq: 3 units in anthropology or sociology

ANTHROPL 320 UNDERSTANDING HERITAGE: FROM LANDMARKS TO THEME PARKS 3 u
What is heritage and what role does it play in determining who and what we are and what we might be? This course explores these questions seeking to explain how groups define heritage, use it, and varyingly preserve it. Topics

include resource management systems, the World Heritage program, activist groups, impacts of heritage tourism and looting.
Prereq: Sophomore standing.

ANTHROPL 325 FORENSIC DOCUMENTATION 3 u
This is an advanced course for students who wish to explore the area of recovery and identification of human skeletal remains. This class is offered as an introduction to the field of Forensic Science. It also provides us with opportunity to see an application of scientific knowledge to jurisprudence. A detailed look into the events surrounding death will be examined. Since we will deal directly with the human body, some prior knowledge of the human body will be helpful although we will cover this material in class.
Prereq: Sophomore standing.

ANTHROPL 334/534 WOMEN AND MEN IN CROSS- CULTURAL PERSPECTIVE GS 3 u
Anthropological approaches to the cross-cultural study of gender relations with emphasis on societies of the non-Western world. Topics vary.
Prereq: GENED 130 or GENED 140 or Sophomore standing.

ANTHROPL 350 CONTEMPORARY JAPANESE SOCIETY 3 u
This course examines contemporary Japanese society. It includes a study of social institutions, processes, and culture of Japan. The course examines the following areas: (a) culture (beliefs, customs, social identity); (b) social institutions (family, religion, education, work, media); (c) societal processes (socialization, deviance, urbanization); (d) inequalities (gender, income, race-ethnic, region); and (e) the politics, economy, and international position of Japan.
Prereq: GENED 130 and GENED 140 or GENED 120.

ANTHROPL 365 MAYAS, AZTECS AND INCAS: PRE-COLUMBIAN CIVILIZATIONS 3 u
Cultures like the Mayas, Aztec, and Inca surprised, shocked, and even appalled Europeans when they first encountered each other. This course examines historical, social, and technological aspects of these three great civilizations and their predecessors and seeks to understand them in a way that informs the modern world.
Prereq: Sophomore standing.

ANTHROPL 367 ARCHAEOLOGY OF WOMEN 3 u
This course presents theory, methods and case studies examining the role of women in human societies from our earliest origins through the beginning of the modern period. The dominant discipline in this inquiry is archaeological anthropology, but relevant material from sociology, biology, history and other fields will also be covered. No previous knowledge of any one field is expected, but exposure to the social sciences is desirable. My goal for this course is that you will leave with a better understanding of the role of women in past human societies, envision some of the trajectories that have led to contemporary social formations and be able to envision how the past, present and future are connected.
Prereq: Sophomore standing.
Unreq: SOCIOLOGY 367.

ANTHROPL 420 ANTHROPOLOGICAL THEORY 3 u
This course is a broad survey of anthropological theory. The goal is to understand anthropology's specific historical trajectory as it relates to theory and to see how anthropological theory has been put into practice/ informed ethnographic writing, both classic and contemporary monographs. Students will be expected to engage at a high level through critical reading and critical writing assignments.
Prereq: 6 units of anthropology.
Unreq: SOCIOLOGY 420.

ANTHROPL 425 ADVANCED FORENSIC ANTHROPOLOGY 3 u
The course is a practicum in forensic anthropology. Students will gain an understanding of osteology, trauma and pathology as it relates to interpretation of human remains. The effect of culture on the human

skeleton will be shown using examples from archaeology. Students will survey and inventory a mock crime scene. They will produce a forensic report and present it in a mock court situation.
Prereq: CRIMJUS 325.

ANTHROPL 490 ANTHROPOLOGY *Repeatable* 1-6 u

DEPARTMENT OF WOMEN'S STUDIES

Phone: 262-472-1042

Faculty: JoEllen Burkholder, Melissa Deller, Holly Denning, Mary Emery, Jane Ferencz, Zohreh Ghavamshahidi, Susan Johnson, Margo Kleinfeld, Christa Lebens, Nikki Mandell, Geneva Moore, Ellie Schemenauer, Joan Schwarz, Lauren Smith (Chairperson), Jennifer Thibodeaux, Alison Townsend.

Women's Studies is an interdisciplinary area that explores new knowledge about women, their experiences, roles, achievements, and investigates issues related to their lives. Assessing past and current theories and research about women, Women's Studies also contributes theoretical and practical knowledge for both female and male students. It provides a valuable interdisciplinary perspective on the major academic disciplines as well. The Women's Studies Major is a valuable asset in many areas of employment (e.g., business, industry, teaching, law, health, social work, communications, counseling and research). The Women's Studies Minor, Gender and Ethnic Studies Minor (available online), and a 15-unit certificate in Woman's Studies have been approved for students in all curricula. The Women's Studies minor or certificate is useful in many areas of employment (e.g., business, industry, teaching, social work, law, health, communications, research and counseling).

Women's Studies courses are required of majors and minors, but are open to students in all curricula, some as general studies courses, some as general electives. New courses with a focus on women are being developed, and existing courses are being offered on a rotating basis. Students should obtain the most recent lists from the Women's Studies Chairperson.

COURSE DESCRIPTIONS

WOMENST 100 INTRODUCTION TO WOMEN'S STUDIES GE 3 u

An investigation of women's experience from the perspective of various disciplines. The course examines the ways gender interacts with ethnicity, race, class and sexuality and explores contemporary and historical issues

related to women's lives. Included are such subjects as health and body image, violence against women, and women's achievements.

WOMENST 240 WOMEN AND WORK GE 3 u

This course focuses on the recent successes as well as the problems women face in the work force. It provides an overview of the changing nature of work in the United States and of the history of women from diverse groups and backgrounds.

Prereq: Sophomore standing or consent of instructor.

WOMENST 245 GENDER AND GEOGRAPHY GS 3 u

Human geographies will be studied through the lens of gender along with gender relations at home and abroad. Content is organized according to a variety of spatial scales including the body, home, city, and world. Cases investigated at the global scale include gendered livelihoods and migration, nationalism and war, and environmental issues.

WOMENST 250 WOMEN IN AMERICAN CULTURE GE 3 u

This course is a study of women's contributions and their representation in such areas of American culture as literature, art, crafts, music, film, letters and diaries from the mid-Nineteenth Century to contemporary times. Students will also explore how the dominant ideas and images of American culture interact with the real lives of diverse groups of women.

Prereq: Sophomore standing or consent of instructor.

WOMENST 280 FEMINIST THEORIES 3 u

An introduction to historical and contemporary feminist theories, with emphasis on critical reading and analysis of original works by major feminist writers.

Prereq: WOMENST 100 and sophomore standing.

WOMENST 303/503 WOMEN'S VOICES/WOMEN'S LIVES 3 u

A study of the lives of women in different ages and cultures. Women's roles in society as revealed in diaries, autobiography and biography are explored.

Prereq: Sophomore standing.

WOMENST 310 WOMEN AND THE SHAPING OF LATIN AMERICAN CULTURE 3 u

This course critically examines roles of women in shaping Latin American culture and society through exploration of individual and collective action. Through the lenses of film, essay, and objective studies students encounter ways in which women create, maintain and restore cultures often viewed by the outside as strongly male-dominated.

Prereq: 3 units of anthropology or consent of instructor

WOMENST 320 LESBIAN STUDIES 3 u

This course will introduce students to an array of interdisciplinary texts that present issues relevant to perceiving lesbian lives. Readings will include legal, scientific, and philosophic theory, studies by social scientists and historians, multicultural perspectives and literary works. There will be four units; 1) Defining our Terms, 2) Idea(l)s of Community, 3) Life-Cycle Choices, 4) Research on Current Issues.

Prereq: WOMENST 100 and sophomore standing.

WOMENST 334 WOMEN AND MEN IN CROSS-CULTURAL PERSPECTIVE GS 3 u

Anthropological approaches to the cross-cultural study of gender relations with emphasis on societies of the non-Western world. Topics vary.

Prereq: GENED 130 or GENED 140 or sophomore standing

WOMENST 345 WOMEN IN MUSIC GE 3 u

A survey of women musicians in Western European art music and twentieth-century popular musical styles. Historical, cultural, and philosophical issues surrounding the contributions of female performers, composers, conductors, patrons, teachers, musicologists, and other musical professions will be explored, as well as the portrayal of women in opera, musical theater, and music videos.

Prereq: GENED 110.

WOMENST 350 STAGES AND TRANSITIONS IN WOMEN'S LIVES 3 u

A study of identity issues that women may face in their adult lives, including specific transitions such as entering and/or leaving relationships; work patterns; parenting; care-giving; coping with loss; retirement; and facing the challenges of aging.
Prereq: Sophomore standing.

WOMENST 365 WOMEN, SCIENCE, AND SOCIETY 3 u

Historical survey of women's contributions to science; case studies of modern women scientists; feminism and scientific knowledge.
Prereq: Junior standing or WOMENST 100.
Unreq: HISTRY 365.

WOMENST 370 WOMEN: RACE AND ETHNICITY *GE/Diversity* 3 u

This course will provide an examination of Native American, African American, Latina, and Asian American women in the broad areas of work, family/community relationships, creativity, and social action.
Prereq: Junior standing or WOMENST 100.

WOMENST 380/580 GENDER LAW AND POLICY *GE* 3 u

A study of legal, social, and moral issues related to gender, such as the definition of sexual difference, inequality in the workplace, lesbian and gay rights. How those issues have been handled historically and normatively within the legal system will be investigated.
Prereq: Junior standing or consent of instructor.

WOMENST 455 ISSUES AND TOPICS IN WOMEN'S AND GENDER STUDIES 3 u

This course provides intensive study of important issues in Women's Studies, with special emphasis on courses that reflect the most contemporary thought in our discipline and that correspond to faculty research interests. Topics include Women's Human Rights, Gender and AIDS, and Women, Militarism and War.

WOMENST 464/664 WOMEN IN INTERNATIONAL RELATIONS 3 u

This course is designed to provide students with the opportunity to study and analyze international relations from a multi-disciplinary perspective. It will examine current understandings of the causes, processes and structures of international relations, violent conflict, as well as resolution of those conflicts and peace within the context of Feminist theories. The goal is to examine the role of women in international relations, international security, conflict and peace through different approaches to the study of conflict and how it is understood. The course will consider both the strength and limitations of various disciplinary approaches. The traditional approaches to international relations, international security, international conflict and peace reflect viewpoints consistent with masculine perspectives on power and security. The goal is to consider how the limitations of the approaches can be effectively challenged and what alternatives might be offered. Themes for discussion will include gender, race, ethnicity, nationalism, state, community, conflict and peace.
Prereq: 3 units of political science or 3 units of women's studies.

WOMENST 481 GENDER, ETHNICITY, AND THE ENVIRONMENT 3 u

An examination of the ways that sexism, racism, ethnic/class exploitation and environmental destruction are interrelated. Considers social and cultural forces that lead to limited and/or gendered concepts of nature, and explores alternative theoretical and activist perspectives (deep ecology, bioregionalism, ecofemism, environmental justice, etc.) and responses to the environmental crisis.
Prereq: Sophomore standing.

WOMENST 489 ADVANCED SEMINAR IN WOMEN'S STUDIES 3 u

An intensive, integrative study of selected issues in Women's Studies,

emphasizing critical thinking and research techniques. A substantial research paper is required.
Prereq: WOMENST 100 and either WOMENST 280 or PHILSPHY 390.

WOMENST 490/690 WORKSHOP IN WOMEN'S STUDIES *Repeatable* 1-6 u

Prereq: Consent of instructor.

WOMENST 493 INTERNSHIP IN WOMEN'S STUDIES 3 u

DEVELOPMENTAL EDUCATION

Phone: 262-472-3223

E-Mail: developed@umn.edu

The Developmental Education Unit consists of courses in Mathematics, English, Study/Academic Survival Skills, and Reading. The courses are designed to assist incoming students with the skills necessary for success at the University. The courses are small in size, offer individualized attention and provide additional assistance from tutors and/or the Learning Center.

DEVLPEP 050 STUDY/ACADEMIC SURVIVAL SKILLS 3 u
Examination of effective learning strategies and study behaviors and their

application. Emphasis is upon developing a recognition of necessary academic survival skills, their application on an individual basis, and establishing a repertoire of metacognitive techniques. This course does not count toward the 120 hours required for graduation.

DEVLPEP 060 COLLEGE LITERACY 3 u
The course includes analysis of college-level textbooks and research articles. The course also includes comprehension and comprehension monitoring strategies, vocabulary development and efficient reading strategies. This course does not count toward the 120 hours required for graduation.

DEVLPEP 080 PASS WORKSHOP 3 u
(Partnership for Achieving Student Success)
Weekly workshop sessions will help students to develop critical thinking, reading and writing skills, as well as enable them to identify immediate and long-range academic and personal goals, to gain a better understanding of their rights and responsibilities as students and citizens, to learn about and practice effective time and stress management techniques, to acquaint them with various available student support services, and to establish sound relationships with both the instructor/academic advisor of the workshop and their other UWW instructors.

Prereq: The target group of students for this workshop will be second term freshmen who earned a 1.0 or below during their first term. Any upper division student who has been reinstated by the College of Letters and Sciences after a successful appeal to the Academic Standards Committee will also have the option of enrolling in this workshop.

DEPARTMENT SPECIFIC DEVELOPMENTAL COURSES

ENGLISH 090 FUNDAMENTALS OF ENGLISH 3 u
A course for students whose reading and writing skills need improvement through study of basic grammar and rhetoric before they attempt other English courses. This course does not count toward the term unit load and will be computed into the grade point average. It does not count toward the 120 units required for graduation, nor does it fulfill General Education requirements, nor may it be counted toward the English major or minor. It may be taken for a conventional grade or on a Satisfactory/No Credit basis. It may not be taken by students who are simultaneously taking or have satisfactorily completed another English course on this campus.

ENGLISH 091 BASIC WRITING SKILLS *Repeatable* 2 u
Offered on a Satisfactory/No Credit basis only. A workshop offering individualized instruction to students in need of improvement in basic writing skills. This course does not count toward the 120 hours required for graduation.

MATH 040 PRE-ALGEBRA 3 u
A course for students who need a review of mathematics or who lack the computational skills required for Beginning Algebra. Topics include fractions, decimals, ratios, and exponents with emphasis on practical applications. This course does count toward the term unit load and will be computed into the grade point average. It does not count toward the 120 units required for graduation, nor does it fulfill General Education requirements, nor may it be counted toward the Math major or minor. It may be taken for a conventional grade or on a Satisfactory/No Credit basis. Students may not take this course for credit if they place into, are enrolled in, or have already received credit for a higher-numbered Math course.

MATH 041 BEGINNING ALGEBRA 3 u
A course for those who have a sound background in basic arithmetic, but who have not been exposed to algebra, or who need to strengthen their basic algebra skills. Topics include properties of the real numbers, linear equations, linear inequalities, exponents, polynomials, rational expressions, the straight line, and systems of linear equations. The course counts towards the term unit load and will be computed into the grade point average. It

will not, however, be included in the units necessary for graduation. It may be taken for a conventional grade or on a Satisfactory/No Credit basis. Students may not take this course for credit if they place into, are enrolled in or have already received credit for a higher-numbered Math course.

Prereq: MATH 040 or equivalent demonstration of capability.

INTRAUNIVERSITY

INTRAUNV 104 NEW STUDENT SEMINAR *GI* 1 u

This course is designed to help facilitate a positive adjustment to the first year of college through the development of both written and oral communication skills, critical thinking skills, and group presentation skills. Students will explore the purposes of higher education and its potential outcomes; develop skills of social interaction, self-awareness, and personal development through team projects and class presentations, attendance at university events, and programs promoting an appreciation of diversity; review the university's resources, policies, and procedures; investigate personal interests and strengths while setting academic and personal goals; and learn effective skills to help them cope with the world around them.

Prereq: Open to Freshmen only.

INTRAUNV 244 CONSUMERS AND CULTURE *GI* 3 u

The history of consumption and its associated values, the study of subcultures and their buying behaviors, and the effect of consumer activism on the ways that business operates will comprise the major topics of the course. Discussion, writing, and research will help students make the material relevant to their own lives.

Prereq: ENGLISH 102 and GENED 140.

INTRAUNV 246 BUSINESS ETHICS *GI* 3 u

A critical examination and discussion of ethical issues and problems which arise within all areas of business. Topics such as the morality of capitalism, ethics in the marketplace, business and the environment, and the ethics of job discrimination will be considered.

INTRAUNV 494 SEMINAR 1-3 u

An advanced level undergraduate seminar that offers broad opportunities for study of university-wide issues with small group discussion. Repeatable for a maximum of 6 units.

Prereq: Junior standing or consent of instructor.
